We believe stock ownership by directors helps align their interests with those of our shareholders. The Governance Committee of the Board of Directors has approved guidelines for director ownership of Irwin Financial Corporation common stock. The guidelines include: direct ownership of our stock (excluding stock options) equal in value to at least five times the non-stock-option portion of the director annual retainer fee (or \$125,000, based on the current non-stock-option retainer fee portion of \$25,000); attainment of the minimum level of ownership within five years of

adoption of the guidelines (for current directors) or five years after joining the Board of Directors (for new directors); and disclosure of the guidelines and director compliance in our proxy solicitation materials. Apart from the above, we have created no incentives, disincentives or facilitative programs in connection with the guidelines. All directors are in compliance with our director stock ownership guidelines.

Our proxy materials have, since July 27, 1990, disclosed director stock ownership.

3.

1. Election of Directors

Three directors are to be elected to our Board of Directors at the Annual Meeting in 2004. Proxies granted for use at the Annual Meeting cannot be voted for more than three nominees.

Our Board of Directors currently consists of ten members divided into three classes of directors who are elected to hold office for staggered terms of three years as provided in our by-laws. Nominee Directors Dean, Kling and Odden currently are serving three-year terms expiring in 2004. Directors Hoover, Miller and Solso are currently serving three-year terms which expire in 2005, and Directors Goodrich, Hackett, Lauderback and McGinty are currently serving three-year terms which expire in 2006. Director Hackett will be retiring from the board effective April 8, 2004. R. David Hoover was appointed by the Board on February 20, 2004 to fill the remainder of the term of retired director John Nash. Mr. Hoover was recommended to the Governance Committee for service on our Board by a non-management director.

The three nominees being proposed for election at the Annual Meeting to serve a three-year term of office are Sally A. Dean, William H. Kling, and Lance R. Odden.

The person named as Proxy in the accompanying form of proxy will, unless otherwise indicated in the form of proxy, vote the shares covered by proxies for the election of nominees Dean, Kling and Odden, included in the following table. Management has no reason to believe that any of the nominees will be unable to serve. However, should a nominee for director become unavailable for election, and unless the Board of Directors or the Executive Committee reduces the size of the Board to a number equal to the number of nominees who are able and willing to serve, the persons named in the accompanying form of proxy will vote for a substitute who will be designated by the Board of Directors or the Executive Committee. If all nominees for director positions are elected at the Annual Meeting of Shareholders, a total of nine directors will be members of our Board of Directors following the retirement of Mr. Hackett. Any vacancy occurring in the Board of Directors caused by resignation, death or other incapacity, or increase in the number of directors may be filled by a majority vote of the remaining members of the Board of Directors. If a director ceases to serve before his or her term expires, the individual replacing the departing director shall be named to serve the remainder of the departing director's term. Until any such vacancy is so filled, the existing directors shall constitute the Board of Directors. Shareholders shall be notified of any increase in the number of directors and the name, address, principle occupation, and other pertinent information about any director named by the Board of Directors to fill any vacancy.

The following table sets forth, as of February 19, 2004 (except as noted below), the name; year in which the nominee or current director was first elected as a director; for nominee directors, expiration of term if elected at this year's annual meeting; for current directors, expiration of the director's current term; principal occupation for the past five years of each nominee director or current director; the percentage of the total number of meetings of our Board of Directors and

meetings of committees of our Board of which the director is a member attended by each director during 2003; all other directorships or other positions held by each nominee in other corporations subject to the reporting requirements of the Securities Exchange Act of 1934 and in any investment company; and the director's age. There are no family relationships among any of the director nominees or executive officers.

Director Independence

Our governance principles state that a substantial majority of the Board should consist of directors who are not employed by Irwin Financial and whose other relationships with Irwin Financial would not impair their independence, as affirmatively determined by the Board in accordance with requirements of the New York Stock Exchange on independent status.

To assist in the Board's determinations of director independence, the directors completed questionnaires designed to identify relationships that could affect their independence. The Board reached its determinations by considering all relevant facts and circumstances surrounding a director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others.

On the basis of the responses to the questionnaires, the Board determined that Ms. Dean, Mr. Kling, and Ms. Lauderback are independent because no relationship between these directors and Irwin Financial was identified that in the Board's opinion would affect the ability of these individuals to act independently, nor did any relationship exist that would preclude independence under our Corporate Governance Principles, the New York Stock Exchange Rules, or securities provisions.

With respect to Mr. Solso, the Board considered that subsidiaries of Irwin Financial donated \$116,478 to the Heritage Fund of Bartholomew County since 2001. Irwin Union Bank and Trust Company, a subsidiary of Irwin Financial, charges fees to manage funds of the Heritage Fund and returns a portion of the fees to assist with operating funds. Mr. Solso serves on the Board of Directors of the Heritage Fund. In addition, Irwin Financial and its subsidiaries donated \$15,000 since 2002 and Irwin Financial has paid \$10,000 in membership fees in

each of 2001, 2002 and 2003 to the Central Indiana Corporate Partnership. Mr. Solso is a member of the Central Indiana Corporate Partnership. The Board determined that the relationships were not material because the contributions represented an insignificant portion of the total revenues of each of these not-for-profit entities.

With respect to Mr. Hoover, the Board considered that Mr. Hoover serves on the Dean's Advisory Council of the Kelley School of Business of Indiana University and that Irwin Financial and subsidiaries matched employees' contributions to Indiana University in an amount of \$24,223 over the three-year period beginning in 2001. In addition, another subsidiary of Irwin Financial donated \$3,000 to the Institute on Disability and Community at Indiana University in support of the Back Home Alliance. The Board determined that Mr. Hoover was independent because his position on the Dean's Advisory Council was not materially related to the contributions made to Indiana University by Irwin Financial and its subsidiaries. The Board believed that Mr. Hoover's independence as a director would not be influenced by the contributions made to Indiana University due to the relatively small amount involved and the nature of his position with the University.

With respect to Mr. Odden, the Board considered that Irwin Financial made matching grants of \$6,000 over the three-year period beginning in 2001 to The Taft School, where Mr. Odden served until June 2001 as Head Master. Mr. William Miller has served as Trustee of The Taft School since 1978 and as the Chairman of Trustees since September 30, 2002. The Board did not believe that the amount of contributions or Mr. Miller's service at the school would significantly affect Mr. Odden's independent judgment since he was no longer an employee or Trustee of the school.

With respect to Mr. McGinty, the Board considered his service on the Board of Directors of the Volunteers in Medicine Institute since 2002. A subsidiary of Irwin Financial donated \$1,000 in 2003 to the Volunteers in Medicine Institute through the Columbus Regional Hospital Foundation. In addition, a subsidiary of Irwin Financial has extended a first mortgage and a home equity line of credit at 6% interest in the aggregate amount of \$239,000, of which \$210,000 was outstanding as of December 31, 2003. The Board concluded that the donation would not materially affect Mr. McGinty's judgment and that his loan was made on terms that were not more favorable than those available to others and that he therefore should be considered independent.

With respect to Mr. Goodrich, the Board considered his position as Chief Executive Officer of the Central Indiana Corporate Partnership (CICP) and the service of Mr. Miller as a director and officer of the CICP. The CICP had no compensation committee prior to March 1, 2004, and Mr. Miller is not a member of this committee. In addition, the Board considered donations made by Irwin Financial and its subsidiaries of \$15,000 since 2002 and Irwin Financial's membership fees of \$10,000 in each of 2001, 2002 and 2003 to the CICP. The Board concluded that the relationship of Mr. Miller with the CICP prior to the formation of the compensation committee would preclude Mr. Goodrich's independence.

Executive Sessions of the Board

The Board holds executive sessions at least four times per year without employee directors present for a general discussion of relevant subjects. (Our Chairman and Chief Executive Officer is the only employee director currently on the Board.) Additional executive sessions or meetings of outside (non-employee) directors may be held from time to time as required. Lance Odden, the Chair of the Executive Committee appointed by the outside directors, presides over such executive sessions and is responsible for communicating any concerns or conclusions expressed in these sessions to management.

Compliance with Section 16(a) of the Securities Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the Securities and Exchange Commission (SEC) initial reports of ownership and reports of changes in ownership of our common shares and our other equity securities. Executive officers, directors, and greater than 10% shareholders are required by the SEC to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of the reports furnished to us and written representations that no other reports were required, all Section 16(a) filing requirements applicable to our executive officers, directors, and greater than 10% shareholders for fiscal 2003 were met.

Director Meetings and Standing Committees

Our Board of Directors held four meetings during 2003.

We have appointed certain members of our Board to serve on various committees of our Board of Directors. Our Board of Directors has established four standing committees: (1) the Audit and Risk Management Committee; (2) the Compensation Committee; (3) the Governance Committee; and (4) the Executive Committee. Membership in those committees is reflected in the following charts:

COMMITTEES AND CURRENT MEMBERSHIP:

Audit and Risk Management Committee

As of February 2004, the Audit and Risk Management Committee is composed of Mr. McGinty (Committee Chair), Ms. Dean, Mr. Hackett, Mr. Hoover and Ms. Lauderback, although Mr. Hackett plans to retire from the Committee and the Board on the date of the annual meeting. The Board of Directors has determined that each member of the Committee is independent for purposes of New York Stock Exchange listing standards, the Sarbanes-Oxley Act of 2002 and related rules of the SEC. Additionally, the Board of Directors has determined that each member of the Committee is financially literate, and that several members of the Committee, among them Mr. McGinty, are audit committee financial experts, as defined by the SEC.

The Audit and Risk Management Committee, which held 10 meetings in 2003, operates under a written charter adopted by the Board of Directors (*see* Appendix A). The Committee has primary responsibility for engaging, overseeing, and compensating our independent auditors; reviewing and approving the independent auditors' audit plan; reviewing the report of audit and the accompanying management letter, if any; reviewing and directing the work performed by our internal audit department; reviewing regulatory examination reports received by us and our subsidiaries; and consulting with the independent and internal auditors about the adequacy of internal controls.

Compensation Committee

The Compensation Committee reviews and considers recommendations from management concerning our executive compensation policies, employee benefit plans, and salary administration program, including reviewing annually the total compensation and recommended adjustments for all of our executive officers and the executive officers of our subsidiaries. This Committee administers the short-term and long-term management incentive plans and the existing stock option and employee savings plans. The deliberations of the Committee are reported to the Board of Directors for review and approval. Members of the Committee are Ms. Dean (Committee Chair), Mr. Kling and Ms. Lauderback. Ms. Lauderback replaced Mr. Goodrich as a member of the Committee on August 15, 2003. No member of the Compensation Committee, during 2003, was an officer or employee of ours or any of our subsidiaries. All members of the Compensation Committee are independent for purposes of the New York Stock Exchange listing standards. The Committee held four meetings in 2003.

Governance Committee

As of February 2004, the Governance Committee, which serves as a standing nominating committee of the Board of Directors, is composed of Mr. Odden (Lead Director and Committee Chair), Mr. McGinty and Mr. Solso. The Board of Directors has determined that each member of the Governance Committee is independent for purposes of New York Stock Exchange listing standards. The Committee, which held four meetings in 2003, operates under a written charter adopted by the Board of Directors, a copy of which can be found on the Investor Relations section of the Company's website at www.irwinfinancial.com.

The Governance Committee makes recommendations to the Board of Directors regarding general qualifications for nominees as directors, mix of experience and skills on the Board, size of the Board and the terms of its members, director compensation, and the retirement policy for directors. In discharging its responsibility for screening and recommending candidates for election to the Board, the Governance Committee periodically evaluates the Board's effectiveness and composition, including matters such as the business and professional experience (including any requisite financial expertise or other special qualifications), background, age, current employment, community service and other board service of its members, as well as racial, ethnic and gender diversity of the Board as a whole. The Governance Committee considers a candidate's qualifications in light of these criteria, as well as its assessment of whether a candidate can make decisions on behalf of, or while representing, Irwin Financial that are aligned with our Guiding Philosophy. The Committee will also consider a candidate's independent status in accordance with applicable regulations and listing standards, as well as any conflicts of interest the candidate may have in serving on the Board of Directors.

