PROXY STATEMENT

We will begin mailing this proxy statement to our stockholders on or about April 19, 2002.

We are furnishing this proxy statement to our stockholders in connection with a solicitation of proxies by our Board of Directors for use at our 2002 annual meeting of stockholders to be held on Thursday, May 30, 2002 at 9:00 a.m. local time at the Peninsula New York hotel, 700 Fifth Avenue, New York, New York.

Who Can Vote

If you held any of our common stock at the close of business on April 10, 2002 then you will be entitled to notice of and to vote at our 2002 annual meeting. On that date, we had 29,252,346 shares of outstanding common stock.

Quorum

The presence of a majority of the outstanding shares of our common stock entitled to vote, present in person or represented by proxy, is necessary to constitute a quorum. Shares represented by a proxy marked "withhold authority" on the election of directors will be considered present at the meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have voted in favor of the election of directors. Shares represented by a proxy as to which there is a "broker non-vote" will be considered present at the meeting for purposes of determining a quorum, but will have no effect on the vote. A broker non-vote occurs when a nominee holding common stock for a beneficial owner does not vote on a particular matter because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Voting Rights

Each share of our common stock that you hold entitles you to one vote on all matters that come before the annual meeting. Inspectors of election will count votes cast at the annual meeting.

The eight director nominees receiving the highest number of votes will be elected. Stockholders who do not wish their shares to be voted for a particular nominee may indicate that in the space provided on the proxy card or by following the telephone or Internet instructions.

Voting by Participants in Arbitron Benefit Plans

If you own Arbitron common stock as a participant in one or more of our employee benefit plans, you will receive a single proxy card that covers both the shares credited to your name in your plan account(s) and shares you own that are registered in your name. If any of your plan accounts are not in the same name as your shares of record, you will receive separate proxy cards for your record and plan holdings. Proxies submitted by plan participants in our 401(k) plan will serve as voting instructions to the trustees for the plan whether provided by mail, telephone or the Internet. In the absence of voting instructions from participants in the 401(k) plan, the trustees of the plan will vote the undirected shares in the same proportion as the directed shares.

Granting Your Proxy

If you hold your shares in your own name as a holder of record, you can simplify your voting by voting via the Internet or calling the toll-free number listed on the enclosed proxy card. Internet and telephone voting information is provided on the proxy card. A control number, located on the lower right of the proxy card, is designated to verify your identity and to allow you to vote your shares and confirm that the voting instructions have been recorded properly. If you vote via the Internet or by telephone, please do not return a signed proxy card. If

instead you choose to vote by mail, please mark the proxy card enclosed with the proxy statement, date and sign it, and mail it in the postage-paid envelope. The shares represented will be voted according to your directions. You can specify how you want your shares voted on the proposal by marking the appropriate boxes on the proxy card. Please review the voting instructions on the proxy card and read the entire text of the proposal and the position of the Board of Directors in the proxy statement prior to making your vote. If you properly execute and return a proxy in the enclosed form, your stock will be voted as you specify. If your proxy card is signed and returned without specifying a vote on the election of directors, the proxy representing your common stock will be voted in favor of the proposed director nominees.

If you hold your shares through a broker, bank or other nominee, you will receive separate instructions from the nominee describing the procedure for voting your shares.

Other Business

No other matters are to be presented for action at the annual meeting other than the items described in this proxy statement. The enclosed proxy will, however, confer discretionary authority with respect to any other matter that may properly come before the meeting. The persons named in the enclosed proxy intend to vote as recommended by the Board of Directors, or if no recommendation is given, in accordance with their judgment on any matters that may properly come before the meeting.

Confidential Voting

It is our policy that the individual stockholder votes are kept confidential prior to the final tabulation of the vote at our stockholders meeting if the stockholder requests confidential treatment. The only exceptions to this policy involve applicable legal requirements and proxy solicitations in opposition to the Board. Access to proxies and individual stockholder voting records is limited to the independent election inspectors (The Bank of New York), who may inform us at any time whether or not a particular stockholder has voted.

