PROXY STATEMENT FOR PROTALIX BIOTHERAPEUTICS, INC.

2007 ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON

JANUARY 31, 2008

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Protalix BioTherapeutics, Inc. is soliciting your proxy to vote at the 2007 annual meeting of shareholders and any adjournments of the meeting to be held at 4:00 p.m., Israel time, on January 31, 2008 at the Sheraton Tel Aviv, 115 HaYarkon Street, Tel Aviv, Israel. This proxy statement along with the accompanying Notice of Annual Meeting of Shareholders summarizes the purposes of the meeting and the information you need to know to vote at the annual meeting.

We anticipate that on December 31, 2007, we will begin sending this proxy statement, the attached Notice of Annual Meeting and the form of proxy enclosed to all shareholders entitled to vote at the meeting. Although not part of this proxy statement, we are also sending along with this proxy statement our Annual Report on Form 10-K, as amended, which includes financial statements for the fiscal year ended December 31, 2006. You can also find a copy of our Annual Report on Form 10-K, as amended, for the fiscal year ended December 31, 2006 on the Internet through the electronic data system called EDGAR provided by the Securities and Exchange Commission at <http://www.sec.gov> or through the Investor Relations section of our website at <http://www.protalix.com>. Additional copies of the Annual Report on Form 10-K, as amended, for the fiscal year ending December 31, 2006 are available upon request.

Who Can Vote?

Only holders of our common stock, par value \$0.001 per shares of record, at the close of business on December 24, 2007 are entitled to vote at the annual meeting. On this record date, there were 75,685,318 shares of common stock outstanding and entitled to vote. The common stock is currently our only outstanding class of voting stock.

You do not need to attend the annual meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting.

How Many Votes Do I Have?

Each share of common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. Voting by proxy will not affect your right to attend the annual meeting.

If your shares are registered directly in your name through our stock transfer agent, American Stock Transfer & Trust Company, or you have stock certificates, you may vote:

• By mail. Complete, date, sign and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

• By Internet or by telephone. Follow the instructions attached to the proxy card to vote by Internet or telephone.

• In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

If your shares are held in "street name" (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can generally do so as follows:

• By mail. You will receive instructions from your broker or other nominee explaining how to vote your shares.

• By Internet or by telephone. Follow the instructions you receive from your broker to vote by Internet or telephone.

• In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

What am I Voting On?

You are voting on:

• The election of eight members to our Board of Directors to serve for the ensuing year or until their respective successors have been duly elected (Eli Hurvitz, David Aviezer, Ph.D., Yoseph Shaaltiel, Ph.D., Alfred Akirov, Zeev Bronfeld, Yodfat Harel Gross, Eyal Sheratzky and Sharon Toussia-Cohen).

• The ratification of the appointment of Kesselman and Kesselman, Certified Public Accountant (Isr.), A Member of PricewaterhouseCoopers International Limited, as our independent registered public accounting firm for the fiscal year ending December 31, 2007.

How Does the Board of Directors Recommend that I Vote at the Meeting?

The Board of Directors recommends that you vote as follows:

• "FOR" the election or re-election of all director nominees named in the "Proposal 1: Election of Directors" section in this proxy statement.

• "FOR" the ratification of Kesselman and Kesselman as our independent registered public accounting firm for the 2007 fiscal year, as named in the "Proposal 2: Ratification of Independent Registered Public Accounting Firm" section in this proxy statement.

If any other matter is properly presented at the meeting or any adjournment, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the annual meeting, other than those discussed in this proxy statement.

What Constitutes a Quorum for the Meeting?

The holders of a majority of all of the shares of common stock entitled to vote at the annual meeting, present in person or by proxy, shall constitute a quorum at the annual meeting. Of the 75,685,318 shares of common stock outstanding as of the record date, a majority, or more than

37,842,659 shares, must be present at the meeting in person or represented by proxy to hold the meeting and conduct business. Once a quorum is established at a meeting, it shall not be broken by the withdrawal of enough votes to leave less than a quorum. Votes of shareholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

What are the Voting Requirements to Approve a Proposal?

Assuming a quorum is present, nominees for director must receive a plurality of the votes cast to be elected. This means that the eight nominees receiving the highest number of votes will be elected. The ratification of the appointment of our independent registered public accountant and any other proposal that may properly be brought before the meeting must receive the affirmative vote of a majority of the votes cast by the shareholders. Neither abstentions nor withheld votes will have any effect on the outcome of the vote, but both abstentions and withheld votes will be counted for the purposes of determining whether a quorum is present.

How are My Votes Cast when I Sign and Return a Proxy Card?

When you sign the proxy card or submit your proxy by telephone or over the Internet, you appoint David Aviezer, Ph.D., our president and chief executive officer, and Yossi Maimon, our Vice President and chief financial officer, as your representatives at the meeting. Either David Aviezer or Yossi Maimon will vote your shares at the meeting as you have instructed them on the proxy card. Each of such persons may appoint a substitute for himself.

