(1) We own 23.85% of the economic interest in Trammell Crow Center through our ownership of a 23.85% interest in the joint venture that holds fee simple title to the Office Property (subject to a ground lease and a leasehold estate regarding the building) and two mortgage notes

encumbering the leasehold interests in the land and the building.

- (2) In addition, we own nine retail parcels located in Hughes Center.
- (3) Funding III owns nine of the ten office properties in the Greenway Plaza office portfolio and the Renaissance Houston Hotel; Funding IV owns the central heated and chilled water plant building located at Greenway Plaza; and Funding V owns 9 Greenway, the remaining office property in the Greenway Plaza office portfolio.

See Note 8, Investments in Unconsolidated Companies, for a table that lists our ownership in significant unconsolidated joint ventures and investments as of June 30, 2005.

See Note 9, Notes Payable and Borrowings Under Credit Facility, for a list of certain other subsidiaries, all of which are consolidated in our financial statements and were formed primarily for the purpose of obtaining secured debt or joint venture financing.

### **Segments**

Our assets and operations consisted of four investment segments at June 30, 2005, as follows:

Office Segment;

Resort Residential Development Segment;

Resort/Hotel Segment; and

Temperature-Controlled Logistics Segment.

Within these segments, we owned in whole or in part the following operating real estate assets, which we refer to as the Properties, as of June 30, 2005:

**Office Segment** consisted of 79 office properties, which we refer to as the Office Properties, located in 29 metropolitan submarkets in eight states, with an aggregate of approximately 32.0 million net rentable square feet. Fifty-six of the Office Properties are wholly-owned and 23 are owned through joint ventures, two of which are consolidated and 21 of which are unconsolidated.

**Resort Residential Development Segment** consisted of our ownership of common stock representing interests of 98% to 100% in four resort residential development corporations and two limited partnerships. These Resort Residential Development Corporations, through partnership arrangements, owned in whole or in part 28 upscale resort residential development properties, which we refer to as the Resort Residential Development Properties.

**Resort/Hotel Segment** consisted of five luxury and destination fitness resorts and spas with a total of 1,034 rooms/guest nights and three upscale business-class hotel properties with a total of 1,376 rooms, which we refer to as the Resort/Hotel Properties. Five of the Resort/Hotel Properties are wholly-owned, one is owned through a joint venture that is consolidated and two are owned through joint ventures that are unconsolidated.

**CRESCENT REAL ESTATE EQUITIES COMPANY  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**Temperature-Controlled Logistics Segment** consisted of our 31.7% interest in AmeriCold Realty Trust, or AmeriCold, a REIT. As of June 30, 2005, AmeriCold operated 100 facilities, of which 84 were wholly-owned, one was partially-owned and fifteen were managed for outside owners. The 85 owned facilities, which we refer to as the Temperature-Controlled Logistics Properties, had an aggregate of approximately 437.2 million cubic feet (17.4 million square feet) of warehouse space. AmeriCold also owned one quarry and the related land.

See Note 3, Segment Reporting, for a table showing selected financial information for each of these investment segments for the six months ended June 30, 2005 and 2004, and total assets, consolidated property level financing, consolidated other liabilities, and minority interests for each of these investment segments at June 30, 2005 and December 31, 2004.

**Basis of Presentation**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the six month period ended June 30, 2005, are not necessarily indicative of the results that may be expected for the year ended December 31, 2005.

The consolidated balance sheet at December 31, 2004, has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

You should read these consolidated financial statements in conjunction with the consolidated financial statements and footnotes thereto in our annual report on Form 10-K for the year ended December 31, 2004.

Certain amounts in prior period financial statements have been reclassified to conform to current period.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Adoption of New Accounting Standards**

**SFAS No. 123R.** In December 2004, the Financial Accounting Standards Board, or FASB, issued Statement of Financial Accounting Standards, or SFAS, No. 123R (Revised 2004), *Share-Based Payment*. The new FASB rule requires that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. We will be required to apply SFAS No. 123R beginning January 1, 2006. The scope of SFAS No. 123R includes a wide range of share-based compensation arrangements including share options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. SFAS No. 123R replaces SFAS No. 123, Accounting for Stock-Based Compensation, and supersedes Accounting Principles Board, or APB, Opinion No. 25, Accounting for Stock Issued to Employees. SFAS No. 123, as originally issued in 1995, established as preferable a fair-value-based method of accounting for share-based payment transactions with employees. However, that statement permitted entities the option of continuing to apply the guidance in Opinion No. 25, as long as the footnotes to the financial statements disclosed what net income would have been had the preferable fair-value-based method been used. Effective January 1, 2003, we adopted the fair value expense recognition provisions of SFAS No. 123 on a prospective basis. We are continuing to evaluate the impact of the adoption of SFAS No. 123R.

**SFAS No. 154.** In May 2005, the FASB issued SFAS No. 154, *Accounting Changes and Error Corrections*. This new standard replaces APB Opinion No. 20, *Accounting Changes*, and SFAS No. 3, *Reporting Accounting Changes in Interim Financial Statements*. Among other changes, SFAS No. 154 requires that a voluntary change in accounting principle be applied retrospectively with all prior period financial statements presented on the new accounting principle, unless it is impracticable to do so. SFAS No. 154 also provides that (1) a change in method of depreciating or amortizing a long-lived nonfinancial asset be accounted for as a change in estimate (prospectively) that was effected by a change in accounting principle, and (2) correction of errors in previously issued financial statements should be termed a restatement. The new standard is effective for accounting changes and correction of errors made in fiscal years beginning after December 15, 2005. Early adoption of this standard is permitted for accounting changes

and correction of errors made in fiscal years beginning after June 1, 2005. We do not believe there will be an impact to our financial condition or results of operations from the adoption of SFAS No. 154.

**CRESCENT REAL ESTATE EQUITIES COMPANY**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**EITF 04-5.** At its June 2005 meeting, the Emerging Issues Task Force, or EITF, reached a consensus regarding Issue No. 04-5 (EITF 04-5), *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights*". EITF 04-5 is effective immediately for all newly-formed limited partnerships and for existing limited partnership agreements that are modified. The guidance will be effective for existing limited-partnership agreements that are not modified no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. The guidance provides a framework for addressing the question of when a general partner, as defined in EITF 04-5, should consolidate a limited partnership. The EITF has concluded that the general partner of a limited partnership should consolidate a limited partnership unless (1) the limited partners possess substantive kick-out rights as defined in paragraph B20 of FIN 46(R), *Consolidation of Variable Interest Entities*, or (2) the limited partners possess substantive participating rights similar to the rights described in Issue 96-16, *Investor's Accounting for an Investee When the Investor has a Majority of the Voting Interest but the Minority Shareholder or Shareholders have Certain Approval or Veto Rights*. The FASB has amended Statement of Position 78-9, *Accounting for Investments in Real Estate Ventures*, and EITF 96-16 to conform and align with the guidelines set forth in EITF 04-5. We do not believe there will be an impact to our financial condition or results of operations from the adoption of EITF 04-5 in the current year. We are continuing to evaluate the impact of EITF 04-5, when applicable, to all existing partnerships.

**Significant Accounting Policies**

**Stock-Based Compensation.** Effective January 1, 2003, we adopted the fair value expense recognition provisions of SFAS No. 123 on a prospective basis as permitted by SFAS No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure*, which requires that the fair value of stock options at the date of grant be amortized ratably into expense over the appropriate vesting period. During the six months ended June 30, 2005, we granted stock options and recognized compensation expense that was not significant to our results of operations. With respect to our stock options which were granted prior to 2003, we accounted for stock-based compensation using the intrinsic value method prescribed in APB Opinion No. 25, and related Interpretations.

Had compensation cost been determined based on the fair value at the grant dates for awards under the plans consistent with SFAS No. 123, our net loss and loss per share would have been reduced to the following pro forma amounts:

	<b>For the three months ended June 30,</b>		<b>For the six months ended June 30,</b>

**Earnings Per Share.** SFAS No. 128, *Earnings Per Share*, or EPS, specifies the computation, presentation and disclosure requirements for earnings per share.

Basic EPS is computed by dividing net income available to common shareholders by the weighted average number of shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common shares were exercised or converted into common shares, where such exercise or conversion would result in a lower EPS amount. We present both basic and diluted earnings per share.

The following tables present the reconciliation for the three and six months ended June 30, 2005 and 2004, of basic and diluted earnings per share from Loss before discontinued operations and cumulative effect of a change in accounting principle to Net loss available to common shareholders. The tables also include weighted average shares on a basic and diluted basis.

**3. SEGMENT REPORTING**

For purposes of segment reporting as defined in SFAS No. 131, we have four major investment segments based on property type: the Office Segment; the Resort Residential Development Segment; the Resort/Hotel Segment and the Temperature-Controlled Logistics Segment. Management utilizes this segment structure for making operating decisions and assessing performance.

We use funds from operations, or FFO, as the measure of segment profit or loss. FFO, as used in this document, is based on the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts, or NAREIT, and means:

Net Income (Loss)    determined in accordance with GAAP;

excluding gains (losses) from sales of depreciable operating property;

excluding extraordinary items (as defined by GAAP);

plus depreciation and amortization of real estate assets; and

after adjustments for unconsolidated partnerships and joint ventures.

We calculate FFO available to common shareholders    diluted in the same manner, except that Net Income (Loss) is replaced by Net Income (Loss) Available to Common Shareholders and we include the effect of Operating Partnership unitholder minority interests.

NAREIT developed FFO as a relative measure of performance of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. We consider FFO available to common shareholders    diluted and FFO appropriate measures of performance for an equity REIT and for its investment segments. However, FFO available to common shareholders    diluted and FFO should not be considered

as alternatives to net income determined in accordance with GAAP as an indication of our operating performance.

Our measures of FFO available to common shareholders diluted and FFO may not be comparable to similarly titled measures of other REITs if those REITs apply the definition of FFO in a different manner than we apply it.

#### **4. ACQUISITIONS**

##### **Office Acquisition**

On February 7, 2005, we acquired the Exchange Building, a 295,525 square foot Class A Office Property located in Seattle, Washington. We acquired the Office Property for approximately \$52.5 million, funded by a draw on our credit facility. This Property is wholly-owned and is included in our Office Segment.

On April 8, 2005, we acquired One Buckhead Plaza, a 461,669 square-foot Class A Office Property located in the Buckhead submarket in Atlanta, Georgia. We acquired the Office Property for approximately \$130.5 million, funded by an \$85.0 million loan from Morgan Stanley and a draw on our credit facility. This Property was subsequently contributed to a joint venture; see Note 7, Joint Ventures, for a description of the transaction.

##### **Other Real Estate Investments**

On February 7, 2005, we purchased an existing \$34.5 million mezzanine loan in which we immediately sold a 50% participating interest for \$17.3 million. The loan is secured by ownership interests in an entity that owns an office

property in New York. The loan bears interest at LIBOR plus 775 basis points (11.09 % as of June 30, 2005) with an interest-only term until maturity in March 2007, subject to the right of the borrower to extend the loan pursuant to three one-year extension options.

On March 31, 2005, we purchased an existing \$32.9 million mezzanine loan for \$33.2 million secured by ownership interests in an entity that owns a resort in Florida. The loan bears interest at a fixed rate of 12% with an interest-only term until maturity in April 2008, subject to the right of the borrower to extend the loan pursuant to one four-year extension bearing either a floating or fixed interest rate at the borrower's election. The floating rate would be LIBOR plus 600 basis points and the fixed rate would be determined at the beginning of the extension term at the rate of a similarly maturing U.S. Treasury security plus 600 basis points. During the extension, the borrower must make principal payments based on a 25-year amortization schedule.

On May 31, 2005, we funded a \$20.0 million mezzanine loan secured by ownership interests in an entity that owns an office property in Los Angeles, California. The loan bears interest at LIBOR plus 825 basis points (11.59% at June 30, 2005) with an interest-only term until maturity in June 2007, subject to the right of the borrower to two six-month extensions and a third extension ending December 1, 2008. We determined that the entity is a variable interest entity, or VIE, under Interpretation 46R, *Consolidation of Variable Interest Entities*, or FIN 46R, of which we are not the primary beneficiary. Therefore, we do not consolidate the entity. Our maximum exposure to loss is limited to the amount of the loan.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENT**

On June 9, 2005, we funded a \$12.0 million mezzanine loan secured by ownership interests in an entity that owns an office property in Dallas, Texas. The loan bears interest at LIBOR plus 850 basis points (11.84% at June 30, 2005) with an interest-only term until maturity in July 2007, subject to the right of the borrower to extend the loan pursuant to three one-year extension options.

**5. DISCONTINUED OPERATIONS**

In accordance with SFAS No. 144, the results of operations of the assets sold or held for sale have been presented as Income from discontinued operations, net of minority interests, gain or loss on the assets sold or held for sale have been presented as (Loss) gain on real estate from discontinued operations, net of minority interests and impairments on the assets sold or held for sale have been presented as Impairment charges related to real estate assets from discontinued operations, net of minority interests in the accompanying Consolidated Statements of Operations for the three and six months ended June 30, 2005 and 2004. Minority interests for wholly-owned properties represent unitholders share of related income, gains, losses and impairments. The carrying value of the assets held for sale has been reflected as Properties held for disposition, net in the accompanying Consolidated Balance Sheets as of June 30, 2005 and December 31, 2004.