Revoking Your Proxy

If you submit a proxy, you can revoke it at any time before it is exercised by giving written notice to our Corporate Secretary prior to the annual meeting or by timely delivery of a properly exercised, later-dated proxy (including an Internet or telephone vote). You may also attend the annual meeting in person and vote by ballot, which would cancel any proxy that you previously submitted.

Explanatory Note Regarding Ceridian Corporation

Arbitron Inc. was formerly known as Ceridian Corporation (Ceridian). Prior to the close of trading on March 30, 2001, Ceridian was a publicly traded company, the principal lines of business of which were the human resource service businesses, the Comdata business, which provided transaction processing and regulatory compliance services for the transportation industry, and the media information business.

On March 30, 2001, Ceridian completed a reverse spin-off, which we refer to as the spin-off. In connection with the spin-off, the assets and liabilities associated with the human resource service businesses and Comdata subsidiaries were transferred to a newly formed company named New Ceridian. The media information business stayed with Ceridian. Ceridian then distributed the stock of New Ceridian to all of Ceridian's existing stockholders. As a result, New Ceridian is now a separate publicly traded corporation. In connection with the spin-off, Ceridian changed its name to Arbitron Inc. and effected a one-for-five reverse stock split, and New Ceridian changed its name to Ceridian Corporation. Because of the relative significance of the businesses transferred to New Ceridian, New Ceridian was considered the accounting successor to Ceridian for financial reporting purposes.

There is certain information that is required to be disclosed in proxy statements that generally relates to a company's three prior years, such as information relating to executive compensation. Because the spin-off occurred on March 30, 2001, some of this information technically would apply to Ceridian rather than Arbitron. Therefore, in some cases where information about Arbitron does not exist (e.g., executive compensation), we have used information about Ceridian.

You should rely only on the information provided in this Proxy Statement. We have authorized no one to provide you with different information. You should not assume that the information in this Proxy Statement is accurate as of any date other than the date of this Proxy Statement or, where information relates to another date set forth in this Proxy Statement, then as of that date.

**ELECTION OF DIRECTORS
(Proposal 1)**

Our business is managed under the direction of the Board of Directors. The bylaws provide that our Board determines the number of directors, which is currently set at eight. Our Board of Directors has designated as nominees for director all eight of the directors presently serving on the Board.

The Board of Directors recommends a vote FOR and solicits proxies in favor of each of the nominees named below. Proxies cannot be voted for more than eight people. Our Board has no reason to believe any of the nominees for director will be unable or unavailable to serve. However, if any nominee should for any reason become unable or unavailable to serve, proxies will be voted for another nominee selected by the Board. Alternatively, proxies, at our Board's discretion, may be voted for a fewer number of nominees as results from a director's inability or unavailability to serve. Each person elected will hold office until the 2003 annual meeting of stockholders and until his or her successor is duly elected and qualified, or until earlier resignation or removal.

consults with Arbitron's independent auditors and reviews the scope and significant findings of the audits performed by them; and

Director Compensation

Each director who is not also an employee of Arbitron or its subsidiaries is paid an annual retainer fee of \$17,500, which is paid in quarterly installments. Non-employee chairs of the Compensation and Human Resources, Audit and Executive Committees are paid a supplemental annual cash payment of \$5,000. For each Board meeting attended, participating non-employee directors receive \$1,200. For each committee meeting attended on the same day as the Board meeting, participating non-employee directors receive \$1,000; otherwise, they receive \$1,200 if the committee meeting is on a different day than the Board meeting. For each telephonic Board or committee meeting, participating non-employee directors receive \$500.

Each newly elected non-employee director will receive a one-time grant of an option to purchase 15,000 shares of Arbitron common stock. These options will become exercisable in three equal installments of 5,000 shares over a three-year period and will expire 10 years from their date of grant. Beginning the year after initial election to the Board of Directors, each non-employee director will also receive an annual grant of an option to purchase 7,000 shares of Arbitron common stock on the date of the annual meeting of stockholders. The exercise price per share of each option granted will be 100% of the fair market value of the underlying Arbitron common stock on the date the option is granted. The options will become exercisable in full six months after their date of grant and will expire 10 years from their date of grant. The chairman of the Board of Directors will also receive an annual stock option grant of 10,000 shares in addition to the initial and annual option grants discussed above. These options will become exercisable in full after one year and will expire 10 years from the date of grant.

