PROXY STATEMENT

**Annual Meeting of Stockholders
To Be Held July 18, 2002**

INTRODUCTION

The accompanying proxy, mailed together with this proxy statement, is solicited by and on behalf of the Board of Directors of Centex Corporation, a Nevada corporation (Centex), for use at the Annual Meeting of Stockholders of Centex to be held on July 18, 2002, and at any adjournment thereof (the Annual Meeting). The mailing address of the executive offices of Centex is 2728 N. Harwood, Dallas, Texas 75201. The approximate date on which this proxy statement and accompanying proxy were first sent to stockholders was on or about June 21, 2002.

Purposes of the Annual Meeting

At the Annual Meeting, action will be taken upon the following matters:

- (1) Election of three directors comprising a class of directors to serve until the Annual Meeting of Stockholders in 2005, or until their successors are elected and qualified.
- (2) Such other business as may properly come before the Annual Meeting.

The Board of Directors of Centex (the Board or the Board of Directors) does not know of any matters that may be acted upon at the Annual Meeting other than the matter set forth in item (1) above.

Recommendation of the Board of Directors

The Board of Directors of Centex recommends a vote FOR the election of the three nominees for director of Centex named in the accompanying Centex proxy.

TANDEM SECURITIES

On November 30, 1987, Centex distributed as a dividend to its stockholders, through a nominee (the Nominee), all of the 1,000 issued and outstanding shares of common stock, par value \$.01 per share (Holding Common Stock), of 3333 Holding Corporation, a Nevada corporation (Holding), and 900 of the issued and outstanding warrants (the Stockholder Warrants) to purchase Class B Units of limited partnership interest in Centex Development Company, L.P., a Delaware limited partnership (the Partnership). 3333 Development Corporation, a Nevada corporation and a wholly-owned subsidiary of Holding, is the general partner of the Partnership.

The Nominee holds the shares of Holding Common Stock and the Stockholder Warrants on behalf of and for the benefit of persons who are from time to time the holders of the common stock, par value \$.25 per share (Centex Common Stock), of Centex (Centex Stockholders). Each Centex Stockholder owns a beneficial interest in that portion of the Holding Common Stock and the Stockholder Warrants that the total number of shares of Centex Common Stock held by such stockholder bears to the total number of shares of Centex Common Stock outstanding from time to time. This beneficial interest of the Holding stockholders is not represented by a separate certificate or receipt. Instead, each Centex Stockholder s beneficial interest in such pro rata portion of the shares of Holding Common Stock and the Stockholder Warrants is represented by the certificate or certificates evidencing such Centex

Table of Contents

Stockholder's Centex Common Stock, and is currently tradable only in tandem with, and as a part of, each such Centex Stockholder's Centex Common Stock. These restrictions on transfer are imposed by the terms of a nominee agreement (the "Nominee Agreement") by and among Centex, Holding, the Partnership and the Nominee. Centex Common Stock certificates issued after the date of the Nominee Agreement bear a legend referring to the restrictions on transfer imposed thereby.

Proxies are being solicited separately by the Boards of Directors of Centex Corporation and 3333 Holding Corporation. To ensure representation of your shares at the annual meetings of BOTH companies, you must vote and submit BOTH proxies by telephone, over the Internet or by mail in the manner described in the accompanying proxies.

RECORD DATE AND VOTING

The record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on June 6, 2002. At the close of business on the record date, the issued and outstanding capital stock of Centex entitled to vote at the Annual Meeting consisted of 61,543,403 shares of Centex Common Stock.

The holders of Centex Common Stock will be entitled to one vote per share upon the election of directors and each other matter that may be properly brought before the Annual Meeting. Neither the Restated Articles of Incorporation, as amended, nor the Amended and Restated By-laws of Centex provide for cumulative voting rights. The presence at the Annual Meeting, in person or by proxy, of a majority of the outstanding shares of Centex Common Stock is necessary to constitute a quorum. Abstentions and, by definition, broker non-votes will be counted as present for the purpose of establishing a quorum.

Shares represented by valid proxies received by telephone, over the Internet or by mail will be voted at the Annual Meeting in accordance with the directions given. If no specific choice is indicated, the shares represented by all valid proxies received will be voted FOR the election of the three nominees for director named in the proxy. The Board does not intend to present, and has no information that others will present, any business at the Annual Meeting other than as is set forth in the attached Notice of Annual Meeting of Stockholders of Centex. However, if other matters requiring the vote of stockholders come before the Annual Meeting, it is the intention of the persons named in the accompanying form of Centex proxy to vote the proxies held by them in accordance with their best judgment in such matters.

Centex Stockholders can vote their Centex shares at the Annual Meeting by voting and submitting the accompanying Centex proxy by telephone, over the Internet, or by completing, signing, dating and returning the Centex proxy in the enclosed envelope. Any Centex Stockholder has the unconditional right to revoke his, her or its Centex proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the Annual Meeting and voting in person or by written notice to Centex addressed to Raymond G. Smerge, Secretary, Centex Corporation, 2728 N. Harwood, Dallas, Texas 75201. No such revocation will be effective, however, unless received by Centex at or prior to the Annual Meeting.

The cost of soliciting proxies for the Annual Meeting will be borne by Centex. Solicitation may be made by mail, personal interview, telephone or other electronic means by officers and other employees of Centex, who will receive no additional compensation therefor. To aid in the solicitation of proxies, Centex has retained the firm of Georgeson Shareholder Communications Inc., which will receive a fee of approximately \$8,500, plus out-of-pocket expenses. Centex will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners.

ITEM 1. ELECTION OF DIRECTORS

Centex's Amended and Restated By-laws provide for the division of the Board into three classes, with the directors in each class to hold office for a staggered term of three years each. Each class of directors is to consist, as nearly as possible, of one-third of the total number of directors constituting the entire Board. There are presently three directors in the class whose term expires at the Annual Meeting, four directors in the class whose term expires at the 2003 annual meeting and four directors in the class whose term expires at the 2004 annual meeting. Paul R. Seegers, who is currently a member of the Board of Directors, having reached mandatory retirement age, is not standing for re-election. Accordingly, at the Annual Meeting, three directors are to be elected to serve until the 2005 annual meeting or until their successors are elected and qualified, subject to removal by the vote of the holders of not less than two-thirds of the then outstanding shares of Centex Common Stock. Unless contrary instructions are indicated on the proxy, it is intended that the shares represented by the accompanying Centex proxy will be voted for the election of the three nominees for director named below or, if any of such nominees becomes unavailable (which is not anticipated), for such substitute nominees as the Board shall designate. A plurality of votes cast at the Annual Meeting, in person or by proxy, is required to elect such nominees. **The Board recommends that the Centex Stockholders vote FOR the election of such nominees.** The biographical information appearing below regarding the nominees for director and the continuing directors has been furnished to Centex by the respective nominees and directors.