**Assets Sold**

On February 7, 2005, we completed the sale of the Albuquerque Plaza Office Property in Albuquerque, New Mexico. The sale generated proceeds, net of selling costs, of approximately \$34.7 million and a gain of approximately \$1.5 million, net of minority interests. The proceeds from the sale were used primarily to pay down the Bank of America Fund XII Term Loan. This property was wholly-owned.

**Assets Held for Sale****Office Segment**

The following Property was classified as held for sale as of June 30, 2005.

<b>Property</b>	<b>Location</b>
Barton Oaks Plaza One Office Property	Austin, Texas

**Resort/Hotel Segment**

During the three months ended June 30, 2005, we determined the Denver Marriott City Center was no longer held for sale due to the Hotel Property no longer being actively marketed for sale as a result of changes in market conditions. The Property has been reclassified from Properties held for disposition, net to Buildings and improvements, net of accumulated depreciation and Furniture, fixtures and equipment, net of accumulated depreciation in the Consolidated Balance Sheets with a net book value of \$44.9 million at March 31, 2005. In addition, approximately \$1.2 million has been reclassified from Income from discontinued operations, net of minority interests to Resort/Hotel Property revenue, Resort/Hotel Property expenses, Taxes, and Minority interests in the Consolidated Statements of Operations. Depreciation expense has been adjusted by approximately \$4.4 million, the amount that would have been recognized had the Property been continuously classified as held and used.

**6. OTHER TRANSACTIONS****Undeveloped Land Sales**

On March 31, 2005, we completed the sale of approximately 1.58 acres of undeveloped investment land in Houston, Texas. The sale generated proceeds, net of selling costs, of approximately \$5.8 million and a net gain of approximately \$3.5 million included in the Income from investment land sales line item in the Consolidated Statements of Operations. The proceeds from the sale were used primarily to pay down our credit facility.

On June 30, 2005, we completed the sale of approximately 1.43 acres of undeveloped investment land in Houston, Texas. The sale generated proceeds, net of selling costs, of approximately \$6.1 million and a net gain of approximately \$4.1 million reflected in the Income from investment land sales, net line item in our Consolidated Statements of Operations. The proceeds from the sale were used primarily to pay down our credit facility.

**Significant Tenant Lease Termination**

In July 2005, we entered into an agreement with our largest office tenant, El Paso Energy Services Company and certain of its subsidiaries, which will terminate El Paso's leases relating to a total of 888,000 square feet at Greenway Plaza in Houston, Texas effective December 31, 2007. Under the agreement, El Paso is required to pay us

\$65.0 million in termination fees in periodic installments through December 31, 2007 and \$62.0 million in rent according to the original lease terms from July 1, 2005 through December 31, 2007. Original expirations for the space ranged from 2007 through 2014. The \$65.0 million lease termination fee, net of the approximately \$23.0 million deferred rent receivable balance, will be recognized ratably to income over the period July 1, 2005 through December 31, 2007. As of June 30, 2005, El Paso was current on all rental obligations.

**7. JOINT VENTURES****Canyon Ranch®**

On January 18, 2005, we contributed Canyon Ranch Tucson, our 50% interest and our preferred interest in CR Las Vegas, LLC and our 30% interest in CR License, L.L.C., CR License II, L.L.C., CR Orlando LLC and CR Miami LLC, to two newly formed entities, CR Spa, LLC and CR Operating, LLC. In exchange, we received a 48% common equity interest in each new entity. The remaining 52% interest in these entities is held by the founders of Canyon Ranch, who contributed their interests in CR Las Vegas, LLC, CR License II, L.L.C., CR Orlando LLC and CR Miami LLC and the resort management contracts. In addition, we sold Canyon Ranch Lenox to a subsidiary of CR Operating, LLC. The founders of Canyon Ranch sold their interest in CR License, L.L.C. to a subsidiary of CR Operating, LLC. As a result of these transactions, the new entities own the following assets: Canyon Ranch Tucson, Canyon Ranch Lenox, Canyon Ranch SpaClub at the Venetian Resort in Las Vegas, Canyon Ranch SpaClub on the Queen Mary 2 ocean liner, Canyon Ranch Living Community in Miami, Florida, Canyon Ranch SpaClub at The Gaylord Palms Resort in Kissimmee, Florida, and the Canyon Ranch trade names and trademarks.

In addition, the newly formed entities completed a private placement of Mandatorily Redeemable Convertible Preferred Membership Units for aggregate gross proceeds of approximately \$110.0 million. In this private placement, Richard E. Rainwater, Chairman of our Board of Trust Managers, and certain of his family members purchased approximately \$27.1 million of these units on terms identical to those extended to all other investors. The units are convertible into a 25% common equity interest in CR Spa, LLC and CR Operating, LLC and pay distributions at the rate of 8.5% per year in years one through seven, and 11% in years eight through ten. At the end of ten years, or upon earlier redemption by us, the holders of the units are entitled to receive a premium in an amount sufficient to result in a cumulative return of 11% per year. The units are redeemable after seven years at our option. Also on January 18, 2005, the new entities completed a \$95.0 million financing with Bank of America. The loan has an interest-only term until maturity in February 2015, bears interest at 5.94% and is secured by the Canyon Ranch Tucson and Canyon Ranch Lenox Destination Resort Properties. As a result of these transactions, we received proceeds of approximately \$91.9 million, which was used to pay down or defease debt related to our previous investment in the Properties and to pay down our credit facility. No gain or loss was recorded in connection with the above transactions. Following these transactions, we account for our interests in CR Spa, LLC and CR Operating, LLC under the equity method of accounting.

**Fulbright Tower**

On February 24, 2005, we contributed Fulbright Tower, subject to the Morgan Stanley Mortgage Capital Inc. Note of \$70.0 million, and an adjacent parking garage, to a limited partnership in which we have a 23.85% interest, a fund advised by JPMorgan Asset Management, or JPM, has a 60% interest and GE Asset Management, or GE, has a 16.15% interest. The property was valued at \$106.0 million and the transaction generated net proceeds to us of approximately \$33.4 million which were used to pay down our credit facility. The joint venture was accounted for as a partial sale of the Office Property, resulting in a net gain of approximately \$0.5 million. None of the mortgage financing at the joint venture level is guaranteed by us.

**Von Karman Office Development in Irvine**

On June 9, 2005, we entered into a joint venture arrangement, Crescent Irvine LLC, with an affiliate of Hines. The joint venture purchased a land parcel located in the John Wayne submarket in Irvine, California, for \$12.0 million. In addition, we have committed to co-develop a 260,000 square-foot Class A office property on the acquired site. Hines owns a 60% interest and we own a 40% interest in the joint venture. The initial cash equity contribution to the joint venture was \$12.2 million, of which our portion was \$4.9 million. Development is expected to begin in the first quarter of 2006. We account for our interest in Crescent Irvine LLC under the equity method of accounting.

**One Buckhead Plaza**

On June 29, 2005, we contributed One Buckhead Plaza, subject to the Morgan Stanley Note of \$85.0 million, to a limited partnership in which we have a 35% interest and Metzler US Real Estate Fund L.P. has a 65% interest. The property was valued at \$130.5 million and the transaction generated net proceeds to us of approximately

\$28.0 million, which were used to pay down our credit facility. The joint venture was accounted for as a partial sale of the Office Property, resulting in a net gain of approximately \$0.4 million. None of the mortgage financing at the joint venture level is guaranteed by us.

**Redtail Capital Partners, L.P.**

On May 10, 2005, we entered into an agreement with Capstead Mortgage Corporation pursuant to which we formed a joint venture to invest up to \$100 million in equity in select mezzanine loans on commercial real estate over a four-year period. The agreement also provides that we and Capstead may form a second joint venture to invest up to an additional \$100 million in equity. Capstead is committed to 75% of the capital of each of the two partnerships, or up to \$150.0 million, and we are committed to 25%, or up to \$50.0 million. We will be responsible for identifying investment opportunities and managing the portfolios and will earn a

Junior Subordinated Notes due June 2035, bears interest at 3 month LIBOR plus 200 basis points (at June 30, 2005, the interest rate was 5.35%) <sup>(11)</sup>	51,547
<b>Total Notes Payable</b>	<b>\$2,300,092</b>

(1) This note consists of a \$110.0 million senior loan, a \$40.0 million first mezzanine loan and a \$15.0 million second mezzanine loan. In connection with this loan, we entered into LIBOR interest rate caps struck at 6.00% on a notional amount corresponding to each loan of \$165.0 million through June 2005. Simultaneously, we sold a LIBOR interest rate cap with the same terms.

- (2) The facility is a \$105.8 million construction facility secured by Northstar-Iron Horse and Great Bear.
- (3) We assumed these loans in connection with the Hughes Center acquisitions. The following table lists the unamortized premium associated with the assumption of above market interest rate debt which is included in the balance outstanding at June 30, 2005, the effective interest rate of the debt including the premium and the outstanding principal balance at maturity:

(dollars in thousands)

Loan	Unamortized	Effective	Balance at
	Premium	Rate	Maturity
Mass Mutual Note	\$ 1,546	3.47%	\$ 32,692
Allstate Note	1,325	5.19%	20,882
Metropolitan Life Note VI	1,715	5.68%	19,295
Northwestern Life Note II	635	3.80%	8,689
Total	\$ 5,221		\$ 81,558

The premium was recorded as an increase in the carrying amount of the underlying debt and is being amortized using the effective interest rate method as a reduction of interest expense through maturity of the underlying debt.

- (4) This facility is a \$41.0 million construction facility secured by the Jefferson Station Apartments in Dedham, Massachusetts and fully guaranteed by our partner.
- (5) Our joint venture partner, which owns a 19.9% interest in the Sonoma Mission Inn & Spa, had funded \$10.0 million of renovations at the Sonoma Mission Inn & Spa through a mezzanine loan. The Net Operating Income Hurdle Date, as defined in the loan agreement, is the date as of which the Sonoma Mission Inn & Spa has achieved an aggregate Adjusted Net Operating Income, as defined in the loan agreement, of \$12 million for a period of 12 consecutive calendar months.

- (6) This facility is a \$20.0 million line of credit secured by certain DMDC land and asset improvements (revolving credit facility) and notes receivable (warehouse facility). The line restricts the revolving credit facility to a maximum outstanding amount of \$14.0 million and is subject to certain borrowing base limitations and bears interest at prime (at June 30, 2005, the interest rate was 6.25%). The warehouse facility bears interest at prime plus 100 basis points (at June 30, 2005, the interest rate was 7.25%) and is limited to \$6.0 million. The blended rate at June 30, 2005, for the revolving credit facility and the warehouse facility was 7.25%.
- (7) Includes \$4.3 million of fixed rate debt ranging from

2.9% to 13.75%  
and \$64.2  
million of  
variable rate  
debt ranging  
from 6.00% to  
7.25%.

- (8) In January 2005, we purchased a total of \$115.7 million of U.S. Treasuries and government sponsored agency securities, or defeasance investments, to substitute as collateral for this loan. The cash flow from defeasance investments (principal and interest) matches the total debt service payment of this loan.
- (9) At our option, these notes can be called beginning in April 2006 for 104.6%, in April 2007 for 102.3% and beginning April 2008 and thereafter for par.
- (10) In February 2005, we entered into a new \$300 million

credit facility which replaces the previous facility. All outstanding amounts under the previous facility were repaid in full using cash on hand and proceeds from an initial borrowing under the new facility. Availability under the line of credit is subject to certain covenants including limitations on total leverage, fixed charge ratio, debt service coverage, minimum tangible net worth, and a specific mix of office and hotel assets and average occupancy of Office Properties. At June 30, 2005, the maximum borrowing capacity under the credit facility was \$300.0 million. The outstanding balance excludes letters of credit issued under our credit facility of \$11.8 million which

reduces our  
maximum  
borrowing  
capacity.

(1) Based on contractual maturity and does not include extension options on Bank of America Funding XII Term Loan, Fleet National Bank Note, Wells Fargo Bank Loan or the GACC note.

(2) Includes \$155.2 million of defeased debt.

(3) Borrowing under the credit facility.

(4) Includes \$100.0 million of defeased debt.

(5) Includes \$6.3 million of defeased debt.

We are generally obligated by our debt agreements to comply with financial covenants, affirmative covenants and negative covenants, or some combination of these types of covenants. Failure to comply with covenants generally will result in an event of default under that debt instrument. Any uncured or unwaived events of default under our loans can trigger an increase in interest rates, an acceleration of payment on the loan in default, and for our secured debt, foreclosure on the property securing the debt. In addition, a default by us or any of our subsidiaries with respect to any indebtedness in excess of \$5.0 million generally will result in a default under the credit facility, the 2007 Notes, 2009 Notes and the Bank of America Funding XII Term Loan after the notice and cure periods for the other indebtedness have passed. As of June 30, 2005, no event of default had occurred, and we were in compliance with all covenants related to our outstanding debt. Our debt facilities generally prohibit loan pre-payment for an initial period, allow pre-payment with a penalty during a following specified period and allow pre-payment without penalty after the expiration of that period. During the six months ended June 30, 2005, there were no circumstances that required prepayment penalties or increased collateral related to our existing debt.