Even if you plan to attend the meeting, it is a good idea to complete, sign and return your proxy card or submit your proxy by telephone or over the Internet in advance of the meeting in case your plans change. This way, your shares will be voted by you whether or not you actually attend the meeting.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before it is voted at the meeting. There will be no double counting of votes. You may revoke your proxy in any one of the following ways:

- entering a new vote or by granting a new proxy card or new voting instruction bearing a later date (which automatically revokes the earlier instructions);
- if your shares are held in street name, re-voting by Internet or by telephone as instructed above. Only your latest Internet or telephone vote will be counted;
- notifying our Corporate Secretary, Yossi Maimon, in writing before the annual meeting that you have revoked your proxy; or
- attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

What if I Receive More than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under “How Do I Vote?” for each account to ensure that all of your shares are voted.

What if I do not Vote for Some of the Matters Listed on My Proxy Card?

If you return your proxy card without indicating your vote, your shares will be voted for the nominees listed on the card and for the ratification of the appointment of Kesselman & Kesselman.

What if I Vote “Abstain”?

A vote to “abstain” on any matter will have the effect of a vote against the matter.

3

Will My Shares be Voted if I do not Return My Proxy Card and do not Attend the Annual Meeting?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under “How Do I Vote?”.

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under “How Do I Vote?,” the bank, broker or other nominee has the authority to vote your un-voted shares on any of the matters scheduled to come before the meeting even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a “broker non-vote.” A broker non-vote will have no effect on the vote for any matter scheduled to be considered at the meeting but is counted as present for purposes of determining the presence or absence of a quorum for the annual meeting.

Is Voting Confidential?

Yes. Only the inspector of elections and our employees that have been assigned the responsibility for overseeing the legal aspects of the annual meeting will have access to your proxy card. The inspector of elections will tabulate and certify the vote. Any comments written on the proxy card will remain confidential unless you ask that your name be disclosed.

What are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

Could other Matters be Decided at the Annual Meeting?

We do not know of any other matters that will be considered at the annual meeting. If any other matters arise at the annual meeting, the proxies will be voted at the discretion of the proxy holders.

What Happens if the Annual Meeting is Postponed or Adjourned?

Your proxy will still be valid and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

Do I Need a Ticket to Attend the Annual Meeting?

Yes, you will need an admission ticket or proof of ownership of common stock to enter the annual meeting. If you are a shareholder of record, your admission ticket is the bottom half of the proxy card sent to you. If you plan to attend the annual meeting, please so indicate when you vote and bring the ticket with you to the annual meeting. If your shares are held in the name of a bank, broker or other holder of record, your admission ticket is the left side of your voting information form. If you do not bring your admission ticket, you will need proof of ownership to be admitted to the annual meeting. A recent brokerage statement or letter from a bank or broker is an example of proof of ownership. If you arrive at the annual meeting without an admission ticket, we will admit you only if we are able to verify that you

are a shareholder of our company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file with the Securities and Exchange Commission reports regarding their ownership and changes in ownership of our equity securities. Curtis Lockshin, one of our former directors, failed to file a Form 3 upon his appointment to our Board of Directors. Otherwise, we believe that all Section 16 filings requirements were met during 2006. In making this statement, we have relied solely upon examination of the copies of Forms 3, 4 and 5 provided to us and the written representations of our former and current directors, officers and 10% shareholders.

Change of Control

On December 31, 2006, we acquired through a merger of our wholly owned subsidiary, Protalix Acquisition Co. Ltd., all of the outstanding shares of Protalix Ltd., a privately-held Israeli biotechnology company, in exchange for shares of our common stock. As a result, Protalix Ltd. is now our wholly-owned subsidiary, with the former shareholders of Protalix Ltd. having acquired, at the closing of the merger, in excess of 99% of our then outstanding shares of common stock. In connection with the merger, we effected a one-for-ten reverse stock split. All share numbers in this proxy statement give effect to such reverse stock split. At the closing of the merger, the former shareholders of Protalix Ltd. received shares of our common stock in exchange for all of their shares of Protalix Ltd. in a proportion equal to approximately 61 shares of our common stock for each one ordinary share of Protalix Ltd. As a result, at the closing of the merger, we issued an aggregate of 61,198,679 shares of our common stock to the former shareholders of Protalix Ltd., and the shares of our common stock that were outstanding prior to the merger represented less than 1% of our outstanding shares of common stock on a fully diluted basis. In addition, we assumed the obligations under outstanding warrants previously issued by Protalix Ltd. to purchase 117,168 of Protalix Ltd.'s ordinary shares and, in connection therewith, we issued warrants and options to purchase 7,504,242 shares of our common stock to certain shareholders and board members of Protalix Ltd. Pursuant to the terms of the merger agreement, we assumed all of the outstanding obligations under Protalix Ltd.'s stock option plan and, accordingly, issued options to purchase 5,375,174 shares of our common stock and have reserved an additional 4,366,481 shares of our common stock under our stock incentive plan for future allocation.

