SUNTRUST OFFERS TO ACQUIRE WACHOVIA FOR STOCK
CURRENTLY VALUED AT \$70.06 PER WACHOVIA SHARE

Combination Would Create Premier Financial Services Franchise In The Southeast

Offers Significant Premium To Wachovia Shareholders Over First Union Agreement;
Would Avoid Substantial Job Losses In Carolinas Planned By First Union

Atlanta, GA, May 14, 2001 -- SunTrust Banks, Inc. (NYSE: STI) announced today that it has delivered a letter to the Board of Directors of Wachovia Corporation (NYSE: WB) proposing to acquire Wachovia in a stock transaction currently valued at \$70.06 per Wachovia share, or a total of approximately \$14.7 billion. Under SunTrust's proposal, Wachovia shareholders would receive 1.081 shares of SunTrust common stock for each Wachovia share. Based on last Friday's closing prices, SunTrust's offer represents a 17% premium to the implied value of Wachovia's proposed acquisition by First Union Corporation (NYSE: FTU). SunTrust would also increase its annual dividend to \$2.22 per common share so that Wachovia shareholders would receive on a pro forma equivalent basis the same \$2.40 per share dividend that they currently receive.

The combination of SunTrust and Wachovia would create the premier financial services franchise in the Southeast. The pro forma company, with approximately \$180 billion in combined assets, will have a strong presence in seven contiguous, high-growth states with 20% of the U.S. population. It would have over 7.5 million retail customers; #1 market positions in Georgia, South Carolina, and Virginia based on deposits; and approximately 85% of its \$98 billion of U.S. deposits in markets where it has a Top 3 ranking. Together,

Edgar Filing: WACHOVIA CORP/ NC - Form 425

SunTrust and Wachovia would also have a strong balance sheet; superior credit quality; and a powerful wealth

management business with \$138 billion in assets under management and \$260 billion in assets under administration.

"We are delighted to propose this combination which offers superior value to Wachovia's shareholders, and we are confident that the terms of Wachovia's merger agreement with First Union will allow Wachovia's Board of Directors to consider our proposal consistent with its fiduciary obligation to Wachovia shareholders," said L. Phillip Humann, SunTrust's Chairman, President and Chief Executive Officer. "Our interest in a transaction with Wachovia goes back many years and makes even more sense today as our organizations have never been more compatible or complementary. This is a compelling strategic combination for both companies -- and a substantially better deal for Wachovia's shareholders and other constituencies than the First Union transaction. Shareholders would get a higher price in a better-performing security as well as a higher dividend from a better-capitalized company. Our transaction involves a simpler integration process which means customers should experience less disruption and communities would face substantially fewer job losses and branch closings, especially in the Carolinas where SunTrust does not currently operate. We would make Winston-Salem the headquarters of our Carolinas bank and maintain a meaningful presence there. We stand ready to meet with Wachovia as soon as possible to fully explain our proposal and its many advantages."

SunTrust's proposal contemplates that the Board of Directors of the combined company would include appropriate representation from Wachovia's current Board of Directors, and that there would be leadership roles in the combined company for numerous members of Wachovia's management. The combined company would be headquartered in Atlanta.

The transaction is expected to be slightly accretive to SunTrust's earnings per share in the first year, excluding one-time merger-related charges, and increasingly accretive thereafter. SunTrust expects to achieve approximately \$500 million in annual cost savings to be fully phased in over a carefully planned three-year integration period. This includes a staff reduction of approximately 4,000, or 8% of the combined work force, far less than the 7,000 jobs to be lost under the First Union transaction. Wachovia shareholders would own approximately 44% of the combined SunTrust/Wachovia compared to 30% of the combined First Union/Wachovia.

"One of the most attractive aspects of our proposal is our currency," said Mr. Humann. "We have an excellent track record of earnings and dividend growth, and SunTrust has taken a cautious approach to credit management. This has allowed us to consistently meet our earnings targets and to largely avoid non-merger-related restructuring charges and write-downs. As evidenced by our successful acquisition of Crestar, SunTrust also brings a conservative and

disciplined approach to execution of merger transactions. By setting achievable cost-savings targets and retaining our customer focus, we are able to minimize

Edgar Filing: WACHOVIA CORP/ NC - Form 425

revenue loss during integration. We are confident that we can integrate SunTrust's and Wachovia's complementary and overlapping businesses without the customer disruption and other problems that often accompany large bank mergers."

SunTrust's proposed merger would be accounted for as a purchase and would be subject to the receipt of shareholder and regulatory approvals and the satisfaction of other customary conditions. It would also be subject to Wachovia shareholders not approving Wachovia's merger agreement with First Union, the valid termination of that agreement, and the negotiation and execution of a definitive merger agreement between SunTrust and Wachovia. Although SunTrust reserves the right to challenge the validity of the stock option granted to First Union by Wachovia because it contains several excessive and unprecedented features, in the interest of facilitating the transaction, SunTrust's proposal assumes a payment to First Union of the "in-the-money" value of the option, subject to the cap set forth in the option agreement. SunTrust's proposal also assumes divestitures of up to \$1.5 billion in deposits for regulatory reasons.

In addition to delivering its proposal to the Wachovia Board of Directors, SunTrust is filing, before its investor/analyst presentation at 9:15 a.m. today, a preliminary proxy statement with the Securities and Exchange Commission for the purpose of enabling SunTrust to solicit Wachovia's shareholders to vote against the proposed First Union/Wachovia merger. SunTrust's letter to the Wachovia Board of Directors is included in this proxy statement.

