PROXY STATEMENT FOR ANNUAL GENERAL MEETING OF SHAREHOLDERS

INFORMATION CONCERNING SOLICITATION AND VOTING

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of BackWeb Technologies Ltd., an Israeli company (the Company or BackWeb), for use at the Company's Annual General Meeting of Shareholders (the Annual General Meeting), to be held on Thursday, December 28, 2006, at 10 Hamal St., Park Afek, Rosh Haayin 48092, Israel, commencing at 4:00 p.m., local time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual General Meeting of Shareholders.

The Notice of Annual General Meeting of Shareholders, this Proxy Statement and the accompanying proxy card, and the Company's Annual Report on Form 10-K for the year ended December 31, 2005, are first being mailed on or about November 30, 2006 to shareholders entitled to vote at the Annual General Meeting.

Record Date and Shares Outstanding

The Board has set November 28, 2006 (the Record Date) as the record date for the Annual General Meeting. Only holders of record of the Company's Ordinary Shares, par value NIS 0.03 per share (Ordinary Shares), at the close of business on that date are entitled to vote at and attend the Annual General Meeting. Shareholders who hold Ordinary Shares as of the Record Date through a bank, broker or other nominee that is a shareholder of record of the Company or that appears in the participant listing of a security depository are also entitled to notice of, and to vote at, the Annual General Meeting. We had approximately 41,303,994 Ordinary Shares outstanding as of the Record Date.

Solicitation and Voting

The Company will bear the cost of soliciting proxies for the Annual General Meeting. The Company will ask banks, brokerage houses, fiduciaries and custodians holding Ordinary Shares in their names for others to send proxy materials to and obtain proxies from the beneficial owners of such Ordinary Shares, and the Company may also reimburse them for their reasonable expenses in doing so. In addition to soliciting proxies by mail, the Company and its directors, officers and employees, may also solicit proxies personally, by telephone or by other appropriate means. No additional compensation will be paid to directors, officers or employees for such services.

Each shareholder is entitled to one vote for each Ordinary Share held by such person on all matters presented at the meeting. The required quorum for the transaction of business at the Annual General Meeting is two or more shareholders present in person or by proxy and holding, in the aggregate, more than fifty percent of the Company's Ordinary Shares issued and outstanding on the Record Date. Under Israeli law, broker non-votes, which occur when a shareholder does not give a proxy to his or her broker with instructions as to how to vote his or her shares, and abstentions will be disregarded and will have no effect on whether the requisite vote is obtained. However, broker non-votes and abstentions will be counted for purposes of establishing a quorum.

Proxies properly executed, duly returned to and received by the Company prior to the Annual General Meeting, and not revoked, will be voted as instructed on those proxies. If no instructions are given on the proxies, such proxies will be voted **FOR** the election of Uday Bellary as a Class I director and **FOR** the ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006 and the authorization for the Audit Committee to enter into an agreement to pay the fees of Grant Thornton on customary terms.

Revocability of Proxies

Any shareholder giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by delivering to the Secretary of the Company, prior to the Annual General Meeting, at the above address of the Company, a written notice of revocation or a duly executed proxy bearing a later date. A

shareholder of record at the close of business on the Record Date may also revoke his or her proxy by voting in person if present at the Annual General Meeting. Attendance at the Annual General Meeting will not, by itself, revoke a proxy.

COMPENSATION OF DIRECTORS

At the 2003 Annual General Meeting of Shareholders, shareholders approved a cash compensation package for non-employee directors. Under the approved compensation policy, non-employee directors receive cash remuneration consisting of \$1,000 per fiscal quarter, plus \$1,000 for each Board meeting attended and \$1,000 for each Committee meeting attended. In addition, the Chair of the Audit Committee receives an additional \$500 per Audit Committee meeting. Meeting fees for Board meetings require in person or videoconference attendance, with one telephone meeting exception allowed for each year. Committee meeting attendance may be in person, by videoconference, or by telephone.

In addition, under the policy approved by the shareholders, non-employee directors are eligible for non-discretionary grants of stock options under the Company's option plans. Non-employee directors receive a non-discretionary option grant of 50,000 Ordinary Shares upon their initial election or appointment to the Board and annual option grants of 15,000 Ordinary Shares at each Annual General Meeting of Shareholders thereafter during their term of service. Annual option grants are not made in cases where a director's term of office prior to the Annual General Meeting has been shorter than six months. The non-discretionary grants vest over a period of four years, with one-quarter of the Ordinary Shares subject to the option becoming vested and exercisable after one year and monthly thereafter over the remaining period of thirty-six months, subject to continued service as a director of the Company. The grant date of the initial option grant is the date that the non-employee director is initially elected or appointed to the Board. The grant date of the annual option grant is the date of the Annual General Meeting. The exercise price for these non-discretionary grants is the closing sale price of the Company's Ordinary Shares on The Nasdaq Capital Market the day before the grant date.