The Governance Committee will consider director candidates recommended by security holders from time to time, provided that such a recommendation is accompanied by (i) a sufficiently detailed description of the candidate's background and qualifications to allow the Governance Committee to evaluate the candidate in light of the criteria described above, (ii) a document signed by the candidate indicating his or her willingness to serve if elected, and (iii) evidence of the nominating security holder's ownership of Irwin Financial stock. Any such recommendation and related documentation must be delivered in writing to Lance Odden, currently our Lead Director, in care of Irwin Financial Corporation, PO Box 929, Columbus, Indiana 47202.

The three nominees being proposed for election at the Annual Meeting to serve a three-year term of office are Sally A. Dean, William H. Kling and Lance R. Odden. Ms. Dean and Messrs. Kling and Odden are existing directors who have been recommended by the Governance Committee to stand for re-election this year. Having been recommended by a non-management director as a candidate for the Board, Mr. Hoover, the most recent addition to the Board of Directors, was named by the Board of Directors in February 2004 to fill the term of former director John A. Nash, who retired in 2003.

Executive Committee

The Executive Committee consists of the non-employee directors of our Board. Its purpose is to meet regularly in executive session without management present. The Committee has the power to act on the Board of Directors' behalf at such times as may be designated by the Board of Directors to conduct the business of the Board of Directors, subject to limitations imposed by law, our articles, our by-laws, or resolutions of our Board of Directors. The Committee held four meetings in 2003.

Outside Director Compensation

Under the outside directors' fee schedule, from January 1, 2003 to December 31, 2003, each of our outside directors earned a retainer fee of \$50,000, \$25,000 of which was paid in the form of stock options. The remainder of the retainer was payable in cash, additional stock options, or in common shares issued under our 1999 Outside Director Restricted Stock Compensation Plan.

In addition to the annual retainer described above, in 2003, our outside directors received \$1,000 for attending each meeting of our Board of Directors and \$1,000 for attendance at each meeting of the Compensation, Governance and Executive Committees of our Board of Directors, and members of our Audit and Risk Management Committee received \$2,000 for each committee meeting attended and \$1,000 for review of earnings releases. The committee chairpersons also received an additional retainer of \$3,000.

The 1999 Outside Director Restricted Stock Compensation Plan covers only our non-employee directors and the non-employee directors of our subsidiaries, allowing an outside director to elect to receive the remainder of his or her annual retainer fees (\$25,000 in 2003) and/or meeting attendance fees (collectively, director fees) in the form of common shares rather than in cash, with a market value equivalent to the cash value of the fees. The outside director plan allows the grant of up to 100,000 common shares through December 31, 2009. Grants under the outside director plan may be for one or more years of future service. The common shares granted under the outside director plan are subject to forfeiture on a pro rata basis if the outside director recipient does not serve until the end of the outside director plan year to which the common shares apply. Forfeited common shares will revert to us.

A committee, appointed by the Board of Directors, administers the plan. Except for an election for a calendar year in which a person first becomes an outside director, each election is effective for not less than one calendar year but may be made for additional calendar years subject to any limitation imposed by the committee at the time an election is made. A grant of common shares for multiple years of service will be equal to the value of the cash retainer and/or meeting fees earned during the number of years covered by the grant.

Before delivery to outside directors, certificates issued by the committee under the plan will be held by our Secretary for one year after the last date covered by the election under which the common shares were issued, or an earlier date determined by the committee.

An outside director has only limited rights as a shareholder with respect to common shares subject to an election until the certificates representing those shares are issued. When a certificate is issued, the outside director will have the power to vote the common shares represented by the certificate on all matters presented to a vote of our shareholders and will be entitled to receive all dividends and other distributions declared or paid by us on those shares. An outside director will have no right to sell, pledge, encumber, or otherwise dispose of any common shares issued under the outside director plan during the time the certificates

representing common shares are held by our Secretary, other than for transactions between the outside director and us or any of our directors or affiliates.

Common shares totaling 20,056 are registered under the outside director plan in the names of the participating director nominees. Shares totaling 65,136 have been granted under the terms of the outside director plan. Grants made under the previous outside director plan since its inception in 1989 total 102,402 common shares. During 2003, directors Dean, Hackett, Lauderback, Kling, McGinty, Odden, and Solso participated in the outside director plan.

Directors Dean, Odden and McGinty also serve as directors on the board of our subsidiary, Irwin Union Bank and Trust Company. They receive a payment of \$2,000 for each meeting they attend for that board. Director Hackett serves on the board of Irwin Union Bank, F.S.B., for which he receives a \$750 retainer and \$500 for each meeting attended, and serves on the Irwin Union Bank Business Development Board and receives a yearly retainer fee of \$1,000 and \$350 for each meeting attended.

No fees other than director fees are paid to directors for services rendered in that capacity. Directors who are our officers or officers of our subsidiaries do not receive any director fees.

- (1) All grants are subject to a vesting schedule where 25% of each grant is vested on the date of the grant and 25% of each grant vests on the grant's anniversary date in each of the three years following the grant.
- (2) For the options expiring 4/23/2013, total option values shown in the far right-hand column were derived using the Binomial option pricing model. Assumptions used in the valuation included an expected volatility factor of .40, an expected future dividend yield of .01, a risk-free rate of return of .0495, and an expected life of 7 years. The Binomial model suggests an option valuation of \$9.79 per share under these assumptions. The Black-Scholes option pricing model would suggest an option valuation of \$9.70 per share under these same assumptions. The use of a single value as

Edgar Filing: IRWIN FINANCIAL CORPORATION - Form DEF 14A

shown in the table above implies a precision to stock option valuation that we do not believe exists and that therefore may cause the above table to be misleading. Accordingly, there is no assurance that the value realized upon exercise of the options, if any, will be at or near the value estimated by the Binomial option pricing model. Future compensation resulting from option exercises depends solely upon the performance of our stock price.

The Board of Directors has not chosen to expense stock options. The Board wishes to analyze new guidance from the Financial Accounting Standards Board, SEC, or other relevant authority regarding the standardization of valuation methods, should such guidance be forthcoming. In the absence of a uniform valuation method for public companies, we will continue to disclose the impact of expensing stock options using our valuation method.

16.

In April 2003, options to purchase a total of 511,800 shares were granted under our 2001 Stock Plan, including 209,100 options granted to the named executive officers as shown in the table above. All of these options granted in April 2003 are exercisable at a price of \$22.46, which was the average of the closing bid and asked prices of our common stock reported on the grant date of April 24, 2003.

An additional 127,000 shares were approved by the Compensation Committee in April 2003 to be granted within the next year. As of February 19, 2004, 18,000 shares have been granted to employees at an average exercise price of \$26.58.

Long-Term Incentive Plans

The following table provides information concerning an award made during 2003 under the Irwin Mortgage Long-Term Incentive Plan to named executive officer Robert H. Griffith. The award made under this plan entitles Mr. Griffith to certain cash payouts based on cumulative net income performance of the mortgage banking line of business over the three-year period from January 1, 2003 through December 31, 2005. Mr. Griffith will be entitled to a 100% payout under the plan if the mortgage banking line of business achieves the specified annual average return on equity during the performance period. The Board of Directors of Irwin Mortgage established the terms of the award for Mr. Griffith at the beginning of the performance cycle. Payments are determined at the end of the three-year plan cycle. Under this plan cycle, 75% of any award payable will vest on January 1, 2006, and the remaining 25% will vest on January 1, 2007. To be eligible for payout of the award, Mr. Griffith must be employed during the entire three-year performance period and on the vesting dates.

LONG-TERM INCENTIVE PLAN AWARDS IN LAST FISCAL YEAR

Name	Number of Shares, Units or Other Rights	Performance or Other Period Until Maturation or Payout	Threshold (\$ or #)	Target (\$ or #)	Maximum (\$ or #)
Robert H. Griffith	100(1)	January 1, 2003 through December 31, 2005	N/A	\$781,000(2)	N/A

(1) Each unit entitles Mr. Griffith to receive an amount equal to 1 basis point of the cumulative increase in net income of the mortgage banking line of business over the 2003-2005 performance period.

(2) The target award is not yet determinable. The amount shown reflects an estimated payout based on the actual Return on Equity and actual increase in net income for the mortgage banking line of business during the one-year period ended December 31, 2003.

Pension Plans

We and certain of our subsidiaries maintain a non-contributory qualified defined benefit Employees Pension Plan. This plan provides for retirement benefits to most of the officers and employees of these companies. Under the provisions of this plan, participating companies will contribute assets sufficient to pay all benefits to plan participants. Contributions to this plan are actuarially determined to fund the current service cost on a current basis and to fund initial past service costs over a period of 30 years. Employees who have completed one year of service (1,000 hours worked during a 12-month period) are eligible for participation. Benefits vest after five years of vesting service. In addition to benefits paid to retiring employees, death and deferred termination benefits are available to employees who meet certain conditions under this plan.

The table below shows the estimated annual benefits payable, based upon reasonable assumptions, under this plan as in effect on December 31, 2003. Basic wages considered for this plan are for the five consecutive plan years of highest compensation, and include basic compensation, commissions, and payments from short-term bonus plans. In accordance with Section 401(a)(17) of the Internal Revenue Code of 1986, basic wages above \$200,000 are not used in the calculation of plan benefits.

The current years of service at December 31, 2003, for the named executive officers are as follows: Messrs. Davis (16), Ehlinger (11), W. Miller (13), and Washburn (27). Mr. Griffith is not covered by this Plan.

Benefits listed in the pension plan table are payable under various annuity options and are not subject to any deduction for Social Security or other offset amounts. This plan was amended effective December 31, 2002. The Employees Pension Plan provides Add-On Benefits for select members of senior management, including Messrs. Davis, Ehlinger, Miller, and Washburn. The Add-On Benefits are designed to help management achieve competitive levels of retirement benefits. Add-On Benefits are expressed as percents of Pension Plan benefits that accrue from year to year under the Pension Plan's standard benefit formula. Messrs. Davis and Ehlinger have Add-On Benefits that equal 45% of their Pension Plan accruals for 1994 through 2003. Messrs. Miller and Washburn have Add-On Benefits that equal 75% of their Pension Plan accruals for 1994 through 2003. Mr. Washburn has an additional Add-On Benefit equal to 150% of his 1999 Pension Plan accrual.

Supplemental Retirement Benefit Plans

On May 19, 1992, the Board of Directors approved the Compensation Committee's recommendation to provide a supplemental executive retirement benefit to William I. Miller. A similar benefit was implemented on January 1,

19.

2000 for Thomas D. Washburn. On April 25, 2002, the Board of Directors approved the Compensation Committee's recommendation to restate Supplemental Executive Retirement Plans for Messrs. Miller and Washburn and extend a supplemental executive retirement benefit to Messrs. Ehlinger and Davis. The plans were restated to ensure consistency with current tax law and our current pension plan. The supplemental plans entitle the participants to an amount of company-provided benefits not provided under the Employees' Pension Plan because of the limitations imposed by Sections 415 and 401(a)(17) of the Internal Revenue Code. Criteria used to determine amounts payable under this benefit are the same as those used by our pension plan; that is, service with us, age at retirement, and earnings. Benefits are measured in the same manner as under the pension plan, using credited service with us. Method of payment of the supplemental benefit is a monthly annuity payable for life, with a guarantee of 180 payments.

The table below shows the estimated annual benefits payable, based upon reasonable assumptions, under each plan as in effect on December 31, 2003:

Remuneration

09,700 146,300 182,800 195,000 207,200 650,000 131,600 175,500 219,400 234,000 248,600 725,000 153,600 204,800 255,900 273,000 290,100

The amount of company provided retirement benefits available to Mr. Griffith under Irwin Mortgage's qualified savings plan is also subject to limitations under Internal Revenue Code Section 415 and 401(a)(17). On November 13, 2003, the Board of Directors adopted a non-qualified supplemental retirement benefit plan to provide for retirement benefits to select executives that are otherwise unavailable under the terms of the Irwin Mortgage Corporation Retirement and Profit-Sharing Plan. Amounts allocated by Irwin Mortgage for the benefit of Mr. Griffith under the terms of his supplemental plan are included in the "All Other Compensation" column in the Summary Compensation Table above.