The Audit Committee also reviews Centex's corporate compliance program. The Audit Committee meets separately with the independent auditors and with members of the internal audit staff, outside the presence of Centex's management or other employees, to discuss matters of concern, to receive recommendations or suggestions for change and to exchange relevant views and information. The Audit Committee and the Board of Directors are ultimately responsible for the selection, evaluation and replacement of the independent auditors.

Report of Audit Committee

To the Board of Directors of Centex Corporation:

We have reviewed and discussed with management Centex Corporation's audited financial statements as of and for the year ended March 31, 2002.

We have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the auditors the auditors' independence. We have also considered whether the auditors' provision of non-audit services to Centex Corporation and its affiliates is compatible with the auditors' independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in Centex Corporation's Annual Report on Form 10-K for the year ended March 31, 2002.

Director Nominating Committee

The Board has a Director Nominating Committee, composed of three directors who are not employees of Centex or any of its subsidiaries and are independent directors as defined by applicable New York Stock Exchange listing standards, that is responsible for nominating individuals for consideration as directors of Centex. The Director Nominating Committee will consider nominees recommended by Centex Stockholders in a letter addressed to the Secretary at the executive offices of Centex in Dallas, Texas and setting forth: (i) the name and address of such stockholder who intends to make the nomination and of the person or persons to be nominated; (ii) a representation that such stockholder is a holder of record of stock of Centex entitled to vote at the annual meeting of stockholders and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the letter; (iii) a description of all arrangements or understandings between such stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such stockholder; (iv) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission (the "SEC") had each nominee been nominated by the Board; and (v) the consent of each nominee to serve as a director of Centex if so elected. Any such letter must be received by Centex not later than April 18, 2003, for consideration at the 2003 annual meeting. During the last fiscal year, the Director Nominating Committee held one meeting that was attended by all members. Each member of the Director Nominating Committee who is not an employee of Centex or any of its subsidiaries receives a fee of \$1,500 per year for serving on the committee.

Compensation and Stock Option Committee

The Compensation and Stock Option Committee (the "Compensation Committee") is composed of directors who are non-employee directors as defined by Rule 16b-3(b)(3) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and are independent directors as defined by applicable New York Stock Exchange listing standards. The Compensation Committee recommends to the Board the base salaries and incentive bonuses of the executive officers of Centex and administers the Centex Corporation Amended and Restated 1987 Stock Option Plan (the "1987 Plan"), the Fourth Amended and Restated 1998 Centex Corporation Employee Non-qualified Stock Option Plan (the "1998 Plan"), the Centex Corporation 2001 Stock Plan (the "2001 Plan"), the Centex Corporation Annual Incentive Compensation Plan (the "Incentive Compensation Plan") and the Centex Corporation Long Term Incentive Compensation Plan (the "LTIP") adopted and effective as of October 2001. The Compensation Committee is authorized to grant options to acquire Centex Common Stock under the 1998 Plan and the 2001 Plan. Stock option grants under the 1998 Plan are not available to any person who is an officer or director of Centex, any officer of Centex as defined by Rule 16a-1(f) promulgated under the Exchange Act, or any covered employee of Centex as defined by Section 162(m)(3) of the Internal Revenue Code (the "Code"); however, grants to such persons are authorized under the 2001 Plan. As of May 19, 2001, no new option grants or awards of restricted stock could be made under the 1987 Plan. During the last fiscal year, the Compensation Committee held three meetings that were attended by all members, except for Mr. Cook who missed the Compensation Committee meeting on February 13, 2002. In addition, the Compensation Committee acted by unanimous written consent in lieu of meeting seven times during fiscal year 2002. Compensation Committee members are paid a fee of \$1,500 per year.

Mr. Quinn may elect during any calendar year, beginning in the 2002 calendar year, to receive a distribution of all or a portion of this amount beginning in the calendar year following the calendar year in which such election is made. All amounts owing by Centex to Mr. Quinn pursuant to this deferral arrangement represent general, unsecured and unfunded obligations of Centex.

Report of Compensation and Stock Option Committee on Executive Compensation

The Compensation Committee provides advice and recommendations to the Board concerning the salaries and bonuses of the executive officers of Centex. The Board approves those salaries and bonuses. The Compensation Committee also administers Centex's stock option plans, incentive compensation plan and the LTIP, and is authorized under such plans to grant options to directors, officers and other key employees of Centex and its subsidiaries, to grant incentive compensation awards to executive officers of Centex, to make awards of restricted stock to directors, officers and other key employees of Centex and to award LTIP units to selected employees of Centex and certain of its subsidiaries, partnerships and affiliates. The Compensation Committee is comprised of three independent, non-employee directors. This report describes the policies and principles that shape the structure of Centex's executive compensation program.

Centex's executive compensation program is structured to achieve the following objectives:

to attract, retain and motivate highly qualified, energetic and talented executives;

to create an incentive to increase stockholder returns by establishing a direct and substantial link between individual compensation and certain financial measures that have a direct effect on stockholder values; and

to create substantial long-term compensation opportunities for individual executive officers based not only on long-term corporate performance but also on sustained long-term individual performance.

To achieve its compensation objectives, Centex has structured an executive compensation program using a combination of short-term and long-term elements: (i) annual salary, (ii) annual bonus and (iii) long-term incentive compensation in the form of stock options and, in some cases, performance-based bonuses, awards of restricted stock and LTIP units. In addition, the executive officers of Centex are eligible to receive other benefits, such as medical benefits and Profit Sharing Plan contributions, that are generally available to employees of Centex and contributions under Centex's SERP that are accrued for the named executive officers and certain other Centex executives.

In structuring the specific components of executive compensation, Centex is guided by the following principles:

annual compensation should be set within reasonable ranges of the annual compensation for similar positions with similarly-sized and types of companies that engage in one or more of the principal businesses in which Centex engages;

bonus payments should vary with the individual's performance and Centex's financial performance; and

a significant portion of compensation should be in the form of long-term incentive compensation that aligns the interests of executives with those of the stockholders and that creates rewards for long-term sustained company performance and the achievement of Centex's strategic objectives.