In addition to the subsidiaries listed in Note 1, Organization and Basis of Presentation, certain other of our subsidiaries were formed primarily for the purpose of obtaining secured and unsecured debt or joint venture financings. These entities, all of which are consolidated and are grouped based on the Properties to which they relate, are: Funding III Properties (CRE Management III Corp.); Funding V Properties (CRE Management V Corp.); Funding VI Properties (CRE Management VI Corp.); Funding VIII Properties (CRE Management VIII, LLC); 707 17th Street (Crescent 707 17th Street, LLC); Funding X Properties (CREF X Holdings Management, LLC, CREF X Holdings, L.P., CRE Management X, LLC); Funding XII Properties (CREF XII Parent GP, LLC, CREF XII Parent L.P., CREF XII Holding GP, LLC, CREF Holdings, L.P., CRE Management XII, LLC); Spectrum Center (Spectrum Mortgage Associates, L.P., CSC Holdings Management, LLC, Crescent SC Holdings, L.P., CSC Management, LLC), The BAC-Colonnade (CEI Colonnade Holdings, LLC), The Alhambra (Crescent Alhambra, LLC); Crescent BT I Investors, L.P. (Crescent BT I Management, LLC, Crescent BT I GP, L.P.) and Crescent Finance Company.

**Defeasance of LaSalle Note I**

In January 2005, we released the remaining properties in Funding I that served as collateral for the LaSalle Note I by purchasing an additional \$115.7 million of U.S. Treasury and government sponsored agency securities with an initial weighted average yield of 3.20%. We placed those securities into a collateral account for the sole purpose of funding payments of principal and interest on the remainder of LaSalle Note I. The cash flow from these securities is structured to match the cash flow (principal and interest payments) required under the LaSalle Note I. This transaction was accounted for as an in-substance defeasance, therefore, the debt and the securities purchased remain on our Consolidated Balance Sheets.

**Junior Subordinated Notes**

In June and July 2005, we completed two separate private offerings of \$50.0 million and \$25.0 million, respectively, of trust preferred securities through Crescent Real Estate Statutory Trust I and Crescent Real Estate Statutory Trust II, or the Trusts, Delaware statutory trusts which are our subsidiaries. The securities pay holders cumulative cash distributions at an annual rate of 3- month LIBOR plus 200 basis points. The securities mature in June and July 2035 and are callable at no premium after June and July 2010. In addition, we invested \$1.5 million and \$0.8 million in the Trusts' common securities, representing 3% of the total capitalization of each of the Trusts.

The Trusts used the proceeds from the offering and our investment to loan us \$51.5 million and \$25.8 million in junior subordinated notes with payment terms that mirror the distribution terms of the Trusts' securities. The costs of the Trusts' preferred offerings totaled approximately \$1.5 million and \$0.8 million of underwriting commissions and other expenses and are being amortized over a 30-year period. The proceeds from the sale of the notes, net of the costs of the Trusts' preferred offerings and our investment in the Trust, were \$48.5 million and \$24.2 million. We used the net proceeds to pay down the Fleet Term loan.

Under FIN 46 guidance, we have determined the Trusts are variable interest entities of which we are not the primary beneficiary, therefore, we do not consolidate the Trusts. Our consolidated financial statements present the notes issued to the Trusts in the Junior subordinated notes and our investments in the Trusts in the Investments in unconsolidated companies line items in our consolidated Balance Sheets. The interest on the notes is recorded as interest expense in our Consolidated Statements of Operations.

**Construction Loan**

On July 26, 2005, we entered into a syndicated construction loan with Key Bank. The loan is a line of credit with a maximum commitment of \$158.7 million which will be used for the development of the Residences at the Ritz-Carlton and the Ritz-Carlton Hotel and matures July 2007. The loan bears interest at LIBOR plus 225 basis points and has three one-year extension options. No amount was outstanding under the loan as of June 30, 2005.

In June 2005, Fresh Choice, Inc. filed a plan of reorganization under Chapter 11 of the U.S. Bankruptcy Code. Based on our evaluation of our preferred interest in Fresh Choice, Inc. at June 30, 2005, we have recorded a \$1.5 million valuation reserve, of which \$0.5 million was recorded during the six months ended June 30, 2005, bringing our net investment balance to \$4.0 million. See Note 11, Commitments and Contingencies, for information regarding our agreement to sponsor the recapitalization of Fresh Choice pursuant to the terms of the plan of reorganization.

## **11. COMMITMENTS AND CONTINGENCIES**

### **Guarantee Commitments**

The FASB issued Interpretation 45, *Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others* (FIN 45), requiring a guarantor to disclose its guarantees. For our guarantees on indebtedness, no triggering events or conditions are anticipated to occur that would require payment under the guarantees and management believes the assets associated with the loans that are guaranteed are sufficient to cover the maximum potential amount of future payments and therefore, would not require us to provide additional collateral to support the guarantees. We have not recorded a liability associated with these guarantees as they were entered into prior to the adoption of FIN 45.

(1) We provide a \$7.6 million letter of credit to support the payment of interest and principal of the Eagle Ranch Metropolitan District Revenue Development Bonds.

(2) See Note 8, Investments in Unconsolidated Companies, for a description of the terms of this debt.

(3) We and our joint venture partner each obtained separate letters of credit to guarantee the repayment of up to \$4.3 million each of the

Main Street  
Partners, L.P.  
loan.

### **Other Commitments**

In connection with the Canyon Ranch transaction, we have agreed to indemnify the founders regarding the tax treatment of the transaction, not to exceed \$2.5 million, and certain other matters. We believe there is a remote likelihood that payment will ever be made related to these indemnities.

In June 2005, Fresh Choice, Inc. filed a plan of reorganization under Chapter 11 of the U.S. Bankruptcy Code. In connection with the Fresh Choice bankruptcy filing, we, together with Cedarlane Natural Foods, Inc., or Cedarlane, entered into an agreement with Fresh Choice and its unsecured creditors to sponsor the recapitalization of Fresh Choice pursuant to the terms of the plan of reorganization, as amended in July 2005, which we refer to as the Plan. Under the terms of the agreement, we and Cedarlane have jointly agreed that the unsecured creditors of Fresh Choice will receive a total of \$5.5 million upon effectiveness of the Plan and \$2.5 million in the form of a non-interest bearing note from Fresh Choice to be paid over a 24 month period. We and Cedarlane will own all of the equity interests in Fresh Choice. We currently expect that we and Cedarlane will purchase a new class of Series A preferred stock of Fresh Choice and that Fresh Choice will obtain additional debt financing to fund the remaining obligations under the Plan and working capital for the reorganized business. Under the terms of the Plan, the Series B preferred stock that we currently hold in Fresh Choice will remain outstanding and will be subordinated to the new Series A preferred stock. Effectiveness of the Plan is subject to approval of the bankruptcy court.

### **12. MINORITY INTERESTS**

Minority interests in the Operating Partnership represent the proportionate share of the equity in the Operating Partnership of limited partners other than Crescent. The ownership share of limited partners other than Crescent is evidenced by Operating Partnership units. The Operating Partnership pays a regular quarterly distribution to the holders of Operating Partnership units.

Each Operating Partnership unit generally may be exchanged for either two common shares of Crescent or, at the election of Crescent, cash equal to the fair market value of two common shares at the time of the exchange. When a unitholder exchanges a unit, Crescent's percentage interest in the Operating Partnership increases. During the six months ended June 30, 2005, there were 245,000 units exchanged for 490,000 common shares of Crescent.

Minority interests in real estate partnerships represent joint venture or preferred equity partners' proportionate share of the equity in certain real estate partnerships. We hold a controlling interest in the real estate partnerships and consolidate the real estate partnerships into our financial statements. Income in the real estate partnerships is allocated to minority interests based on weighted average percentage ownership during the year.

#### **14. STOCK AND UNIT BASED COMPENSATION**

##### **2005 Unit Plan**

The 2005 Unit Plan provides for the issuance by the Operating Partnership of up to 1,275,000 restricted Units (2,550,000 Common Share equivalents). Restricted units granted under the 2005 Unit Plan vest in 20% increments when the average closing price of our Common Shares on the New York Stock Exchange for the immediately preceding 40 trading days equals or exceeds \$21.00, \$22.50, \$24.00, \$25.50 and \$27.00. The 2005 Unit Plan also gives discretion to the General Partner to establish one or more alternative objective annual performance targets for us. Any restricted unit that is not vested on or prior to June 30, 2010 will be forfeited. Each vested restricted unit will be exchangeable, beginning on the second anniversary of the date of grant, for cash equal to the value of two of our common shares based on the closing price of the common shares on the date of exchange, and subject to a six-month hold period following vesting, unless, prior to the date of the exchange, we request and obtain shareholder approval authorizing us, at our discretion, to deliver instead two common shares in exchange for each such restricted unit. Regular quarterly distributions on unvested restricted units are payable upon vesting. During the quarter ended June 30, 2005, the

**Table of Contents**

**CRESCENT REAL ESTATE EQUITIES COMPANY**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

Operating Partnership granted a total of 1,080,000 Partnership Units (2,160,000 common share equivalents) under the 2005 Unit Plan. We obtained a third-party valuation to determine the fair value of the restricted units issued under the 2005 Unit Plan. The third-party, utilizing a series of methods including binomial and trinomial lattice-based models, probabilistic analysis and models to estimate the implied long-term dividend growth rate, determined the fair value of the restricted units granted to be approximately \$13.0 million, which is being amortized on a straight-line basis over the related service period. For the six months ended June 30, 2005, approximately \$0.3 million was recorded as compensation expense related to this grant.

**15. INCOME TAXES**

Deferred income taxes reflect the net tax effect of temporary differences between the financial reporting carrying amounts of assets and liabilities of the taxable consolidated entities and the income tax basis. For the six months ended June 30, 2005, the taxable consolidated entities were comprised of our taxable REIT subsidiaries.

We intend to maintain our qualification as a REIT under Section 856 of the U.S. Internal Revenue Code of 1986, as amended (the Code). As a REIT, we generally will not be subject to federal corporate income taxes as long as we satisfy certain technical requirements of the Code, including the requirement to distribute 90% of our REIT taxable income to our shareholders. Accordingly, we do not believe that we will be liable for current income taxes on our REIT taxable income at the federal level or in most of the states in which we operate. We consolidate certain taxable REIT subsidiaries, which are subject to federal and state income tax. For the six months ended June 30, 2005 and 2004, our income tax benefit from continuing operations was \$1.5 million and \$6.9 million, respectively. Our \$1.5 million income tax benefit at June 30, 2005, consists primarily of \$4.6 million for the Resort Residential Development Segment and \$2.1 million for the Resort/Hotel Segment, partially offset by \$1.6 million tax expense for the Office Segment and \$3.6 million expense for other taxable REIT subsidiaries.

Our total net tax asset of approximately \$15.8 million at June 30, 2005, includes \$13.4 million of net deferred tax assets. SFAS No. 109, *Accounting for Income Taxes*, requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The change in the valuation allowance was not significant for the six months ended June 30, 2005.

**16. RELATED PARTY TRANSACTIONS**

We have a policy which allows employees to purchase our residential properties marketed and sold by our subsidiaries in the ordinary course of business. This policy requires the individual to purchase the property for personal use or investment and requires the property to be held for at least two years. In addition this policy requires, among other things, that the prices paid by affiliates must be equivalent to the prices paid by unaffiliated third parties for similar properties in the same development and that the other terms and conditions of the transaction must be at least as beneficial to us as the terms and conditions with respect to the other properties in the same development. In the first quarter of 2005, two executive officers entered into binding contracts to purchase three condominium units at two of our resort residential development projects.

**17. COPI**

On February 14, 2002, we entered into an agreement with Crescent Operating, Inc., or COPI, pursuant to which we and COPI agreed to jointly seek approval by the bankruptcy court of a pre-packaged bankruptcy plan for COPI. On January 19, 2005, the bankruptcy plan became effective upon COPI's providing notification to the bankruptcy court that all conditions to effectiveness had been satisfied. Following the effectiveness of the bankruptcy plan, we issued 184,075 common shares to the stockholders of COPI in satisfaction of our final obligation under the agreement with COPI. The common shares were valued at approximately \$3.0 million in accordance with the terms of our agreement with COPI and the provisions of the bankruptcy plan, and the issuance of the shares was recorded as a reduction to the liability recorded in 2001. As stockholders of COPI, certain of our trust managers and executive officers, as a group, received an aggregate of approximately 25,000 common shares.

**Forward-Looking Statements**

You should read this section in conjunction with the consolidated interim financial statements and the accompanying notes in Item 1, Financial Statements, of this document and the more detailed information contained in our Form 10-K for the year ended December 31, 2004. In management's opinion, all adjustments (consisting of normal and recurring adjustments) considered necessary for a fair presentation of the unaudited interim financial statements are included. Capitalized terms used but not otherwise defined in this section have the meanings given to them in the notes to the consolidated financial statements in Item 1, Financial Statements.

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements are generally characterized by terms such as believe, expect, anticipate and may.

Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, our actual results could differ materially from those described in the forward-looking statements.

The following factors might cause such a difference:

- § Our ability, at our office properties to timely lease unoccupied square footage and timely re-lease occupied square footage upon expiration on favorable terms, which continue to be adversely affected by existing real estate conditions (including the vacancy levels in particular markets, decreased rental rates and competition from other properties) and may also be adversely affected by general economic downturns;
- § The continuation of relatively high vacancy rates and reduced rental rates in our office portfolio as a result of conditions within our principal markets;
- § Our ability to reinvest available funds at anticipated returns and consummate anticipated office acquisitions on favorable terms and within anticipated time frames;
- § Adverse changes in the financial condition of existing tenants;
- § The ability of El Paso Energy to satisfy its obligations to pay rent and termination fees in accordance with the terms of its agreement with us;
- § The ability to develop, sell and deliver residential units and lots within anticipated time frames;
- § Deterioration in the market or in the economy generally and increases in construction costs associated with development of residential land or luxury residences, including single-family homes, town homes and condominiums;
- § Financing risks, such as our ability to generate revenue sufficient to service and repay existing or additional debt, increases in debt service associated with increased debt and with variable-rate debt, our ability to meet financial and other covenants and our ability to consummate financings and refinancings on favorable terms and within any applicable time frames;
- § Deterioration in our resort/business-class hotel markets or in the economy generally;
- § The concentration of a significant percentage of our office assets in Texas;
- § The existence of complex regulations relating to our status as a REIT, the effect of future changes in REIT requirements as a result of new legislation and the adverse consequences of the failure to qualify as a REIT; and
- § Other risks detailed from time to time in our filings with the SEC.