Equity Compensation Plans Adopted Without Approval of Security Holders

Irwin Union Bank Business Development Board Compensation Program. We established this program to assist our commercial banking line of business in developing its current and future markets by establishing business development boards composed of individuals knowledgeable about local market conditions. The program covers members of business development boards of Irwin Union Bank and Trust Company and Irwin Union Bank, F.S.B. Under the program, business development board members receive their retainer and meeting fees in Irwin Financial Corporation common stock in lieu of cash. Currently, business development board members receive annual retainer fees of \$1,000 per member and meeting fees of \$350 per meeting attended. Irwin Financial Corporation's Board of Directors approved the program and we filed a Form S-8 with the SEC on July 19, 2000, which registered a total of 300,000 shares for this purpose. From January 1, 1998 through June 30, 2000, we issued 2,508 shares of our common shares under the program. We purchase the shares on the last business day of the quarter preceding each payment date, using the mean between the closing bid and asked prices of our common stock as reported by the New York Stock Exchange.

Compensation Committee Interlocks and Insider Participation

During 2003, William I. Miller, our Chairman, Chief Executive Officer and one of our Directors, served as a Director and Treasurer of the Central Indiana Corporate

Partnership (CICP), and on January 1, 2004, became Co-chair of the Board of the CICP, which is a business league organization under Section 501(c)(6) of the Internal Revenue Code. During 2003, another of our directors, David W. Goodrich, was employed as the Chief Executive Officer of the CICP. Mr. Goodrich served as chairman of our Compensation Committee until August 15, 2003. On March 1, 2004, the CICP established a compensation committee on which Mr. Miller does not serve.

Board Compensation Committee Report on Executive Compensation

Executive compensation is reviewed and approved annually by the Compensation Committee of the Board of Directors. Each member of the Compensation Committee is a non-employee director. Set forth below is a report submitted by Ms. Dean (Committee Chair), Mr. Kling and Ms. Lauderback in their capacity as the Board's Compensation Committee addressing the Corporation's compensation policies for 2003. Our principal executive officer is the Chairman and Chief Executive Officer, Mr. William I. Miller.

I. Compensation Policy for Executive Officers

The Compensation Committee believes that compensation plans are only one element in our overall system of management and governance. Furthermore, appropriate compensation policies are a necessary, but not sufficient, condition for achieving our goals. A good compensation system will not guarantee that we achieve our goals, but a poor system can result in those goals not being achieved.

This interdependence requires that our compensation system align with our guiding philosophy (what we believe), our mission (what we want to be), and our strategy (what we want to do). Our guiding philosophy and the kinds of people needed to bring this alignment to life are the starting points for developing our philosophy and system of compensation.

Our executive compensation system focuses on the total compensation package of our top executives. Our objective is to correlate total compensation with our performance so that median performance relative to similar companies in our industry will produce median total compensation for individuals relative to comparable positions in peer companies. Likewise, inferior performance will produce below median compensation, and superior performance will produce above median compensation.

This approach requires that we start by defining the appropriate peer group, both for individual positions and the Corporation as a whole. For individual positions, this decision is primarily based on the relative level and scope of responsibilities inherent in the position, and the talent and skills required for success.

The traditional measure for the scope of responsibilities in commercial banks and bank holding companies is asset size. Mortgage banking companies generally look at both loan closing volume and loan servicing size. Consumer finance companies consider origination volume. Our strategy is to enhance capital productivity, which is defined as generating proportionately larger streams of revenues and profits from

a given capital and asset base. Asset growth in itself is not one of our strategic objectives, and our success is not defined only by asset size, loan volume, or servicing size. As a result, in calibrating the scope of responsibility of a given position, we look at comparable positions in other companies in multiple asset-size groups as well as peer companies defined by other measures (such as total market capitalization or revenues) when they are available.

Performance comparisons are generally made from the shareholders' perspective. That is, groups of companies are selected that may be seen as alternative investments by current and prospective investors. Even so, our most direct competitors for executive talent are not necessarily all of the companies that would be included in a peer group selected to compare shareholder returns. Thus, although there may be some overlap, the surveys selected for compensation review purposes do not contain information on the same companies as those found in the peer group indices in the Comparison of Five-Year Cumulative Total Return graph which follows this report.

All of our operating companies (including the parent company as a separate entity) use multiple sources of both compensation and performance data because experience has shown that results can vary greatly from one survey to the next. In the case of compensation market data, the Compensation Committee is provided with multiple sources of data on each executive position reviewed. When available, the information is in the form of 25th percentile, median, and 75th percentile compensation. Four different market compensation comparisons were considered for the Chairman and CEO in 2003, including a proxy-based custom study of twenty bank holding companies conducted by the executive compensation consulting firm Watson Wyatt Worldwide.

The primary source of competitive long-term incentive information considered by the Compensation Committee in approving long-term incentive awards is from Towers Perrin's Financial Services Industry Executive Compensation Survey. These data are cross-referenced by additional data from a custom study of peer group proxies and published survey data from Watson Wyatt Data Services and other human resources consulting firms.

The percent of total compensation that is variable increases with the executive's position. This approach is consistent both with the individual's influence on results and his/her economic capacity to tolerate volatility in compensation levels.

In addition to information on the market level of compensation, members of the Compensation Committee review a summary of individual performance over the past year, including key accomplishments, strengths, and opportunities for improvement. They also may consider their own subjective assessments of an executive's performance and relative contribution to the organization.

The Compensation Committee engages the consulting firm Watson Wyatt Worldwide for executive compensation services. A consultant from the firm is available at each Committee meeting and each of the Committee's executive sessions.

II. The Elements of Executive Compensation and Corporate Performance

There are three elements of executive compensation and corporate performance: base salary, annual short-term bonus, and long-term incentives.

A. Base Salary

Base salary is important in achieving the goal of attracting and retaining qualified executives. Base salary is generally targeted to be at the median of similar positions in the industry. Exceptions may exist when a higher level of base salary would be required to attract or retain a uniquely qualified executive officer. In order to maintain the target position, annual increases are approximately equal to the median increases in the respective industries in which our operating companies compete unless the growth of the company warrants comparison with a larger peer group in that industry. The total base salary paid to the Chairman and CEO in 2003 was \$527,333, up 3.8% from 2002.

B. Annual Short-Term Bonus

The annual bonus is the component that provides a variable current cash compensation reward for current performance. Each executive officer participating in the annual bonus plan has a target opportunity expressed as a percentage of base salary. Payments are calculated as a multiple of the target opportunity, depending on performance. We believe that this method, when combined with properly selected performance targets and our long-term incentives, rewards managers for balancing current performance with the need to make investments in future performance, valuing consistency, and managing risk.

Operating company presidents receive part of their target annual bonuses based upon the performance of their respective companies, and part based upon consolidated performance of the Corporation. Thus, they have financial incentives to achieve synergies between operating companies.

We believe that the best performance targets are those that are objectively and consistently measured, as well as easily understood by participants. The bonus plans of the parent company and its operating companies include return on equity or a proxy for return on equity as a key performance measure. The compensation committee of the Board of Directors approves specific performance targets each year for the parent company. The performance targets for lines of business are approved by the respective boards of directors and are consistent in methodology with that used by the parent company. The targets are based upon a variety of factors, including historical and expected industry performance, the estimated required rate of return by investors, and (in some instances) budgeted performance for the current year. Bonus payments begin at a threshold level and increase proportionately as performance increases.

The short term bonus plan awards, when granted, are made to executives as a lump sum and within ninety days after our annual earnings are released to the public.

C. Long-Term Incentives

Long-term incentive plans balance the incentive provided by annual bonus plans to encourage building the value of the Corporation over the long term. Operating company heads may receive the majority of their long-term compensation based upon growth in the value of their subsidiary operating company. Certain parent company executive officers and some operating company executive officers are provided with long-term incentive compensation through grants of non-qualified stock options. The 2001 Irwin Financial Corporation Stock Plan includes the ability to grant non-qualified stock options, stock appreciation rights, incentive stock options, restricted stock and phantom stock. Grants to executive officers in 2003 were made in the form of non-qualified stock options.

Our officers and employees could acquire up to 11.9% of the issued and outstanding shares of our common stock if:

all shares set aside for issuance under our stock option plans were granted; and

officers and employees who received grants under our plans exercised all of those grants; and

holders of options paid for option exercises without the use of previously issued shares.

However, several variables could significantly reduce the percentage of common stock that officers and employees could acquire. Acquisition percentage would decrease if:

officers and employees paid for stock options with previously issued shares; or

employees departed without exercising options previously granted to them; or

options were forfeited if, for example, the price of our common stock fell below the option exercise price. (As of February 19, 2004, the trading price of our common stock was above the exercise price of approximately 99% of all current outstanding options.)

The dilutive impact of stock options outstanding at December 31, 2003 was a \$.03 reduction to our 2003 basic earnings per share of \$2.61.

III. Formulation of the Chairman and CEO's Compensation

Mr. Miller's current compensation package includes a base salary of \$531,000 plus an annual bonus at target performance of 70% of base salary or \$371,700. As noted above, there is no single, clear measure of market compensation for executive positions in the Corporation. The Compensation Committee used four different market surveys for the Chairman's position in 2003. Based on these surveys, estimates of the 25th percentile, median, and 75th percentile points of total annual compensation were made.

Actual total cash compensation paid to Mr. Miller for 2003 was \$1,226,129, down 0.06% from 2002. Even though a substantial portion of Mr. Miller's compensation is based upon our financial performance during the year, some of his compensation is not tax deductible to the Corporation for 2003 under Internal Revenue Code Section 162(m). Section 162(m) limits the tax deductibility of an executive's compensation in excess of \$1 million unless certain criteria are satisfied.

For long-term incentive compensation purposes, Mr. Miller received an option grant of 106,500 shares in 2003 at an exercise price of \$22.46 per share (representing the mean between the bid and asked closing prices on the grant date). Through employment of the Binomial option pricing model, we estimate that the present value of the 2003 options at grant date to be \$1,042,635. As in past years, due to his opportunity to participate in the Irwin Ventures LLC long-term compensation plan beginning in 2000, Mr. Miller's stock option grant was reduced by 5%. The Irwin Ventures plan pays participants only on occurrence of realized gains or losses by Irwin Ventures LLC. To date, there have been no payments to Mr. Miller under the terms of the Irwin Ventures plan. In addition, in 2003, the Compensation Committee maintained the Chairman's long-term grant at a present value level which was comparable to prior years, rather than increasing it to levels indicated by the market surveys. Mr. Miller has also received the following grants over the last nine years:

Year	Number of Outstanding Options	Exercise Price
2003	106,500	\$22.46000
2002	140,400	\$15.65000
2001	101,100	\$21.38000
2000	99,900	\$16.96875
1999	49,600	\$24.09375
1998	28,020	\$28.18750
1997	42,180	\$13.68750
1996	41,400	\$10.65625
1995	54,800	\$7.84375

These nine grants are the only outstanding long-term grants for Mr. Miller.

Return on average equity for 2003 was 18.4%, compared to 16.66% in 2002. We believe that 2003 performance will have been in the top quartile of performance by bank holding companies with assets of \$3 billion to \$10 billion. In 2002, Irwin Financial was in the top quartile of performance of this peer group based on return on average equity. Total shareholder return (including dividends and price appreciation) was 92.01% for 2003 and -1.35% for 2002 for Irwin Financial. These returns compare to 39.00% in 2003 and 3.60% in 2002 for the Russell 2000 Financial Services Sector Index.

Interest of Management in Certain Transactions

Certain of our directors and officers and their family members and entities with which these individuals are affiliated, were customers of and had transactions with our subsidiaries in the ordinary course of business during the past year. All outstanding loans and commitments included in such transactions were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

Companies controlled by Irwin Miller, the Estate of Clementine M. Tangeman, and William I. Miller purchased commercial paper from us from time to time. The maximum amount outstanding was \$20,890,838 during 2003 and the amount outstanding was \$16,415,097 at year end 2003. In the opinion of management, the rates paid by us on these commercial paper transactions were comparable to the prevailing rates for such transactions at the time of the respective transactions.