PROPOSAL 1: ELECTION OF DIRECTORS

At the annual meeting, our shareholders will be asked to elect eight directors for a one-year term expiring at the next annual meeting of shareholders. Each director will hold office until his or her successor has been elected and qualified or until the director’s earlier resignation or removal.

Our Board of Directors recommends that the persons named below be elected as directors of our company and it is intended that the accompanying proxy will be voted for their election as directors, unless the proxy contains contrary instructions. Shares of common stock represented by all proxies received by the Board of Directors and not so marked as to withhold authority to vote for any individual nominee or for all nominees will be voted (unless one or more nominees are unable to serve) for the election of the nominees named below. The Board of Directors knows of no reason why any such nominee should be unable or unwilling to serve, but if such should be the case, proxies will be voted for the election of some other person or the size of the Board of Directors will be fixed at a lower number.

Except for Alfred Akirov, each of the nominees currently serves as a member of our Board of Directors. The directors are elected by a plurality of the votes cast by the shareholders present or represented by proxy and entitled to vote at the annual meeting.

Nominees for Election to the Board of Directors

The names of the nominees for election to the Board of Directors and certain information about such nominees are set forth below. For information concerning the number of shares of common stock beneficially owned by each nominee, see “Security Ownership of Certain Beneficial Owners and Management” above.

Independent Directors

We believe a majority of the members of our Board of Directors are independent from management. When making determinations from time to time regarding independence, the Board of Directors will reference the listing standards adopted by the American Stock Exchange as well as the independence standards set forth in the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated by the Securities and Exchange Commission under that Act. In particular, our Audit Committee periodically evaluates and reports to the Board of Directors on the independence of each member of the Board of Directors. We anticipate that the Audit Committee will analyze whether a director is independent by evaluating, among other factors, the following:

the member of the Board of Directors has any material relationship with us, either directly, or as a partner, shareholder or officer of an organization that has a relationship with us;

member of the Board of Directors is a current employee of our company or our subsidiaries or was an employee of our company or our subsidiaries within three years preceding the date of determination;

member of the Board of Directors is, or in the three years preceding the date of determination has been, affiliated with or employed by (i) a present internal or external auditor of our company or any affiliate of such auditor, or (ii) any former internal or external auditor of our company or any affiliate of such auditor, which performed services for us within three years preceding the date of determination;

member of the Board of Directors is, or in the three years preceding the date of determination has been, part of an interlocking directorate, in which any of our executive officers serve on the Compensation Committee of another company that concurrently employs the member as an executive officer;

member of the Board of Directors receives any compensation from us, other than fees or compensation for service as a member of the Board of Directors and any committee of the Board of Directors and reimbursement for reasonable

expenses incurred in connection with such service and for reasonable educational expenses associated with Board of Directors or committee membership matters;

10

- Whether an immediate family member of the member of the Board of Directors is a current executive officer of our company or was an executive officer of our company within three years preceding the date of determination;

- Whether an immediate family member of the member of the Board of Directors is, or in the three years preceding the date of determination has been, affiliated with or employed in a professional capacity by (i) a present internal or external auditor of ours or any of our affiliates or (ii) any former internal or external auditor of our company or any affiliate of ours which performed services for us within three years preceding the date of determination; and

- Whether an immediate family member of the member of the Board of Directors is, or in the three years preceding the date of determination has been, part of an interlocking directorate, in which any of our executive officers serve on the Compensation Committee of another company that concurrently employs the immediate family member of the member of the Board of Directors as an executive officer.

The above list is not exhaustive and we anticipate that the Audit Committee will consider all other factors which could assist it in its determination that a director will have no material relationship with us that could compromise that director's independence.

Under these standards, our Board of Directors has determined that Messrs. Bar-Shalev and Toussia-Cohen and Ms. Yodfat Harel Gross are considered "independent" pursuant to the rules of the American Stock Exchange and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended. In addition, our Board has determined that at least two of these members of the Board of Directors are able to read and understand fundamental financial statements and have substantial business experience that results in their financial sophistication, qualifying them for membership on our Audit Committee. Our Board of Directors has also determined that Messrs. Bronfeld, Bar-Shalev, Toussia-Cohen and Sheratzky and Ms. Harel Gross, and Messr. Akirov, the Director nominee, are "independent" pursuant to the rules of the American Stock Exchange.

Our non-management directors hold formal meetings, separate from management, at least twice per year. We have no formal policy regarding attendance by our directors at annual meetings of shareholders, although we encourage such attendance and anticipate most of our directors will attend these meetings. We did not hold an annual shareholders meeting in 2006.

