The board has standing Executive, Audit, Compensation, Employee Development, Nominating, Retirement Plan, and Welfare Benefit Committees.

Executive Committee. Our Executive Committee is composed of Dr. Tow, as Chairman, and Messrs. Fleischman, Graf, Harfenist, Schneider, and Stanger. The Executive Committee held two meetings in 2001. Mr. Siff is retiring as director and from this committee effective as of the date of our annual meeting.

The Audit Committee recommends to the board of directors the selection of our independent accountants. Management is responsible for our internal controls and the financial reporting process. Our independent accountants are responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States of America, for issuing a report thereon, and for reviewing our Quarterly Reports on Form 10-Q. The Audit Committee's responsibility is to review these processes.

Compensation Committee. The Compensation Committee is composed of Mr. Stanger, as Chairman, and Messrs. Botwinik, Harfenist, and Tornberg. The Compensation Committee met five times in 2001. DIRECTORS' COMPENSATION

As of July 1, 2001, each non-employee director is entitled to receive

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

annual compensation in the form of 5,000 stock units (which are more particularly described below), 20,000 stock options, or an annual retainer of \$30,000. In addition, each non-employee director will continue to receive a fee of \$2,000, plus reasonable expenses, for each meeting attended in person or by telephone. Committee chairs will be entitled to a \$5,000 retainer. A director may elect to have either 50% or 100% of his or her fees, or in the case of committee chairs their annual retainer, payable in cash, shares of our common stock, or stock units. If a director elects payment of his or her fees in shares of our common stock, those shares will be purchased at the average of the high and low prices on the first trading day of the year in which they are earned, subject to adjustment. If a director elects payment of his or her fees in stock units, units will be purchased at 85% of the average of the high and low prices on the first trading day of the year in which they are earned, subject to adjustment. These stock units, which are payable either in cash or in shares of our common stock, as per the director's irrevocable election, will be held by us until the earlier of the director's retirement or death (or earlier in the case of hardship approved by the board of directors) at which time they will be paid to the director in accordance with his or her election. Directors will continue to receive an annual stock option award under the Non-Employee Directors' Deferred Fee Equity Plan, which is currently fixed at 5,000 options.

At this time, Messrs. Stanger and Harfenist are non-employee directors of both us and ELI. Directors who are also our employees or employees of ELI are not entitled to receive compensation for services rendered as directors. Effective July 1, 2001, each director of ELI who is neither our employee nor an employee of ELI became entitled to receive annual compensation for the year 2001 in the form of 5,000 stock units or 20,000 stock options or an annual retainer of \$30,000. The awards of stock units and stock options are made pursuant to ELI's Equity Incentive Plan. In addition, each non-employee director is entitled to receive a fee of \$2,000, plus reasonable expenses, for each meeting attended in person or by telephone. Committee chairs are paid an annual retainer of \$5,000. All of these fees, or in the case of committee chairs, the annual retainers, are payable in cash, shares of Class A Common Stock of ELI, or stock units representing Class A Common Stock of ELI similar to those stock units representing our common stock for our directors' compensation described above. If a director elects payment of his fees or retainer in stock or stock units, those shares will be purchased at fair market value, and units will be purchased at 85% of the fair market value, subject to adjustment. Each director of ELI who is not our employee or an employee of ELI will also receive an annual grant of options for 7,500 shares of Class A Common Stock of ELI, exercisable at an exercise price per share equal to the market price of the Class A Common Stock on the first trading day of each year.

- o Align the compensation plans across the company in order to recognize that achievement of financial goals contribute to the overall success of Citizens.
- o Continue to increase performance-based compensation so that rewards to employees have a direct correlation to shareholder value. Continue to transition to more pay at risk for certain levels in the organization by holding base salaries flat and increasing the cash incentive opportunities at certain levels of the organization.
- o Create stock ownership at all levels in the organization.