Given these uncertainties, readers are cautioned not to place undue reliance on such statements. We are not obligated to update these forward-looking statements to reflect any future events or circumstances.

**Table of Contents****Overview**

We are a REIT with assets and operations divided into four investment segments: Office, Resort Residential Development, Resort/Hotel and Temperature-Controlled Logistics. Our strategy with respect to each investment segment is outlined below.

**Office Segment**

The gross book value of our office real estate assets (unleveraged) total approximately \$2.6 billion, or 60%. Institutional investors continue to increase their allocation to direct ownership of real estate. Our strategy is to align ourselves with these institutional partners and become a significant manager of this institutional capital. We believe this partnering makes us more competitive in acquiring new properties, and it enhances our return on equity by 300 to 500 basis points when compared to the returns we receive as a 100% owner. Where possible, we strive to negotiate performance based incentives that allow for additional equity to be earned if return targets are exceeded.

Consistent with this strategy, we continually evaluate our existing portfolio for potential joint venture opportunities. We currently hold 48% of our office portfolio in joint ventures, and we will continue to joint venture more assets in our portfolio, which will enable us to further increase our return on equity as well as gain access to equity for reinvestment.

Further, two additional aspects of our office strategy are selective developments and mezzanine investments. We plan to start construction in the third quarter of 2005 on a new 253,000 square foot office building as an addition to the Hughes Center complex in Las Vegas, Nevada and we recently entered into a joint venture with Hines to develop a 260,000 square foot office building in Irvine, California. In addition, we have entered into approximately \$122 million of mezzanine financing investments, of which approximately \$89 million relates to Office Properties, since the end of 2004 and currently anticipate making equity investments of up to \$200 million in mezzanine investments.

**Resort Residential Development Segment**

The gross book value of our real estate assets (unleveraged) in the upscale resort residential development business is approximately \$760 million, or 17%. We have 28 different projects under development or planned, with the most significant project in terms of future cash flow being our investment in Tahoe Mountain Resorts in California. This development is a partnership with East West Partners which encompasses more than 2,600 total lots and units either started or scheduled for development over the next 8 to 10 years and is expected to generate in excess of \$3.5 billion in sales. We expect our investment in Tahoe to be a long-term source of earnings and cash flow growth as new projects are designed and developed. We view our resort residential developments as a business and believe that, beyond the net present value of existing projects, there is substantial enterprise value in our exclusive relationships with the development teams and our collective ability to identify and develop new projects.

**Resort/Hotel Segment**

We have approximately \$427 million, or 10% of gross book value of real estate assets (unleveraged), in five resorts and three upscale business-class hotels. In addition, we recently completed the recapitalization of our Canyon Ranch properties. We believe Canyon Ranch is well positioned for significant growth, with a large portion of this growth coming from the addition of several Canyon Ranch Living communities. The focal point of these communities is a large, comprehensive wellness facility. Canyon Ranch will partner with developers on these projects and earn fees for the licensing of the brand name, design and technical services, and the ongoing management of the facilities. Canyon Ranch currently has one such development under construction in Miami Beach and others are under consideration.

**Temperature-Controlled Logistics Segment**

Temperature-Controlled Logistics consists of our 31.7% ownership in AmeriCold Realty Trust, a REIT. AmeriCold is the largest operator of temperature-controlled warehouse space in North America. We are, and expect to continue, experiencing increased returns on our investment through improved operations due to both the (1) simplification of the AmeriCold structure, which in fourth quarter 2004 entailed merging the operating company (AmeriCold Logistics) and the real estate company (AmeriCold Realty Trust) into one organization, and (2) sale of 20.7% of AmeriCold's common shares to affiliates of The Yucaipa Companies, a private equity firm with significant expertise in the food distribution, logistics and retail industries. These affiliates of Yucaipa provide assistance in the day-to-day management of AmeriCold's operations.

**Other**

One of our ongoing strategies has also been to dispose of Office Properties and other investments that do not meet our investment return requirements. We sold \$221 million of non-core assets in 2004 and 2005, and expect to sell an additional \$281 million in the near term, including land holdings that currently do not contribute to our earnings. As the expected sales are completed, we plan to use the proceeds to acquire real estate assets and pay down consolidated debt and other obligations.

Same-Store NOI <sup>(3)</sup> (Decline) (six months ended June 30)	(1.2)%	(3.5)%
Same-Store Average Occupancy (three months ended June 30)	87.0%	86.1%
Same-Store Average Occupancy (six months ended June 30)	87.4%	85.8%

(1) Economic occupancy reflects the occupancy of all tenants paying rent.

(2) Leased occupancy reflects the amount of contractually obligated space, whether or not commencement has occurred.

(3) Same-store NOI (net operating income) represents office property net income excluding depreciation, amortization, interest expense and non-recurring items such as

lease  
 termination fees  
 for Office  
 Properties  
 owned for the  
 entirety of the  
 comparable  
 periods.

For the remainder of 2005, we expect continued improvement in the economy. This allows us to remain cautiously optimistic about economic occupancy gains in 2005. We expect that year-end 2005 economic occupancy for our portfolio will increase to approximately 88% - 89%.

### Resort Residential Development Segment

The following tables show the performance factors used by management to assess the operating performance of the Resort Residential Development Segment. Information is provided for the CRDI Resort Residential Development Properties and the Desert Mountain Resort Residential Development Properties, which represent our significant investments in this Segment as of June 30, 2005.

#### CRDI

Equivalent Timeshare Sales	6.46	3.42
Average Sales Price per Resort Residential Lot	\$ 62	\$ 121
Average Sales Price per Resort Residential Unit	\$ 889	\$ 1,254

CRDI, which invests primarily in mountain residential real estate in Colorado and California and residential real estate in downtown Denver, Colorado, is highly dependent upon the national economy and customer demand. For the remainder of 2005, management expects that unit sales will continue to increase over 2004, but the average sales price will decrease at CRDI due to product mix, with approximately 85% closed or pre-sold as of July 22, 2005. In addition, lot sales are expected to increase in 2005 over 2004.

Desert Mountain is in the latter stages of development and management anticipates minor additions to its decreasing available inventory. While a higher average lot sales price is projected in 2005, total sales are expected to be lower as a result of reduced inventory availability.

**Resort/Hotel Segment**

The following table shows the performance factors used by management to assess the operating performance of our Resort/Hotel Properties.

Upscale Business Class Hotels	42%	(23)%	74%	66%	122	118	90	78

We anticipate an 8% to 10% increase in revenue per available room in 2005 at the Resort/Hotel Properties and a 3 to 5 percentage point increase in occupancy, driven by the continued recovery of the economy and travel industry and

improvement from Sonoma Mission Inn and Spa and Ventana Inn and Spa, which had rooms under renovation in 2004.

**Table of Contents****Recent Developments****Joint Ventures***Canyon Ranch®*

On January 18, 2005, we contributed Canyon Ranch Tucson, our 50% interest and our preferred interest in CR Las Vegas, LLC and our 30% interest in CR License, L.L.C., CR License II, L.L.C., CR Orlando LLC and CR Miami LLC, to two newly formed entities, CR Spa, LLC and CR Operating, LLC. In exchange, we received a 48% common equity interest in each new entity. The remaining 52% interest in these entities is held by the founders of Canyon Ranch, who contributed their interests in CR Las Vegas, LLC, CR License II, L.L.C., CR Orlando LLC and CR Miami LLC and the resort management contracts. In addition, we sold Canyon Ranch Lenox to a subsidiary of CR Operating, LLC. The founders of Canyon Ranch sold their interest in CR License, L.L.C. to a subsidiary of CR Operating, LLC. As a result of these transactions, the new entities own the following assets: Canyon Ranch Tucson, Canyon Ranch Lenox, Canyon Ranch SpaClub at the Venetian Resort in Las Vegas, Canyon Ranch SpaClub on the Queen Mary 2 ocean liner, Canyon Ranch Living Community in Miami, Florida, Canyon Ranch SpaClub at The Gaylord Palms Resort in Kissimmee, Florida, and the Canyon Ranch trade names and trademarks.

In addition, the newly formed entities completed a private placement of Mandatorily Redeemable Convertible Preferred Membership Units for aggregate gross proceeds of approximately \$110.0 million. In this private placement, Richard E. Rainwater, Chairman of our Board of Trust Managers, and certain of his family members purchased approximately \$27.1 million of these units on terms identical to those extended to all other investors. The units are convertible into a 25% common equity interest in CR Spa, LLC and CR Operating, LLC and pay distributions at the rate of 8.5% per year in years one through seven, and 11% in years eight through ten. At the end of ten years, or upon earlier redemption by us, the holders of the units are entitled to receive a premium in an amount sufficient to result in a cumulative return of 11% per year. The units are redeemable after seven years at our option. Also on January 18, 2005, the new entities completed a \$95.0 million financing with Bank of America. The loan has an interest-only term until maturity in February 2015, bears interest at 5.94% and is secured by the Canyon Ranch Tucson and Canyon Ranch Lenox Destination Resort Properties. As a result of these transactions, we received proceeds of approximately \$91.9 million, which was used to pay down or defease debt related to our previous investment in the Properties and to pay down our credit facility. No gain or loss was recorded in connection with the above transactions. Following these transactions, we account for our interests in CR Spa, LLC and CR Operating, LLC under the equity method of accounting.

*Fulbright Tower*

On February 24, 2005, we contributed Fulbright Tower, subject to the Morgan Stanley Mortgage Capital Inc. Note of \$70.0 million, and an adjacent parking garage, to a limited partnership in which we have a 23.85% interest, a fund advised by JPM has a 60% interest and GE has a 16.15% interest. The property was valued at \$106.0 million and the transaction generated net proceeds to us of approximately \$33.4 million which were used to pay down our credit facility. The joint venture was accounted for as a partial sale of the Office Property, resulting in a net gain of approximately \$0.5 million.

*Von Karman Office Development in Irvine*

On June 9, 2005, we entered into a joint venture arrangement, Crescent Irvine LLC, with an affiliate of Hines. The joint venture purchased a land parcel located in the John Wayne submarket in Irvine, California, for \$12.0 million. In addition, we have committed to co-develop a 260,000 square-foot Class A office property on the acquired site. Hines owns a 60% interest and we own a 40% interest in the joint venture. The initial cash equity contribution to the joint venture was \$12.2 million, of which our portion was \$4.9 million. Development is expected to begin in the first quarter of 2006. We account for our interest in Crescent Irvine LLC under the equity method of accounting.

*One Buckhead Plaza*

On June 29, 2005, we contributed One Buckhead Plaza, subject to the Morgan Stanley Note of \$85.0 million, to a limited partnership in which we have a 35% interest and Metzler US Real Estate Fund LP has a 65% interest. The property was valued at \$130.5 million and the transaction generated net proceeds to us of approximately \$28.0 million, which were used to pay down our credit facility. The joint venture was accounted for as a partial sale of the Office Property, resulting in a net gain of approximately \$0.4 million. None of the mortgage financing at the joint

venture level is guaranteed by us.

**Table of Contents***Redtail Capital Partners, L.P.*

On May 10, 2005, we entered into an agreement with Capstead Mortgage Corporation pursuant to which we formed a joint venture to invest up to \$100 million in equity in select mezzanine loans on commercial real estate over a four-year period. The agreement also provides that we and Capstead may form a second joint venture to invest up to an additional \$100 million in equity. Capstead is committed to 75% of the capital of each of the two partnerships, or up to \$150.0 million, and we are committed to 25%, or up to \$50.0 million. We will be responsible for identifying investment opportunities and managing the portfolios and will earn a management fee and incentives based on portfolio performance. As of June 30, 2005, the first partnership had made no investments and, accordingly, we had made no capital contributions.

**Acquisitions of Office Properties**

On February 7, 2005, we acquired the Exchange Building, a 295,525 square foot Class A Office Property located in Seattle, Washington. We acquired the Office Property for approximately \$52.5 million, funded by a draw on our credit facility. This property is wholly-owned and is included in our Office Segment.

On April 8, 2005, we acquired One Buckhead Plaza, a 20-story, 461,669 square-foot Class A office property located in the Buckhead submarket in Atlanta. We acquired the office property for approximately \$130.5 million, funded by an \$85.0 million loan from Morgan Stanley and a draw on our credit facility. This property was subsequently contributed to a joint venture.

**Undeveloped Land**

On March 31, 2005, we completed the sale of approximately 1.58 acres of undeveloped investment land in Houston, Texas. The sale generated proceeds, net of selling costs, of approximately \$5.8 million and a net gain of approximately \$3.5 million included in the Income from investment land sales line item in the Consolidated Statements of Operations. The proceeds from the sale were used primarily to pay down our credit facility.