In connection with the policy described in the preceding paragraph, in December 2005, we granted Ms. Andersen an option to purchase 50,000 Ordinary Shares upon her initial election to the Board, and we granted each of Messrs. Barkat, Bellary and Makleff options to purchase 15,000 Ordinary Shares following the completion of our 2005 Annual General Meeting of Shareholders.

Reasonable expenses incurred by each director in connection with his or her duties as a director are also reimbursed. A Board member who is also an employee of BackWeb does not receive compensation for service as a director.

BOARD MEETINGS AND COMMITTEES

The Board held a total of five meetings (including regularly scheduled and special meetings) during fiscal 2005. Each of our directors, other than Ms. Andersen who was elected to the Board on December 29, 2005, attended at least 75% of the aggregate of all meetings of the Board and any meetings of committees of the Board on which he served.

The Board has a standing Audit Committee and Compensation Committee. The Board does not currently have a formal nominating committee or a governance committee. The functions customarily performed by nominating and governance committees are performed by the independent members of the Board who make recommendations to the full Board regarding candidates for nomination and the size and composition of the Board. The independent members of the Board monitor the mix of skills, experience and background of the Board to ensure it maintains the necessary composition to effectively perform its oversight functions. The independent members of the Board may from time to time solicit and receive recommendations for candidates from members of the Board, senior level executives, individuals personally known to the members of the Board, and third party search firms as appropriate. In order to be considered for membership on the Board, a candidate should possess, at a minimum, the following qualifications:

high personal and professional ethics and integrity;

commitment to representing the long-term interests of the Company's shareholders;
objectivity and practical and mature judgment; and

Table of Contents

willingness to understand the business of the Company and to devote adequate time to carry out his or her duties.

The independent members of the Board believe that their processes effectively serve the functions of a nominating and governance committee, and do not believe there is a need for a separate, formal nominating or governance committee. Although there is no formal policy regarding shareholder nominees, the independent members of the Board believe that shareholder nominees should be viewed in substantially the same manner as other nominees. The consideration of any candidate for director will be based on the independent members of the Board's assessment of the individual's background, skills and abilities, and if such characteristics qualify the individual to fulfill the needs of the Board at that time. Shareholders wishing to propose nominees for consideration for the Board should submit the candidate's name and qualifications to our Corporate Secretary prior to the deadlines set forth under "Deadline for Future Proposals of Shareholders" in this Proxy Statement.

The current members of the Audit Committee are Messrs. Bellary and Makleff and Ms. Andersen, with Mr. Bellary serving as the chair of the Audit Committee. One of our former directors, Isabel Maxwell, served as a member of the Audit Committee until she left the Board in May 2005, and Mr. Bellary joined the Audit Committee in July 2005. As described in more detail in the Report of the Audit Committee of the Board of Directors in this Proxy Statement, the Audit Committee is responsible for assisting the Board in its oversight of our accounting and financial reporting processes, the audits of our financial statements, and our system of internal controls. The Audit Committee held five meetings in fiscal 2005. The Board of Directors has determined that Mr. Bellary is an audit committee financial expert, as defined under Item 401(h) of Regulation S-K. Each member of the Audit Committee is independent as defined under the rules of The Nasdaq Stock Market and as required under Rule 10A-3(b)(1) under the Securities Exchange Act of 1934. The Audit Committee operates under a written charter, the most current copy of which is set forth as Appendix A to this Proxy Statement.

The Compensation Committee currently consists of Messrs. Makleff and Bellary and Ms. Andersen, with Mr. Makleff serving as the chair of the Compensation Committee. As described in more detail in the Report of the Compensation Committee of the Board of Directors in this Proxy Statement, the Compensation Committee reviews and approves all forms of compensation to be provided to the Company's executive officers, consults with management regarding compensation and benefits for non-executive officers and other employees, and oversees our compensation and benefits policies generally. The Compensation Committee held two meetings in fiscal 2005. Each member of the Compensation Committee is independent as defined under the rules of The Nasdaq Stock Market, non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, and outside directors within the meaning of Section 162(m) of the Internal Revenue Code.

Communication with the Board

Shareholders may send communications to the Board of Directors by writing to them at BackWeb Technologies Ltd., Attention: Vice President, Finance, 2077 Gateway Place, Suite 500, San Jose, CA 95110. All shareholder communications will be reviewed by the Vice President, Finance and forwarded to the Board, if appropriate. **REPORT OF THE COMPENSATION COMMITTEE OF
THE BOARD OF DIRECTORS**

The Compensation Committee of the Board is providing the following report on executive compensation in accordance with the rules and regulations of the SEC. This report outlines the policies of the Compensation Committee with respect to executive compensation, the various components of the Company's compensation program for executive officers, and the basis on which the compensation for the Company's Chief Executive Officer during 2005 was determined.

The information contained in the following report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into such filing.