Base Salary

The Compensation Committee reviews recommendations and sets the salary levels of executive officers in the spring of each year. This review is based on the duties and responsibilities which we expect each executive to discharge during the current year, the executive's performance during the previous year and the executive's total cash compensation opportunity. We perform external market comparisons relative to industry-specific peers, based on individual job responsibility.

Annual Cash Incentives

To retain and motivate employees, the Citizens Incentive Plan offers a competitive mix of total cash compensation relative to comparable industry norms. Under the Citizens Incentive Plan, target incentives are assigned for each level based on an analysis of incentive pay practices in the various industries in which we operate. The criteria for payout of awards is financial performance. The financial measures used are revenue and adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA). The Public Services Sector uses one additional measure, which is safety. Goals are established no later than the first quarter of the year for the full year. The plan criteria may be revised each year to reflect changes in our business strategy.

On June 29, 2001, we purchased from Global Crossing LTD. 100% of the stock of Frontier Corp.'s ("Frontier") local exchange carrier subsidiaries. The incentive plan for transferred Frontier employees was based on what was in place prior to the sale and is based on performance between July 1, 2001 and December 31, 2001 and on adjusted EBITDA, revenue and service measures.

2001 Annual Cash Incentive Awarded in 2002

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

The annual cash incentives approved by the Compensation Committee in March 2002 were based on 2001 performance. The company achieved its financial goals and overall the incentive pools were funded at 88.9% for Citizens employees and 71.4% for the acquired Frontier employees. A total of 2,476 employees received cash incentive awards, representing 100% of the employees eligible to receive an award.

Common Stock Long-Term Incentives

The purpose of the Equity Incentive Plan is to provide common stock-related compensation to ensure that we can effectively attract, motivate and retain executives and employees in our business sectors. Stock options are awarded only if the adjusted EBITDA target is achieved. All stock options awarded are non-qualified, awarded at fair market value and vest over four years.

Within the Equity Incentive Plan, there are two separate award programs, the Management Stock Option Plan and the Distinguished Performance Award. The Management Stock Option Plan is designed to grant stock options to executives and other key management employees for their individual contributions toward achievement of financial goals. Target awards are based on the employee's level and are designed to compensate our employees consistent with the long-term incentive compensation of companies in comparable industries.

The Distinguished Performance Award is designed to recognize and reward key employees below the management level who are considered to have high potential and who have made significant contributions. Recommendations can be made for up to 10% of the eligible population and are at the discretion of the employee's manager.

9

In May 2001, the Compensation Committee granted stock option awards to 339 executives/managers under the Management Stock Option Plan. 357 employees received stock option awards under the Distinguished Performance Award representing 10.8% of the eligible employees. Based on the achievement of the prior year's adjusted EBITDA target the pool was funded at 95%.

The Compensation Committee will consider Equity Incentive Plan Awards for 2001 performance in the spring of 2002.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

An employment agreement effective as of October 1, 2000, as amended, between Dr. Tow and us establishes his base annual salary and other items included in the "Other Annual Compensation" and "All Other Compensation" columns in the Summary Compensation Table or referred to under the heading "Employment Agreement." The employment agreement referred to in this section is summarized in a later section of the proxy statement under the heading

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

"Employment Agreement."

In 1999 and 2000, in lieu of Annual Cash Incentives for 1998 and 1999 performance, respectively, the Compensation Committee agreed to grant Dr. Tow 225,000 and 72,727 shares of our common stock, respectively, which will be awarded on January 1 of the year after his retirement. On January 1, 2001, Dr. Tow was granted an option to purchase 250,000 shares of our common stock. The options vest at a rate of 33 1/3% per year beginning on January 1, 2002, with an exercise price of \$12.907 per share. The options expire on December 31, 2010. In addition, on June 18, 2001, Dr. Tow was granted an option to purchase 195,000 shares of our common stock. The options vest at a rate of 25% per year beginning on June 18, 2002, with an exercise price of \$12.37 per share. The options expire on June 17, 2011. Also on June 18, 2001, Dr. Tow was granted phantom stock units for 100,000 shares of our common stock. These phantom stock units will settle the day after Dr. Tow's retirement and, upon settlement, Dr. Tow will receive 100,000 shares of our common stock. The Compensation Committee in 2000 also agreed to grant Dr. Tow 1,518,750 shares of our common stock, which will be awarded on January 1 of the year after his retirement. Such award was in recognition of Dr. Tow's investment foresight that enabled us to realize significant gains on our investments in certain cable television and cellular telephone companies.