Arbitron has adopted a Non-Employee Director Incentive Program, as a component of Arbitron's 1999 Stock Incentive Plan, which permits non-employee directors to receive, in their discretion, stock options in lieu of their annual cash retainers and meeting fees. A director who elects to receive options receives a number of options based on a calculation approved by the Board of Directors. The calculation to determine the number of option shares is to divide the cash fees earned in the quarter by the closing price of Arbitron stock on the date of the grant, which is the first trading day of the next quarter. This amount is then multiplied by four to arrive at the number of option shares granted.

Directors who are also employees of Arbitron are not separately compensated for their service as directors.

Vote Required

The affirmative vote of a plurality of all the votes cast at the annual meeting, assuming a quorum is present, is necessary for the election of a Director. Therefore, the eight individuals with the highest number of affirmative votes will be elected to the eight directorships. For purposes of the election of Directors, abstentions and other shares not voted will not be counted as votes cast and will have no effect on the result of the vote.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE NOMINEES SET FORTH ABOVE.

Pension Plans

Arbitron has established a voluntary, tax qualified, defined benefit pension plan funded by employee and employer contributions. The plan covers Arbitron employees who, as of December 31, 2000, were eligible to

Edgar Filing: ARBITRON INC - Form DEF 14A

participate in the Ceridian pension plan. The Ceridian plan was closed to new participants effective January 2, 1995. Benefits earned under the Ceridian plan prior to December 31, 2000 are payable from the Arbitron plan for participants employed by Arbitron on December 31, 2000. The amount of the annual benefit under Arbitron's plan is based upon an employee's average annual compensation during the employee's highest consecutive five-year earnings period while participating in the Ceridian plan or the Arbitron plan. The plan provides a separate SBC benefit formula applicable to employees covered by a benefits agreement between Ceridian and International Business Machines Corporation. Because the Internal Revenue Code limits the annual benefit that may be paid from tax-qualified plans such as Arbitron's retirement plan, Arbitron also established a benefit equalization plan to provide retirees with supplemental benefits so that they will receive, in the aggregate, the benefits they would have been entitled to receive under the retirement plan had these limits not been in effect. Benefits earned under the Ceridian plan prior to December 31, 2000 are payable from the Arbitron plan for participants employed by Arbitron on December 31, 2000. Arbitron also established and funded a benefit protection trust to pay benefit equalization plan benefits.

The following table shows estimated annual benefits payable under the pension plan and the benefit equalization plan to an employee who retires in 2002 at age 65:

Annual compensation for purposes of the pension plan and the benefit equalization plan consists of salary and any annual bonus paid during the year, less the amount contributed by the employee to the pension plan that year on a pre-tax basis. Compensation for 2001 covered by these plans for the Named Executive Officers who participate in the pension plan and benefit equalization plan was as follows: Mr. Morris: \$702,771; Mr. Walsh: \$309,323; and Mr. Snyder: \$325,353. Messrs. Bouvard and Charlebois are not eligible to participate in the pension plan or the benefit equalization plan. For purposes of the pension plan and the benefit equalization plan, an annual bonus is considered part of annual compensation in the year in which it is paid, rather than the year in which it was earned (the latter formulation being the basis on which amounts are reported in the Summary Compensation Table).

As of December 31, 2001, years of credited service for the named executives were as follows: Mr. Morris: 9.09 years; Mr. Walsh: 37.42 years; and Mr. Snyder: 36.58 years.

Benefit amounts in the Pension Plan Table above are computed assuming payments are made on the normal life annuity basis and not under any of the various survivor options. Benefits listed in the table are not subject to deduction for Social Security or other offset amounts. Mr. Walsh is eligible for benefits as computed under the SBC benefit formula. This formula generally provides for benefits slightly lower than those shown in the table above.

401(k) Plan

Arbitron has established a 401(k) plan which permits participating employees to contribute a portion of their compensation to the plan on a pre-tax basis. Arbitron makes matching contributions in amounts determined by Arbitron.

The 401(k) plan accounts are invested among a number of available investment options, including shares of Arbitron common stock, according to the directions of the participating employees. Voting and tender rights with respect to shares of Arbitron common stock credited to participants' accounts will be passed through to the participants.