We own a 12.5% interest in a Hawker 800 aircraft in which Cummins Inc. owns the other 87.5%. Cummins also provides maintenance and flight services for the

aircraft. We paid management fees of \$67,709 in 2003 for our ownership interest. We paid \$85,007 in 2003 in operating costs to Cummins in connection with the aircraft. We also have a timeshare agreement with Cummins for the use of a substitute aircraft when the jointly-owned aircraft is undergoing major maintenance. The costs and terms associated with the ownership interest and operation of the aircraft were considered at least as favorable as other alternative aircraft arrangements. The costs charged under the timeshare agreement are those permitted by Federal Aviation Regulations. William I. Miller, our Chairman and Chief Executive Officer, is also a director of Cummins Inc. Mr. Solso, one of our directors, is Chairman, Chief Executive Officer and a director of Cummins Inc.

As part of our incentive compensation programs, we have provided certain key managers of our lines of business with minority interests in the subsidiaries they manage, including two of our executive officers — Elena Delgado, who heads our home equity lending line of business, and Joseph LaLeggia, who heads our commercial finance line of business. Under our arrangement with Mr. LaLeggia, he is entitled to a 5% minority interest in the common stock of our subsidiary Irwin Commercial Finance Corporation, the parent company of our leasing line of business. Mr. LaLeggia continues to own an indirect minority interest in Onset Capital Corporation, our Canadian leasing subsidiary, which interest he held when we acquired Onset Capital in 2000.

We have entered into shareholder agreements with Irwin Home Equity and its minority common shareholders, including Elena Delgado. The shareholder agreements, together with the common shares of Irwin Home Equity held by these individuals, in effect provide them with a 10% aggregate interest — and Ms. Delgado with a 5% interest — net of our preferred interest, in the value of the home equity line of business.

Pursuant to the shareholder agreement with Ms. Delgado, as most recently amended in January 2001, Ms. Delgado's 5% interest in the common stock of Irwin Home Equity Corporation is subject to certain anti-dilution provisions. The agreement provides that in the event of Ms. Delgado's termination for serious cause (as defined in the agreement), all of her shares will be forfeited and transferred back to us. The agreement also provides that in the event that Ms. Delgado and Irwin Financial enter into an agreement whereby we agree to repurchase any or all of her shares, the purchase price of such shares shall be equal to the fair market value of such shares, as determined pursuant to an appraisal process set forth in the agreement. If we propose to sell any of our shares of Irwin Home Equity, Ms. Delgado has certain co-sale rights under the agreement.

In 2002, in connection with our effort to reduce the concentration of residual assets at Irwin Union Bank and Trust in light of regulatory capital rules effective in 2002, we reorganized certain subsidiaries that held residual assets from previous home equity securitization transactions and created two subsidiaries to hold those assets. As part of this reorganization, we issued a 10% minority interest in the common stock of one of the new subsidiaries to the minority shareholders of Irwin Home Equity, including Ms. Delgado. Irwin Financial retains a preferred interest in an amount equal to the value of any residual assets we contributed to this subsidiary at the time of contribution. To the extent we realize returns on the

residual assets in excess of our liquidation preference, Ms. Delgado and the other minority shareholders would share proportionately with us as common shareholders in the excess return.

In January 2002, we entered into loan agreements with four executives who are also minority shareholders of Irwin Home Equity, including Ms. Delgado. The principal amount of the loan made to Ms. Delgado was \$1.025 million. The loan, which has a term of three years, bears interest at a rate of 2.710% compounded semiannually and is secured by a pledge of Ms. Delgado's ownership interest in the home equity line of business (including all her common shares of Irwin Home Equity and all rights under her shareholder agreement as well as any shares of capital stock of any other entity to which assets of Irwin Home Equity may be assigned or distributed from time to time in connection with the reorganization of this line of business). Amounts due on the loan are payable upon the earlier of maturity of the loan or Ms. Delgado's receipt of proceeds as the result of certain liquidity events.

In addition, as part of the incentive arrangements of the minority shareholders of Irwin Home Equity, we proposed, subject to certain conditions, that we make certain tax gross up payments to the minority shareholders, including Ms. Delgado. Under the proposal, if certain conditions are met, the payments would occur if we or Irwin Home Equity purchased shares of Irwin Home Equity from the minority shareholders and they were required to treat any portion of their sale proceeds as ordinary income for tax purposes.

Irwin International Corporation is the subsidiary in our commercial finance line of business that owns approximately 78 percent of our Canadian Leasing subsidiary, Onset Capital Corporation. The minority shareholder of Onset Capital is Onset Holdings, Inc., a Canadian company owned directly and indirectly by members of Onset Capital's senior management. Irwin International entered into a shareholder agreement with Onset Holdings under which Irwin International, upon the occurrence of certain events, may exercise a call option for a specified number of Onset Capital shares held by Onset Holdings. The purchase price for the shares subject to the call option is equal to the fair market value of such shares, as determined pursuant to an appraisal process set forth in the agreement.

If Irwin International proposes to sell any of its shares of Onset Capital, Onset Holdings has certain co-sale rights under the agreement. Irwin International also has a conditional right to compel Onset Holdings to participate in a sale to a third party subject to Onset Holdings' right to purchase all of Irwin International's shares for a purchase price based on the aggregate transaction value set forth in the third party offer. In addition to the sale and purchase rights, the shareholder agreement provides that Onset Holdings' interest in the common stock of Onset Capital is subject to certain anti-dilution provisions.

During 2001, Irwin Ventures entered into a management arrangement with certain members of senior management, including our Chairman and Chief Executive Officer, William I. Miller, and Executive Vice President, Thomas D. Washburn. Under the arrangement, participating individuals have a carried interest entitling them, in the aggregate, to up to 20% of the profits earned on venture investments made by Irwin Ventures. No amounts are currently accrued to the

accounts of Messrs. Miller and Washburn under this carried interest arrangement. In addition, certain of our executive officers participate in a private fund organized to co-invest with Irwin Ventures. At the beginning of each calendar year, participants may elect to contribute to the fund a portion of their annual bonus to be received for that year, up to a current maximum limit of \$25,000. The agreement governing this fund originally authorized us, at the election of each individual participant, to make a matching contribution in the form of a non-recourse loan to fund up to 50% of the participant's annual investment in the co-investment fund. Following the adoption of the Sarbanes-Oxley Act of 2002, which imposes a prohibition on loans to executive officers, we amended this agreement to eliminate this non-recourse loan feature. The aggregate amount of the annual investment is contributed to the fund effective January 1 following the year in which the election is made. To date, Messrs. Davis, Ehlinger, Griffith, Souza and certain former executive officers have made co-investments with Irwin Ventures through this fund totaling \$440,000 through 2003 including \$10,000 contributed by the individual participants in 2003. The participants have elected to co-invest a total of an additional \$20,000 during 2004. These amounts invested through 2004 include non-recourse loans made to these individuals prior to July 30, 2002 in the aggregate amount of \$215,000. These loans bear interest at rates of 8.0% and 6.75% and are secured by a pledge of the participant's proportionate interest in the co-investments made during the applicable year.

2. Proposal to Approve Amendments to the Irwin Financial Corporation 2001 Stock Plan

Introduction

We are asking our shareholders to approve proposals to amend the Irwin Financial Corporation 2001 Stock Plan to increase the number of shares of common stock issuable thereunder by 2,000,000 shares and to reflect certain other amendments described below. Subject to shareholder approval, the Board of Directors approved the proposed amendments and the Amended and Restated 2001 Stock Plan (the 2001 Stock Plan) on February 20, 2004.

Currently, out of the 2,000,000 shares initially authorized under the 2001 Stock Plan, there are approximately 1,074,809 shares of common stock remaining available for grant. Approval of the proposed amendment would increase the total number of shares of common stock remaining available for grant under the 2001 Stock Plan to approximately 3,074,809 shares. The additional shares will enable the Corporation to be competitive in attracting employees and non-employee directors and provide an important tool in promoting the retention of these individuals, while simultaneously aligning the Corporation's interests with those of its shareholders.

As of February 19, 2004, the closing price for our common stock on the New York Stock Exchange was \$29.14 per share.

The following description is a summary of the principal material features of the 2001 Stock Plan, as amended. A copy of the 2001 Stock Plan can be obtained upon written request from Matt Souza, Secretary, 500 Washington Street, Columbus, Indiana 47201.

Summary of Changes

The proposed amendments to the 2001 Stock Plan consist of the following:

the aggregate number of shares authorized for issuance would be increased from 2,000,000 shares to 4,000,000 shares;

no award may be granted on or after April 25, 2011 (which is the ten-year anniversary of original shareholder approval of the 2001 Stock Plan); and

no outstanding option may be repriced.

Purpose

The purpose of the 2001 Stock Plan is to advance the interests of the Corporation and its shareholders by encouraging and providing for the acquisition of an equity interest in the Corporation by employees and non-employee directors of the Corporation and its subsidiaries, by providing additional incentives and motivation toward superior performance of the Corporation, and by enabling the Corporation to attract and retain the services of employees and non-employee directors upon whose judgment, interest, and special effort the successful conduct of the Corporation's operations is largely dependent.

Reservation of Shares

The Corporation has reserved 2,000,000 shares as authorized for issuance under the 2001 Stock Plan. Approval of the proposed amendment will increase the maximum number of shares issuable under the 2001 Stock Plan to 4,000,000 shares. Authorized but unissued shares and treasury shares, not reserved for any other purpose, may be made available for issuance under the 2001 Stock Plan. Shares subject to an award granted under the 2001 Stock Plan that expire or terminate for any reason without being fully exercised or issued shall be available for subsequent grants under the 2001 Stock Plan.

Administration

The 2001 Stock Plan will be administered by the Compensation Committee of the Board (the Committee).

The Committee shall have the discretion to determine the employees and non-employee directors to whom options, restricted stock, Stock Appreciation Rights (SARs), and phantom stock units will be granted and whether any option will be an incentive stock option or a nonqualified stock option. The Committee shall also have the discretion to determine the time of grant, the number of SARs or shares to be covered by each award, the exercise price, the exercise period, and any other terms and conditions of the award.

The disposition of an award in the event of retirement, disability, death or other termination of a participant's employment or service as a non-employee director shall be as determined by the Committee as set forth in the award agreement, or if not specified in the award agreement, as set forth in the 2001 Stock Plan.

Except to the extent permitted by the specific terms of any nonqualified stock option agreement, no award will be assignable or transferable except by will or the laws of descent and distribution.

Changes in Capitalization

In the event any change is made to the number of outstanding shares of the Corporation because of a share split, combination of shares, reclassification, stock

dividend, merger or consolidation, recapitalization or other change in corporate structure, appropriate adjustments will be made in (i) the number of shares that may be granted or SARs available for awards, (ii) the award/ grant price, and (iii) the number of shares or SARs subject to outstanding awards granted pursuant to the 2001 Stock Plan. In the event there is a change of control (as defined in the 2001 Stock Plan) of the Corporation, all options, SARs and phantom stock units shall become immediately exercisable and all restrictions on restricted shares will lapse.

Issuance Limitations

The maximum number of shares that may be awarded to any single participant may not exceed 300,000 during any calendar year, subject to adjustment for corporate changes; and the maximum aggregate cash payout (including SARs and phantom stock units paid out in cash) with respect to awards granted under the 2001 Stock Plan that may be made to any single participant during any calendar year is \$1,000,000, except to the extent the Committee determines an award to a named executive officer shall not be designed to comply with the Internal Revenue Code Section 162(m) exception for performance-based compensation from its tax deductibility limitations. All of the shares that may be issued under the 2001 Stock Plan may be issued with respect to incentive stock options.

Eligibility

Employees and non-employee directors of the Corporation or its subsidiaries will be eligible to participate in the 2001 Stock Plan. At present, approximately 50 persons currently participate in the 2001 Stock Plan.

Terms of Options and SARs and Option Price

The option price of stock options granted under the 2001 Stock Plan may not be less than 100% of the fair market value of such shares on the date the option is granted. For purposes of the 2001 Stock Plan, the fair market value means the mean between the closing bid and ask price as reported on the New York Stock Exchange on the relevant date. Previous awards generally have provided that stock options expire on the tenth anniversary of, and may not be exercised more than ten years after, the date on which the option is granted. Each SAR granted will represent the right to receive cash in an amount equal to the excess of the fair market value of a share, on the date the SAR is exercised, over the grant price of the SAR. The Committee shall have the discretion to pay this excess amount in cash, common stock or a combination thereof.