The Compensation Committee will consider awards under the Amended and Restated 2000 Equity Incentive Plan for 2001 performance in the spring of 2002.

In reviewing Dr. Tow's incentive compensation for 2001, the Compensation Committee will also consider the implementation of our long-term objectives, as established by the board of directors. Principal among these is the mandate to expand and enlarge the scope and size of our communications activities through acquisitions, viewed by the board as vital to our success.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the company's chief executive officer or any of the four most highly compensated executive officers (other than the chief executive officer). Section 162(m) provides that qualifying performance-based compensation will not be subject to the tax deduction limit if certain requirements are met. While our incentive compensation programs are designed to facilitate compliance with Section 162(m), and in most cases the Compensation Committee intends to maximize the corporate tax deduction, the Committee believes that the Company must attract and retain qualified executives to manage the Company and that in some instances, the Compensation Committee may need the flexibility to offer compensation that exceeds the Section 162(m) threshold for deductibility. Total compensation paid to Dr. Tow in 2001, and total compensation scheduled to be paid to Dr. Tow in 2002, may cause the Section 162(m) limitation to be exceeded for those years. In addition, if Dr. Tow's employment terminates prior to the end of the term of employment, payments required to be made to him are expected to exceed \$1 million but, depending on the year of payment and depending on deferral arrangements, may not be subject to the limitation on tax deductibility.

Employment Agreement

We and Dr. Tow entered into a new employment agreement, dated as of October 1, 2000, which was subsequently amended, as of that date, by letter agreement. The 2000 agreement replaces the then effective 1996 employment agreement and provides for Dr. Tow to continue to serve as our Chairman and Chief Executive Officer through the end of 2005 and as an advisor-consultant

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

for an additional five-year period thereafter. Dr. Tow will be paid an annual base salary of \$900,000 through 2005, which is the same base salary provided under the 1996 agreement. After 2005, he will receive compensation of \$500,000 per year for advisory services. While he is performing these services, Dr. Tow is restricted from engaging in

11

competition that is materially detrimental to us. He is, however, permitted to serve as a director or a non-working partner, officer, or stockholder of other businesses. The 2000 agreement also provides for Dr. Tow to receive additional risk-based compensation, as described below. During their lifetimes, Dr. Tow and his wife will continue to participate in our health and other benefit plans. After his retirement from full-time employment, we will provide Dr. Tow with offices and support staff.

The 1996 agreement included a grant of 500,000 restricted performance shares of common stock (which increased to 559,974 shares due to stock dividends). In consideration of Dr. Tow entering into the 2000 agreement, we increased these restricted shares by 250,000, to 809,974, and we granted him 750,000 additional restricted shares. Restrictions on transfer will lapse on January 1, 2006, or upon death, earlier termination of employment, or certain corporate events. The restricted shares are subject to reduction under certain circumstances in accordance with a formula based on our EBITDA, as adjusted in accordance with the definition of EBITDA in the 2000 agreement, and to further proportionate reductions as set forth below. We also granted to Dr. Tow options to purchase 2.5 million shares of common stock. These options vest at the rate of 250,000 shares per year beginning on December 31, 2000, which vesting would accelerate upon early termination of the combined employment and advisory term for any reason other than good cause. The exercise price for the first 500,000 options was set at the fair market value of the Company's shares on October 1, 2000. The exercise price for each additional increment of 500,000 options is \$2.00 above the exercise price of the immediately preceding increment. The options have a 10-year term.