Base Salary

The Compensation Committee is responsible for recommending the base salary levels for the named executive officers. In developing salary amounts for fiscal year 2002, the Compensation Committee reviewed the salaries for similar positions in similarly-sized companies that engage in one or more of the principal businesses of Centex: homebuilding, mortgage banking, contracting and construction services, and building materials. Included within the survey were those companies (other than Centex) that comprise the S&P Home Building Index in the Performance

Table of Contents

Graph below. The Compensation Committee confirmed that the base salaries of the named executive officers were consistent with its objective of setting base salaries within reasonable ranges for similar positions in competitive companies. In setting base salary levels, the Compensation Committee also considers the executive's experience level and potential for significant contributions to Centex's profitability.

Incentive Bonus

The Compensation Committee is also responsible for developing recommendations for the incentive bonuses awarded to the named executive officers at the end of each fiscal year. The annual incentive bonus program for the executive officers has been structured to create financial incentives and rewards that are directly related to corporate performance during the fiscal year. In particular, the Compensation Committee weighs heavily certain financial measurements that are directly related to stockholder returns such as net earnings, earnings growth and return on equity. The Compensation Committee also considers the contribution of each individual executive officer to Centex's performance and to its strategic position. Mr. Eller's bonus for fiscal year 2002 was tied directly to Centex Homes' operating margin, return on average net assets and customer satisfaction.

Long-term Compensation

A key component of Centex's long-term compensation program is the grant of stock options. The existing stock option program of Centex, which is subject to annual review and may be revised or superseded in the future, is designed to provide incentive to the participants under such program, which include each named executive officer of Centex, to focus on maximizing Centex's return to stockholders and to plan and prepare properly for Centex's future. Under this program, options are to be granted to participants if in the preceding fiscal year Centex achieved specified objective performance goals and the individual participant achieved specified subjective performance goals. Each individual participant is allocated a potential number of shares, a percentage of which may be granted if the objective and subjective performance goals are met. Under the program, the objective portion constitutes at least 75% of each participant's potential award (the Potential Objective Award) and is based upon Centex's return on beginning stockholders' equity. Options are granted under the objective portion of the program only if Centex's return on beginning stockholders' equity is at least 13%. The Potential Objective Award ranges from 35% of a participant's Potential Objective Award (if Centex's return on beginning stockholders' equity was 13%) to 120% of a participant's Potential Objective Award (if Centex's return on beginning stockholders' equity equals or exceeds 18%). Once granted, options vest 25% on the date of grant and 25% on each of the first three anniversary dates of the grant. The maximum potential annual option award (at 120%) for each named executive officer is as follows: Mr. Hirsch 228,000 shares; Mr. Eller 216,000 shares; Mr. Echols 90,000 shares; and Mr. Smerge 72,000 shares. In fiscal year 2002, Mr. Eller participated in the Centex Homes incentive program, which is similar in structure, but which bases option grants upon the achievement of margin, return on net assets and customer satisfaction goals. In connection with Mr. Eller's appointment as President and Chief Operating Officer of Centex on April 1, 2002, the Compensation Committee agreed that Mr. Eller's incentive compensation under the Centex program in fiscal years 2003 and 2004 will be at least equal to what he would have received under the Centex Homes program had he participated in that program for those years. For information regarding the grant of options based upon Centex's fiscal year 2002 performance, see the Option/SAR Grants in Last Fiscal Year table above. Since fiscal year 1992, all of the stock options granted by the Compensation Committee to named executive officers of Centex have been granted under performance programs, except for the stock option granted to Mr. Echols in June 2000.

In prior fiscal years Centex has also granted bonuses based upon the previous fiscal year's performance to certain of its officers and key employees. The last fiscal year for which such bonuses were granted was fiscal year 1998. Generally, these bonuses are stated in per share amounts, vest similarly to the shares covered by the options granted in the same fiscal year and are disclosed with respect to each named executive officer in the footnotes to the Aggregated Option/SAR Exercises in Last Fiscal Year and Fiscal Year-End Option/SAR Values table above. The vested amounts of most performance-based bonuses are payable at such time and to the extent that a recipient exercises an option that was granted based upon the achievement of performance goals. Centex did not grant any such performance bonuses for fiscal years 2002, 2001 or 2000.

Table of Contents

In fiscal year 2002, the Board approved the LTIP for certain employees of Centex and its subsidiaries, partnerships and affiliates. Pursuant to the LTIP, participants may receive awards of LTIP units representing the right to receive shares of Centex Common Stock at the time the award is paid. Generally, awards vest 25% each year, so that they are fully vested on the third anniversary of the date of grant, and are payable on the seventh anniversary of the date of grant.

In fiscal year 1995, the Board approved the SERP for certain employees participating in the Profit Sharing Plan. Pursuant to the Code, the Internal Revenue Service sets a limit (currently \$200,000) on the amount of annual compensation that may be considered in determining, for the account of an eligible participant, Centex's contribution to the Profit Sharing Plan. The SERP was established to eliminate the adverse treatment that higher-salaried employees receive under such rule by funding balances for each participant in an amount equal to the additional contribution that he or she would have received under the Profit Sharing Plan had 100% of his or her annual salary been eligible for a profit sharing contribution. Contributions accrued under the SERP for the benefit of the named executive officers vest under the same terms and conditions as the Profit Sharing Plan. Bonuses paid to participants are not included in making calculations for contributions made or accrued to recipients' accounts under either the Profit Sharing Plan or the SERP.

CEO Compensation

The Chief Executive Officer of Centex participates in the same compensation programs as the other executive officers with each component of his compensation determined by the Compensation Committee according to the same criteria. The base salary and bonus of the Chief Executive Officer in effect for fiscal year 2002 were higher than fiscal year 2001, reflecting record net earnings, which increased by 36% over fiscal year 2001, a return on beginning stockholders' equity of 22.3%, a debt-to-capital ratio of 41%, and his leadership in developing Centex's strategic and long-term planning.

Such persons are required by SEC regulations to furnish Centex with copies of all Section 16(a) forms that they file with the SEC.

who beneficially own more than 10% of a registered class of Centex's equity securities have complied with all filing requirements required by Section 16(a) for fiscal year 2002 applicable to such persons.