While employed, participating employees may access their accounts through loans and, in some cases, in-service withdrawals. Following termination of employment, benefits are either distributed in a lump sum payment or, if minimum requirements are met, can be kept in the plan. To the extent a participant's account is invested in full shares of Arbitron's common stock, the shares may be distributed to the participant.

Arbitron retains the right to amend or terminate the 401(k) plan at any time.

Deferred Compensation Plan

Right to Defer Compensation. Ceridian maintained a nonqualified deferred compensation plan. Arbitron established a similar deferred compensation plan effective January 1, 2001. The accounts of four Arbitron employees who were participants in the Ceridian plan were transferred to the Arbitron plan. The Arbitron plan was immediately closed to further participation by Arbitron employees, including those with existing accounts, on January 1, 2001.

Distributions. Distributions of deferred credit account balances will normally be made only upon a participant's severance, retirement or disability, and will generally be made in a lump sum payment except in circumstances relating to retirement or disability for which a participant can elect payment in annual installments of five, 10 or 15 years. However, in service distributions are permitted.

Effect of Death of a Participant. Upon the death of a participant, the entire balance of the participant's accounts will be paid to the beneficiary(ies) designated by the participant, plus an insurance benefit equal to two times the deferred compensation.

Administration of the Plan. The plan is administered by a person or committee designated by Arbitron who has the discretionary authority to adopt rules, policies, practices or procedures with respect to the plan as it may deem necessary or advisable.

Amendment and Termination of the Plan. Arbitron reserves the right to amend or terminate the plan at any time, except that no amendment or termination may adversely affect the rights of the participants with respect to amounts deferred prior to the amendment or termination.

Executive Employment Agreements and Change of Control Agreements

Executive Employment Agreements

Mr. Morris currently has an employment agreement with Arbitron. None of the other named executive officers of Arbitron have an employment agreement with Arbitron. Mr. Morris' agreement contains provisions regarding protection of confidential information, rights in any intellectual property created by him, restrictions on competition and change of control compensation.

The agreement with Mr. Morris expires on the later of April 1, 2004 or two years after a change of control of Arbitron occurring before that date. The agreement with Mr. Morris automatically renews for successive three-year terms upon expiration. Mr. Morris' annual base salary is required to be a minimum of \$435,000 under the agreement.

If Arbitron terminates the agreement with Mr. Morris without cause and the termination is not a change of control termination, Mr. Morris will be entitled to receive payment equal to two years' base salary and two times the bonus, if any, that Mr. Morris would have received for the year in which the termination occurs at the higher of the target award applicable to the year in which the termination occurs or the average of the actual bonuses paid for the last three fiscal years. In addition, for a period of two years following termination, the agreement with Mr. Morris also contains provisions with regard to payments to be made if termination occurs due to death or disability, and provides for supplemental retirement benefits in the event of termination of employment.

The exercisability of stock options or the vesting of other awards under Arbitron's stock-based compensation plans will accelerate upon a change of control. For these purposes, a change of control is generally defined as any of the following:

- a merger or consolidation involving Arbitron if less than 50% of its voting stock after the merger or consolidation is held by persons who were stockholders before the merger or consolidation;
- a sale of the assets of Arbitron substantially as an entirety;
- ownership by a person or group acting in concert of at least 25% of Arbitron's voting securities;
- approval by Arbitron's stockholders of a plan for the liquidation of Arbitron;
- specified changes in the composition of Arbitron's Board of Directors; or

any other events or transactions that Arbitron's Board of Directors determines constitute a change of control.

Mr. Morris' employment agreement provides that following a change of control termination, he will be entitled to receive a lump sum payment that is equal to three times the sum of the following:

12 months base salary;

the bonus that Mr. Morris would have received at the target level under all applicable Arbitron bonus plans for the year in which the termination occurs at the target award level applicable for the year in which the termination occurs; and
the annual cash expense allowance.

The term "change of control termination" means the termination of Mr. Morris' employment by Arbitron or by Mr. Morris, within two years after a change of control for any reason other than conduct that constitutes fraud, theft, embezzlement or an intentional violation of law involving moral turpitude. A change of control termination includes termination of employment within two years after a change of control by reason of death or disability.