Board and Committee Meetings

The Company's Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee. The following indicates the members of each committee and provides a description of the committees' primary functions:

Audit Committee

We require that all Audit Committee members possess the required level of financial literacy and at least one member of the Committee meet the current standard of requisite financial management expertise as required by the American Stock Exchange and applicable rules and regulations of the Securities and Exchange Commission. Messrs. Toussia-Cohen and Bar-Shalev and Ms. Harel Gross have been appointed by the Board of Directors to serve on the Audit Committee until their respective successors have been duly elected.

Our Audit Committee operates under a formal charter that governs its duties and conduct. A current copy of the Audit Committee Charter is attached hereto as Appendix A and is available on our website at <http://www.protalix.com>.

All members of the Audit Committee are independent from our executive officers and management.

Our independent registered public accounting firm reports directly to the Audit Committee.

11

Our Audit Committee meets with management and representatives of our registered public accounting firm prior to the filing of officers' certifications with the Securities and Exchange Commission to receive information concerning, among other things, effectiveness of the design or operation of our internal controls over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

Our Audit Committee has adopted a Policy for Reporting Questionable Accounting and Auditing Practices and Policy Prohibiting Retaliation against Reporting Employees to enable confidential and anonymous reporting of improper activities to the Audit Committee.

Messrs. Toussia-Cohen and Bar-Shalev qualify as "audit committee financial experts" under the applicable rules of the Securities and Exchange Commission. In making the determination as to these individuals' status as audit committee financial experts, our Board of Directors determined they have accounting and related financial management expertise within the meaning of the aforementioned rules, as well as the listing standards of the American Stock Exchange.

Compensation Committee

The Compensation Committee reviews and approves the compensation of executive officers and key employees and administers our stock incentive plan. A current copy of the Compensation Committee Charter is available on our website at <http://www.protalix.com>.

Nominating Committee

The Nominating Committee, currently comprised of Messrs. Bronfeld, Sheratzky and Toussia-Cohen is responsible for assisting the Board of Directors in selecting nominees for election to the Board of Directors and monitoring the composition of the Board of Directors. A current copy of the Nominating Committee Charter is available on our website at <http://www.protalix.com>. In considering potential new directors and officers, the Nominating Committee will review individuals from various disciplines and backgrounds, and consider the following qualifications: broad experience in business, finance or administration; familiarity with national business matters; familiarity with our industry; independence; and prominence and reputation. After making such a review, the Nominating Committee submits the nomination to the full Board of Directors for approval. The Nominating Committee will consider nominees recommended by shareholders, provided such nominees are qualified as described above. Shareholders can mail any such recommendations, including the criteria outlined above, to the Corporate Secretary, Protalix BioTherapeutics, Inc., 2 Snunit Street, Science Park, POB 455, Carmiel, Israel 20100.

During the year ended December 31, 2006, there were six meetings of the Board of Directors of Protalix Ltd., one meeting of the Audit Committee of Protalix Ltd., and one meeting of the Compensation Committee of Protalix Ltd. Our non-management directors hold meetings separate from management at least twice per year. All directors attended at least 75% of the aggregate number of meetings of the Board of Directors and the committees of the Board of Directors on which they served.

Under the rules of the American Stock Exchange, a director of our company will only qualify as an "independent director" if, among other things, in the opinion of our Board of Directors, that person does not have a material relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board of Directors has determined that none of the directors has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an "independent director" as defined under rules of the American Stock Exchange. In addition, the Board of Directors has determined that all members of the Audit Committee meet the independence requirements set forth in Rule 10A-3 under the Exchange Act.

Contacting the Board of Directors

Shareholders who wish to communicate with the Board of Directors may do so by mailing any such communications to the Corporate Secretary, Protalix BioTherapeutics, Inc., 2 Snunit Street, Science Park, POB 455, Carmiel, Israel 20100. All communications are distributed to the Board of Directors, as appropriate, depending upon the facts and circumstances outlined in the communications received. For example, if any complaints regarding accounting and/or auditing matters are received, they may be forwarded by our Corporate Secretary to the Audit Committee for review.

Policy Governing Director Attendance at Annual Meetings of Shareholders

We have no formal policy regarding attendance by our directors at annual shareholders meetings, although we encourage such attendance and anticipate most of our directors will attend these meetings. We did not hold an annual meeting of shareholders in 2006.

Compensation of Directors

Except for our contractual arrangement with Pontifax Management Company, Ltd. with respect to Mr. Hurvitz's participation on our Board of Directors, we do not currently compensate our directors. See "Certain Relationships and Related Transactions." We do believe that it is important to attract and retain outstanding non-employee directors and intend to compensate our non-employee directors in the future.

The following table sets forth information with respect to compensation of our directors during fiscal year 2006. The fees to our current directors during fiscal year 2006 were paid by Protalix Ltd., our wholly-owned subsidiary. Prior to our merger with Protalix Ltd., Protalix Ltd. compensated only certain of its directors, which compensation was limited to the granting of options under its employee stock option plan. The "former directors" were our directors prior to the consummation of the merger.