CERTAIN TRANSACTIONS

In 1991, the Board approved executive employment agreements with Messrs. Hirsch and Quinn. Each of these agreements provides for a term that at all times has a remainder of two years, for discretionary bonuses and certain other fringe benefits, for the payment of two years' base salary from the date of termination if the executive's employment is terminated for any reason other than cause and, if the executive voluntarily resigns within two years after the occurrence of a change in control of Centex, for the payment of two years' base salary plus average bonuses from the date of termination. Mr. Hirsch's agreement further provides for a minimum annual base salary of \$850,000 commencing April 1, 2002.

Mr. Quinn retired as Vice Chairman of the Board on March 31, 2002, and his employment agreement ended. In connection with his retirement, Centex entered into a consulting agreement with Mr. Quinn pursuant to which he will provide Centex with consulting services related to acquisitions and dispositions, strategic, financial and structural planning and certain pending litigation. The agreement provides for annual compensation of \$400,000 commencing April 1, 2002 and continuing for the first 24 months of the five-year term of the agreement. Mr. Quinn will continue as a director of Centex until the end of his current term in 2004, at which time he will be eligible for re-election, and will receive standard directors' fees for his services as a director.

Centex also entered into an executive employment agreement with Mr. Echols upon the commencement of his employment as of June 1, 2000. The terms of this agreement are generally comparable to the agreement between Centex and Mr. Hirsch. The agreement provides for a minimum annual base salary of \$475,000 commencing April 1, 2002.

In May 1985 Centex approved the issuance and sale to Mr. Hirsch of a Centex debenture in the principal amount of \$2,100,000. The debenture was to mature in March 1995. During that month, Centex and Mr. Hirsch amended the terms of the debenture to extend its maturity date from March 1995 to March 2000. During May 1999, Centex and Mr. Hirsch amended the terms of the debenture to extend its maturity date from March 2000 to March 2010. The debenture bears interest at a fluctuating rate equal to the lesser of the rate of interest on the bank loan described below or the highest lawful rate that Centex may pay. The debenture is subordinated to all senior debt of Centex and is convertible into 400,000 shares of Centex Common Stock at a price of \$5.25 per share (the closing price of a share of Centex Common Stock on the New York Stock Exchange on May 6, 1985, as adjusted for the two-for-one stock splits of Centex Common Stock effected in August 1992 and March 1998). Centex guaranteed a bank loan made to Mr. Hirsch in an amount necessary to purchase the debenture. The loan term is five years, but is expected to be renewed on the same or substantially similar terms if, in March 2005, the debenture remains outstanding. The note evidencing Mr. Hirsch's indebtedness made under this bank loan permits Mr. Hirsch to elect an interest rate from time to time equal to either the prime rate of Bank of America, N.A. or the London Interbank Offered Rate plus 1.5%.

In fiscal 2002, Mr. Smerge had a construction loan outstanding with CTX Mortgage Company, LLC, a wholly-owned indirect subsidiary of Centex, to finance the construction of a home. The largest aggregate amount of this indebtedness outstanding at any time during fiscal 2002 was \$504,000. As of June 17, 2002, the loan had been paid down and converted to a permanent financing in the principal amount of \$400,000. The permanent loan to Mr. Smerge bears interest at 6 1/2 % and is secured by the home. The loan was made in the ordinary course of business, was made on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectability or present other unfavorable terms.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

On March 23, 2002 the Audit Committee approved the engagement of Ernst & Young LLP (Ernst & Young) as Centex 's independent auditors for the fiscal year ending March 31, 2002, to replace Arthur Andersen LLP (Arthur Andersen), who were dismissed as auditors effective as of that date. This action followed the Audit Committee 's decision to seek proposals from independent accountants to audit Centex 's financial statements.

In addition to retaining Ernst & Young to audit Centex 's consolidated financial statements for fiscal year 2002, Centex and its affiliates retained Ernst & Young to provide various consulting and other services in fiscal year 2002 and expect to continue to do so in the future. The aggregate fees for the various professional services by Ernst & Young in fiscal year 2002 were:

Audit Fees: \$1,075,000;

Financial Information Systems Design and Implementation Fees: None; and

All Other Fees: \$150,000, which includes fees for auditing previous year 's financial statements.

Representatives of Ernst & Young are expected to be present at the Annual Meeting, with the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from Centex Stockholders.

Arthur Andersen 's audit reports on Centex 's financial statements as of and for fiscal years ended March 31, 2000 and 2001, respectively, did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During Centex 's fiscal years ended March 31, 2000 and 2001, respectively, and the subsequent interim period through March 23, 2002:

- (i) there were no disagreements between Centex and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen 's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with its reports;
- (ii) none of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred; and
- (iii) Centex did not consult with Ernst & Young regarding any of the matters or events described in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Arthur Andersen provided a letter, which Centex has filed with the SEC, agreeing with the foregoing statements.

STOCKHOLDER PROPOSALS

Centex 's 2003 annual meeting of stockholders is scheduled to be held on July 17, 2003. In order to be considered for inclusion in Centex 's proxy material for that meeting, stockholder proposals must be received at Centex 's executive offices, addressed to the attention of the Secretary, not later than February 21, 2003.

For any proposal that is not submitted for inclusion in Centex 's proxy material for the 2003 annual meeting of stockholders but is instead sought to be presented directly at that meeting, Rule 14a-4(c) under the Exchange Act permits Centex 's management to exercise discretionary voting authority under proxies it solicits unless Centex is notified about the proposal on or before May 7, 2003 and the stockholder submitting the proposal satisfies the other requirements of Rule 14a-4(c). Centex 's Amended and Restated By-laws further provide that, to be considered at the 2003 annual meeting, a stockholder proposal relating to the nomination of a person for election as a director must be

The mailing address of the executive offices of Holding is 2728 N. Harwood, Dallas, Texas 75201. Purposes of the Annual Meeting

At the Annual Meeting, action will be taken upon the following matters:

- (1) Election of a board of four directors to serve until the next Annual Meeting of Stockholders or until their successors are elected and qualified.
- (2) Such other business as may properly come before the Annual Meeting.

The Board of Directors of Holding (the Board or the Board of Directors) does not know of any matter that may be acted upon at the Annual Meeting other than the matter set forth in item (1) above.

Recommendation of the Board of Directors

The Board of Directors of Holding recommends a vote FOR the election of the four nominees for director of Holding named in the accompanying Holding proxy.