On June 30, 2005, we completed the sale of approximately 1.43 acres of undeveloped investment land in Houston, Texas. The sale generated proceeds, net of selling costs, of approximately \$6.1 million and a net gain of approximately \$4.1 million reflected in the Income from investment land sales, net line item in our Consolidated Statements of Operations. The proceeds from the sale were used primarily to pay down our credit facility.

**Other Real Estate Investments**

On February 7, 2005, we purchased an existing \$34.5 million mezzanine loan in which we immediately sold a 50% participating interest for \$17.3 million. The loan is secured by ownership interests in an entity that owns an office property in New York. The loan bears interest at LIBOR plus 775 basis points (11.09 % as of June 30, 2005) with an interest-only term until maturity in March 2007, subject to the right of the borrower to extend the loan pursuant to three one-year extension options.

On March 31, 2005, we purchased an existing \$32.9 million mezzanine loan for \$33.2 million secured by ownership interests in an entity that owns a resort in Florida. The loan bears interest at a fixed rate of 12% with an interest-only term until maturity in April 2008, subject to the right of the borrower to extend the loan pursuant to one four-year extension bearing either a floating or fixed interest rate at the borrower's election. The floating rate would be LIBOR plus 600 basis points and the fixed rate would be determined at the beginning of the extension term at the rate of a similarly maturing U.S. Treasury security plus 600 basis points. During the extension, the borrower must make principal payments based on a 25-year amortization schedule.

On May 31, 2005, we funded a \$20.0 million mezzanine loan secured by ownership interests in an entity that owns an office property in Los Angeles, California. The loan bears interest at LIBOR plus 825 basis points (11.59% at June 30, 2005) with an interest-only term until maturity in June 2007, subject to the right of the borrower to two six-month extensions and a third extension ending December 1, 2008. We determined that the entity is a VIE under FIN 46R of which we are not the primary beneficiary; therefore, we do not consolidate the entity. Our maximum exposure to loss is limited to the amount of the loan.

On June 9, 2005, we funded a \$12.0 million mezzanine loan secured by ownership interests in an entity that owns an office property in Dallas, Texas. The loan bears interest at LIBOR plus 850 basis points (11.84% at June 30, 2005) with an interest-only term until maturity in June 2007, subject to the right of the borrower to extend the loan pursuant to three one-year extension options.

**Comparison of the three months ended June 30, 2005 to the three months ended June 30, 2004**

**Property Revenues**

Total property revenues decreased \$22.5 million, or 9.6%, to \$211.2 million for the three months ended June 30, 2005, as compared to \$233.7 million for the three months ended June 30, 2004. The primary components of the decrease in total property revenues are discussed below.

Office Property revenues decreased \$35.2 million, or 26.9%, to \$95.5 million, primarily due to:

- § a decrease of \$41.9 million due to the joint ventures of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, partially offset by One Buckhead Plaza, which was acquired in April 2005 and joint ventured in June 2005;
- § a decrease of \$3.8 million in net lease termination fees (from \$5.9 million to \$2.1 million); and
- § a decrease of \$1.4 million from the 45 consolidated Office Properties (excluding 2004 and 2005 acquisitions, dispositions and properties held for sale) that we owned or had an interest in, primarily due to a decrease in full service weighted average rental rates (from \$21.25 to \$20.64), offset by a 1.8 percentage point increase in average occupancy (from 82.7% to 84.5%) and increased recoveries due to increased recoverable expenses; partially offset by
- § an increase of \$7.5 million from the acquisition of Hughes Center in December 2003 through May 2004, Dupont Centre in March 2004, The Alhambra in August 2004, One Live Oak and Peakview Tower in December 2004 and the Exchange Building in February 2005; and
- § an increase of \$4.5 million resulting from third party management and leasing services and related direct expense reimbursements due to the joint venture of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, and the joint venture of Fulbright Tower in February 2005.

Resort Residential Development Property revenues increased \$30.2 million, or 54.3%, to \$85.8 million, primarily due to:

- § an increase of \$26.6 million in CRDI revenues related to product mix and lots and units available for sale in 2005 versus 2004, primarily at the Horizon Pass project in Bachelor Gulch, Colorado, Creekside II at Riverfront Park in Denver, Colorado and Delgany in Denver, Colorado which had sales in the three months ended June 30, 2005, but none in the same period in 2004; partially offset by the Cresta project in Arrowhead, Colorado, and Eagle Ranch project in Eagle, Colorado which had sales in the three months ended June 30, 2004, but reduced or no sales in the same period in 2005; and
- § an increase of \$4.9 million at DMDC primarily due to an increase in the average price per lot (from \$0.7 million to \$1.0 million); partially offset by

- § a decrease of \$1.1 million at MVDC primarily due to the sell out of remaining lots in June 2004.

Resort/Hotel Property revenues decreased \$17.5 million, or 36.9%, to \$29.9 million, primarily due to:

- § a decrease of \$23.3 million due to the contribution, in January 2005, of the Canyon Ranch Properties to a newly formed entity, CR Operating, LLC, in which we have a 48% member interest that is accounted for as an unconsolidated investment; partially offset by
- § an increase of \$2.2 million in room revenue at the Resort Properties primarily related to a 37% increase in revenue per available room (from \$116 to \$159) resulting from:
  - a 19% increase in average daily rate (from \$233 to \$278) related to increases at all Resort Properties; and
  -

a 7 percentage point increase in occupancy (from 50% to 57%) primarily related to the renovation of 97 historic inn rooms at the Sonoma Mission Inn which were out of service during the first two quarters of 2004 and 13 rooms at the Ventana Inn which were out of service in the second quarter of 2004;

§ an increase of \$1.7 million in food and beverage, spa and other revenue primarily at the Sonoma Mission Inn due to a 12 percentage point increase in occupancy (from 62% to 74%);

§ an increase of \$1.0 million in room revenue at the Upscale Business Class Hotel Properties primarily due to a 21% increase in revenue per available room (from \$78 to \$94) resulting from a 5% increase in average daily rate (from \$117 to \$123) and a 9 percentage point increase in occupancy (from 67% to 76%); and

§ an increase of \$1.0 million in food and beverage revenue at the Upscale Business Class Hotel Properties primarily related to the 9 percentage point increase in occupancy (from 67% to 76%).

### **Property Expenses**

Total property expenses decreased \$7.9 million, or 5.2%, to \$145.2 million for the three months ended June 30, 2005, as compared to \$153.1 million for the three months ended June 30, 2004. The primary components of the variances in property expenses are discussed below.

Office Property expenses decreased \$12.1 million, or 20.2%, to \$47.9 million, primarily due to:

- § a decrease of \$19.8 million due to the joint venture of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, partially offset by One Buckhead Plaza, which was acquired in April 2005 and joint ventured in June 2005; partially offset by
- § an increase of \$4.2 million related to the cost of providing third party management services due to the joint ventures of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, and the joint venture of Fulbright Tower in February 2005, which are recouped by increased third party fee income and direct expense reimbursements;
- § an increase of \$2.8 million from the acquisition of Hughes Center in December 2003 through May 2004, Dupont Centre in March 2004, The Alhambra in August 2004, One Live Oak and Peakview Tower in December 2004 and the Exchange Building in February 2005; and
- § an increase of \$0.6 million in operating expenses of the 45 consolidated Office Properties (excluding 2004 and 2005 acquisitions, dispositions and properties held for sale) that we owned or had an interest in.

Resort Residential Development Property expenses increased \$21.8 million, or 42.1%, to \$73.6 million, primarily due to:

- § an increase of \$20.8 million in CRDI cost of sales related to product mix in lots and units available for sale in 2005 versus 2004, primarily at the Horizon Pass project in Bachelor Gulch, Colorado; Creekside II at Riverfront Park in Denver, Colorado and Delgany in Denver, Colorado which had sales in the three months ended June 30, 2005, but none in the same period in 2004; partially offset by the Cresta project in Arrowhead, Colorado and the Eagle Ranch project in Eagle, Colorado which had sales in the three months ended June 30, 2004, but reduced or no sales in the same period in 2005; and
- § an increase of \$3.6 million at DMDC primarily related to cost of sales due to product mix; partially offset by
- § a decrease of \$1.0 million at MVDC primarily due to the sell out of remaining lots in June 2004, and
- § a decrease of \$0.8 million due to marketing expenses in 2004 associated with the Residences at the Ritz-Carlton.

Resort/Hotel Property expenses decreased \$17.6 million, or 42.6%, to \$23.7 million, primarily due to:

- § a decrease of \$20.1 million due to the contribution, in January 2005, of the Canyon Ranch Properties to a newly formed entity, CR Operating, LLC, in which we have a 48% member interest that is accounted for as an unconsolidated investment; partially offset by
- § an increase of \$1.6 million in operating expenses at the Resort Properties primarily due to a 12 percentage point increase in occupancy at the Sonoma Mission Inn (from 62% to 74%); and
- § an increase of \$0.9 million in operating expenses at the Upscale Business Class Hotel Properties primarily related to a 9 percentage point increase in occupancy (from 67% to 76%).

### **Other Income/Expense**

Total other income and expenses decreased \$26.0 million, or 26.9%, to \$70.8 million for the three months ended June 30, 2005, compared to \$96.8 million for the three months ended June 30, 2004. The primary components of the decrease in total other income and expenses are discussed below.

### **Other Income**

Edgar Filing: CRESCENT REAL ESTATE EQUITIES CO - Form 10-Q

Other income increased \$18.8 million to \$20.2 million for the three months ended June 30, 2005, as compared to \$1.4 million for the three months ended June 30, 2004. The primary components of the increase in other income are discussed below.

Equity in net income of unconsolidated companies increased \$8.7 million to \$6.1 million primarily due to:

- § an increase of \$5.1 million in Other equity in net income primarily attributable to income from SunTx Fulcrum Fund, L.P.;

- § an increase of \$2.2 million in Office equity in net income primarily attributable to the joint ventures of The Crescent, Fountain Place, Trammell Crow Center, Houston Center and Post Oak Central Office Properties; and

- § an increase of \$1.5 million in Temperature-Controlled Logistics equity in net income primarily attributable to an increase in operating margins in the distribution and public segments due to occupancy increases.

Interest and other income increased \$5.0 million to \$7.9 million primarily due to:

**Table of Contents**

§ \$2.2 million interest from mezzanine loans secured by ownership interests in three office properties and one resort property;

§ \$1.7 million increase in other income from legal settlement proceeds received in connection with certain deed transfer taxes; and

§ \$1.1 million interest from U.S. Treasury and government sponsored agency securities purchased in December 2004 and January 2005 related to debt defeasance in order to release the lien on properties securing the LaSalle Note I and Nomura Funding VI Note.

Income from investment land sales increased \$4.0 million due to the gain on the sale of one parcel of undeveloped investment land in Houston, Texas in 2005 compared to the gain on the sale of one parcel of undeveloped land in Denver, Colorado for the same period in 2004.

**Other Expenses**

Other expenses decreased \$7.2 million, or 7.3%, to \$91.0 million for the three months ended June 30, 2005, compared to \$98.2 million for the three months ended June 30, 2004. The primary components of the decrease in other expenses are discussed below.

Interest expense decreased \$9.4 million, or 20.7%, to \$36.1 million due to a decrease of \$442 million in the weighted average debt balance (from \$2.763 billion to \$2.321 billion), partially offset by a .06 percentage point increase in the hedged weighted average interest rate (from 6.88% to 6.94%).

Amortization of deferred financing costs decreased \$0.9 million, or 31.2%, to \$2.1 million due primarily to the payoff of the Fleet Fund I and II Term Loan in January 2004 and November 2004.

Depreciation and amortization costs decreased \$0.4 million, or 1.0%, to \$41.5 million due to:

§ \$4.1 million decrease in Office Property depreciation expense, due to:

- \$10.3 million decrease attributable to the joint venture of The Crescent, Fountain Place, Trammell Crow Center, Houston Center and Post Oak Central in November 2004; partially offset by One Buckhead Plaza which was acquired in April 2005 and subsequently joint ventured in June 2005; partially offset by
- \$4.9 million increase from the acquisitions of Hughes Center in December 2003 through May 2004, Dupont Centre in March 2004, The Alhambra in August 2004, One Live Oak and Peakview Tower in December 2004 and the Exchange Building in February 2005; and
- \$1.3 million increase primarily due to increased leasehold improvements, lease commissions and building improvements; partially offset by

§ \$2.9 million increase in Resort/Hotel Property depreciation expense primarily related to the reclassification of the Denver City Marriott Hotel Property from held for sale to held and used, partially offset by the joint venture of the Canyon Ranch Properties; and

§ \$0.7 million increase in Resort Residential Development Property depreciation expense primarily related to club amenities and golf course improvements at CRDI and DMDC.

Corporate general and administrative costs increased \$4.3 million, or 63.2%, to \$11.1 million due to an increase in compensation expense associated with Restricted Units granted in December 2004 and May 2005, payroll and benefits costs, external audit costs and Sarbanes-Oxley compliance costs.

**Table of Contents**

**Discontinued Operations**

Income from discontinued operations on assets sold and held for sale increased \$0.7 million to income of \$0.2 million due to:

an increase of \$2.1 million, net of minority interest, due to the loss on the sale of three properties in 2004; and

an increase of \$0.4 million, net of minority interest, due to an aggregate \$0.4 million impairment on 12404 Park Central in 2004; partially offset by

a decrease of \$1.8 million, net of minority interest, due to the reduction of net income associated with properties held for sale in 2005 compared to 2004.