In addition, following a change of control termination, Mr. Morris will receive a pension supplement equal to three years of age and service credit, and for a period of three years or until re-employment with benefits, shall be provided with the same or equivalent health, dental, accidental death and dismemberment, short and long-term disability, life insurance coverage, and all other insurance and other health and welfare benefits programs he was entitled to on the day before the termination.

Further, upon a change of control, whether or not there is a change of control termination, all of Mr. Morris' options granted prior to January 1, 2003 ("Eligible Options") will fully and immediately vest and Mr. Morris will be entitled to a cash payment equal to the sum of:

the product obtained by multiplying the number of unexercised option shares granted to Mr. Morris prior to January 1, 2003 by the difference between the value per share of the consideration received in the change of control transaction and the exercise price per share of the options; and
the Black-Scholes termination value of those options.

For these purposes, the term "Black-Scholes termination value" will mean, with respect to each Eligible Options, the difference between

the Black-Scholes value of the Eligible Option had it continued for its entire term, such value determined as of the date of the change of control, using

a share price equal to the value per share of the consideration received in the change of control transaction,
a volatility input equal to the measured daily volatility for the 180 days ending on the specified date, and
an interest rate equal to the rate on 10-year Treasury constant maturities (zero coupon bonds) for the date of consummation of the change of control, as published by the Federal Reserve; and

the product obtained by multiplying the number of unexercised Eligible Options by the difference between the value per share of the consideration received in the change of control transaction and the exercise price per share of the options.

The lump sum payments made to Mr. Morris under the change of control provisions would be in lieu of any other severance payment specified in his employment agreement. In addition to the lump sum payments, Mr. Morris would receive an additional payment in an amount such that after the payment of all taxes, income and excise, Mr. Morris will be in the same after-tax position as if no excise taxes under the Internal Revenue Code had been imposed.

Retention Agreements

Messrs. Bouvard, Snyder and Charlebois have entered into retention agreements with us which provide for severance payments under some circumstances and for payments with respect to stock options upon a change of control.

The agreements provide that if the executive officer is terminated other than for cause and the termination is not a change of control termination, the executive will receive a lump sum cash payment in the amount of 12 months base salary and bonus if the executive has fewer than 15 years of service, or 15 months base salary if the executive has 15 or more years of service. In addition, upon termination without cause or change of control termination, the executive shall be provided with the same or equivalent health, dental, accidental death and dismemberment, short and long-term disability, life insurance coverage, and all other insurance and other health and welfare benefits programs he was entitled to on the day before the termination for a period of between 12 and 21 months or until the date of reemployment with equivalent benefits, if sooner. The executives will also be entitled to be paid an amount sufficient to reimburse the executive for any excise taxes required to be paid in connection with these lump sum payments.

The exercisability of stock options or the vesting of other awards under Arbitron's stock-based compensation plans will accelerate upon a change of control. For these purposes, a change of control is generally defined as any of the following:

- a merger or consolidation involving Arbitron if less than 50% of its voting stock after the merger or consolidation is held by persons who were stockholders before the merger or consolidation;
- a sale of the assets of Arbitron substantially as an entirety;
- ownership by a person or group acting in concert of at least 51% of Arbitron's voting securities;
- ownership by a person or group acting in concert of between 25% and 50% of Arbitron's voting securities, if such ownership was not approved by Arbitron's Board of Directors;
- approval by Arbitron's stockholders of a plan for the liquidation of Arbitron;
- specified changes in the composition of Arbitron's Board of Directors; or
- any other events or transactions that Arbitron's Board of Directors determines constitutes a change of control.

The agreements provide that following a change of control termination, the executive will be entitled to receive a lump sum payment that is equal to 18 months base salary and bonus if the executive has fewer than 15 years of service, or 21 months base salary and bonus if the executive has 15 or more years of service.

Upon a change of control, the executive will be entitled to a cash payment equal to the sum of:

- the product obtained by multiplying the number of unexercised option shares granted to the executives prior to January 1, 2003 by the difference between the value per share of the consideration received in the change of control transaction and the exercise price per share of the options; and
- the Black-Scholes termination value of those options.