The Code of Business Conduct and Ethics includes provisions applicable to all of our employees, including senior financial officers and members of our Board of Directors and is posted on our website (<http://www.protalix.com>). We intend to post amendments to or waivers from any such Code of Business Conduct and Ethics.

Compensation Discussion and Analysis

The primary goals of the Compensation Committee of our Board of Directors with respect to executive compensation are to attract and retain the most talented and dedicated executives possible, to tie annual and long-term cash and stock incentives to achievement of specified performance objectives, and to align executives' incentives with shareholder value creation. To achieve these goals, the Compensation Committee intends to implement and maintain compensation plans that tie a portion of executives' overall compensation to key strategic goals such as developments in our clinical path, the establishment of key strategic collaborations, the build-up of our pipeline and the strengthening of our financial position. The Compensation Committee evaluates individual executive performance with a goal of setting compensation at levels the committee believes are comparable with executives in other companies of similar size and stage of development operating in the biotechnology industry while taking into account our relative performance and our own strategic goals.

Elements of Compensation

Executive compensation consists of following elements:

Base Salary. Base salaries for our executives are established based on the scope of their responsibilities taking into account competitive market compensation paid by other companies for similar positions. Generally, we believe that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions with similar responsibilities at comparable companies. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. For 2007, this review will take place during the second quarter, and the base salaries are set forth above under "Employment Agreements and Change in Control Arrangements."

Annual Bonus. The Compensation Committee has the authority to award discretionary annual bonuses to our executive officers. It has not established a formal bonus plan. These awards are intended to compensate officers for achieving financial, clinical and operational goals and for achieving individual annual performance objectives. These objectives vary depending on the individual executive, but relate generally to strategic factors such as developments in our clinical path, the establishment of key strategic collaborations, the build-up of our pipeline, and to financial factors such as raising capital.

For each year, the Compensation Committee will select, in its discretion, the executive officers of our company or our subsidiary who are eligible to receive bonuses. Any bonus granted by the Compensation Committee will generally be

paid in the first quarter following completion of a given year. Similar to bonuses paid in the past, the actual amount of discretionary bonus will be determined following a review of each executive's individual performance and contribution to our goals. The Compensation Committee has not fixed a minimum or maximum payout for any officer's annual discretionary bonus, unless specified in an executive's employment agreement.

16

Pursuant to each officer's employment agreement, the executive officer is eligible for a discretionary annual bonus. The Compensation Committee determines the discretionary annual bonus paid to our executive officers, and the discretionary bonus awarded to certain officers in 2007 for performance in 2006. The actual amount of discretionary bonus is determined following a review of each executive's individual performance and contribution to our strategic goals conducted during the first quarter of each fiscal year. The Compensation Committee has not fixed a minimum or a maximum amount for any officer's annual discretionary bonus. During March 2007, the Compensation Committee awarded a total of approximately \$219,000 to the Named Executive Officers for their performance during the year 2006. These bonuses were in recognition of the ongoing efforts of the Named Executive Officers in achieving our milestones regarding clinical developments, financial developments, and others.

Options. Our 2006 Stock Option Plan authorizes us to grant options to purchase shares of common stock to our employees, directors and consultants. Our Compensation Committee is the administrator of the stock option plan. Stock option grants are generally made at the commencement of employment and following a significant change in job responsibilities or to meet other special retention or performance objectives. The Compensation Committee reviews and approves stock option awards to executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of each executive's existing long-term incentives, and retention considerations. In 2006, our Named Executive Officers were awarded stock options in the amounts indicated under "Grants of Plan Based Awards". These grants included grants made in September and August, 2006, either as the first grant to one named executive upon commencement of employment or in recognition of exceptional contributions to our company relating to developments in the clinical path, and in connection with a merit-based grant to a large number of employees intended to encourage an ownership culture among our employees. The exercise price of stock options granted under the 2006 Stock Incentive Plan must be equal to at least 100% of the fair market value of our common stock on the date of grant; however, in certain circumstances, grants may be made at a lower price to Israeli grantees who are residents of the State of Israel.

Severance and Change in Control Benefits. Pursuant to the employments agreements entered into with each of our executive officers, the executive officer is entitled to be insured by Protalix Ltd. under a Manager's Policy in lieu of severance. The intention of such Manager's Policies is to provide the officers with severance protection of one month's salary for each year of employment. In addition, the stock option agreements provide for the acceleration of the vesting periods of options in the event of a termination without cause following a change in control of our company.

Other Compensation. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers; however, the Compensation Committee in its discretion may revise, amend, or add to the officer's executive benefits if it deems it advisable. As an additional benefit to all of our Named Executive Officers and for most of our employees, we contribute to certain funds amounts equaling a total of approximately 15% of their gross salaries for certain pension and other savings plans. In addition, in accordance with customary practice in Israel, our executives' agreements require us to contribute towards their vocational studies, and to provide annual recreational allowances, a company car and a company phone. We believe these benefits are currently equivalent with median competitive levels for comparable companies.