To compensate for tax code limitations on the amount that Dr. Tow can be paid under the company's pension plan, the 2000 agreement provides for \$15 million in additional life insurance coverage through a second-to-die, split-dollar arrangement with a trust created by Dr. Tow as beneficiary; and a single life insurance arrangement on Dr. Tow's life, with a face amount of \$5.75 million, with death benefits to be paid in part to us and in part to the trust; provided, that the aggregate payable to the trust under all applicable policies may not exceed \$15 million. The insurance coverage provided in the 2000 agreement is in addition to a \$7.5 million second-to-die policy that was part of the 1996 agreement and that continues in effect. All of the insurance arrangements purchased by us have been structured so that all premiums paid by us in providing such benefits should be recovered from insurance proceeds.

All payments due to Dr. Tow under his employment agreement will accelerate in the event we merge, consolidate with, or transfer all or substantially all of our assets or stock to another entity whose net worth, immediately preceding such transaction, is less than ours. Additionally, Dr. Tow may terminate the agreement in the event of a merger in which we are not the surviving company or in the event of a consolidation or transfer of all or substantially all of our assets or stock. If an actual change of control, as defined in the 2000 agreement, occurs that includes, among other events, (1) the acquisition by a person or group of 15% or more of our voting securities and (2) certain changes in the board of directors, then Dr. Tow will thereafter have the option to acquire, after notice to the company, up to 10 million shares of the company's common stock at a price per share equal to the fair market value of the stock

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

on the date notice is given.

All shares covered by the 2000 agreement will be adjusted to reflect the occurrence, after October 1, 2000, of stock dividends, stock splits, new issuances to holders of common stock or options, warrants, rights to acquire additional shares, or similar events.

If Dr. Tow's employment is terminated for good cause, as defined in the 2000 agreement, he will be entitled to receive his base salary through termination. In addition, he will be entitled to exercise all vested options; the restrictions on a portion of his restricted shares, which will be determined based on duration of his employment through termination and the adjusted EBITDA test, would lapse; and his split-dollar life insurance benefits would continue, subject to certain reductions. If Dr. Tow's employment terminates for any reason other than good cause, he would be entitled to receive his base salary for the remainder of the five-year term plus a bonus based on his average annual bonus prior to termination; all of his unvested options would immediately vest; and all restrictions on his restricted shares would lapse. If we elect to eliminate the advisory services for any reason other than good cause, we will be required

12

to: (1) provide life insurance coverage of \$7 million, through a split-dollar arrangement, payable to Dr. Tow's estate, his family, or a trust for their benefit or (2) pay Dr. Tow the sum of \$3.2 million less the sum of all advisory payments made to him through termination.

In the event that Dr. Tow's entitlements under the 2000 agreement are deemed to constitute excess parachute payments for tax purposes, we will pay him any tax obligation.

As of May 30, 2001, we entered into additional agreements with Dr. Tow in which: (1) he relinquished his fully-vested interest in \$6.516 million on account in the Citizens Incentive Program; (2) a second-to-die split-dollar life insurance arrangement was created with a face amount of \$15 million and with Dr. Tow and his wife as the insured, and with a trust created by Dr. Tow as the owner of the policies; and (3) a single life insurance arrangement was created on Dr. Tow's life, with a face amount of \$5.75 million, with death benefits to be paid in part to us and in part to the trust; provided, that the aggregate amount payable to the trust under all applicable policies may not exceed \$15 million. In all material respects, these insurance arrangements are similar to the split-dollar insurance arrangements provided in the 2000 agreement. As in the 2000 agreement, the insurance arrangements have been structured so that all premiums paid by us in providing the benefits should be recovered from insurance proceeds.