REPORT OF COMPENSATION AND HUMAN RESOURCES COMMITTEE

This report describes the compensation philosophy of Arbitron Inc. The Compensation and Human Resources Committee, of which the undersigned are members, is responsible for establishing and administering the compensation program for Arbitron's executive officers. All committee members are independent directors who are not employees of Arbitron. The Committee met five times in 2001.

Compensation Philosophy

The executive compensation program is designed to:

- compete aggressively with other companies;
- reward superior performance with superior levels of compensation; and
- align the interests of senior management with the interests of Arbitron's stockholders.

The executive compensation program is composed of three elements:

- base salary;
- annual incentive bonus; and
- long-term incentive compensation.

The compensation philosophy for Arbitron executives is to target base salaries at or around the 50th percentile of the competitive market data and target total direct compensation (base salary, bonus and long-term incentives) at or above the 75th percentile for achieving superior performance goals.

The committee also determines the performance goals for incentive compensation plans in conjunction with the Board's approval of strategic and operating plans.

Each year the committee receives information regarding competitive compensation levels and practices for positions comparable to Arbitron's executive officer positions. This information is obtained from nationwide compensation survey information that is collected and evaluated internally by management and by independent consulting firms. The committee also may receive advice from an independent, nationally recognized, compensation-consulting firm. Based on this comparative information, the committee generally targets base salary, total cash compensation (salary plus annual bonus) and long-term incentive compensation for each executive officer position to fall within a range between the 50th and 75th percentiles of the relevant marketplace.

Base Salary

The annual determination of an executive officer's salary is based on the committee's subjective assessment of the following factors:

- responsibilities of the position;
- competitive practice;
- performance and experience of the executive; and
- relative internal relationships.

The 2001 base salaries established for executive officers were generally within the target range described above.

Annual Incentive Bonus

The annual determination of an executive officer's targeted bonus is based on the committee's subjective assessment of the same factors considered with respect to determining base salary, and the philosophy regarding performance-based compensation.

For 2001, the target bonus percentage established for executive officers (other than Mr. Morris) ranged from 35% to 50% of base salary.

Long-Term Incentive Compensation

Long-term incentives for executive officers consist primarily of annual awards of stock options. The annual determination of an executive officer's option award, within the range prescribed for his or her position, is based on the committee's subjective assessment of the following factors:

- responsibilities of the position;
- performance and experience of the individual; and
- past option awards made to the individual.

In March 2001, the committee approved grants of stock options to each of Arbitron's executive officers. These options were granted over a three-day period in April 2001 in an effort to mitigate the effects of any unusual trading activity in Arbitron's stock, which first started trading independently of New Ceridian on April 2, 2001. The number of options granted to each executive officer was determined according to the factors described above.

Chief Executive Officer Compensation

Mr. Morris's base salary for 2001 of \$435,000 was established pursuant to the employment agreement entered into by Arbitron with Mr. Morris, the compensation terms of which were reviewed by the committee. Mr. Morris's bonus for 2001 was \$456,750, or 105% of his base salary. Achievement of the bonus was dependent upon a number of factors, including meeting certain levels of earnings per share, pre-tax earnings and revenue growth, as well as the committee's subjective assessment of his individual performance.

Deductibility of Executive Compensation

The committee has considered the potential impact of Section 162(m) (the Section) of the Internal Revenue Code adopted under the federal Revenue Reconciliation Act of 1993. The Section disallows any tax deduction for a publicly held corporation for individual compensation exceeding \$1 million in any taxable year for any Named Executive Officer, unless compensation is performance-based. Since the targeted cash compensation of each of the Named Executive Officers is below the \$1 million threshold and the Committee believes that any options granted will be characterized as performance-based under the Section, the Committee believes that the Section will not reduce any tax deduction available to Arbitron.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed and discussed the audited consolidated financial statements of Arbitron for fiscal year 2001 with the Arbitron's management, and also has discussed with KPMG LLP, Arbitron's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee has received both the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1, and has discussed with KPMG LLP the independence of KPMG LLP from Arbitron. In addition, the Audit Committee has considered whether the provision of non-audit services, and the fees charged for such non-audit services, by KPMG LLP are compatible with maintaining the independence of KPMG LLP from Arbitron, and determined that they are compatible with independence. The Audit Committee has also reconfirmed its existing charter.