Executive Compensation. We refer to the "Summary Compensation Table" below for information regarding the compensation earned during the fiscal year ended December 31, 2006 by our chief executive officer, our executive vice president research and development, our vice president product development and our chief financial officer. There are no other executive officers for 2006 whose total compensation exceeded \$100,000 during that fiscal year other than those set forth below. We refer to our chief executive officer, our executive vice president research and development, our vice president product development and our chief financial officer as our "Named Executive Officers."

Compensation Committee Report

The above report of the Compensation Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth below with our management. 2006 Stock Incentive Plan

Our Board of Directors and a majority of our shareholders approved our 2006 Stock Incentive Plan on December 14, 2006 and cancelled our 1998 stock option plan (no options were outstanding under the 1998 plan at that time). We have reserved 9,741,655 shares of our common stock for issuance, in the aggregate, under the 2006 Stock Incentive Plan, subject to adjustment for a stock split or any future stock dividend or other similar change in our common stock or our capital structure. Immediately prior to the closing of the merger, Protalix Ltd. had outstanding options to purchase 88,001 ordinary shares under its employee stock option plan. Pursuant to the terms of the merger agreement, we assumed all of the outstanding obligations under such plan and, accordingly, approximately 5,375,174 shares of our common stock under our 2006 Stock Incentive Plan. As of March 15, 2007, options to acquire 4,366,481 shares of common stock remain available to be granted under our 2006 Stock Incentive Plan.

Our 2006 Stock Incentive Plan provides for the grant of stock options, restricted stock, restricted stock units, stock appreciation rights and dividend equivalent rights, collectively referred to as "awards." Stock options granted under the 2006 Stock Incentive Plan may be either incentive stock options under the provisions of Section 422 of the Internal Revenue Code, or non-qualified stock options. Incentive stock options may be granted only to employees. Awards other than incentive stock options may be granted to employees, directors and consultants. The 2006 Stock Incentive Plan is also in compliance with the provisions of the Israeli Income Tax Ordinance New Version, 1961 (including as amended pursuant to Amendment 132 thereto) and is intended to enable us to grant awards to grantees who are Israeli residents as follows: (i) awards to employees pursuant to Section 102 of the Tax Ordinance (definition refers only to employees, office holders and directors of our company or a related entity excluding those who are considered "Controlling Shareholders" pursuant to the Tax Ordinance); and (ii) awards to non-employees pursuant to Section 3(I) of the Tax Ordinance. In accordance with the terms and conditions imposed by the Tax Ordinance, grantees who receive awards under the 2006 Stock Incentive Plan may be afforded certain tax benefits in Israel as described below.

Our Board of Directors or the Compensation Committee, referred to as the “plan administrator,” will administer our 2006 Stock Incentive Plan, including selecting the grantees, determining the number of shares to be subject to each award, determining the exercise or purchase price of each award, and determining the vesting and exercise periods of each award.

The exercise price of stock options granted under the 2006 Stock Incentive Plan must be equal to at least 100% of the fair market value of our common stock on the date of grant; however, in certain circumstances, grants may be made at a lower price to Israeli grantees who are residents of the State of Israel. If, however, incentive stock options are granted to an employee who owns stock possessing more than 10% of the voting power of all classes of our stock or the stock of any parent or subsidiary of our company, the exercise price of any incentive stock option granted must equal at least 110% of the fair market value on the grant date and the maximum term of these incentive stock options must not exceed five years. The maximum term of all other awards must not exceed 10 years. The plan administrator will determine the exercise or purchase price (if any) of all other awards granted under the 2006 Stock Incentive Plan.

Under the 2006 Stock Incentive Plan, incentive stock options and options to Israeli grantees may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the participant only by the participant. Other awards shall be transferable by will or by the laws of descent or distribution and to the extent and in the manner authorized by the plan administrator by gift or pursuant to a domestic relations order to members of the participant’s immediate family. The 2006 Stock Incentive Plan permits the designation of beneficiaries by holders of awards, including incentive stock options.

In the event the service of a participant in the 2006 Stock Incentive Plan is terminated for any reason other than cause, disability or death, the participant may exercise awards that were vested as of the termination date for a period ending upon the earlier of 12 months or the expiration date of the awards unless otherwise determined by the plan administrator.

In the event of a corporate transaction or a change of control, all awards will terminate unless assumed by the successor corporation. Unless otherwise provided in a participant’s award agreement, in the event of a corporate transaction for the portion of each award that is assumed or replaced, then such award will automatically become fully vested and exercisable immediately upon termination of a participant’s service if the participant is terminated by the successor company or us without cause within 12 months after the corporate transaction. For the portion of each award that is not assumed or replaced, such portion of the award will automatically become fully vested and exercisable immediately prior to the effective date of the corporate transaction so long as the participant’s service has not been terminated prior to such date.