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

the exercise price on the date the option is exercised. There is no assurance the value realized, if any, by an executive will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on arbitrary assumptions as to variables such as interest rates, stock price volatility, and future dividend yield. The pricing model assumes a dividend yield of 0.00%, a riskless rate of return of 4.865% for the options granted on January 1, 2001, 4.960% for the options granted on January 10, 2001, 5.14% for the options granted on May 17, 2001, and 4.915% for the options granted on June 18, 2001, a six-year term to exercise, and volatility of 0.35942.

CITIZENS COMMUNICATIONS COMPANY PENSION PLAN

We have a noncontributory qualified retirement plan covering substantially all employees that provides benefits based on formulas related to base salary and years of service. Benefits shown are not subject to reduction for Social Security payments. The following table illustrates the estimated annual plan pension benefits (ten year certain for those who became participants prior to 1976) available to all covered employees (other than Kauai Electric Division employees, acquired Frontier Communications employees and certain telecommunications bargaining unit employees covered by separate benefit formulas) upon a participant's retirement at age 65 with a spouse age 62 or older. The table also assumes a preretirement death election of 100% joint and survivorship benefits. The remuneration classifications are based on the highest five-year average annual salary and the years of service represent years of credited service. Under federal tax law, remuneration above a specified annual limit may not be credited in the computation of retirement benefits under qualified plans. For 2001, this limit was \$170,000. For this reason, remuneration above \$170,000 has not been included in the table below.

Pension Plan Table

Remuneration (in thousands)	Years of Service					
	5	10	15	20	25	30
\$170	\$13	\$26	\$39	\$52	\$65	\$78

The number of full years of credited service for individuals participating in the plan and listed in the Summary Compensation Table are ten for Dr. Tow, one for Mr. Graf, one for Mr. Schneider, and one for Mr. Casey.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The graph above compares our common stock performance with the performance of the Dow Jones Industrials Index, the S&P 500 Index, the Dow Jones Utilities Index and the S&P Telephone Index by valuing the annual changes in common stock prices from December 31, 1996, through December 31, 2001, as required by Securities and Exchange Commission rules. The chart above assumes, in each case, an initial investment of \$100 on December 31, 1996, and that all quarterly dividends were reinvested at the average of the closing stock prices at the beginning and end of the quarter.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, officers, and persons holding more than 10% of a registered class of our equity securities to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of ownership, reports of changes in ownership, and annual reports of ownership of common stock and other equity securities. Such directors, officers, and 10% stockholders are also required to furnish us with copies of all such filed reports.

18

Based solely upon a review of the copies of such reports furnished to us, or representations that no reports were required, we believe that with the exception of an amended Form 4 filed by Dr. Tow on July 17, 2001, a Form 4 filed by Steven Ward on March 9, 2001, and two Forms 4 filed by Norman Botwinik on December 6, 2001, all of our directors, officers and 10% shareholders timely filed all required reports under Section 16(a) in 2001. The amended Form 4 filed by Dr. Tow reflected five transactions. Each of the Form 4s filed by Steven Ward and Norman Botwinik reflected one transaction.