**Comparison of the six months ended June 30, 2005 to the six months ended June 30, 2004**

**Property Revenues**

Total property revenues decreased \$62.5 million, or 13.6%, to \$397.1 million for the six months ended June 30, 2005, as compared to \$459.6 million for the six months ended June 30, 2004. The primary components of the decrease in total property revenues are discussed below.

Office Property revenues decreased \$65.2 million, or 25.9%, to \$187.0 million, primarily due to:

§ a decrease of \$84.3 million due to the joint ventures of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, partially offset by Fulbright Tower, which was acquired in December 2004 and joint ventured in February 2005, and One Buckhead Plaza which was acquired in April 2005 and joint ventured in June 2005;

§ a decrease of \$5.1 million in net lease termination fees (from \$7.2 million to \$2.1 million); and

§ a decrease of \$1.1 million from the 45 consolidated Office Properties (excluding 2004 and 2005 acquisitions, dispositions and properties held for sale) that we owned or had an interest in, primarily due to a decrease in full service weighted average rental rates (from \$21.35 to \$20.67), partially offset by a 2.4 percentage point increase in average occupancy (from 82.6% to 85.0%); partially offset by

§ an increase of \$17.2 million from the acquisition of Hughes Center in December 2003 through May 2004, Dupont Centre in March 2004, The Alhambra in August 2004, One Live Oak and Peakview Tower in December 2004 and the Exchange Building in February 2005;

§ an increase of \$8.2 million resulting from third party management and leasing services and related direct expense reimbursements due to the joint ventures of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, and the joint venture of Fulbright Tower in February 2005.

Resort Residential Development Property revenues increased \$37.0 million, or 35.8%, to \$140.3 million, primarily due to:

an increase of \$33.2 million in CRDI revenues related to product mix in lots and units available for sale in 2005 versus 2004, primarily at the Horizon Pass project in Bachelor Gulch, Colorado, Creekside II at Riverfront Park in Denver, Colorado and Delgany in Denver, Colorado which had sales in the six months ended June 30, 2005, but none in the same period in 2004; partially offset by the Cresta project in Arrowhead, Colorado and the Eagle Ranch project in Eagle, Colorado which had sales in the six months ended June 30, 2004, but reduced or no sales in the same period in 2005; and

an increase of \$3.6 million at DMDC primarily related to an increase in transfer fee income due to increased resale transactions, partially offset by a decrease in lots sold due to the availability of lots in 2005 compared to 2004, partially offset by increased price per lot.

## **Table of Contents**

Resort/Hotel Property revenues decreased \$34.3 million, or 32.9%, to \$69.8 million, primarily due to:

- § a decrease of \$43.1 million due to the contribution, in January 2005, of the Canyon Ranch Properties to a newly formed entity, CR Operating, LLC, in which we have a 48% member interest that is accounted for as an unconsolidated investment; partially offset by
- § an increase of \$3.6 million in room revenue at the Resort Properties related to a 22% increase in revenue per available room (from \$167 to \$203) resulting from:
  - a 9% increase in average daily rate (from \$308 to \$337) related to increases at all of the Resort Properties; and
  - a 6 percentage point increase in occupancy (from 54% to 60%) primarily related to the renovation of 97 historic inn rooms at the Sonoma Mission Inn which were out of service during the first two quarters of 2004 and 13 rooms at the Ventana Inn which were out of service in the second quarter of 2004;
- § an increase of \$2.6 million in food and beverage, spa and other revenue primarily at the Sonoma Mission Inn due to a 13 percentage point increase in occupancy (from 49% to 62%);
- § an increase of \$1.5 million in food and beverage and other revenue at the Upscale Business Class Hotel Properties primarily related to the 8 percentage point increase in occupancy (from 66% to 74%); and
- § an increase of \$1.1 million in room revenue at the Upscale Business Class Hotel Properties primarily due to a 15% increase in revenue per available room (from \$78 to \$90) resulting from an increase of 3% in average daily rate (from \$118 to \$122) and an 8 percentage point increase in occupancy (from 66% to 74%).

## **Property Expenses**

Total property expenses decreased \$25.0 million, or 8.4%, to \$272.7 million for the six months ended June 30, 2005, as compared to \$297.7 million for the six months ended June 30, 2004. The primary components of the variances in property expenses are discussed below.

Office Property expenses decreased \$23.7 million, or 20.0%, to \$94.8 million, primarily due to:

- § a decrease of \$38.7 million due to the joint ventures of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, partially offset by Fulbright Tower, which was acquired in December 2004 and joint ventured in February 2005 and One Buckhead Plaza, which was acquired in April 2005 and joint ventured in June 2005; partially offset by
- § an increase of \$8.0 million related to the cost of providing third party management services due to the joint venture of The Crescent, Trammell Crow Center, Fountain Place, Houston Center and Post Oak Central in November 2004, and the joint venture of Fulbright Tower in February 2005, which are recouped by increased third party fee income and direct expense reimbursements;
- § an increase of \$6.3 million from the acquisition of Hughes Center in December 2003 through May 2004, Dupont Centre in March 2004, The Alhambra in August 2004, One Live Oak and Peakview Tower in December 2004 and the Exchange Building in February 2005; and
- § an increase of \$0.8 million in operating expenses of the 45 consolidated Office Properties (excluding 2004 and 2005 acquisitions, dispositions and properties held for sale) that we owned or had an interest in.

Resort Residential Development Property expenses increased \$30.1 million, or 32.6%, to \$122.4 million, primarily due to:

- § an increase of \$28.4 million in CRDI cost of sales related to product mix in lots and units available for sale in 2005 versus 2004, primarily at the Horizon Pass project in Bachelor Gulch, Colorado; Creekside II at Riverfront Park in Denver, Colorado and Delgany in Denver, Colorado which had sales in the six months ended June 30, 2005, but none in the same period in 2004; partially offset by the Cresta project in Arrowhead, Colorado and the Eagle Ranch project in Eagle, Colorado which had sales in the six months ended June 30,

2004, but reduced or no sales in the same period in 2005; and

§ and increase of \$2.4 million at DMDC primarily related to cost of sales due to product mix; partially offset by

§ a decrease of \$0.9 million due to marketing expenses in 2004 associated with the Residences at the Ritz-Carlton.

Resort/Hotel Property expenses decreased \$31.4 million, or 36.1%, to \$55.5 million, primarily due to:

§ a decrease of \$36.2 million due to the contribution, in January 2005, of the Canyon Ranch Properties to a newly formed entity, CR Operating, LLC, in which we have a 48% member interest that is accounted for as an unconsolidated investment; partially offset by

§ an increase of \$2.8 million in operating expenses at the Resort Properties primarily due to a 13 percentage point increase in occupancy at Sonoma Mission Inn (from 49% to 62%); and

§ an increase of \$1.1 million in operating expenses at the Upscale Business Class Hotel Properties primarily related to an 8 percentage point increase in occupancy (from 66% to 74%).

**Table of Contents**

**Other Income/Expense**

Total other income and expenses decreased \$57.7 million, or 30.1%, to \$133.8 million for the six months ended June 30, 2005, compared to \$191.5 million for the six months ended June 30, 2004. The primary components of the decrease in total other income and expenses are discussed below.

**Other Income**

Other income increased \$35.0 million to \$39.4 million for the six months ended June 30, 2005, as compared to \$4.4 million for the six months ended June 30, 2004. The primary components of the increase in other income are discussed below.

Equity in net income of unconsolidated companies increased \$18.3 million to \$16.1 million primarily due to:

§ an increase of \$11.3 million in Other equity in net income primarily attributable to \$6.0 million of income from G2 investment and an increase of \$5.1 million of income from the SunTx investment;

§ an increase of \$4.2 million in Office equity in net income primarily attributable to the joint ventures of The Crescent, Fountain Place, Trammell Crow Center, Houston Center and Post Oak Central Office Properties; and

§ an increase of \$1.3 million in Temperature-Controlled Logistics equity in net income primarily attributable to an increase in operating margins in the distribution and public segments due to occupancy increases.

Income from investment land sales increased \$7.5 million due to the gain on the sale of two parcels of undeveloped investment land in Houston, Texas in 2005, compared to the gain on the sale of one parcel of land in Denver, Colorado in 2004.

Interest and other income increased \$7.5 million to \$13.2 million primarily due to:

§ \$3.2 million interest from mezzanine loans secured by ownership interests in three office properties and one resort property;

§ \$1.7 million increase in other income from legal settlement proceeds received in connection with certain deed transfer taxes;

§ \$1.7 million interest from U.S. Treasury and government sponsored agency securities purchased in December 2004 and January 2005 related to debt defeasance in order to release the lien on properties securing the LaSalle Note I and Nomura Funding VI Note;

§ \$0.5 million increase from the reduction of a liability in 2005 associated with the sale of The Woodlands in December 2003; and

§ \$0.4 million interest and dividends received on other marketable securities.

Gain on joint venture of properties, net increased \$1.5 million due to the gain from the joint venture of Fulbright Tower Office Property in February 2005 and One Buckhead Plaza in June 2005.

**Other Expenses**

Other expenses decreased \$22.7 million, or 11.6%, to \$173.2 million for the six months ended June 30, 2005, compared to \$195.9 million for the six months ended June 30, 2004. The primary components of the decrease in other expenses are discussed below.

Interest expense decreased \$21.1 million, or 23.3%, to \$69.4 million due to a decrease of \$494 million in the weighted average debt balance (from \$2.743 billion to \$2.249 billion), partially offset by a .04 percentage point increase in the hedged weighted average interest rate (from 6.98% to 7.02%).

**Table of Contents**

Depreciation and amortization costs decreased \$5.8 million, or 7.1%, to \$76.1 million due to:

- § \$8.6 million decrease in Office Property depreciation expense, due to:
  - \$18.2 million decrease attributable to the joint ventures of The Crescent, Fountain Place, Trammell Crow Center, Houston Center and Post Oak Central in November 2004, partially offset by Fulbright Tower which was acquired in December 2004 and subsequently joint ventured in February 2005 and One Buckhead Plaza which was acquired in April 2005 and subsequently joint ventured in June 2005; partially offset by
  - \$8.7 million increase from the acquisitions of Hughes Center in December 2003 through May 2004, Dupont Centre in March 2004, The Alhambra in August 2004, One Live Oak, Fulbright Tower and Peakview Tower in December 2004 and the Exchange Building in February 2005; and
  - \$0.9 million increase primarily due to increased leasehold improvements, lease commissions, and building improvements; partially offset by
- § \$1.9 million increase in Resort Residential Development Property depreciation expense primarily related to club amenities and golf course improvements at CRDI and DMDC; and
- § \$0.8 million increase in Resort/Hotel Property depreciation expense primarily related to the reclassification of the Denver City Marriott Hotel Property from held for sale to held and used, partially offset by the joint venture of the Canyon Ranch Properties.

Amortization of deferred financing costs decreased \$2.7 million, or 40.3%, to \$4.0 million due to the refinancing of the Credit Facility in February 2005, the reduction of the Fleet Fund I and II Term Loan in January 2004 and the payoff of the Deutsche Bank-CMBS loan in June 2004.

Extinguishment of debt expense decreased \$1.3 million, or 43.3%, to \$1.7 million due to:

- § \$2.9 million extinguishment of debt expense in 2004 related to the write-off of deferred financing costs associated with reduction of the Fleet Fund I and II Term Loans, the reduction of the Bank of America Fund XII Term Loan and the payoff of the Deutsche Bank-CMBS loan; partially offset by
- § \$1.7 million extinguishment of debt expense in 2005 related to the write-off of deferred financing costs associated with the reduction of the Bank of America Funding XII Term Loan (of which \$0.4 million related to the sale of Albuquerque Plaza Office Property), the payoff of the old credit facility in February 2005 and payoff of the Fleet Term Loan.

Corporate general and administrative costs increased \$7.7 million, or 56.2%, to \$21.4 million due to an increase in compensation expense associated with Restricted Units granted in December 2004 and May 2005, payroll and benefits costs, external audit costs and Sarbanes-Oxley compliance costs.

**Discontinued Operations**

Income from discontinued operations on assets sold and held for sale increased \$3.0 million to income of \$2.0 million due to:

an increase of \$3.6 million, net of minority interest, due to the \$1.5 million gain on the sale of Albuquerque Plaza in February 2005 compared to a net loss of \$2.1 million on the sale of six properties in 2004; and

an increase of \$2.4 million, net of minority interest, due to an aggregate \$2.4 million impairment on three office properties in 2004; partially offset by

a decrease of \$3.0 million, net of minority interest, due to the reduction of net income associated with properties held for sale in 2005 compared to 2004.

**Table of Contents****Liquidity and Capital Resources****Overview**

Our primary sources of liquidity are cash flow from operations, our credit facility, and proceeds from asset sales and joint ventures. Our short-term liquidity requirements through June 30, 2006, consist primarily of our normal operating expenses, principal and interest payments on our debt, amounts due at maturity of our debt obligations, distributions to our shareholders and capital expenditures. Our long-term liquidity requirements consist primarily of debt obligations maturing after June 30, 2006, distributions to our shareholders and capital expenditures.

**Short-Term Liquidity**

We believe that cash flow from operations will be sufficient to cover our normal operating expenses, interest payments on our debt, distributions on our preferred shares, non-revenue enhancing capital expenditures and revenue enhancing capital expenditures (including property improvements, tenant improvements and leasing commissions) in 2005 and 2006. The cash flow from our Resort Residential Development segment is cyclical in nature and primarily realized in the last quarter of each year. We expect to meet temporary shortfalls in operating cash flow caused by this cyclicity through working capital draws under our credit facility. However, our cash flow from operations, after payments discussed above, is not expected to fully cover the distributions on our common shares in 2005 and 2006. We intend to use proceeds from asset sales and joint ventures, additional leverage on assets and borrowings under our credit facility to cover this shortfall.