Payment of Option Price

The exercise price shall be paid either in cash or, if lawful and permitted by the Committee, (a) by the transfer to the Corporation of a number of shares of the Corporation previously acquired by the participant, the fair market value of which at the time of exercise, plus an appropriate amount of cash, if any, is equal to the exercise price, (b) in installments, (c) by directing a licensed broker, acceptable

to the Corporation, to tender cash or cash equivalents equal to the exercise price to the Corporation at the time the certificates are delivered to the broker, (d) by any other means the Committee determines to be consistent with the 2001 Stock Plan's purpose and applicable law, or (e) by a combination of the foregoing.

The 2001 Stock Plan also permits participants who exercise options or phantom stock units, receive shares upon the lapse of restrictions on restricted shares, or incur any other taxable event arising as a result of awards under the 2001 Stock Plan, to elect to have the Corporation withhold a portion of the shares to which the participant is otherwise entitled in order to satisfy any federal, state or local tax liability imposed on the participant by virtue of such event.

Terms of Restricted Stock and Phantom Stock Units

Restricted stock consists of shares that may not be sold or otherwise disposed of during a restricted period after grant as determined by the Committee. The Committee may provide for the lapse of such restrictions in installments. Restricted stock may be voted by the participant. Dividends on the restricted stock shall be payable to the participant. A recipient of a grant of restricted stock will generally earn unrestricted ownership thereof only if the individual is continuously employed by the Corporation or a subsidiary during the entire restricted period.

Each phantom stock unit shall represent one share of common stock. The holder of a phantom stock unit shall be entitled to receive the amount equal to the then-current fair market value of a share of common stock multiplied by the number of phantom stock units the participant chooses to exercise, less the exercise price to be paid by the participant, if any. Payment to the participant may be made in cash, common stock or a combination thereof as determined by the Committee. A holder of phantom stock is not entitled to any dividends with respect to such units.

For restricted stock and phantom stock unit awards, the Committee may, from time to time, establish performance criteria with respect to an award. These performance criteria may be measured in absolute terms or measured against, or in relationship to, other companies comparably, similarly or otherwise situated and may be based on, or adjusted for, other objective goals, events, or occurrences established by the Committee for a performance period, including but not limited to earnings, stock price, market share, regulatory compliance, and improvements in financial ratings. Generally, the performance criteria related to an award made to a Named Executive Officer must be established by the Committee prior to the completion of 25% of the performance period or such earlier date as may be required by Section 162(m) of the Internal Revenue Code.

At the end of each performance period for an award, the Committee will determine the extent to which the performance criteria established for the performance period have been achieved and determine the payout of the performance award.

Amendment and Termination; Option Repricing

The Board of Directors may amend or modify the 2001 Stock Plan, in whole or in part, at any time subject to any required shareholder approval pursuant to applicable laws, rules, or regulations. The 2001 Stock Plan will remain in effect until April 25, 2011, and no award may be granted on or after that date. No outstanding option may be repriced.

Federal Income Tax Consequences

The following discussion summarizes the federal income tax consequences to participants who may receive stock options under the 2001 Stock Plan. The discussion is based upon interpretations of the Internal Revenue Code in effect as of January 1, 2004, and the regulations promulgated thereunder as of such date. This discussion does not purport to be complete, and does not cover, among other things, state and local tax treatment.

Incentive Stock Options

No taxable income is realized by the participant pursuant to the exercise of an incentive stock option granted under the 2001 Stock Plan, and if no disqualifying disposition of such shares is made by such participant within two years after the date of grant or within one year after the transfer of such shares to such participant, then (a) upon sale of such shares, any amount realized in excess of the exercise price will be taxed to such participant as a long-term capital gain and any loss sustained will be a long-term capital loss, and (b) no deduction will be allowed to the Corporation for federal income tax purposes. Upon exercise of an incentive stock option, the participant may be subject to alternative minimum tax on certain items of tax preference.

If shares of common stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of the two-years-from-grant/one-year-from-transfer holding period, generally (a) the participant will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized upon disposition of the shares) over the exercise price thereof, and (b) the Corporation will be entitled to deduct such amount. Any further gain or loss realized will be taxed as capital gain or loss, and will not result in any deduction by the Corporation.

If an incentive stock option is exercised at a time when it no longer qualifies as an incentive stock option, the option is treated as a nonqualified stock option.

Nonqualified Stock Options

For federal income tax purposes, no income is recognized by a participant upon the grant of a nonqualified stock option granted under the 2001 Stock Plan. Upon the exercise of a nonqualified stock option, compensation taxable as ordinary income will be realized by the participant in an amount equal to the excess of the fair market value of a share of common stock on the date of exercise over the exercise price multiplied by the number of shares received pursuant to the exercise of such option. A subsequent sale or exchange of such shares will result in

gain or loss measured by the difference between (a) the exercise price, increased by any compensation reported upon the participant's exercise of the option, and (b) the amount realized on such sale or exchange. Such gain or loss will be capital in nature if the shares were held as a capital asset and will be long-term if such shares were held for more than one year.

The Corporation is entitled to a deduction for compensation paid to a participant at the same time and in the same amount as the participant realizes compensation upon exercise of the option.

Vote Required

Approval of the amendments to the 2001 Stock Plan requires the affirmative vote of a majority of the shares represented in person or by proxy and voted on this matter at the Annual Meeting. Proxies received by the Corporation and not revoked prior to or at the Annual Meeting will be voted FOR this proposal unless otherwise instructed by the shareholder. If shareholders fail to approve the proposed amendment, the proposed amendment will not be effective and the 2001 Stock Plan will continue to operate in accordance with its existing terms.

3. Proposal to Approve the Amendment to the Irwin Financial Corporation 1999 Outside Director Restricted Stock Compensation Plan

Introduction

We are asking our shareholders to approve a proposal to amend the Irwin Financial Corporation 1999 Outside Director Restricted Stock Compensation Plan (the 1999 Plan). Subject to shareholder approval, the Board of Directors approved the proposed amendment (described below) to the 1999 Plan on February 20, 2004.

Currently, out of the 100,000 shares initially authorized under the 1999 Plan, there are approximately 34,864 shares of common stock remaining available for grant. Approval of the proposed amendment would increase the total number of shares of common stock remaining available for grant under the 1999 Plan to approximately 84,864 shares.

As of February 19, 2004, the closing price for the Corporation's common stock on the New York Stock Exchange was \$29.14 per share. The following description is a summary of the material terms of the 1999 Plan, as amended. A copy of the 1999 Plan can be obtained upon written request from Matt Souza, Secretary, 500 Washington Street, Columbus, Indiana 47201.

Summary of Changes

The proposed amendment to the 1999 Plan consists of the following:

the aggregate number of shares authorized for issuance would be increased from 100,000 shares to 150,000 shares.

General Information

Under the 1999 Plan, outside directors may receive shares of common stock of the Corporation in lieu of payment of Director Fees (defined below). If all of the director nominees are elected at the Annual Meeting, the Corporation will have eight directors who are considered outside (non-employee) directors. Shares issued under the 1999 Plan will not be issued or delivered to the individual until all applicable federal and state securities law requirements regarding the offer and sale of securities issued under the 1999 Plan have been met.

Purpose

The 1999 Plan is designed to encourage ownership of shares of the Corporation by outside directors in order to provide such directors with a more direct and proprietary interest in the welfare and success of the Corporation and to encourage their continuation as directors. The 1999 Plan further intends to promote the welfare of the Corporation by those who are primarily responsible for shaping and carrying out the long-term plans and objectives of the Corporation, thereby furthering and securing the Corporation's continued growth and financial success. The 1999 Plan provides outside directors with the opportunity to elect to receive their annual retainer fees and/or meeting attendance fees (collectively, Director Fees) in the form of shares rather than cash. Only outside directors of the Corporation or its subsidiaries are eligible to participate in the 1999 Plan.

Administration

The 1999 Plan is administered by a Plan Committee, which initially consists of the Secretary of the Corporation.

Reservation of Shares

The 1999 Plan currently permits the issuance of up to 100,000 shares of common stock of the Corporation. Approval by shareholders of the proposed amendment will increase the maximum number of shares available for issuance under the 1999 Plan to 150,000 shares. Authorized but unissued shares and reacquired shares may be made available for issuance under the 1999 Plan.

Election to Receive Common Shares

The 1999 Plan provides that unless an outside director makes an election, Director Fees will be paid in cash. The Director Fees will be payable at the election of the outside director in the form of a grant of shares equal to the cash value of the fees. The number of shares issued to a director under the 1999 Plan will be determined by dividing the market value of a share into the dollar amount of Director Fees covered by an election. For purposes of the 1999 Plan, the market value is defined as the closing price of the common stock as reported on the New York Stock Exchange on the last trading day prior to the effective date of a director's election or such other date as may be designated by the Plan Committee. For retainer fees, the fair market value generally is the closing price of the Corporation's common stock as reported on the NYSE for the last trading day prior to January 1 of the calendar year in which such retainer fees would otherwise have been paid in cash; and for the meeting fees, the fair market value generally is the closing price of the Corporation's common stock as reported on the NYSE for the last trading day of the quarter in which such meeting fees would otherwise have been paid in cash.

Except for 1999 and an election for a calendar year in which a person first becomes an outside director, each election shall be effective for not less than one calendar year, but may be made for additional calendar years, subject to any

limitation imposed by the Plan Committee at the time an election is made. A grant of shares for multiple years of service will be equal to the value of the Director Fees multiplied by the number of service years covered by the election.

Each election made under the 1999 Plan will be irrevocable and will be effective only for the plan year or plan years to which such election relates. In the event that an outside director elects to receive a grant covering multiple years of prospective service, such director will not be eligible to make another election under the 1999 Plan until all years of service pertaining to the multiple year election have been served.

Issuance of Certificates

Before delivery of the shares to an outside director, certificates issued by the Plan Committee will be held by the Corporation's Secretary for one year after the last date covered by the election pursuant to which the shares were issued, or an earlier date determined by the Plan Committee. An outside director may defer delivery of certificates until expiration of the last plan year covered by an election. Certificates issued under the 1999 Plan are subject to forfeiture on a pro rata basis if the recipient does not serve until the end of the plan year to which such certificates apply. Shares so forfeited will revert to the Corporation and may again be issued under the 1999 Plan. If cessation of service is due to retirement, death or disability, the Plan Committee may waive the forfeiture provisions with the result that the outside director may receive the shares with respect to the retainer fees for the plan year in which the cessation of service occurs.

Recapitalization

The aggregate number of shares that may be issued under the 1999 Plan and the number of shares subject to each outstanding election will be proportionately adjusted for any increase or decrease in the number of issued and outstanding shares resulting from a subdivision or consolidation of shares of the Corporation or any other capital adjustment of the Corporation, the payment of a share dividend, a share split, or any other increase or decrease in shares effected without receipt of consideration by the Corporation. Other than with regard to the laws of descent and distribution and by will, no right to receive shares under the 1999 Plan will be assignable or transferable.

Rights as a Shareholder

An outside director shall have no rights as a shareholder with respect to shares subject to an election until the date of issuance of a certificate representing those shares. Upon the issuance of a certificate, the shares represented thereby shall be fully paid and nonassessable shares of the Corporation. The outside director shall have the power to vote those shares on all matters presented to a vote of the shareholders of the Corporation and shall be entitled to receive all dividends and other distributions declared or paid by the Corporation on those shares. An outside director shall have no right to sell, pledge, encumber or otherwise dispose of any shares issued pursuant to the 1999 Plan during the time the certificates

representing the shares are held by the Secretary, other than for transactions between the outside director and the Corporation or any director of the Corporation or an affiliate.

Term of the 1999 Plan and Amendments

The 1999 Plan shall terminate on December 31, 2009, or on such earlier date as the Board of Directors of the Corporation may determine. In addition, no common shares may be issued under the 1999 Plan after December 31, 2009. The Board of Directors, except any members participating in the 1999 Plan, may from time to time, alter, amend, suspend, or discontinue the 1999 Plan with respect to any shares for which certificates have not been issued.

Votes Required

Approval of the proposed amendment requires the affirmative vote of a majority of the shares represented in person or by proxy and voted on this matter at the Annual Meeting. Proxies received by the Corporation and not revoked prior to or at the Annual Meeting will be voted FOR this proposal unless otherwise instructed by the shareholder. In the event shareholders fail to approve this proposal, the proposed amendment will not be effective and the 1999 Plan will continue to operate in accordance with its existing terms.