AGREEMENTS WITH ELI

General

We own, through our wholly-owned subsidiary CU CapitalCorp., 100% of the outstanding Class B Common Stock of Electric Lightwave, Inc. ("ELI") and 27,571,332 shares of Class A Common Stock of ELI. CU CapitalCorp. acquired the shares of Class A Common Stock in the open market through brokerage transactions in the ordinary course of business, solely as an investment and to ensure that we maintain a sufficient economic interest in ELI to permit the continued filing of consolidated tax returns. On June 29, 2001, ELI filed an application for listing Class A Common Stock on the Nasdaq SmallCap Market because it no longer met the criteria for inclusion on the Nasdaq National Market System. As a part of that application process, on August 24, 2001, we converted 25,283,688 shares of ELI's Class B Common Stock that we owned into the same number of shares of Class A Common Stock. Leonard Tow, our Chairman of the Board and Chief Executive Officer, is the Chairman of the Board of ELI. Scott N. Schneider, our Executive Vice President and Vice Chairman of our board of directors, is Executive Vice President and a director of ELI. Donald B. Armour, our Vice President, Finance and Treasurer, is Vice President, Finance and Treasurer of ELI. Robert Braden, our Vice President, Chief Executive Officer of the Electric Lightwave Sector, and Executive Vice President of the ILEC Division, is also Chief Executive Officer and a director of ELI. Jerry Elliott, our Vice President and Chief Financial Officer, is also Vice President and Chief Financial Officer of ELI. Robert J. Larson, our Vice President and Chief Accounting Officer, is also Vice President and Chief Accounting Officer of ELI. Daniel J. McCarthy, our Vice President and President and Chief Operating Officer of the Electric Lightwave Sector, is also President and Chief Operating Officer of ELI. L. Russell Mitten, our Vice President, General Counsel and Secretary, is also the Secretary of ELI. Rudy J. Graf, our President, Chief Operating Officer and Vice Chairman of our board of directors, is also a director of ELI. Stanley Harfenist and Robert Stanger, our directors, are also directors of ELI.

Our relationship with ELI is governed by agreements entered into with ELI in connection with its initial public offering and certain other agreements, the material terms of which are described below.

Administrative Services Agreement

The Administrative Services Agreement provides for us to render certain financial management services, information services, legal and contract services, human resources services, and corporate planning services to ELI. Under the terms of the Administrative Services Agreement, all of the services rendered by us are subject to the oversight, supervision, and approval of ELI, acting through its board of directors.

The administrative costs payable by ELI to us pursuant to the Administrative Services Agreement are not expected to exceed the fees that would be paid if such services were to be provided by an independent third party.

The Administrative Services Agreement will terminate on December 31, 2005, unless earlier terminated by us or by ELI. The Administrative Services Agreement will be renewed automatically for additional terms of two years unless either party gives at least six months written notice before a scheduled termination date. The Administrative Services Agreement can be terminated upon a material breach and will be terminated upon a change of control of ELI. Pursuant to the Administrative Services Agreement, \$7,985,000 in fees were payable to us for 2001 by ELI, excluding reimbursements for costs.

Tax Sharing Agreement

As ELI is included in our consolidated income tax group, ELI's federal income tax liability is included in the consolidated federal income tax liability of us and our subsidiaries. ELI is also included with some subsidiaries in combined, consolidated, or unitary income tax groups for state and local tax purposes. We and ELI are parties to a federal, state, and local Tax Sharing Agreement. Pursuant to the Tax Sharing Agreement, we and ELI make payments between us such that, with respect to any period, the amount of taxes to be paid by ELI, subject to certain adjustments, will generally be determined as though ELI were to file separate federal, state and local income or franchise tax returns (including, except as provided below, any amounts determined to be due as a result of a redetermination of our tax liability arising from an audit or otherwise). ELI is responsible for any tax liability due any foreign jurisdiction arising from its business activities. The Tax Sharing Agreement will remain in effect so long as any taxing jurisdiction requires the filing of a combined tax return by both ELI and us.

We have sole and exclusive responsibility for (i) preparing any tax returns (including amended returns or claims for refund) of ELI; (ii) representing ELI with respect to any tax audit or tax contest; (iii) engaging outside counsel and accountants with respect to tax matters regarding ELI; and (iv) performing such other acts and duties with respect to ELI's tax returns as we determine is appropriate. The amounts that ELI will pay under the Administrative Services Agreement will encompass reimbursement to us for all direct and indirect costs and expenses incurred with respect to ELI's share of the overall costs and expenses incurred by us with respect to tax related services.

Each member of a consolidated group is jointly and severally liable for the federal income tax liability of each other member of the consolidated group. Accordingly, although the Tax Sharing Agreement allocates tax liabilities between us and ELI, during the period in which ELI is included in our consolidated group, ELI could be liable in the event that any federal tax liability is incurred, but not discharged, by any other member of our consolidated group.