SunTrust Banks, Inc. is the nation's ninth-largest commercial banking organization. This filing contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, (i) statements about the benefits of a merger between SunTrust and Wachovia, including future financial and operating results, cost savings and accretion to reported and cash earnings that may be realized from such merger; (ii) statements with respect to SunTrust's plans, objectives, expectations and intentions and other statements that are not historical facts; and (iii) other statements identified by words such as "believes", "expects", "anticipates", "estimates", "intends", "plans", "targets", "projects" and similar expressions. These statements are based upon the current beliefs and expectations of SunTrust's management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements.

The following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: (1) the businesses of SunTrust and Wachovia may not be integrated successfully or such integration may be more difficult, time-consuming or costly than expected; (2) expected revenue synergies and cost savings from the merger may not be fully realized or realized within the expected time frame; (3) revenues following the merger may be lower than expected; (4) deposit attrition, operating costs, customer loss and business disruption, including, without limitation, difficulties in maintaining relationships with employees, customers, clients or suppliers, may be greater than expected following the merger; (5) the regulatory approvals required for the merger may not be obtained on the proposed terms or on the anticipated schedule; (6) the failure of SunTrust's and Wachovia's stockholders to approve the merger; (7) competitive pressures among depository and other financial institutions may increase significantly and may have an effect on pricing, spending, third-party relationships and revenues; (8) the strength of the United States economy in general and the strength of the local economies in which the combined company will conduct operations may be different than expected, resulting in, among other things, a deterioration in credit quality or a reduced demand for credit, including the resultant effect on the combined company's loan portfolio and allowance for loan losses; (9) changes in the U.S. and foreign legal and regulatory framework; and (10) adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) and the impact of such conditions on the combined company's capital markets and asset management activities. Additional factors that could cause SunTrust's results to differ materially from those described in the forward-looking statements can be found in SunTrust's reports (such as Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K) filed with the Securities and Exchange Commission and available at the SEC's Internet site ([http:// www.sec.gov](http://www.sec.gov)). All subsequent written and oral forward-looking statements concerning the proposed transaction or other matters attributable to SunTrust or any person acting on its behalf are expressly qualified in their entirety by the cautionary statements above. SunTrust does not undertake any obligation to update any forward-looking statement to reflect circumstances or events that occur after the date the forward-looking statements are made.

On May 14, 2001 SunTrust filed with the Securities and Exchange Commission ("SEC") a preliminary proxy statement for solicitation of proxies from Wachovia stockholders in connection with the Wachovia 2001 annual meeting of stockholders. Subject to future developments, SunTrust intends to file with the SEC a registration statement at a date or dates subsequent hereto to register the SunTrust shares to be issued in the proposed transaction. Investors and security holders are urged to read the proxy statement and registration statement (when available) and any other relevant documents filed with the SEC,

Edgar Filing: WACHOVIA CORP/ NC - Form 425

as well as any amendments or supplements to those documents, because they contain (or will contain) important information. Investors and security holders may obtain a free copy of the proxy statement and the registration statement (when available) and other relevant documents at the SEC's Internet web site at www.sec.gov. The proxy statement, the registration statement (when available) and such other documents may also be obtained free of charge from SunTrust by directing such request to: SunTrust, 303 Peachtree Street, N.E., Atlanta, GA 30308, Attention: Gary Peacock (404-658-4753).

SunTrust, its directors and executive officers and certain other persons may be deemed to be "participants" in SunTrust's solicitation of proxies from Wachovia stockholders. A detailed list of the names, affiliations and interests of the participants in the solicitation is contained in SunTrust's preliminary proxy statement on Schedule 14A, filed with the SEC on May 14, 2001.

STRONG ECONOMIC RETURNS WITH
CONSERVATIVE ASSUMPTIONS

Edgar Filing: WACHOVIA CORP/ NC - Form 425

SunTrust Cost of Equity:
10 - 12%

Transaction IRR:
13 - 15%

Major Assumptions:

- || 11 - 12x Terminal cash multiple (2006)
- || 10% EPS growth for SunTrust 2002 - 2006
- || 9% EPS growth for Wachovia 2002 - 2006
- || Other transaction assumptions same as used earlier

[Logo of SunTrust]

INTEGRATION RISK IS LOW

- || Thoughtful and deliberate 3-year integration plan
- || Emphasizes customer and revenue retention
 - Low customer attrition rates during Crestar integration
- || Customer service quality standards not diminished during system conversions

Emphasis on customer key to seamless execution
and achievement of financial goals

[Logo of SunTrust]

THIS IS NOT WELLS FARGO/FIRST INTERSTATE

Wells Fargo/First Interstate

- || Dramatically different operational structure
 - || Aggressive cost take-outs targeted
 - || Attempted 9 month integration
 - || Wells in midst of re-working distribution
 - || Incentives for managers to leave
- || No due diligence

SunTrust/Wachovia

- || Similar operational structure
 - || Reasonable assumptions
 - || 3 Years for integration
 - || Clean slate
- || Encouraging significant
management participation

Edgar Filing: WACHOVIA CORP/ NC - Form 425

|| Strong familiarity with wachovia;
due diligence to be updated