Irwin Financial Corporation 1999 Outside Director Restricted Stock Compensation Plan

No determination can yet be made as to the amount of future awards of restricted stock to outside directors under the 1999 Plan because the number of shares to be awarded to those outside directors who elect to receive shares in lieu of cash will be determined in the future based on the price of the Corporation's common stock and on the amount of Directors Fees subject to elections. The following table presents information concerning the awards made during 2003 under the 1999 Plan. For 2003, seven outside directors elected to receive payment of a portion of their Directors Fees in the form of restricted stock in lieu of cash. Seven individuals have elected to receive restricted stock in lieu of a portion of their cash Directors Fees in 2004. Directors who are employees of the

The Board of Directors recommends that shareholders vote FOR approval of the amendment to the Irwin Financial Corporation 1999 Outside Director Restricted Stock Compensation Plan.

4. Proposal to Approve the Irwin Financial Corporation Short Term Incentive Program

Introduction

In February 2002, the Board of Directors approved the Irwin Financial Corporation short term incentive program. The program was subsequently amended, restated and approved effective February 20, 2004. We are seeking shareholder approval in this proxy statement in order for each short term incentive plan to qualify as a performance-based compensation plan under Section 162(m) of the Internal Revenue Code. Section 162(m) limits the deductibility of annual compensation over \$1 million paid to certain employees. However, this limit does not apply to qualifying performance-based compensation.

The Corporation's short term incentive program is intended to produce a competitive incentive bonus package that correlates the compensation of its eligible employees with the performance of the Corporation and its lines of business. As part of its short term incentive program, the Corporation maintains short term incentive plans for the Corporation and each of its lines of business, consisting of the following: the Irwin Financial Corporation Amended and Restated Short Term Incentive Plan, Irwin Commercial Finance Amended and Restated Short Term Incentive Plan, Irwin Home Equity Amended and Restated Short Term Incentive Plan, Irwin Mortgage Corporation Amended and Restated Short Term Incentive Plan, and the Irwin Union Bank and Trust Company Amended and Restated Short Term Incentive Plan. Each short term incentive plan within the short term incentive program consists of similar terms and features.

The following description of the short term incentive program sets forth the material terms of the respective short term incentive plans, as amended. A copy of each of the short term incentive plans can be obtained upon written request from Matt Souza, Secretary, 500 Washington Street, Columbus, Indiana 47201.

Purpose

The purpose of the short term incentive program is to support the achievement of the Corporation and its lines of business's business and financial goals in order to increase shareholder value by attracting and retaining high caliber employees who are capable of improving business results.

Participation

Participants in the short term incentive program include those individuals who are both (a) senior officers of either the Corporation or one of its lines of business and (b) designated by the applicable Corporation or line of business committee as an eligible participant.

Administration

The Irwin Financial Corporation Short Term Incentive Plan is administered by the Corporation's Compensation Committee (the Committee). The Committee must approve any target award opportunity, performance level and performance criteria with respect to a Covered Officer (defined below). The Committee has the discretion, from time to time, to delegate to any officer or officers of the Corporation or its lines of business any and all authority that it deems necessary or appropriate to carry out the day-to-day administration of the short term incentive plans, including, without limitation, the authority to maintain and administer employee records, payroll records, and any record keeping associated with voluntary deferral of bonuses.

Each short term incentive plan of a line of business is administered by a committee, which consists of the chairman of the board of directors of such line of business.

Awards

Each committee will establish performance goals and corresponding award opportunities, which will be expressed as a percentage of a participant's base salary at the end of the performance period, (a) for each senior officer of the Corporation or a line of business who, on the last day of the taxable year of the Corporation, is the chief executive officer of the Corporation or any other officer of the Corporation or a line of business who is, for such taxable year, among the Corporation's four most highly compensated officers (as defined in Internal Revenue Code Section 162(m)(3)) (each of these individuals is a Covered Officer), within 90 days of the beginning of any performance period (and no later than after 25% of that performance period has elapsed), and (b) for any other participants at any time as the committee of the Corporation or its lines of business deems appropriate. The performance goals and corresponding target award for each Covered Officer must also be approved by the Committee within the time frame described above. Once established for an award, performance goals may not be revised if such revision would cause compensation relating to such award to fail to qualify as performance-based compensation under Section 162(m).

The appropriate committee may specify different performance levels that would entitle the participant to payouts less than or greater than the target award amount, and each award made under the plan shall specify the corresponding threshold, target and maximum amounts payable to the participant. The committee may specify that the maximum amount payable is the maximum permitted under the plan. Performance goals may be absolute in their terms or

measured against or in relationship to other companies comparably, similarly or otherwise situated or other external or internal measure and may provide that the performance targets will be determined by including or eliminating the financial effects of specified transactions or occurrences. Such performance goals may be particular to a line of business, subsidiary or other unit or the Corporation or its lines of business generally, and may, but need not, be based upon a change or an increase or positive result.

The committees have used return on equity as a performance measure in the past. The plans also permit the committees to establish performance goals tracking any one or more of the following business measures:

earnings per share

net earnings

net income

operating earnings

customer satisfaction

revenues

net sales

financial return ratios such as return on equity, return on assets, return on capital, and return on investment

ratio of debt to earnings or shareholders equity

market performance

market share

balance sheet measurements

economic profit

cash flow

shareholder return

margins

productivity improvement

distribution expense

delivery reliability

cost control or operational efficiency measures

Awards will be payable in cash, and the maximum dollar amount for a cash award that may be earned under a short term incentive plan by a participant for any single year is \$2,000,000, and amounts earned under an award relating to a performance period of more than one year are deemed to be earned ratably over the number of full and partial years in the performance period.

46.

Payment of Awards

At the end of a performance period, the committee will determine the amount of the award payable to each participant under the short term incentive plan based on the degree to which the performance goals established for such participant had been achieved. For any awards payable to Covered Officers, the line of business committee, if an award relates to a line of business, and the Committee will certify in writing the extent to which the performance goals have been satisfied and the amount to be delivered to each Covered Officer as a result thereof. The Committee may reduce the amount of any of these awards based upon its assessment of individual performance, the failure of the senior officer to remain employed by the Corporation or its lines of business throughout the performance period, or for any other reason, and may increase the award of any participant other than a Covered Officer to reflect individual performance and/or extraordinary circumstances. Participants who were hired or transferred during a performance period will receive prorated awards. The Committee may allow senior officers to defer payment of all or part of any awards, and interest will be credited on deferred amounts.

Amendment; Termination

The Board of Directors of the Corporation or its lines of business may, from time to time, amend, suspend or terminate its respective short term incentive plan or any part of its short term incentive plan as they deem proper and in the best interest of the Corporation or its lines of business. However, no such action may cause any participant to be deprived of any award previously awarded but not yet paid, and no such action may be effective in the fiscal year in which such action is taken unless it is taken within the first three months of the fiscal year. In addition, no amendment or modification will be effective without shareholder approval if that approval is necessary to comply with the requirements for performance-based compensation under Section 162(m).

Vote Required

Approval of the short term incentive program requires the affirmative vote of a majority of the shares represented in person or by proxy and voted on this matter at the Annual Meeting. Proxies received by the Corporation and not revoked prior to or at the Annual Meeting will be voted FOR this proposal unless otherwise instructed by the shareholder. If shareholders fail to approve the short-term incentive program, each of the plans will fail to qualify as a performance-based compensation plan under Section 162(m) of the Internal Revenue Code, and the plans will continue to operate in accordance with their existing terms.

The Board of Directors recommends that shareholders vote FOR approval of the Irwin Financial Corporation Short Term Incentive Program.

Voting Procedures

Shareholders owning a majority of all the common shares outstanding must be present in person or represented by proxy in order to constitute a quorum for the transaction of business. Thus, approximately 14,125,186 shares will be required at the meeting for such quorum. The three nominees receiving the greatest number of votes at the meeting, either in person or by proxy, will be elected as directors for the ensuing three-year term, as indicated. Adoption of each of the Amendments to the Irwin Financial Corporation 2001 Stock Plan, the Amendment to the Irwin Financial Corporation 1999 Outside Director Restricted Stock Compensation Plan, and the Irwin Financial Corporation Short Term Incentive Program requires the affirmative vote of a majority of the shares represented in person or by proxy and voted on each matter at the Annual Meeting. Proxies returned by brokers as non-votes on behalf of shares held in street name because the beneficial owner has withheld voting instructions, and proxies returned with abstentions, will be treated as present for purposes of determining a quorum but will not be counted as voting on any matter as to which a non-vote or abstention is indicated on the proxy.

Annual Report on Form 10-K

We are providing all shareholders with a copy of our Annual Report on Form 10-K for 2003, together with all financial statements, schedules, and a list of the exhibits filed with the Form 10-K. Proposals of shareholders submitted outside the process of Rule 14a-8 (Non-Rule 14a-8 Proposals) in connection with the 2005 Annual Meeting must be received by us by February 2, 2005 or such proposals will be considered untimely. Our proxy for the 2005 Annual Meeting will give discretionary authority to the proxy holders to vote on all Non-Rule 14a-8 Proposals we receive after February 2, 2005.

Shareholder Communication with the Board of Directors

Our independent directors have unanimously approved a process for shareholders to send communications to the Board of Directors. As a result, shareholders who wish to communicate with the Lead Director or the Board may do so by directing their correspondence in writing to Mr. Lance Odden, currently our Lead Director, in care of Irwin Financial Corporation, 500 Washington Street, Columbus, Indiana 47201.

The Board welcomes, but does not require, directors to attend the Annual Meeting of Shareholders. At the 2003 Annual Meeting, six of the nine members of the Board then serving were in attendance.

Miscellaneous

As of the date of this proxy statement, our Board of Directors has no knowledge of any matters to be presented for consideration at the meeting other than the matters described in this proxy statement. If (a) any matters not within the knowledge of the Board of Directors as of the date of this proxy statement should properly come before the meeting; (b) a person not named in this proxy statement is nominated at the meeting for election as a director because a nominee named in this proxy statement is unable to serve or for good cause will not serve; (c) any proposals properly omitted from this proxy statement and the form of proxy should come before the meeting; or (d) any matters should arise

incident to the conduct of the meeting, then the proxies will be voted in accordance with the recommendation of our Board of Directors.

IRWIN FINANCIAL CORPORATION

AUDIT & RISK MANAGEMENT COMMITTEE CHARTER

PURPOSE

The primary function of the Audit & Risk Management Committee (the Committee or ARMC) is to assist the Board of Directors in fulfilling its oversight of (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the Corporation's independent accountants, and (iv) the performance of the Corporation's internal audit function and independent accountants.

The Committee meets these responsibilities by reviewing the financial reports and other financial information provided by the Corporation to shareholders and others; reviewing the Corporation's processes for the oversight and management of financial and operational risks, including the system of internal control that management and the Board of Directors have established; and reviewing the Corporation's auditing, accounting and financial reporting processes generally.

The Committee derives its authority from the by-laws of Irwin Financial Corporation (the Corporation) and is hereby given all resources and authority necessary to properly discharge its responsibilities. The Audit & Risk Management Committee's primary duties and responsibilities are to:

Provide an open avenue of communication among management, the internal auditors, the independent accountants, and the Board of Directors.

Serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control system.

Review and appraise the qualifications and audit efforts of the Corporation's independent accountants and internal auditing department.

The Audit & Risk Management Committee will primarily fulfill these responsibilities by carrying out the activities enumerated below in the section titled Duties and Responsibilities. To the extent permitted by applicable regulations and listing requirements, the Committee may obtain assistance from management or staff in accomplishing these responsibilities.

COMPOSITION AND QUALIFICATIONS

The Audit & Risk Management Committee will be comprised of three or more directors. All members of the Committee will be independent directors, as determined by the Board of Directors in accordance with guidelines of the New York Stock Exchange and other applicable regulations. No member of the Committee may, other than in his or her capacity as a member of the Committee, the Board of Directors, or any other committee of the Corporation: (i) accept directly or indirectly any consulting, advisory or other compensatory fee from the Corporation or any of its subsidiaries, or (ii) be an affiliated person of the Corporation or any of its subsidiaries. Any director of the Corporation who is determined to be independent by the Board of Directors but who also holds 20% or more of the

Corporation's outstanding shares (or who is a general partner, controlling shareholder or officer of any such holder) cannot be the Chair or a voting member of the Committee.