TANDEM SECURITIES

On November 30, 1987, Centex Corporation, a Nevada corporation (Centex), distributed as a dividend to its stockholders, through a nominee (the Nominee), all of the 1,000 issued and outstanding shares of common stock, par value \$.01 per share, of Holding (Holding Common Stock), and 900 of the issued and outstanding warrants (the Stockholder Warrants) to purchase Class B Units of limited partnership interest in Centex Development Company, L.P., a Delaware limited partnership (the Partnership). 3333 Development Corporation, a Nevada corporation (Development) and a wholly-owned subsidiary of Holding, is the general partner of the Partnership.

The Nominee holds the shares of Holding Common Stock and the Stockholder Warrants on behalf of and for the benefit of persons who are from time to time the holders of the common stock, par value \$.25 per share (Centex Common Stock), of Centex (Centex Stockholders). Each Centex Stockholder owns a beneficial interest in that portion of the Holding Common Stock and the Stockholder Warrants that the total number of shares of Centex Common Stock held by such stockholder bears to the total number of shares of Centex Common Stock outstanding from time to time. This beneficial interest of the Holding stockholders is not represented by a separate certificate or receipt. Instead, each Centex Stockholder s beneficial interest in such pro rata portion of the shares of Holding Common Stock and the Stockholder Warrants is represented by the certificate or certificates evidencing such Centex Stockholder s Centex Common Stock, and is currently tradable only in tandem with, and as a part of, each such

Centex Stockholder's Centex Common Stock. These restrictions on transfer are imposed by the terms of a nominee agreement (the Nominee Agreement) by and among Centex, Holding, the Partnership and the Nominee. Centex Common Stock certificates issued after the date of the Nominee Agreement bear a legend referring to the restrictions on transfer imposed thereby.

Proxies are being solicited separately by the Boards of Directors of 3333 Holding Corporation and Centex Corporation. To ensure representation of your shares at the annual meetings of BOTH companies, you must vote and submit BOTH proxies by telephone, over the Internet or by mail in the manner described in the accompanying proxies.

RECORD DATE AND VOTING

The record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on June 6, 2002. At the close of business on the record date, the issued and outstanding capital stock of Holding entitled to vote at the Annual Meeting consisted of 1,000 shares of Holding Common Stock. See Tandem Securities.

Each share of Holding Common Stock is entitled to one vote upon the election of directors and each other matter that may be properly brought before the Annual Meeting. Neither the Articles of Incorporation, as amended, nor the Amended and Restated By-laws of Holding provide for cumulative voting rights. The presence at the Annual Meeting, in person or by proxy, of a majority of the outstanding shares of Holding Common Stock is necessary to constitute a quorum. Abstentions and, by definition, broker non-votes will be counted as present for the purpose of establishing a quorum.

Shares represented by valid proxies received by telephone, over the Internet or by mail will be voted at the Annual Meeting in accordance with the directions given. If no specific choice is indicated, the shares represented by all valid proxies received will be voted FOR the election of the four nominees for director named in the proxy. The Board does not intend to present, and has no information that others will present, any business at the Annual Meeting other than as set forth in the attached Notice of Annual Meeting of Stockholders of Holding. However, if other matters requiring the vote of stockholders come before the Annual Meeting, it is the intention of the persons named in the accompanying form of Holding proxy to vote the proxies held by them in accordance with their best judgment in such matters.

Each stockholder of Holding can vote their beneficial interest in the Holding Common Stock at the Annual Meeting by voting and submitting the accompanying Holding proxy by telephone, over the Internet, or by completing, signing, dating and returning the Holding proxy in the enclosed envelope. Any stockholder of Holding has the unconditional right to revoke his, her or its Holding proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the Annual Meeting and voting in person or by written notice to Holding addressed to Raymond G. Smerge, Secretary, 3333 Holding Corporation, 2728 N. Harwood, Dallas, Texas 75201. No such revocation will be effective, however, until received by Holding at or prior to the Annual Meeting.

Centex will bear the cost of soliciting proxies for its annual meeting of stockholders, and no additional cost will be incurred by Holding in connection with the solicitation of proxies for the Annual Meeting because the beneficial interest of each Holding stockholder in the Holding Common Stock and the Stockholder Warrants is represented by the certificate or certificates evidencing such stockholder's shares of Centex Common Stock and is currently tradable only in tandem with, and as a part of, such shares of Centex Common Stock. See Tandem Securities. Solicitation may be made by mail, personal interview, telephone or other electronic means by officers and other employees of Holding or its affiliates or by officers and other employees of Centex, who will receive no additional compensation therefor. To aid in the solicitation of proxies, Centex has retained the firm of Georgeson Shareholder Communications Inc., which will receive a fee of approximately \$8,500, plus out-of-pocket expenses. Centex will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners.

See Tandem Securities. The Nominee has no power to vote (absent instruction) or to direct the investment of the Holding Common Stock. Except for the interest of Centex Corporation, which derives from its ownership of warrants to acquire shares of Holding Common Stock (see footnote 2 below), the number of shares of Holding Common Stock listed as beneficially owned represents the proportionate undivided beneficial interest in the 1,000 issued and outstanding shares of Holding Common Stock held by the named entities in their capacity as Centex Stockholders and has been rounded to the nearest whole share.

However, it has been assumed in connection with the disclosure of such beneficial ownership that (i) the Centex Holding Stock Warrants are not subdivided or combined, and (ii) the shares of Holding Common Stock are not subdivided and a stock dividend or stock split with respect to the shares of Holding Common Stock has not occurred, prior to the exercise of the Centex Holding Stock Warrants.

According to the FMR Corp. 13G, this includes 1,129,071 shares of Centex Common Stock (approximately 18.35 shares of Holding Common Stock) over which FMR Corp. had sole voting power and 7,556,831 shares of Centex Common Stock (approximately 122.79 shares of Holding Common Stock) over which FMR Corp. had sole dispositive power.

According to the Greenhaven 13G, this includes 893,700 shares of Centex Common Stock (approximately 14.52 shares of Holding Common Stock) over which Greenhaven Associates, Inc. had both sole voting power and sole dispositive power, and 3,111,300 shares of Centex Common Stock (approximately 50.55 shares of Holding Common Stock) over which Greenhaven Associates, Inc. had shared dispositive power.