Based on the foregoing, the Audit Committee recommended to Arbitron's Board of Directors that the audited consolidated financial statements of Arbitron for fiscal year 2001 be included in the Arbitron's Annual Report on Form 10-K for the year ended December 31, 2001.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

New Ceridian and Arbitron operate independently of each other as separate public companies. Neither New Ceridian nor Arbitron has any beneficial stock ownership interest in the other. Below are summary descriptions of the distribution agreement and other related agreements that Old Ceridian and New Ceridian entered into in connection with the spin-off. These agreements are currently between Arbitron and New Ceridian. These agreements were intended to facilitate the separation of Old Ceridian's human resource service businesses and subsidiaries and Comdata subsidiaries from its media information business and to facilitate the operation of New Ceridian and Arbitron as separate companies. Arbitron and New Ceridian have no other material contractual relationship with each other.

This summary is qualified by reference to the full text of the agreements, which are filed as exhibits to Arbitron's Annual Report on Form 10-K for the year ended December 31, 2000.

Distribution Agreement

On February 14, 2001, New Ceridian entered into a distribution agreement with Old Ceridian. This agreement sets forth the agreements between the parties with respect to the principal corporate transactions required to effect the separation of Old Ceridian's human resource service businesses and subsidiaries and Comdata subsidiaries from its media information division and subsidiaries, the spin-off of New Ceridian and the other agreements governing the relationship between New Ceridian and Arbitron after the spin-off.

In particular, the distribution agreement defines the assets and liabilities which are being allocated to and assumed by New Ceridian and those which will remain with Arbitron. The distribution agreement also defines what constitutes the New Ceridian Business and what constitutes the Arbitron Business. In general, pursuant to the terms of the distribution agreement, all assets of Old Ceridian prior to the date of the spin-off, other than those specifically relating to the Arbitron Business, became assets of New Ceridian.

The distribution agreement also provided for assumptions of liabilities and cross-indemnities designed to allocate generally, effective as of the date of the spin-off, financial responsibility for all liabilities arising out of or in connection with the New Ceridian Business to New Ceridian and all liabilities arising out of or in connection with the Arbitron Business to Arbitron. In addition, New Ceridian agreed to indemnify Arbitron for liabilities relating to past divestitures made by Old Ceridian to the extent these divestitures relate to all businesses other than the business of Arbitron and for liabilities relating to some of the litigation in which Old Ceridian or its subsidiaries is involved.

In addition, the distribution agreement provided that on the date of the spin-off, Old Ceridian would contribute to New Ceridian all cash in Old Ceridian's accounts other than up to \$25 million. The borrowing and cash retention of the two businesses was based on management's business decisions based on estimated needs of the respective businesses based on estimated cash flows post-spin-off. The fact that the majority of the net tax operating loss carryforward was retained by Arbitron as required by tax law in the spin-off was also taken into account.

Personnel Agreement

On February 14, 2001, Old Ceridian and New Ceridian entered into a personnel agreement that sets forth the manner in which assets and liabilities under Old Ceridian's employee benefit plans and other employment-related liabilities were to be divided between them, and to facilitate a smooth transition for employees' benefits in the spin-off. In general, New Ceridian is responsible for compensation and employee benefits relating to New Ceridian's current employees and Old Ceridian's former employees, and Arbitron is responsible for compensation and employee benefits relating to its current employees.

Tax Matters Agreement

On February 14, 2001, Old Ceridian and New Ceridian entered into a tax matters agreement reflecting the fact that New Ceridian and its subsidiaries are no longer included in Arbitron's consolidated group for U.S. federal and state income tax purposes. The primary purpose of the agreement was to set forth each party's rights and obligations relating to payments and refunds of income and sales taxes that are attributable to pre-closing periods (*i.e.*, periods ending on or before the date of the spin-off or the portion of any period to and including the date of the spin-off that begins before and ends after that date).