All members of the Committee will be financially literate, as that qualification is interpreted by the Board of Directors in its business judgment in accordance with listing standards of the New York Stock Exchange. Without

limiting the generality of the foregoing sentence, each member of the Committee will have a working familiarity with basic finance and accounting practices, such as the ability to read and understand fundamental financial statements. The Chair of the Committee will have accounting or related financial management expertise, as determined by the Board of Directors in its business judgment in accordance with guidelines of the New York Stock Exchange, and at least one member of the Committee (who may also be the Chair) shall be a financial expert, as defined in regulations promulgated by the Securities and Exchange Commission from time to time.

As provided in the Corporation's Corporate Governance Principles, no director will be eligible for service on the Committee while he or she serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to serve effectively on the Committee.

Committee appointments and selection of the committee chairperson will be approved annually by the Board of Directors.

MEETINGS

The Committee will meet at least four times annually, or more frequently as circumstances dictate. The Committee may ask members of management or others to attend the meeting and is authorized to receive any and all pertinent information from management as determined by the Committee. The Committee will meet with the independent accountants, management, and the director of internal auditing in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately. In addition, the Committee, or at least its Chair, will discuss with the independent accountants and management any matters of the types described in the Statement of Auditing Standards No. 61, *Communications with Audit Committees*, which are identified in connection with the accountants reviews of the interim financial statements.

DUTIES AND RESPONSIBILITIES

To fulfill its duties and responsibilities, the Audit & Risk Management Committee shall perform the following:

General

The Committee will report its activities to the full Board of Directors on a regular basis so that the Board is kept informed of its activities on a current basis. The Committee will perform all duties determined by the Board.

The Committee has the power to conduct or authorize investigations into matters within the Committee's scope of responsibilities. The Committee is authorized to retain independent counsel, accountants or other advisors as it deems necessary to carry out its duties.

The Committee will prepare an audit committee report as required by rules of the Securities and Exchange Commission to be included in the Corporation's annual proxy statement.

The Committee will do whatever else the law, applicable listing standards, the Corporation's charter or bylaws or the Board of Directors may require or direct.

Engagement of Independent Accountants and Internal Auditor

The Committee will have sole authority for the appointment, compensation, retention and oversight of the work of the Corporation's independent accountants (including resolution of disagreements between management and the independent accountants regarding financial reporting) for the purpose of preparing or issuing an audit

52.

report or performing other audit, review or attestation services for the Corporation. The Committee will consult with the Board of Directors in making such decisions concerning the appointment, compensation and retention of the independent accountants. The Committee will establish an arrangement pursuant to which the independent accountants report directly to the Committee.

The Committee will have the sole authority to approve all audit engagement fees and terms, as well as non-audit engagements of the independent accountants. Authority to pre-approve non-audit engagements may be assigned to the Chairman of the Audit Committee with communication to, and ratification of, the full Committee at the subsequent meeting.

The Committee will oversee the independence of the independent accountants by reviewing, at least annually, all relationships the accountants have with the Corporation, including consideration of non-audit services provided by the independent accountants and the fees paid for such services.

The Committee will, at least annually, obtain and review a report by the independent accountant describing (i) the independent accounting firm's internal quality control procedures; and (ii) any material issues raised in internal quality control reviews, or peer reviews, of the accounting firm, or by any inquiry or investigation by governmental or professional authorities (within the preceding five years) respecting one or more independent audits carried out by the firm; and (iii) any steps taken to deal with any such issues.

The Committee will review and concur, by majority vote, in the appointment, replacement, reassignment, or dismissal of the Director of Internal Auditing.

The Committee will oversee the internal audit function. The Committee will provide internal audit the authority to examine all records and issue independent reports in order to provide objectivity to the internal audit function.

- b.) The independent accountant's audit of and report on the financial statements.
- c.) The external accountant's report of all critical accounting policies and practices to be used, alternative treatments of financial information that have been discussed with management (and the ramifications of such alternative treatments), and the accountant's preferred treatment. 4.1 *Administration.* The Committee shall be responsible for the administration of the Plan. The Committee, by majority action thereof (whether taken during a meeting or by written consent), is authorized to interpret the Plan, to prescribe, amend, and rescind rules and regulations relating to the Plan, to provide for conditions and assurances deemed necessary or advisable to protect the interests of the Company, and to make all other determinations necessary or advisable for the administration of the Plan, but only to the extent not contrary to the express provisions of the Plan; provided, however, the Committee shall not reprice or otherwise decrease the exercise price applicable to any outstanding Option, except in connection with an adjustment contemplated by Section 5.4. Determinations, interpretations, or other actions made or taken by the Committee pursuant to the provisions of the Plan shall be final and binding and conclusive for all purposes and upon all persons whomsoever. To the extent deemed necessary or advisable for purposes of Rule 16b-3 or otherwise, the Board may act as the Committee hereunder.

Section 5. Stock Subject to Plan and Maximum Awards

5.1 *Aggregate Number.* The total number of shares of Stock that may be issued pursuant to Awards under the Plan may not exceed 4,000,000 (of this total number, all such shares may be issued with respect to Incentive Stock Options). Such numbers of shares shall be

subject to adjustment upon occurrence of any of the events described in Section 5.4. The shares to be delivered under the Plan may consist, in whole or in part, of authorized but unissued Stock or treasury Stock, not reserved for any other purpose. In addition, up to an aggregate of 2,000,000 SARs may be granted under the Plan.

5.2 Individual Participant Limitations. Unless and until the Committee determines that an Award to a Named Executive Officer shall not be designed to comply with the Performance-Based Exception, the following rules shall apply to grants of such Awards under the Plan:

- (a) Subject to adjustment as provided in Section 5.4, the maximum aggregate number of shares of Stock (including Options, Restricted Stock SARs, and Phantom Stock Units to be paid out in shares) that may be granted under this Plan in any calendar year pursuant to any Award held by any Participant shall be 300,000 shares. Such numbers of shares shall be subject to adjustment upon occurrence of any of the events described in Section 5.4.
- (b) The maximum aggregate cash payout (including SARs and Phantom Stock Units paid out in cash) with respect to Awards granted under this Plan in any calendar year which may be made to any Participant shall be one million dollars (\$1,000,000.00).

5.3 Reuse. If, and to the extent:

- (a) An Option shall expire or terminate for any reason without having been exercised in full (including, without limitation, cancellation and re-grant), or in the event that an Option is exercised or settled in a manner such that some or all of the shares of Stock related to the Option are not issued to the Participant (or beneficiary) including as the result of the use of shares for withholding taxes, the shares of Stock subject thereto which have not become outstanding shall (unless the Plan shall have terminated) become available for issuance under the Plan; provided, however, that with respect to a share-for-share exercise, only the net shares issued shall be deemed to have become outstanding as a result thereof.
- (b) Restricted Stock or Phantom Stock Units under the Plan are forfeited for any reason, or settled in cash in lieu of Stock or in a manner such that some or all of the shares of Stock related to the Award are not issued to the Participant (or beneficiary), such shares of Stock shall (unless the Plan shall have terminated) become available for issuance under the Plan.
- (c) SARs expire or terminate for any reason without having been earned in full, an equal number of SARs shall (unless the Plan shall have terminated) become available for issuance under the Plan.

5.4 Adjustment in Capitalization. In the event of any change in the outstanding shares of Stock that occurs after ratification of the Plan by the stockholders of the Company by reason

of a Stock dividend or split, recapitalization, merger, consolidation, combination, separation (including a spin-off), exchange of shares, or other similar corporate change or distribution of stock or property by the Company, the number and class of and/or price of shares of Stock subject to each outstanding Award, the number of shares of Stock available for Awards and the number and class of shares of Stock set forth in Sections 5.1 and 5.2, shall be adjusted appropriately by the Committee, whose determination shall be conclusive; provided, however, that fractional shares shall be rounded to the nearest whole share. In such event, the Committee also shall have discretion to make appropriate adjustments in the number and type of shares subject to Awards then outstanding under the Plan pursuant to the terms of such grants or otherwise.

Section 6. Duration of Plan

6.1 *Duration of Plan.* The Plan shall remain in effect until, and no Award may be granted on or after, April 25, 2011, subject to the Board's right to earlier terminate the Plan pursuant to Section 14 hereof.

Section 7. Stock Options

7.1 *Grant of Options.* Subject to the provisions of Section 5 and 6, Options may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee shall have complete discretion in determining the number of Options granted to each Participant. The Committee may grant any type of Option to purchase Stock that is permitted by law at the time of grant.

7.2 *Option Agreement.* Each Option shall be evidenced by an option agreement that shall specify the type of Option granted, the Option price, the duration of the Option, the number of shares of Stock to which the Option pertains, the vesting schedule for the Options, and such other provisions as the Committee shall determine.

7.3 *Option Price.* No Option granted pursuant to the Plan shall have an Option price that is less than the Fair Market Value of the Stock on the date the Option is granted.

7.4 *Exercise of Options.* Options awarded under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall approve, either at the time of grant of such Options or pursuant to a general determination, and which need not be the same for all Participants. Each Option which is intended to qualify as an Incentive Stock Option pursuant to Section 422 of the Code, and each Option which is intended to qualify as another type of ISO which may subsequently be authorized by law, shall comply with the applicable provisions of the Code pertaining to such Options.

7.5 *Payment.* Options shall be exercised by the delivery of a written notice of exercise to the Company, setting forth the number of shares of Stock with respect to which the Option is to be exercised, accompanied by full payment for the Stock. The Option price upon exercise of any Option shall be payable to the Company in full, as provided in the option agreement, either:

- (a) in cash or its equivalent,

- (b) by tendering previously-acquired Stock (as determined by the Committee) having an aggregate Fair Market Value at the time of exercise equal to the total Option price,
- (c) if the Committee shall authorize in its sole discretion, by payment of the purchase price in installments or with other borrowed funds; provided, however, that the provisions of each installment purchase agreement: (i) shall provide that the purchaser, at the purchaser's option, may pay any or all such installments at one time, (ii) shall comply with all applicable credit regulations, if any, then in effect and issued or enacted by governmental authority having jurisdiction, including Regulation U of the Board of Governors of the Federal Reserve System if such Regulation is then in effect, (iii) shall be established by the Committee and shall include a specified rate of interest payable on the unpaid balance, and (iv) shall require that the certificate for Shares purchased pursuant to installment arrangement be pledged to the Company,

The certificates for stock purchased pursuant to an installment purchase agreement will be delivered to the purchaser, who shall take title to such Stock, and shall be immediately deposited by the purchaser, together with a properly executed stock power, with the Secretary of the Company to be held by the Company as security for the payment of the installments of the purchase price, including interest. The purchaser shall be entitled to all voting rights with respect thereto and all cash dividends paid thereon. In the event of the payment by the Company of a stock dividend or the declaration by the Company of a stock split with respect to any of its Stock held as security pursuant to an installment purchase agreement hereunder, the pledge under such agreement shall extend to the Stock issued in payment of such stock dividend or on account of such stock split. The purchaser shall deliver to the Company the certificates representing the dividend or split Stock upon receipt thereof, together with a properly executed stock power. In the event that the Stock held as security pursuant to an installment purchase agreement shall be changed or reclassified as a result of any charter amendment, recapitalization, reorganization, merger, consolidation, sale of assets or similar transactions, the changed or reclassified Stock or other assets or both received as a result of such transaction shall be substituted for the Stock pledged under such agreement; and the purchaser shall promptly deliver to the Company any certificates issued to represent the Stock so changed or reclassified and any such other assets, together with a properly executed stock power. If rights to subscribe for or purchase Stock or other securities shall be issued to holders of Stock held as security pursuant to an installment purchase agreement, such rights shall belong to the purchaser free from pledge. Upon completion of payment for such Stock, including interest to the date of payment, and subject to any requirements necessary to comply with Regulation U or other applicable credit

regulations, the purchaser shall be entitled to the return from the Company of the certificates so pledged,

- (d) by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law,
- (e) by having the notice of exercise direct that the certificate or certificates for such Shares for which the option is exercised be delivered to a licensed broker acceptable to the Company as the agent for the individual exercising the option and, at the time such certificate or certificates are delivered, the broker tenders to the Company cash or cash equivalents acceptable to the Company equal to the purchase price for such Shares purchased pursuant to the exercise of the option plus the amount (if any) of federal and other taxes which the Company may, in its sole judgment, be required to withhold with respect to the exercise of the option, or
- (f) by a combination of (a), (b), (c), (d) and (e).