Indemnification Agreement

We and ELI are parties to an Indemnification Agreement. The Indemnification Agreement provides that ELI will indemnify us for any liabilities incurred by us under any guarantees of ELI's obligations or liabilities of ELI and that ELI will pay us for our direct costs, if any, of maintaining such guarantees.

Registration Rights Agreement

We and ELI are parties to a Registration Rights Agreement. The Registration Rights Agreement provides that, upon our request, ELI, at its expense, will use its best efforts to effect the registration under the applicable federal and state securities laws of any of the shares of common stock (and any other securities issued in respect of or in exchange therefor) held by us for sale in accordance with ELI's intended method of disposition thereof and will take such other actions necessary to permit the sale thereof in other jurisdictions, subject to certain specified limitations. We will also

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

have the right, at our expense, to include the shares of common stock held by us in certain other registrations of common equity securities of ELI initiated by ELI on its own behalf or on behalf of its other shareholders.

Customers and Service Agreement

We and ELI are parties to a Customers and Service Agreement. The Customers and Service Agreement contains provisions prohibiting ELI from competing with us for customers in our existing service areas and in certain new lower density territories that we were or will be first to enter after ELI's initial public offering. We have agreed that we will not compete with ELI in the service territories where we provided services prior to ELI's initial public offering and in certain new higher density territories where ELI was or will be first to provide services after ELI's initial public offering. Neither we nor ELI may solicit an existing wholesale customer of the other company for services that such customer is currently receiving under contract from the other company. The relevant provisions were intended to permit ELI to continue all activities that it engaged in prior to its initial public offering and to expand into

20

related markets. The Customers and Service Agreement will remain in effect until we cease to own a majority of the voting interest of the capital stock of ELI or our designees cease to constitute a majority of ELI's directors.

Citizens' Guarantees of ELI's Obligations

Lease. In June 1995, ELI entered into agreements to lease certain equipment to be constructed for ELI. The lessor has agreed to commit up to a maximum of \$110,000,000 of the cost of purchasing and installing the equipment. In January 2002, ELI exercised its option to purchase the facilities at the end of the lease term. Payments under the lease depend on current interest rates. Assuming continuation of current interest rates, payments would approximate \$872,000 from January 1, 2002 through April 30, 2002 and a final payment of approximately \$110,000,000 in April 2002. We have guaranteed all obligations of ELI under the Lease and ELI is required to pay us a guarantee fee of 3.25% per year of the amount of the lessor's investment in the leased assets. At December 31, 2001, \$110,000,000 was outstanding on the lease.

Credit Facility. On November 2, 1997, ELI entered into a five-year, \$400 million revolving credit facility with Citibank, as agent for a group of lending banks. We have agreed to guarantee all debt obligations under the credit facility. The credit facility requires that we maintain a minimum net worth of at least \$1 billion and continue to own at least 51% of the outstanding common stock of ELI. ELI has agreed to pay us a guarantee fee at a rate of 3.25% per year based on the average balance outstanding. At December 31, 2001, ELI had outstanding loans payable to Citibank in the amount of \$400 million.

ELI Senior Unsecured Notes. In April 1999, ELI completed an offering of \$325 million of five-year senior unsecured notes. The notes have an annual interest rate of 6.05% and will mature on May 15, 2004. We have guaranteed the payment of principal, any premium, and interest on the notes when due. ELI has agreed to pay us a guarantee fee at a rate of 4.0% per year based on the average outstanding balance. At December 31, 2001, ELI had \$325 million of these notes outstanding.

For 2001, the amount payable to us by ELI was \$29.6 million in fees for

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

guarantees to ELI under the lease, the revolving credit facility and the senior unsecured notes.

License Agreement Guaranty. ELI has entered into a license agreement with the Bonneville Power Administration whereby ELI will obtain a license to use fiber optic cable on Bonneville's transmission system. On May 15, 2000, we entered into a guaranty agreement with Bonneville under which we guarantee the payment of the license fee, annual maintenance fee and any liquidated damages provided for in the license agreement.