In the event of a change in control, except as otherwise provided in a participant’s award agreement, following a change in control (other than a change in control that also is a corporate transaction) and upon the termination of a participant’s service without cause within 12 months after a change in control, each award of such participant that is outstanding at such time will automatically become fully vested and exercisable immediately upon the participant’s termination.

Under our 2006 Stock Incentive Plan, a corporate transaction is generally defined as:

- a merger or consolidation in which we are not the surviving entity, except for the principal purpose of changing our company’s state of incorporation;
- the sale, transfer or

other disposition of all or substantially all of our assets;

liquidation or dissolution of our company;

in which we are the surviving entity but our shares of common stock outstanding immediately prior to such merger are converted or exchanged by virtue of the merger into other property, whether in the form of securities, cash or otherwise, or in which securities possessing more than forty percent (40%) of the total combined voting power of our outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger; or

- the complete
- any reverse merger

23

•
acquisition in a single or series of related transactions by any person or related group of persons of beneficial ownership of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities but excluding any such transaction or series of related transactions that the plan administrator determines not to be a corporate transaction (provided however that the plan administrator shall have no discretion in connection with a corporate transaction for the purchase of all or substantially all of our shares unless the principal purpose of such transaction is changing our company's state of incorporation).

Under our 2006 Stock Incentive Plan, a change of control is defined as:

• the direct or indirect acquisition by any person or related group of persons of beneficial ownership of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities pursuant to a tender or exchange offer made directly to our shareholders and which a majority of the members of our board (who have generally been on our board for at least 12 months) who are not affiliates or associates of the offeror do not recommend shareholders accept the offer; or

• a change in the composition of our board over a period of 12 months or less, such that a majority of our board members ceases, by reason of one or more contested elections for board membership, to be comprised of individuals who were previously directors of our company.

Unless terminated sooner, the 2006 Stock Incentive Plan will automatically terminate in 2016. Our Board of Directors has the authority to amend, suspend or terminate our 2006 Stock Incentive Plan. No amendment, suspension or termination of the 2006 Stock Incentive Plan shall adversely affect any rights under awards already granted to a participant. To the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the Internal Revenue Code, the rules of any applicable stock exchange or national market system, and the rules of any non-U.S. jurisdiction applicable to awards granted to residents therein (including the Tax Ordinance), we shall obtain shareholder approval of any such amendment to the 2006 Stock Incentive Plan in such a manner and to such a degree as required.

Impact of Israeli Tax Law

The awards granted to employees pursuant to Section 102 of the Tax Ordinance under the 2006 Stock Incentive Plan may be designated by us as approved options under the capital gains alternative, or as approved options under the ordinary income tax alternative.

To qualify for these benefits, certain requirements must be met, including registration of the options in the name of a trustee. Each option, and any shares of common stock acquired upon the exercise of the option, must be held by the trustee for a period commencing on the date of grant and deposit into trust with the trustee and ending 24 months thereafter.

Under the terms of the capital gains alternative, we may not deduct expenses pertaining to the options for tax purposes.

Under the 2006 Stock Incentive Plan, we may also grant to employees options pursuant to Section 102(c) of the Tax Ordinance that are not required to be held in trust by a trustee. This alternative, while facilitating immediate exercise of vested options and sale of the underlying shares, will subject the optionee to the marginal income tax rate of up to 50% as well as payments to the National Insurance Institute and health tax on the date of the sale of the shares or options. Under the 2006 Stock Incentive Plan, we may also grant to non-employees options pursuant to Section 3(I) of

the Tax Ordinance. Under that section, the income tax on the benefit arising to the optionee upon the exercise of options and the issuance of common stock is generally due at the time of exercise of the options.

24

These options shall be further subject to the terms of the tax ruling that has been obtained by Protalix Ltd. from the Israeli tax authorities in connection with the merger. Under the tax ruling, the options issued by us in connection with the assumption of Section 102 options previously issued by Protalix Ltd. under the capital gains alternative shall be issued to a trustee, shall be designated under the capital gains alternative and the issuance date of the original options shall be deemed the issuance date for the assumed options for the calculation of the respective holding period.