General

The Compensation Committee's functions include:

determining all forms of compensation of the Company's Chief Executive Officer;

reviewing and approving all forms of compensation for the other executive officers, including salary, bonuses and stock options;

consulting with management regarding compensation and benefits for non-executive officers and other employees; and

overseeing our compensation and benefits policies generally.

Compensation Policies

The Company's executive compensation policies have two principal goals: (1) attracting, rewarding and retaining executives, and (2) motivating executives to achieve short-term and long-term corporate goals that enhance shareholder value. Accordingly, the Compensation Committee's objectives are to:

offer compensation opportunities that attract and retain executives whose abilities are critical to the Company's long-term success and motivate individuals to perform at their highest level;

tie in a significant portion of the executive's total compensation to achievement of financial, organizational, management and personal performance goals; and

reward outstanding individual performance by an executive officer that contributes to the Company's long-term success.

Compensation of Executive Officers Generally

The Company's compensation program for its executives emphasizes variable compensation, primarily through grants of short- and long-term performance-based incentives. Executive compensation generally consists of the following: (1) base salary; (2) incentive bonuses; and (3) long-term equity incentive awards in the form of

Table of Contents

stock option grants. Each executive officer's compensation package is designed to provide an appropriately weighted mix of these elements.

Base Salary. Base salary levels for each of the Company's executive officers, including the Chief Executive Officer, are generally set within a range of base salaries that the Board (through the Compensation Committee or in its entirety) believes reflect market salaries for similar executive officers at comparable companies. Commercially available compensation surveys are used, when appropriate, to determine that such range is at or near the levels paid by comparable companies engaged in the software industry and located within comparable geographical locations. The Board does not use formulas but instead exercises its judgment based on considerations including overall responsibilities and the importance of these responsibilities to the Company's success, experience and ability, past short-term and long-term job performance and salary history. In addition, in reviewing executive salaries generally and in setting the salary of the Chief Executive Officer, the Compensation Committee generally takes into account the Company's past financial performance and future expectations, as well as changes in the executives' responsibilities.

Incentive Bonuses. The Compensation Committee recommends the payment of bonuses to provide an incentive to executive officers to be productive over the course of each fiscal year and to bring the total cash-based compensation to market levels. A portion of these bonuses are awarded if the Company achieves or exceeds certain corporate performance objectives and a portion of these bonuses are awarded if the executive achieves or exceeds certain personal goals.

Equity Incentives. Stock options are used by the Company as long-term compensation to provide a stock-based incentive to improve the Company's financial performance and to assist in the recruitment, retention and motivation of professional, managerial and other personnel. Generally, stock options are granted to executive officers from time to time based primarily upon the individuals' actual and/or potential contributions to the Company and the Company's financial performance. Stock options are designed to align the interests of the Company's executive officers with those of its shareholders by encouraging executive officers to enhance the value of the Company, the price of its Ordinary Shares, and hence, the shareholders' return. In addition, the vesting of stock options over a period of time is designed to create an incentive for the individual to remain with the Company. The Company has historically granted options to its executives to provide continuing incentives to the executives to meet future performance goals and to remain with the Company.

Compensation of the Chief Executive Officer

The Compensation Committee annually reviews the performance and compensation of the Chief Executive Officer based on the assessment of his past performance, its expectation of his future contributions to the Company's performance and the compensation paid to chief executive officers of comparable companies. In connection with the appointment of William Heye as the Company's Chief Executive Officer in October 2004 and based on a review of the market for comparable positions, the Compensation Committee recommended, and the Board approved, setting the base salary of Mr. Heye at \$180,000, with the potential for a bonus of up to \$144,000, which included a draw each quarter of \$12,500 against an annual total bonus. Mr. Heye's bonus for 2005 was determined in accordance with the terms of the Company's 2005 bonus plan (the 2005 Bonus Plan) and was based upon BackWeb meeting certain specified milestones related to 2005 annual revenue, BackWeb's cash balance at the end of fiscal year 2005 and attainment of an additional business objectives. Based upon the Company's performance in 2005 in relation to milestones specified in the 2005 Bonus Plan, the Compensation Committee authorized the Company to make payments under the 2005 Bonus Plan at the rate of 50% of target bonus, which resulted in Mr. Heye receiving a bonus of \$90,000 for fiscal 2005. The Compensation Committee also reviewed Mr. Heye's compensation in January 2006 and elected to increase Mr. Heye's base salary to \$200,000 per year, which includes a 25% quarterly recoverable draw against bonus, and set his target bonus at \$120,000 for 2006.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of \$1,000,000 paid by a corporation to its chief executive officer or any of its other four most highly compensated executive officers in a single year. The Company has not

established a policy with regard to Section 162(m) of the Code, since the Company has not and does not currently anticipate paying cash compensation in excess of \$1,000,000 per annum to any employee. The Board of Directors will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, may be appropriate in the future.

Kara Andersen, who was appointed to the Compensation Committee in December 2005 upon her election to the Company's Board of Directors, did not take part in the foregoing actions by the Compensation Committee.