ELECTION OF DIRECTORS

In accordance with the Amended and Restated By-laws of Holding, the Board has established the number of directors to be elected at the Annual Meeting at four, which shall constitute the entire Board. Each director will hold office until the next annual election of directors or until his successor is elected and qualified, subject to removal by the vote of the holders of not less than two-thirds of the then outstanding shares of Holding Common Stock. Unless contrary instructions are indicated on the proxy, it is intended that the beneficial interest in the shares of Holding Common Stock represented by the accompanying Holding proxy will be voted FOR the election of the four nominees for director named below or, if any such nominees should become unavailable (which is not anticipated), for such substitute nominees as the Board shall designate. A plurality of votes cast at the Annual Meeting, in person or by proxy, is required to elect such nominees. **The Board recommends that stockholders vote FOR the election of such nominees.**

The four persons named below, Messrs. Low, Sherer, Weinberg and West, are the Board's nominees for election as directors at the Annual Meeting and are currently serving as directors of Holding. The Chairman of the Board also receives an additional annual fee of \$8,000 for serving as Chairman of the Board of Directors of Development.

Audit Committee

The Board has an Audit Committee, composed of three directors who are not officers or employees of Holding or its subsidiary, of the Partnership or any of its subsidiaries or of Centex or any of its subsidiaries and are independent directors as defined by applicable New York Stock Exchange listing standards. In accordance with the Audit Committee Charter adopted by the Board in fiscal year 2001, the Audit Committee reviews the functions of Holding's management and independent auditors pertaining to Holding's financial statements and performs such other duties and functions as are deemed appropriate by the Audit Committee or the Board. During Holding's fiscal year ended March 31, 2002, the Audit Committee held five meetings that were attended by all members, except for Mr. West who did not attend the Audit Committee meeting on March 21 and 23, 2002. Audit Committee members receive a fee of \$1,500 per meeting for serving on the committee.

reviewing Holding's basic systems and internal controls regarding auditing, accounting and legal compliance;

reviewing Holding's audited financial statements and interim financial statements;

preparing a report for inclusion in Holding's proxy statement regarding review of audited financial statements for the last fiscal year which includes a statement on whether it recommended that the Board include those financial statements in the Annual Report on Form 10-K (the Audit Committee's report for fiscal year 2002 is reproduced below);

reviewing the duties and compensation of the independent auditors and the effect of any such compensation on the auditors independence, including a review of management consulting services provided by the independent auditors; and

reviewing and assessing the adequacy of the Audit Committee's Charter annually and recommending revisions to the Board.

The Audit Committee meets separately with the independent auditors and with members of the internal audit staff of Centex, who provide audit services pursuant to the terms of a services agreement between Holding and a wholly-owned subsidiary of Centex, outside the presence of Holding's management or other employees, to discuss matters of concern, to receive recommendations or suggestions for change and to exchange relevant views and information. The Audit Committee and the Board of Directors are ultimately responsible for the selection, evaluation and replacement of the independent auditors.

Report of Audit Committee

To the Board of Directors of 3333 Holding Corporation:

We have reviewed and discussed with management the audited combining financial statements of 3333 Holding Corporation and Centex Development Company, L.P. as of and for the year ended March 31, 2002.

We have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the auditors the auditors' independence. We have also considered whether the auditors' provision of non-audit services to 3333 Holding Corporation and its subsidiary and Centex Development Company, L.P. and its subsidiaries is compatible with the auditors' independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Annual Report on Form 10-K of 3333 Holding Corporation and Centex Development Company, L.P. for the year ended March 31, 2002.

The Compensation Committee determines and reviews the compensation paid to key executives and management of Holding and Development. Compensation Committee members receive a fee of \$1,500 per meeting for serving on the Committee. See Executive Compensation.

EXECUTIVE COMPENSATION

Neither Holding nor Development has any employees. As a result, all executive oversight and management functions for Holding and Development are performed by their directors and executive officers. Administrative and clerical services required by Holding, Development and the Partnership are provided by employees of the Partnership or are provided pursuant to a services agreement between Holding and Centex Service Company and a separate services agreement between Holding and the Partnership.

During fiscal year 2002, the executive officers of Holding and Development provided services to Holding and Development on behalf of and in their capacities as employees of the Partnership, and they received compensation for such services from the Partnership. Prior to January 1, 2001, the executive officers of Holding and Development provided such services in their capacities as officers and employees of Centex and its affiliates. Effective as of January 1, 2001, when the executive officers of Holding and Development became employees of the Partnership, Centex Service Company and the Partnership entered into dual employment arrangements with certain officers of Holding and Development, including the executive officers named in the Summary Compensation Table below, pursuant to which Centex Service Company and the Partnership agreed to employ those officers concurrently with respect to their performance of services for each of them and/or their respective affiliates. Under the dual employment arrangements, each of Centex Service Company and the Partnership has the right to control and direct the activities of the employees in the performance of their respective duties on its behalf and to determine the value of the employees' work and the compensation to be paid to the employees therefor. In addition, the dual employment arrangements provide that Centex Service Company may elect to compensate the employees for their services on its behalf not only through salary and bonus payments but also through stock option awards, long-term incentive awards or such other compensation awards as may be made from time to time by Centex, Centex Service Company or its affiliates.

The following table sets forth the cash and noncash compensation for each of the last three fiscal years (or such shorter period of time during which such person was an officer) awarded to or earned by the Chief Executive Officer and the two other executive officers of Holding and Development.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

None of Holding's directors, officers or employees has any relationship requiring disclosure under Item 402(j) of Regulation S-K.

Report of Compensation Committee on Executive Compensation

The Compensation Committee provides advice and recommendations to the Board concerning the salaries and bonuses of the executive officers and management of 3333 Holding Corporation (Holding). The Board approves those salaries and bonuses. The Compensation Committee is comprised of three independent, non-employee directors. This report describes the policies and principles that shape the structure of Holding's executive compensation program.

Holding's executive compensation program is structured to achieve the following objectives:

to attract, retain and motivate highly qualified, energetic and talented executives;

to create an incentive to increase stockholder returns by establishing a direct and substantial link between individual compensation and certain financial measures that have a direct effect on stockholder values; and

to create long-term compensation opportunities for individual executive officers based not only on long-term corporate performance but also on sustained long-term individual performance by coordinating Holding's compensation program with that of Centex Corporation (Centex).

The Compensation Committee coordinates with the Compensation and Stock Option Committee (the Centex Compensation Committee) of Centex, which administers Centex's stock option plans, incentive compensation plan and the long term incentive plan (LTIP), and is authorized under such plans to grant options to directors, officers and other key employees of Centex and its subsidiaries, to grant incentive compensation awards to executive officers of Centex, to make awards of restricted stock to directors, officers and other key employees of Centex and to award LTIP units to selected employees of Centex and certain of its subsidiaries, partnerships and affiliates. Because the executive officers of Holding are employed both by the Partnership and Centex Service Company under a dual employment arrangement (see Executive Compensation), the executive officers may be granted stock options and other incentive compensation by Centex.