Certain relationships and related transactions

On March 17, 2005, Protalix Ltd. entered into a Management Services Agreement with Pontifax Management Company, Ltd. in connection with the purchase of Protalix's Series B Preferred Shares by the Pontifax Funds. Pursuant to the Management Services Agreement, Mr. Hurvitz serves as a member of the Board of Directors. Further, Protalix agreed not to designate a permanent chairman of the Board of Directors until Pontifax Management Company chose to nominate Mr. Hurvitz as the Chairman of the Board in 2006. In consideration for Mr. Hurvitz's services, Protalix is required to pay Pontifax Management Company a fee equal to \$3,000 per month plus required taxes on such payment. In addition, in connection with the execution of the Management Services Agreement, Protalix issued to Pontifax options to purchase a number of its Series B Preferred Shares equal to 3.5% of the then outstanding share capital with an exercise price equal to the par value of the shares. Lastly, upon the appointment of Mr. Hurvitz as Chairman of the Board of Directors, Protalix issued to Pontifax additional warrants for Series B Preferred Shares equal to 3.76% of the then outstanding share capital of Protalix. In connection with the merger, we assumed the Management Services Agreement and all options granted under the Management Services Agreement have been converted into options to purchase 3,384,502 shares of our common stock. Under the terms of the assumed Management Services Agreement, we are obligated only to use our best efforts to nominate Mr. Hurvitz for election to our Board of Directors, which remains subject to the review and approval of the Nominating Committee of the Board of Directors and the entire Board of Directors, as applicable.

In September 2006, we entered into a Collaboration and Licensing Agreement with Teva for the development and manufacture of two proteins, to be identified by Teva using our ProCellEx™ protein expression system. These proteins are not part of our current product development pipeline. We have launched preliminary feasibility studies with respect to one protein under the agreement and we expect to launch feasibility studies with respect to the second protein before the end of 2007. Pursuant to the agreement, we have agreed to collaborate on the research and development of the two proteins utilizing our ProCellEx™ protein expression system. If the research and preclinical development efforts for either protein are successful and if Teva elects to pursue clinical trials for the development of either protein through our ProCellEx™ protein expression system, we have agreed to grant to Teva an exclusive license to commercialize the products developed based on the protein in return for royalty and milestone payments payable upon the achievement of certain pre-defined goals. We will retain certain exclusive manufacturing rights with respect to the active pharmaceutical ingredient of the proteins following the first commercial sale of a licensed product under the agreement and other rights.

The following graph compares the cumulative total shareholder return data for our common stock from December 31, 2001 through November 30, 2007 to the cumulative return over such time period of (i) The AMEX Composite Index and (ii) The AMEX Biotechnology Index. The graph assumes an investment of \$100 on December 31, 2001 in each of our common stock and the stocks comprising the AMEX Composite Index and the stocks comprising the AMEX Biotechnology Index, including dividend reinvestment, if any.

The stock price performance shown on the graph below represents historical price performance and is not necessarily indicative of any future stock price performance. Specifically, during the period of December 31, 2001 through December 31, 2006, our company did not have any operations and our common stock was quoted on the OTC® Bulletin Board. The historical performance of our common stock prior to January 2, 2007, represents the performance of our company prior to the merger on December 31, 2006, and, therefore, is not indicative of the performance of our company's common stock after the merger or the performance of our common stock after it was listed for trade on the American Stock Exchange.

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933, as amended, or the Exchange Act, which might incorporate future filings made by us under those statutes, the preceding Compensation Committee Report on Executive Compensation and the Stock Performance Graph will not be incorporated by reference into any of those prior filings, nor will such report or graph be incorporated by reference into any future filings made by us under those Acts.

Our Board of Directors recommends that shareholders vote "FOR" the election or re-election of all director nominees named in this "Proposal 1: Election of Directors."

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Board of Directors, upon the recommendation of its Audit Committee, has ratified the selection of Kesselman & Kesselman to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2007. The Audit Committee of our Board of Directors is solely responsible for selecting our independent public accountants. Although shareholder approval is not required to appoint Kesselman & Kesselman as our independent public accountants, we believe that submitting the appointment of Kesselman & Kesselman to our shareholders for ratification is a matter of good corporate governance. If our shareholders do not ratify the appointment, then the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee may engage a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of our company and our shareholder. The proxy will be voted as specified, and if no specification is made, the proxy will be cast "FOR" this proposal.

During our fiscal year ended December 31, 2006, there were no disagreements with Kesselman & Kesselman on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which if not resolved to their satisfaction would have caused them to make reference to the subject matter of the disagreements in connection with their opinion.

The audit report of Kesselman & Kesselman on our consolidated financial statements for the years ended December 31, 2006, 2005 and 2004 did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

The Audit Committee will consider whether the provision of any other services by Kesselman & Kesselman is compatible with maintaining the independence of Kesselman & Kesselman. The Audit Committee has concluded that Kesselman & Kesselman is independent.

Representatives of Kesselman & Kesselman will be present at the annual meeting and available to answer stockholder questions.

Our Board of Directors recommends that shareholders vote "FOR" the ratification of the appointment of Kesselman & Kesselman for fiscal year ending December 31, 2007.

The following table sets forth fees billed to us by our independent registered public accounting firm during the fiscal years ended December 31, 2006 and 2005 for: (i) services rendered for the audit of our annual financial statements and the review of our quarterly financial statements; (ii) services by our independent registered public accounting firm that are reasonably related to the performance of the audit or review of our financial statements and that are not reported as Audit Fees; (iii) services rendered in connection with tax compliance, tax advice and tax planning; and (iv) all other fees for services rendered.