In addition, through June 30, 2006, we expect to make capital expenditures of approximately \$158.1 million, primarily relating to new developments of investment property that are not in the ordinary course of operations of our business. We anticipate funding these short-term liquidity requirements primarily through construction loans and borrowings under our credit facility or additional debt facilities. As of June 30, 2005, we also had maturing debt obligations of \$447.4 million through June 30, 2006, made up primarily of the maturity of the Metropolitan Life Note V secured by Datran Center, which we anticipate refinancing with a new facility in the fourth quarter of 2005, the LaSalle Note II which is funded by defeasance securities and the Bank of America Funding XII Term Loan which has a one year extension option. The remaining maturities consist primarily of normal principal amortization and will be met with cash flow from operations. Of the \$447.4 million of debt maturing through June 30, 2006, \$33.5 million relates to the Resort Residential Development Segment and will be repaid with the sales of the corresponding land or units or will be refinanced.

**Long-Term Liquidity**

Our long-term liquidity requirements as of June 30, 2005, consist primarily of \$1.9 billion of debt maturing after June 30, 2006. We also have \$148.3 million of expected long-term capital expenditures relating to capital investments that are not in the ordinary course of operations of our business. We anticipate meeting these obligations primarily through refinancing maturing debt with long-term secured and unsecured debt and through other debt and equity financing alternatives as well as cash proceeds from asset sales and joint ventures and construction loans.

**Cash Flows**

Our cash flow from operations is primarily attributable to the operations of our Office, Resort Residential Development and Resort/Hotel Properties. The level of our cash flow depends on multiple factors, including rental rates and occupancy rates at our Office Properties, sales of lots and units at our Resort Residential Development Properties and room rates and occupancy rates at our Resort/Hotel Properties. Our net cash provided by operating activities is also affected by the level of our operating and other expenses, as well as Resort Residential capital expenditures for existing projects.

For the six months ended June 30, 2005, the Office Segment, Resort Residential Development Segment and Resort/Hotel Segment accounted for 47%, 35% and 18%, respectively, of our total Property revenues. Our top five tenants accounted for approximately 12.6% of our total Office Segment rental revenues for the six months ended June 30, 2005. The loss of one or more of our major tenants would have a temporary adverse effect on cash flow from operations until we were able to re-lease the space previously leased to these tenants. Based on rental revenues from office leases in effect as of June 30, 2005, no single tenant accounted for more than 6% of our total Office Segment rental revenues for the six months ended June 30, 2005.

**Table of Contents**

In July 2005, we entered into an agreement with our largest office tenant, El Paso Energy Services Company and certain of its subsidiaries, which will terminate El Paso's leases relating to a total of 888,000 square feet at Greenway Plaza in Houston, Texas effective December 31, 2007. Under the agreement, El Paso is required to pay us \$65.0 million in termination fees in periodic installments through December 31, 2007 and \$62.0 million in rent according to the original lease terms from July 1, 2005 through December 31, 2007. Original expirations for the space ranged from 2007 through 2014. The \$65.0 million lease termination fee, net of the approximately \$23.0 million deferred rent receivable balance, will be recognized ratably to income over the period July 1, 2005 through December 31, 2007. As of June 30, 2005, El Paso was current on all rental obligations.

During the six months ended June 30, 2005, our cash flow from operations was insufficient to fully cover the distributions on our common shares. We funded this shortfall primarily with a combination of proceeds from asset sales and joint ventures, proceeds from investment land sales and borrowings under our credit facility.

**Debt and equity financing alternatives**

Debt and equity financing alternatives currently available to us to satisfy our liquidity requirements include: Additional proceeds from our new credit facility under which we had up to \$111.2 million of borrowing capacity available as of June 30, 2005, and which may be increased by \$100.0 million subject to certain conditions;

Additional proceeds from the refinancing of existing secured and unsecured debt;

Additional debt secured by existing underleveraged properties;

Issuance of additional unsecured debt or trust preferred securities; and

Equity offerings including preferred and/or convertible securities.

The following factors could limit our ability to utilize these financing alternatives:

A reduction in the operating results of the Properties supporting our credit facility to a level that would reduce the availability of funds under the credit facility;

A reduction in the operating results of the Properties could limit our ability to refinance existing secured and unsecured debt or extend maturity dates, or could result in an uncured or unwaived event of default;

We may be unable to obtain debt or equity financing on favorable terms, or at all, as a result of our financial condition or market conditions at the time we seek additional financing;

Restrictions under our debt instruments or outstanding equity may prohibit us from incurring debt or issuing equity on terms available under then-prevailing market conditions or at all;

We may be unable to service additional or replacement debt due to increases in interest rates or a decline in our operating performance; and

We may be unable to increase our credit facility by \$100.0 million, as provided under the terms of the facility, due to adverse changes in market conditions.

**Operating Activities**

Our cash provided by operating activities of \$4.0 million is attributable to Property operations.

**Table of Contents**

**Investing Activities**

Our cash used in investing activities of \$204.0 million is primarily attributable to:

\$186.9 million for the acquisition of investment properties, primarily due to the acquisition of the Exchange Building and One Buckhead Plaza Office Properties;

\$115.7 million purchase of U.S. Treasury and government sponsored agency securities in connection with the defeasance of LaSalle Note I;

\$62.3 million increase in notes receivables, primarily due to mezzanine loans secured by ownership interests in three office properties and one resort property, partially offset by the repayment of loans to unconsolidated subsidiaries of CRDI;

\$31.9 million for non-revenue enhancing tenant improvement and leasing costs for Office Properties;

\$10.9 million for development of amenities at the Resort Residential Development Properties;

\$8.3 million of property improvements for Office and Resort/Hotel Properties;

\$7.5 million additional investment in unconsolidated Office Properties, primarily related to our investment in Crescent Irvine LLC;

\$5.3 million for development of properties, due to the development of the Hughes Center Office Property; and

\$4.2 million additional investment in unconsolidated Other companies.

The cash used in investing activities is partially offset by:

\$147.5 million proceeds from joint ventures, primarily due to the Canyon Ranch transaction and the joint venture of Fulbright Tower and One Buckhead Plaza Office Properties;

\$48.6 million proceeds from property sales, primarily due the sale of Albuquerque Plaza Office Property and the sale of undeveloped land in Houston, Texas;

\$15.4 million proceeds from defeasance investment maturities;

\$12.0 million return of investment in unconsolidated other companies due to the distribution received from our G2 investment in February 2005; and

\$3.8 million return of investment in Temperature-Controlled Logistics Properties.

**Financing Activities**

Our cash provided by financing activities of \$191.8 million is primarily attributable to:

\$507.3 million proceeds from borrowings under our credit facility;

\$290.8 million proceeds from other borrowings, primarily due to the GACC Note secured by Funding One assets and the Column Financial Note secured by Peakview Tower;

\$115.4 million proceeds from borrowings for construction costs for infrastructure developments at the Resort Residential Development Properties;

\$51.5 million proceeds from the issuance of junior subordinated notes; and

\$5.2 million proceeds from the exercise of share and unit options.

The cash provided by financing activities is partially offset by:

\$472.8 million payments under our credit facility;

\$129.3 million payments under other borrowings, primarily due to the pay off of the Fleet Term Loan, the pay down of the Bank of America Funding XII Term Loan from proceeds from the sale of Albuquerque Plaza and the pay off of the Texas Capital Bank loan;

\$88.0 million distributions to common shareholders and unitholders;

\$59.0 million Resort Residential Development Property note payments;

\$16.0 million distributions to preferred shareholders;

\$8.0 million debt financing costs, primarily due to the new credit facility and the GACC Note; and

\$5.1 million capital distributions to joint venture partners.

(2) Reflects our estimate of the breakdown between short-term and long-term capital expenditures.

- (3) We have committed to a first phase office development of 253,000 square feet on land that we own within the Hughes Center complex. We plan to break ground in the third quarter of 2005 and complete the building in the first quarter of 2007 and anticipate closing a construction loan in the third quarter of 2005.
- (4) As of June 30, 2005, we had invested \$57.1 million in Tahoe Mountain Club, which includes the acquisition of land and development of golf courses and club amenities. During 2005, we are developing dining and ski facilities on the mountain and an additional golf course. We anticipate collecting membership deposits which will be utilized to fund a portion of the

development costs. We will fund the remaining \$17.5 million through construction loans.

- (5) In October 2004, we entered into an agreement with JPI Multi-Family Investments, L.P. to develop a multi-family apartment project in Dedham, Massachusetts. We have also entered into a construction loan with a maximum borrowing of \$41.0 million to fund construction.
- (6) We have a \$2.4 million construction loan with the purchaser of the land, which is secured by nine developed lots and a \$0.4 million letter of credit.
- (7) We entered into agreements with Ritz-Carlton Hotel Company, L.L.C. to develop the first Ritz-Carlton

hotel and  
condominium  
project in  
Dallas, Texas.  
The  
development  
plans include a  
Ritz-Carlton  
with  
approximately  
217 hotel rooms  
and 70  
residences.

Construction on  
the development  
began in the  
second quarter  
of 2005. On  
July 26, 2005,  
we secured a  
\$158.7 million  
construction line  
of credit from  
Key Bank for  
the construction  
of this project.  
The loan bears  
interest at  
LIBOR plus 225  
basis points and  
has an initial  
maturity of  
June 2008, with  
three one-year  
extension  
options, and is  
subject to  
certain  
covenants.

- (8) In June 2005,  
we entered into  
a joint venture  
arrangement  
with an affiliate  
of Hines and  
have committed  
to co-develop a  
260,000  
square-foot  
Class A office

property in  
Irvine,  
California.  
Amounts in the  
table represent  
our portion  
(40%) of total  
project costs  
and we  
anticipate  
obtaining  
construction  
financing.

### Off-Balance Sheet Arrangements – Guarantee Commitments

Our guarantees in place as of June 30, 2005, are listed in the table below. For the guarantees on indebtedness, no triggering events or conditions are anticipated to occur that would require payment under the guarantees and management believes the assets associated with the loans that are guaranteed are sufficient to cover the maximum potential amount of future payments and therefore, would not require us to provide additional collateral to support the guarantees.

(1) For more information regarding the terms of our debt financing arrangements, including properties securing our secured debt and the method of calculation of the interest rate for our variable rate debt, see Note 9, Notes Payable and Borrowings under the Credit Facility, included in Item 1, Financial Statements.

(2) In January 2005, we purchased a total of \$115.7 million of defeasance investments to substitute as collateral for this loan. The cash flow from the defeasance investments (principal and interest) match the total debt service payment of this loan.

(3) Includes a portion of total

premiums of

- (5) This loan has three one-year extension options.
- (6) This loan has two one-year extension options.
- (7) The Credit Facility has a maximum potential capacity of \$300.0 million. The \$177.0 million outstanding at June 30, 2005, excludes letters of credit issued under the facility of \$11.8 million.
- (8) The overall weighted average interest rate does not include the effect of our cash flow hedge agreements. Including the effect of these

agreements, the overall weighted average interest rate would have been 6.92%.

**Table of Contents**

We are generally obligated by our debt agreements to comply with financial covenants, affirmative covenants and negative covenants, or some combination of these types of covenants. The financial covenants to which we are subject include, among others, leverage ratios, debt service coverage ratios and limitations on total indebtedness. The affirmative covenants to which we are subject under our debt agreements include, among others, provisions requiring us to comply with all laws relating to operation of any Properties securing the debt, maintain those Properties in good repair and working order, maintain adequate insurance and provide timely financial information. The negative covenants under our debt agreements generally restrict our ability to transfer or pledge assets or incur additional debt at a subsidiary level, limit our ability to engage in transactions with affiliates and place conditions on our or our subsidiaries' ability to make distributions.

Failure to comply with covenants generally will result in an event of default under that debt instrument. Any uncured or unwaived events of default under our loans can trigger an increase in interest rates, an acceleration of payment on the loan in default, and for our secured debt, foreclosure on the property securing the debt, and could cause the credit facility to become unavailable to us. In addition, an event of default by us or any of our subsidiaries with respect to any indebtedness in excess of \$5.0 million generally will result in an event of default under the credit facility, the 2007 Notes, 2009 Notes and the Bank of America Funding XII Term Loan, after the notice and cure periods for the other indebtedness have passed. As a result, any uncured or unwaived event of default could have an adverse effect on our business, financial condition, or liquidity.

Our secured debt facilities generally prohibit loan prepayment for an initial period, allow prepayment with a penalty during a following specified period and allow prepayment without penalty after the expiration of that period. During the six months ended June 30, 2005, there were no circumstances that required prepayment penalties or increased collateral related to our existing debt.

**Defeasance of LaSalle Note I**

In January 2005, we released the remaining properties in Funding I that served as collateral for the LaSalle Note I by purchasing an additional \$115.7 million of U.S. Treasury and government sponsored agency securities with an initial weighted average yield of 3.20%. We placed those securities into a collateral account for the sole purpose of funding payments of principal and interest on the remainder of LaSalle Note I. The cash flow from these securities is structured to match the cash flow (principal and interest payments) required under the LaSalle Note I. This transaction was accounted for as an in-substance defeasance, therefore, the debt and the securities purchased remain on our Consolidated Balance Sheets.