Table of Contents

To achieve its compensation objectives, Holding has structured an executive compensation program using a combination of short-term and long-term elements: (i) annual salary, (ii) annual bonus and (iii) if the Centex Compensation Committee determines it to be appropriate, long-term incentive compensation in the form of stock options and, in some cases, performance-based bonuses, awards of restricted stock and LTIP units. In addition, the executive officers of Holding are eligible to receive other benefits, such as medical benefits and Profit Sharing Plan contributions, that are generally available to employees of the Partnership and Centex and contributions under Centex's SERP that are accrued for certain of the named executive officers and certain other Holding executives.

In structuring the specific components of executive compensation, Holding is guided by the following principles:

annual compensation should be set within reasonable ranges of the annual compensation for similar positions with similarly-sized and types of companies that engage in one or more of the principal businesses in which Holding and the Partnership engage;

bonus payments should vary with the individual's performance and the financial performance of Holding and the Partnership; and

a component of compensation should be in the form of long-term incentive compensation that aligns the interests of executives with those of the stockholders and that creates rewards for long-term sustained company performance and the achievement of its strategic objectives.

Base Salary

The Compensation Committee is responsible for recommending the base salary levels for the named executive officers. In developing salary amounts for fiscal year 2002, the Compensation Committee reviewed the salaries for similar positions in companies, including Centex, that engage in one or more of the principal businesses in which Holding or the Partnership engage: homebuilding, commercial real estate development, and multi-family property development. The Compensation Committee confirmed that the base salaries of the named executive officers were consistent with its objective of setting base salaries within reasonable ranges for similar positions in competitive companies. In setting base salary levels, the Compensation Committee also considers the executive's experience level and potential for significant contributions to the profitability of Holding and the Partnership.

Incentive Bonus

The Compensation Committee is also responsible for developing recommendations for the incentive bonuses awarded to the named executive officers at the end of each fiscal year. The annual incentive bonus program for the executive officers has been structured to create financial incentives and rewards that are directly related to corporate performance during the past fiscal year. In particular, the Compensation Committee weighs heavily certain financial measurements that are directly related to stockholder returns such as net earnings and return on equity. The Compensation Committee also considers the contribution of each individual executive officer to the performance and to the strategic position of Holding and the Partnership.

Long-term Compensation

As employees of Centex Service Company under the dual employment arrangement, Holding's executive officers participate in the long-term compensation program established and administered by the Centex Compensation Committee. A description of the Centex Compensation Committee's philosophy and approach toward long-term compensation, including specifically the grant of stock options and the SERP, is set out in the Report of Compensation and Stock Option Committee on Executive Compensation of the Centex proxy statement.

CEO Compensation

The Chief Executive Officer of Holding participates in the same compensation programs as the other executive officers with each component of his compensation determined by the Compensation Committee according to the

Table of Contents

same criteria. The base salary and bonus of the Chief Executive Officer in effect for fiscal year 2002 were higher than fiscal year 2001, reflecting an increase in net earnings of Holding and the Partnership.

Performance Graph

As described in Tandem Securities, the record owner of the 1,000 issued and outstanding shares of Holding Common Stock is the Nominee, who holds such stock pursuant to the Nominee Agreement on behalf of and for the benefit of Centex Stockholders. Thus, each Centex Stockholder owns a beneficial interest in a portion of the 1,000 shares of Holding Common Stock held by the Nominee, which shares are currently tradable only in tandem with, and as a part of, each such Centex Stockholder's Centex Common Stock. As a consequence of the foregoing, and because the beneficial interest in the 1,000 shares of Holding Common Stock does not have any separate ascertainable value, no performance graph is provided herein. Stockholders desiring to review the five-year stock performance of Centex Common Stock are directed to the Performance Graph in the accompanying Centex proxy statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Holding's directors and executive officers, and persons who beneficially own more than 10% of a registered class of Holding's equity securities, to file initial reports of ownership, reports of changes in ownership, and annual reports of ownership with the Securities and Exchange Commission (the SEC) and the New York Stock Exchange. Such persons are required by SEC regulations to furnish Holding with copies of all Section 16(a) forms that they file with the SEC.

Based solely on its review of the copies of such forms received by it with respect to fiscal year 2002, or written representations from certain reporting persons, Holding believes that its directors and executive officers and persons who beneficially own more than 10% of a registered class of Holding's equity securities have complied with all filing requirements required by Section 16(a) for fiscal year 2002 applicable to such persons.

CERTAIN TRANSACTIONS

During fiscal year 2002, Holding and the Partnership engaged in certain transactions with each other and with various subsidiaries of Centex. These transactions must be disclosed under applicable SEC rules and regulations because (i) the Partnership is controlled by, and is deemed a subsidiary of, Holding due to the fact that Development, a wholly-owned subsidiary of Holding, is the general partner of the Partnership, (ii) Centex is deemed a beneficial owner of more than five percent of Holding Common Stock, and (iii) Centex indirectly owns 100% of the issued and outstanding Class A Units of limited partnership interest in the Partnership (Class A Units) and Class C Units of limited partnership interest in the Partnership (Class C Units), which units constitute all of the issued and outstanding units of limited partnership interest in the Partnership. See Security Ownership of Management and Certain Beneficial Owners and Tandem Securities. A description of these transactions is set forth below.

Holding is a party to a services agreement with Centex Service Company. See Executive Compensation. Pursuant to the services agreement, Centex Service Company provides certain tax, accounting, administrative and other similar services for Holding. In conjunction with the employment by the Partnership of employees previously employed by Centex Service Company, the services agreement was amended and restated as of April 1, 2001 to decrease the quarterly fee to \$50,000. Effective October 1, 2001, the quarterly fee was further decreased to \$12,500 to reflect the Partnership's employment of additional employees previously employed by Centex Service Company. During fiscal year 2002, Holding paid service fees of \$125,000 to Centex Service Company pursuant to this agreement.

Table of Contents

Holding is a party to a services agreement with the Partnership. See Executive Compensation. Pursuant to the services agreement, Holding provides executive and managerial services and certain tax, accounting, administrative and other similar services for the Partnership. The services agreement was amended and restated as of April 1, 2001 to decrease the quarterly fee to \$50,000. Effective October 1, 2001, the quarterly fee was further decreased to \$12,500. Effective April 1, 2002, the quarterly fee increased to \$37,500. During fiscal year 2002, the Partnership paid service fees of \$125,000 to Holding pursuant to this agreement.