Refinancing of Obligations

We and ELI have agreed that, if we intend to reduce our economic interest in ELI to less than 51%, we will be entitled to request ELI to refinance its obligations under the lease and the credit facility and ELI will be obligated to use its best efforts to do so. This refinancing would occur when we reduce our economic interest in ELI to less than 51%.

Telecommunications Services

Citizens Communications has transactions in the normal course of business with ELI. Our communications sector is an Incumbent Local Exchange Carrier ("ILEC") in certain markets in which ELI provides services. In order to provide services in those markets, ELI purchases access from our communications sector. ELI is charged the full-tariffed rate for those services, which was \$1,193,000 in 2001, representing usage-based charges for the services provided. Our communications sector purchases certain services from ELI at prevailing market rates. In 2001, ELI recognized revenue in the amount of \$2,924,000 for these related party transactions.

Network Capacity Lease

In 1996, ELI entered into an agreement to lease rights to fiber optic lines on ELI's network to us over 10 years for a monthly fee of \$30,000.

21

In 1999, ELI entered into an agreement to lease certain capacity on its network to us over 20 years. Performance under this agreement began when services were activated during 2000. We paid ELI \$6.5 million under this agreement in 1999.

Intercompany Agreement

We, along with ELI, desire to provide compensation incentives for certain employees of ELI for high levels of performance and productivity. Therefore, we entered into an Intercompany Agreement dated as of September 11, 2000 with ELI whereby we granted to certain employees of ELI an aggregate of 205,000 shares of our common stock in the form of restricted stock awards pursuant to the Citizens Communications Company Equity Incentive Plan. In consideration for our restricted stock awards, ELI has agreed to grant us 263,425 shares of restricted ELI Class B Common Stock. The 263,425 shares of restricted ELI Class B Common Stock had on September 11, 2000, a fair market value equivalent to the fair market value of our restricted stock awards. The restrictions on a proportionate number of ELI Class B Common Stock will lapse with the lapse of restrictions on our stock. Our Compensation Committee and the Compensation

Edgar Filing: CITIZENS COMMUNICATIONS CO - Form DEF 14A

Committee of ELI have approved the Intercompany Agreement.

Intercompany Revolving Credit Agreement

On October 30, 2000, we entered into a revolving credit facility with ELI for \$450 million with an interest rate of 15% and a final maturity of October 30, 2005. Funds of \$350 million for general corporate purposes are available to be drawn by ELI until December 31, 2002. The remaining balance may be drawn by ELI to pay interest expense due under the facility. At December 31, 2001, the outstanding balance under this facility was \$194.5 million.

Other

In the future, additional transactions may occur and agreements may be reached between us and ELI in a number of areas relating to our past and ongoing relationships, including potential acquisitions of businesses or properties or other corporate opportunities, potential competitive business activities, payment of dividends, incurrence of indebtedness, guarantees, tax matters, financial commitments, marketing functions, indemnity arrangements, registration rights, administrative and services arrangements, and issuances or sales of capital stock of ELI.

CERTAIN OTHER RELATIONSHIPS AND RELATED TRANSACTIONS

Fleischman and Walsh, LLP, of which Aaron Fleischman (a director) is Senior Partner, performed legal services for us for which it was paid approximately \$3.3 million in 2001. We propose to retain Fleischman and Walsh during the current year.

Audit and Other Fees

The aggregate fees paid to KPMG LLP, our independent public accountants, for professional services rendered for the audit of our annual consolidated financial statements for 2001 and for the reviews of our quarterly financial statements included in our Forms 10-Q for 2001 were approximately \$2,750,000 (including fees for the stand-alone audit of the annual financial statements and reviews of the quarterly financial statements of Electric Lightwave, Inc., the company's publicly traded consolidated subsidiary and fees in connection with the Frontier companies).