As part of the tax matters agreement, each of Arbitron and New Ceridian covenanted that during the two-year period following the spin-off it will not cease to be engaged in an active trade or business. Each party also represented that there is no plan to liquidate that party, sell or otherwise dispose of its assets (other than in the ordinary course of business) or merge the party with another entity (except with a wholly-owned subsidiary for the purpose of effectuating a name change). Each party further represented that it has no plan or intention to take any action inconsistent with the information and representations set forth in the letter ruling request filed with the Internal Revenue Service. To the extent that a breach of a representation or covenant results in a tax being imposed on Old Ceridian, the breaching party will be responsible for the payment of the tax.

Even though the spin-off qualified as a tax-free distribution to Old Ceridian stockholders, a corporate tax could be payable by Old Ceridian in accordance with Section 355(e) of the Internal Revenue Code, if during the four-year period beginning two years before the spin-off, one or more persons acquire 50% or more, by vote or value, of the stock of Arbitron or New Ceridian as part of a plan or series of related transactions that include the spin-off. To minimize this risk and, as part of the tax matters agreement, New Ceridian and Arbitron each covenanted that, in the absence of a favorable Internal Revenue Service letter ruling or a favorable opinion from counsel recognized as an expert in federal income tax matters and acceptable to the other party, it will not enter into any transaction or make any change in its equity structure (including stock issuances, option grants, capital contributions or acquisitions) that may cause the spin-off to be treated as part of a plan pursuant to which (during the four-year period beginning two years before the spin-off) one or more persons acquire stock representing 50% or more of, by vote or value, of its outstanding stock. If, however, the spin-off is taxable under Section 355(e) of the Internal Revenue Code as a result of a 50% acquisition, then the tax matters agreement provides that the resulting corporate level tax burden will be borne by that entity, Arbitron or New Ceridian, with respect to which a 50% acquisition has occurred.

Although the tax matters agreement allocated tax liabilities relating to pre-closing periods as between Arbitron and New Ceridian, under the Internal Revenue Code each corporation that is a member of a consolidated group during any portion of the group's tax year is jointly and severally liable for the federal income tax liability of the group for that year. Thus, even though the tax matters agreement provides that one party (Arbitron or New Ceridian) is responsible for the payment of a tax, the taxing authorities may seek to collect the tax from the other party and that other party would be entitled to seek indemnification from the first party.

Transition Services Agreement

On February 14, 2001, Old Ceridian and New Ceridian entered into a transition services agreement. New Ceridian provides Arbitron transitional administrative and support services following the spin-off in exchange for service fees. The service fee will be either a fixed base fee for providing the service for a period of time, or the fee will equal New Ceridian's costs of providing the service to Arbitron. In some cases, Arbitron will also pay New Ceridian additional charges, such as any costs incurred by New Ceridian as a result of performing the services. The parties believe that the service fees Arbitron will pay New Ceridian under the agreement are about equal to what Arbitron would be required to pay an unaffiliated third party for the same services. The tax services portion of the agreement has been extended for an additional term of one year.

Sublease Agreement

On February 14, 2001, Ceridian and New Ceridian entered into a sublease agreement pursuant to which Arbitron subleased to New Ceridian a portion of leased property located in New York City and previously used by Ceridian's human resource services and media information businesses. The premises subleased to New Ceridian consist of approximately 22,347 square feet of office space. The sublease agreement commenced on March 30, 2001 and will continue through June 29, 2002. The monthly gross rent New Ceridian pays Arbitron is \$91,849, and is based upon the amount of square feet sublet to New Ceridian and the current rental paid by Arbitron, which may not necessarily represent fair market value. Arbitron provides facilities management services to New Ceridian under the sublease agreement on an as requested basis for those portions of the leased property occupied by New Ceridian. New Ceridian periodically pays Arbitron an amount equal to the actual costs of these services.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires directors and executive officers and persons who own more than 10% of a registered class of equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Arbitron. Such reporting persons are required by rules of the Securities and Exchange Commission to furnish us with copies of all section 16(a) reports they file. All the directors and executive officers of Arbitron were reporting persons in 2001. To our knowledge, based solely upon a review of section 16(a) reports furnished to us for 2001 or written representations that no reports were required, we believe that our directors, executive officers and such persons who own more than 10% of our common stock complied with all filing requirements for 2001.