The Partnership is a party to a management agreement with Centex Homes, pursuant to which the Partnership provides certain services to Centex Homes for the operation, management, development and sale of its commercial real estate portfolio. The management agreement, which was entered into effective April 1, 2001, provides for the reimbursement of a portion of the expenditures incurred by the Partnership (including overhead expenses) with respect to the properties. The management agreement further provides for the payment of additional amounts to the Partnership based upon its performance of services under the management agreement. In fiscal year 2002, Centex Homes reimbursed the Partnership approximately \$4.2 million.

The Partnership is a party to a management agreement with Centex Homes whereby Centex Homes provides management and oversight services for the Partnership's investment in its international home building operations. The Partnership pays Centex Homes an annual fee of \$10,000 and reimburses Centex Homes for its direct expenses associated with its management and oversight.

Centex performs cash management services for the Partnership. Excess funds generated by the Partnership are advanced to Centex on a daily basis, and funds required by the Partnership are advanced by Centex to the Partnership as necessary. Advances to or from Centex bear interest at the one-month LIBOR rate plus 25 basis points.

Under the partnership agreement governing the Partnership, as previously amended (the Partnership Agreement), Class C Units may be issued in exchange for assets acquired and capital received from a limited partner or from an entity that is to be admitted as a limited partner. Centex Homes is currently the sole limited partner of the Partnership. During fiscal year 2002, the Partnership issued 27,135 Class C Units to Centex Homes in exchange for \$27.1 million in assets and cash.

The Partnership Agreement provides that the holders of Class A Units and Class C Units are entitled to a cumulative preferred return of 9% per annum on the average outstanding balance of their Unrecovered Capital, as such term is defined in the Partnership Agreement. Unrecovered Capital represents capital contributions, as adjusted for cash or other distributions representing return of capital contributions, and is the basis for preference accruals. As noted above, Centex Homes is currently the sole limited partner of the Partnership and the sole holder of all outstanding Class A Units and Class C Units. During fiscal year 2002, the Partnership made no preference payments to Centex Homes. At March 31, 2002, unpaid preference accruals totaled \$41.4 million, and Unrecovered Capital for Class A Units and Class C Units totaled \$32.8 million and \$208.3 million, respectively.

In fiscal year 2002, the Partnership engaged in various transactions with Centex Homes, an indirect subsidiary of Centex. During fiscal year 2002, Centex Homes purchased a 12-acre site in Lewisville, Texas from subsidiaries of Holding and the Partnership for cash consideration of \$1.25 million. Centex Homes will pay additional consideration to the subsidiaries in the form of a participation in profits above certain gross margin threshold levels on townhome sales.

In fiscal years 2002 and 2001, the Partnership, through its subsidiaries, purchased 345 acres in Florida, Hawaii, Nevada and South Carolina from unaffiliated third parties. The total consideration of \$71.7 million consisted of an aggregate \$62.6 million in purchase-money mortgage notes and an aggregate \$9.1 million in cash payments. Concurrently with these transactions, Centex Homes deposited \$9.1 million with the Partnership as option deposits for the purchase of the properties. Partnership revenues during fiscal 2002 included \$1.4 million in fees and reimbursements pursuant to the various option agreements.

During fiscal year 2002, operating subsidiaries of the Partnership paid certain of Centex's construction subsidiaries a total of \$10 million pursuant to construction contracts executed in fiscal 2002 and prior fiscal years.

Table of Contents

In addition, the Partnership paid an aggregate of \$412,000 in title insurance premiums and escrow fees to certain title insurance subsidiaries of Centex during fiscal year 2002 in connection with third-party construction and permanent loans made to the Partnership and its subsidiaries and in connection with the acquisition and sale of properties during that year.

Centex has issued an \$800,000 demand note as a form of guarantee relating to one of the Partnership's project loans. The note is payable only in the event of default by the Partnership or its subsidiary under its obligations to the lender.

A subsidiary of the Partnership owns a 50% interest in a 79,000 square foot office building located in Plantation, Florida. The remaining 50% interest is owned by Centex Construction Group, L.L.C., a Centex affiliate. Approximately 61% of the rentable square footage of the building is leased and occupied by Centex affiliates. The total amount of rent and operating expense reimbursements paid by the Centex affiliates under the lease during fiscal year 2002 was \$971,000.

A subsidiary of the Partnership has leased approximately 74% of the rentable square footage in its Dallas, Texas office building to Centex Service Company and other Centex affiliates. The total amount of rent and operating expense reimbursements paid by Centex Service Company and the other Centex affiliates under the lease during fiscal year 2002 was \$3.55 million.

During fiscal year 2002, a subsidiary of the Partnership entered into a lease having a term of at least 10 years with Centex Home Equity Company, LLC, a Centex affiliate, for approximately 40,000 square feet of office space in a newly-constructed building in Lewisville, Texas. Payment of rent under this lease is guaranteed by Centex Financial Services, Inc.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

On March 23, 2002 the Audit Committee approved the engagement of Ernst & Young LLP (Ernst & Young) as Holding's independent auditors for the fiscal year ending March 31, 2002, to replace Arthur Andersen LLP (Arthur Andersen), who were dismissed as auditors effective as of that date. This action followed the Audit Committee's decision to seek proposals from independent accountants to audit Holding's financial statements.

The aggregate fees for the various professional services by Ernst & Young in fiscal year 2002 were:

Audit Fees: \$260,000;

Financial Information Systems Design and Implementation Fees: None; and

All Other Fees (including fees for tax compliance and consultation, accounting consultation, internal audit support and benefits plans audits): None.

Representatives of Ernst & Young are expected to be present at the Annual Meeting, with the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from stockholders of Holding.

Arthur Andersen's audit reports on Holding's financial statements as of and for fiscal years ended March 31, 2000 and 2001, respectively, did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During Holding's fiscal years ended March 31, 2000 and 2001, respectively, and the subsequent interim period through March 23, 2002:

- (i) there were no disagreements between Holding and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with its reports;

Table of Contents

- (ii) none of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred; and
- (iii) Holding did not consult with Ernst & Young regarding any of the matters or events described in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Arthur Andersen provided a letter, which Holding has filed with the SEC, agreeing with the foregoing statements.