**Junior Subordinated Notes**

In June and July 2005, we completed two separate private offerings of \$50 million and \$25 million, respectively, of trust preferred securities through Crescent Real Estate Statutory Trust I and Crescent Real Estate Statutory Trust II, or the Trusts, Delaware statutory trusts which are our subsidiaries. The securities pay holders cumulative cash distributions at an annual rate of 3-month LIBOR plus 200 basis points. The securities mature in June and July 2035 and are callable at no premium after June and July 2010. In addition, we invested \$1.5 million and \$0.8 million in the Trusts' common securities, representing 3% of the total capitalization of each of the Trusts.

The Trusts used the proceeds from the offerings and our investments to loan us \$51.5 and \$25.8 million in junior subordinated notes with payment terms that mirror the distribution terms of the Trust securities. The costs of the Trusts' preferred offerings totaled \$2.3 million of underwriting commissions and other expenses and are being amortized over a 30-year period. The proceeds from the sale of the notes, net of the costs of the Trusts' preferred offerings and our investment in the Trusts, were approximately \$72.7 million. We used the net proceeds to pay down the Fleet Term loan.

**Unconsolidated Debt Arrangements**

As of June 30, 2005, the total debt of the unconsolidated joint ventures and equity investments in which we have ownership interests was \$2.2 billion, of which our share was \$661.7 million. We guaranteed \$4.3 million of this debt as of June 30, 2005. Additional information relating to our unconsolidated debt financing arrangements is contained in Note 8, Investments in Unconsolidated Companies, of Item 1, Financial Statements.

**Derivative Instruments and Hedging Activities**

We use derivative financial instruments to convert a portion of our variable rate debt to fixed rate debt and to manage the fixed to variable rate debt ratio. As of June 30, 2005, we had interest rate swaps and interest rate caps designated as cash flow hedges, which converted \$446.9 million of our variable rate debt to fixed rate debt.

G2 is managed and controlled by an entity that is owned equally by GMSPLP and GMAC Commercial Mortgage Corporation, or GMACCM. The ownership structure of GMSPLP consists of an approximately 86% limited partnership interest owned directly and indirectly by Richard E. Rainwater, Chairman of our Board of Trust Managers, and an approximately 14% general partnership interest, of

which approximately 6% is owned by Darla Moore, who is married to Mr. Rainwater, and approximately 6% is owned by John C. Goff, Vice-Chairman of our Board of Trust Managers and our Chief Executive Officer. The remaining approximately 2% general partnership interest is owned by unrelated parties. Our investment balance at June 30, 2005 was approximately \$1.1 million. In 2005, we received cash distributions of approximately \$18.5 million, bringing total distributions to approximately \$41.0 million on an initial investment of \$24.2 million.

**Table of Contents****Significant Accounting Policies****Critical Accounting Policies**

A summary of our critical accounting policies is included in our Annual Report on Form 10-K for the year ended December 31, 2004 in Management's Discussion and Analysis of Financial Condition and Results of Operations. There have been no significant changes to these policies during 2005.

**Adoption of New Accounting Standards**

**SFAS No. 123R.** In December 2004, the FASB issued SFAS No. 123R (Revised 2004), *Share-Based Payment*. The new FASB rule requires that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. We will be required to apply SFAS No. 123R beginning January 1, 2006. The scope of SFAS No. 123R includes a wide range of share-based compensation arrangements including share options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. SFAS No. 123R replaces SFAS No. 123, *Accounting for Stock-Based Compensation*, and supersedes Accounting Principles Board, or APB, Opinion No. 25, *Accounting for Stock Issued to Employees*. SFAS No. 123, as originally issued in 1995, established as preferable a fair-value-based method of accounting for share-based payment transactions with employees. However, that statement permitted entities the option of continuing to apply the guidance in Opinion 25, as long as the footnotes to the financial statements disclosed what net income would have been had the preferable fair-value-based method been used. Effective January 1, 2003, we adopted the fair value expense recognition provisions of SFAS No. 123 on a prospective basis. We are continuing to evaluate the impact of the adoption of SFAS No. 123R.

**SFAS No. 154.** In May 2005, the FASB issued SFAS No. 154, *Accounting Changes and Error Corrections*. This new standard replaces APB Opinion No. 20, *Accounting Changes*, and SFAS No. 3, *Reporting Accounting Changes in Interim Financial Statements*. Among other changes, SFAS No. 154 requires that a voluntary change in accounting principle be applied retrospectively with all prior period financial statements presented on the new accounting principle, unless it is impracticable to do so. SFAS No. 154 also provides that (1) a change in method of depreciating or amortizing a long-lived nonfinancial asset be accounted for as a change in estimate (prospectively) that was effected by a change in accounting principle, and (2) correction of errors in previously issued financial statements should be termed a restatement. The new standard is effective for accounting changes and correction of errors made in fiscal years beginning after December 15, 2005. Early adoption of this standard is permitted for accounting changes and correction of errors made in fiscal years beginning after June 1, 2005. We do not believe there will be an impact to our financial condition or results of operations from the adoption of SFAS No. 154.

**EITF 04-5.** At its June 2005 meeting, the EITF reached a consensus regarding Issue No. 04-5 (EITF 04-5), *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights*. EITF 04-5 is effective immediately for all newly-formed limited partnerships and for existing limited partnership agreements that are modified. The guidance will be effective for existing limited-partnership agreements that are not modified no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. The guidance provides a framework for addressing the question of when a general partner, as defined in EITF 04-5, should consolidate a limited partnership. The EITF has concluded that the general partner of a limited partnership should consolidate a limited partnership unless (1) the limited partners possess substantive kick-out rights as defined in paragraph B20 of FIN 46(R), *Consolidation of Variable Interest Entities*, or (2) the limited partners possess substantive participating rights similar to the rights described in Issue 96-16, *Investor's Accounting for an Investee When the Investor has a Majority of the Voting Interest but the Minority Shareholder or Shareholders have Certain Approval or Veto Rights*. In addition, the EITF has concluded that the guidance should be expanded to include all limited partnerships, including those with multiple general partners. The FASB has amended its Statement of Position 78-9, *Accounting for Investments in Real Estate Ventures*, to conform and align with the guidelines set forth in EITF 04-5. We do not believe there will be an impact to our financial condition or results of operations from the adoption of EITF 04-5 in the current year. We are continuing to evaluate the impact of EITF 04-5, when applicable, to all existing partnerships.

**Table of Contents**

**Funds from Operations**

FFO, as used in this document, means:

Net Income (Loss) determined in accordance with GAAP;

excluding gains (or losses) from sales of depreciable operating property;

excluding extraordinary items (as defined by GAAP);

plus depreciation and amortization of real estate assets; and

after adjustments for unconsolidated partnerships and joint ventures.

We calculate FFO available to common shareholders diluted in the same manner, except that Net Income (Loss) is replaced by Net Income (Loss) Available to Common Shareholders and we include the effect of operating partnership unitholder minority interests.

The National Association of Real Estate Investment Trusts, or NAREIT, developed FFO as a relative measure of performance and liquidity of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. We consider FFO available to common shareholders diluted and FFO appropriate measures of performance for an equity REIT and for its investment segments. However, FFO available to common shareholders diluted and FFO should not be considered an alternative to net income determined in accordance with GAAP as an indication of our operating performance.

Accordingly, we believe that to facilitate a clear understanding of our consolidated historical operating results, FFO available to common shareholders diluted should be considered in conjunction with our net income and cash flows reported in the consolidated financial statements and notes to the financial statements. However, our measure of FFO available to common shareholders diluted may not be comparable to similarly titled measures of other REITs because these REITs may apply the definition of FFO in a different manner than we apply it.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

No material changes in our market risk occurred from December 31, 2004 through June 30, 2005. Information regarding our market risk at December 31, 2004, is contained in Item 7A, Quantitative and Qualitative Disclosures About Market Risk, in our Annual Report on Form 10-K for the year ended December 31, 2004.

**Item 4. Controls and Procedures**

**Disclosure Controls and Procedures.** We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934, or the Exchange Act, such as this report on Form 10-Q, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. These controls and procedures are based closely on the definition of disclosure controls and procedures in Rule 13a-15(e) promulgated under the Exchange Act. Rules adopted by the SEC require that we present the conclusions of the Chief Executive Officer and Chief Financial Officer about the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report.

**Internal Control Over Financial Reporting.** Internal control over financial reporting is a process designed by, or under the supervision of, our Chief Executive Officer and Chief Financial Officer, as appropriate, and effected by our employees, including management and our Board of Trust Managers, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. This process includes policies and procedures that:

- pertain to the maintenance of records that accurately and fairly reflect the transactions and dispositions of our assets in reasonable detail;

- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are made only in accordance with the authorization procedures we have established; and

- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of any of our assets in circumstances that could have a material adverse effect on our financial statements.

**Limitations on the Effectiveness of Controls.** Management, including our Chief Executive Officer and Chief Financial Officer, do not expect that our disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. In designing and evaluating our control system, management recognizes that any control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives. Further, the design of a control system must reflect the fact that there are resource constraints, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, that may

affect our operations have been detected.

**Table of Contents**

These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management's override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that our design will succeed in achieving its stated goals under all potential future conditions. Over time, our current controls may become inadequate because of changes in conditions that cannot be anticipated at the present time, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

**Scope of the Evaluation.** The evaluations by our Chief Executive Officer and our Chief Financial Officer of our disclosure controls and procedures and our internal control over financial reporting included a review of procedures and our internal audit, as well as discussions with our Disclosure Committee, independent public accountants and others in our organization, as appropriate. In conducting the evaluation, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control – Integrated Framework*. In the course of the evaluation, we sought to identify data errors, control problems or acts of fraud and to confirm that appropriate corrective action, including process improvements, were being undertaken. The evaluation of our disclosure controls and procedures and our internal control over financial reporting is done on a quarterly basis, so that the conclusions concerning the effectiveness of such controls can be reported in our Quarterly Reports on Form 10-Q and Annual Reports on Form 10-K. Our internal control over financial reporting is also assessed on an ongoing basis by personnel in our accounting department and by our independent auditors in connection with their audit and review activities.

The overall goals of these various evaluation activities are to monitor our disclosure controls and procedures and our internal control over financial reporting and to make modifications as necessary. Our intent in this regard is that the disclosure controls and procedures and internal control over financial reporting will be maintained and updated (including with improvements and corrections) as conditions warrant. Among other matters, we sought in our evaluation to determine whether there were any significant deficiencies or material weaknesses in our internal control over financial reporting, or whether we had identified any acts of fraud involving personnel who have a significant role in our internal control over financial reporting. This information is important both for the evaluation generally and because the Section 302 certifications require that our Chief Executive Officer and our Chief Financial Officer disclose that information to the Audit Committee of our Board of Trust Managers and our independent auditors and also require us to report on related matters in this section of the Annual Report on Form 10-K. In the Public Company Accounting Oversight Board's Auditing Standard No. 2, a significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the ability to initiate, authorize, record, process or report external financial data reliably in accordance with GAAP such that there is more than a remote likelihood that a misstatement of the annual or interim financial statements that is more than inconsequential will not be prevented or detected.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is defined in Auditing Standard No. 2 as a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected. We also sought to deal with other control matters in the evaluation, and in any case in which a problem was identified, we considered what revision, improvement and/or correction was necessary to be made in accordance with our on-going procedures.

**Periodic Evaluation and Conclusion of Disclosure Controls and Procedures.** Our Chief Executive Officer and Chief Financial Officer have conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that such controls and procedures were effective as of the end of the period covered by this report.

**Table of Contents**

**Changes in Internal Control Over Financial Reporting.** We made no changes to our internal controls over financial reporting during the three months ended June 30, 2005, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

As of December 31, 2004, we completed an evaluation of the effectiveness of our internal controls over financial reporting, noting material weaknesses at the Canyon Ranch Resort Properties. On January 18, 2005, we contributed a portion of our interests in these properties to a newly formed joint venture. As a result, we now have a 48% interest in an entity that owns these properties and we no longer consolidate them. As of December 31, 2004, we determined that our internal controls over financial reporting for equity investments were effective. Because our interest in the Canyon Ranch Resort Properties changed from a 100% ownership interest to a 48% equity interest, management believes that the deficiencies identified at the Canyon Ranch Resort Properties no longer constitute material weaknesses in our internal controls over financial reporting.

**PART II****Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

During the three months ended June 30, 2005, we issued an aggregate of 275,000 common shares to holders of Operating Partnership units in exchange for 137,500 units. Of the common shares issued, 50,000 were issued on June 16, 2005, 150,000 were issued on June 17, 2005, 50,000 were issued on June 20, 2005 and 25,000 were issued on June 30, 2005. The issuances of common shares were exempt from registration as private placements under Section 4(2) of the Securities Act of 1933. We have registered the resale of such common shares under the Securities Act.

**Item 4. Submission of Matters to a Vote of Security Holders**

The annual meeting of our shareholders was held on June 13, 2005.

Two proposals were submitted to a vote of shareholders as follows:

- (1) The shareholders approved the election of the following individuals as our Trust Managers:

Name	For	Withheld
John C. Goff	86,433,957	1,466,168
Paul E. Rowsey, III	82,234,610	5,665,515
Robert W. Stallings	85,725,830	2,174,296

The terms of office of the following Trust Managers continued after the meeting:

Richard E. Rainwater

Dennis H. Alberts

Anthony M. Frank

William F. Quinn

Terry N. Worrell

- (2) The shareholders approved, with 87,434,054 affirmative votes, 351,184 negative votes and 114,887 abstentions, the proposal to ratify the appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2005.