The exercise of an Option shall cancel any SAR which was specifically granted in tandem with such Option to the extent of the number of shares as to which the Option is exercised. As soon as practicable after receipt of each notice and full payment, the Company shall deliver to the Participant a certificate or certificates representing acquired shares of Stock.

7.6 Limitations on ISOs. Notwithstanding anything in the Plan to the contrary, to the extent required from time to time by the Code, the following additional provisions shall apply to the grant of Options which are intended to qualify as Incentive Stock Options (as such term is defined in Section 422 of the Code):

- (a) The aggregate Fair Market Value (determined as of the date the Option is granted) of the shares of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company) shall not exceed \$100,000 or such other amount as may subsequently be specified by the Code; provided that, to the extent that such limitation is exceeded, any excess Options (as determined under the Code) shall be deemed to be Nonstatutory (Nonqualified) Stock Options.
- (b) Any Incentive Stock Option authorized under the Plan shall contain such other provisions as the Committee shall deem advisable, but shall in all events be consistent with and contain or be deemed to contain all provisions required in order to qualify the Options as Incentive Stock Options, including, but not limited to, provisions applicable to Incentive Stock Options granted to a 10% shareholder of the Company within the meaning of Code Section 422(b)(6).
- (c) All Incentive Stock Options must be granted within ten years from the date on which this Plan was adopted by the Board of Directors.

- (d) Unless exercised, terminated, or canceled sooner, all Incentive Stock Options shall expire no later than ten years after the date of grant (five years in the case of an ISO granted to a 10% shareholder).

7.7 Restrictions on Stock Transferability. The Committee shall impose such restrictions on any shares of Stock acquired pursuant to the exercise of an Option under the Plan as it may deem advisable, including, without limitation, restrictions under the applicable federal securities law, under the requirements of any stock exchange upon which such shares of Stock are then listed and under any blue sky or state securities laws applicable to such shares.

7.8 Termination of Employment or Service. Unless otherwise provided in the option agreement, subsections (a) through (d) shall apply.

- (a) *Termination of Employment or Service Due to Death or Disability.* In the event a Participant's employment or service as a Non-Employee Director is terminated by reason of death or disability, any outstanding Options whether or not then exercisable, may be exercised within three (3) years after such date of termination of employment or service. In no case shall the period for exercise extend beyond the expiration date of such option grant.
- (b) *Termination of Employment or Service Due to Retirement.* In the event that a Participant's employment or service as a Non-Employee Director is terminated due to retirement, the Options theretofore granted to such Participant may be exercised to the extent that such Participant was entitled to exercise the Options at the date of such termination, but only within a period of three (3) years beginning on the day following the date of such termination, and provided further that any Incentive Stock Options may be exercised only within a period of three (3) months beginning on the day following the date of such termination. In no case shall the period for exercise extend beyond the expiration date of such Option grant. So long as a Participant shall continue to serve as a Non-Employee Director or continue to be an employee of the Company, the Options granted to the Participant shall not be affected by any change of duties or position. A change of employment from the Company to a subsidiary, from a subsidiary to the Company, from one subsidiary to another, or any combination thereof, shall not be considered to be a termination of employment for purposes of this Plan.
- (c) *Resignation or Termination Without Cause.* In the event that a Participant's employment with the Company or its subsidiaries or the service of a Non-Employee Director is terminated due to resignation or termination without cause (other than in circumstances that constitute a retirement), the options theretofore granted to such Participant may be exercised to the extent that such Participant was entitled to exercise the options at the date of such resignation, but only within a period of three (3) months beginning on the day following the date of such

termination. In no case shall the period for exercise extend beyond the expiration date of such option.

- (d) Termination for Cause. Notwithstanding anything herein to the contrary, all outstanding options shall immediately terminate without further action on the part of the Company in the event of the termination of a Participant's employment or service with the Company or its subsidiaries for Cause.

7.9 Effect of a Change in Control. Unless otherwise provided in the Stock Option agreement, the following shall apply in the event of a Change of Control. Upon the occurrence of a Change of Control, the Company shall provide written notice thereof (the "Change in Control Notice") to the Participants. The Company shall have the right, but not the obligation, to terminate all outstanding options as of the 30th day immediately following the date of the sending of the Change in Control Notice by including a statement to such effect in the Change in Control Notice. Upon delivery of the Change in Control Notice and regardless of whether the Company elects to terminate the outstanding options, the Participants shall have the right to immediately exercise all outstanding options (whether or not immediately exercisable, notwithstanding the Change in Control) in full during the 30-day period notwithstanding the other terms and conditions otherwise set forth in the Plan or in any certificate or agreement representing such option.

7.10 Nontransferability of Options. Except as provided below, no Option granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution. Further, all Options granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant. Notwithstanding the foregoing, the Committee may, in its discretion, authorize all or a portion of the Options (other than Incentive Stock Options) granted to a Participant to be on terms which permit transfer by such Participant to:

- (a) the spouse, children or grandchildren of the Participant ("Immediate Family Members");
- (b) a trust or trusts for the exclusive benefit of such Immediate Family Members, or;
- (c) a partnership in which such Immediate Family Members are the only partners, provided that:
 - (i) there may be no consideration for any such transfer;
 - (ii) the Award agreement pursuant to which such Options are granted expressly provides for transferability in a manner consistent with this Section 7.10; and

- (iii) subsequent transfers of transferred Options shall be prohibited except transfers back to the Participant or those in accordance with Section 11.

Following transfer, any such Options shall continue to be subject to the same terms and conditions as were applicable immediately prior to the transfer, provided that for purposes of Section 11 hereof, the term Participant shall be deemed to refer to the transferee. The provisions of Section 7 relating to the period of exercisability and expiration of the Option shall continue to be applied with respect to the original Participant, and the Option shall be exercisable by the transferee only to the extent, and for the periods, set forth in said Section 7.

Section 8. Stock Appreciation Rights

8.1 *Grant of Stock Appreciation Rights.* Subject to the provisions of Sections 5 and 6, Stock Appreciation Rights (SARs) may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee shall have complete discretion in determining the number of SARs granted to each Participant. Each SAR award shall be evidenced by an Award agreement setting forth the number of shares of Stock to which the SAR pertains, the vesting schedule for the SARs, and such other provisions as the Committee shall determine.

8.2 *Payment of SAR Amount.* Upon exercise of the SAR, the Participant shall be entitled to receive payment of an amount (subject to Section 8.4 below) determined by multiplying:

- (a) The difference between the Fair Market Value of a share of Stock at the date of exercise over the price fixed by the Committee at the date of grant, by
- (b) The number of shares with respect to which the Stock Appreciation Right is exercised.

8.3 *Form and Timing of Payment.* At the discretion of the Committee, payment to the Participant of the SAR amount described in Section 8.2 may be made in cash or Stock, or in a combination thereof.

8.4 *Limit of Appreciation.* At the time of grant, the Committee may establish in its sole discretion, a maximum amount per share which will be payable upon exercise of an SAR.

8.5 *Term of SAR.* The term of an SAR granted under the Plan shall not exceed ten years.

8.6 *Termination of Employment or Service; Change in Control.* Unless otherwise provided in the Award agreement, in the event of (i) termination of the employment or service of a Participant, or (ii) upon a Change in Control, any SARs outstanding shall be treated in the same manner as specified for Options (excluding Incentive Stock Options) under Sections 7.8 and 7.9 respectively.

8.7 *Nontransferability of SARs.* No SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution. Further, all SARs granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant.

Section 9. Restricted Stock

9.1 *Grant of Restricted Stock.* Subject to the provisions of Sections 5 and 6, the Committee, at any time and from time to time, may grant shares of Restricted Stock under the Plan to such Participants and in such amounts as it shall determine. Each grant of Restricted Stock shall be evidenced by an Award agreement which shall specify the number of shares of stock granted, the schedule for lapse of the restrictions, and such other provisions as the Committee shall determine. If such Award agreement specifies a purchase price to be paid by Participant for the Restricted Stock, such price may be paid in any of the forms described under Sections 7.5(a)-(f) above.

The Committee may at any time and from time to time, establish performance criteria with respect to an Award of Restricted Stock. The performance criteria or standards shall be determined by the Committee in writing and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated and may be based on or adjusted for any other objective goals, events, or occurrences established by the Committee, provided that such criteria or standards relate to one or more of the following: earnings, earnings growth, revenues, expenses, stock price, market share, charge-offs, loan loss reserves, reductions in non-performing assets, return on assets, return on equity, or assets, investment, regulatory compliance, satisfactory internal or external audits, improvement of financial ratings, achievement of balance sheet or income statement objectives, extraordinary charges, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisition expenses including goodwill, unplanned stock offerings and strategic loan loss provisions. Such performance standards may be particular to a line of business, subsidiary or other unit or may be based on the performance of the Company generally.

9.2 *Transferability.* Except as provided in Sections 9.6 and 9.7 hereof, the shares of Restricted Stock granted hereunder may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated for such period of time (the *Period of Restriction*) as shall be determined by the Committee and shall be specified in the Restricted Stock Award agreement, or upon earlier satisfaction of other conditions, as specified by the Committee in its sole discretion and set forth in the Restricted Stock Award agreement.

9.3 *Other Restrictions.* The Committee shall impose such other restrictions on any shares of Restricted Stock granted pursuant to the Plan as it may deem advisable including, without limitation, restrictions under applicable federal or state securities laws, and may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions.

9.4 *Voting Rights.* Participants holding shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those shares during the *Period of Restriction*.

9.5 Dividends and Other Distributions. During the Period of Restriction, Participants holding shares of Restricted Stock granted hereunder shall be entitled to receive all dividends and other distributions paid with respect to those shares while they are so held. If any dividends or distributions are paid in shares of Stock pursuant to Section 5.4, the shares shall be subject to the same restrictions on transferability as the shares of Restricted Stock with respect to which they were paid.

9.6 Termination of Employment or Service; Change in Control. Unless otherwise provided in the Award agreement, the following shall apply:

- (a) *Termination of Employment or Service Due to Death or Disability.* In the event a Participant's employment or service as a Non-Employee Director is terminated due to death or disability, the Period of Restriction applicable to the Restricted Stock pursuant to Subsection 9.2 hereof shall automatically terminate and, except as otherwise provided in Subsection 9.3, the shares of Restricted Stock shall thereby be free of restrictions and freely transferable.
- (b) *Termination of Employment or Service for Reasons Other than Death or Disability.* In the event that a Participant's employment or service as a Non-Employee Director is terminated for any reason other than death or disability during the Period of Restriction, then any shares of Restricted Stock still subject to restrictions at the date of such termination automatically shall be forfeited and returned to the Company; provided, however, that, in the event of retirement or an involuntary termination of the employment of a Participant by the Company other than for cause, the Committee in its sole discretion may waive the automatic forfeiture of any or all such shares and/or may add such new restrictions to such shares of Restricted Stock as it deems appropriate.
- (c) *Change in Control.* Unless otherwise provided in the Award agreement, upon a Change in Control, the Period of Restriction applicable to the Restricted Stock pursuant to Subsection 9.2 hereof shall automatically terminate and, except as otherwise provided in Subsection 9.3, the shares of Restricted Stock shall thereby be free of restrictions and freely transferable.

9.7 Nontransferability of Restricted Stock. No shares of Restricted Stock granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution until the termination of the applicable Period of Restriction. All rights with respect to Restricted Stock granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant.

Section 10. Phantom Stock Units

10.1 *Grant of Phantom Stock Units.* Subject to the provisions of Sections 5 and 6, Phantom Stock Units may be granted to Participants at any time and from time to time as shall be determined by the Committee. Each grant of Phantom Stock Units shall be evidenced by an Award agreement setting forth the number of Phantom Stock Units, the applicable vesting schedule and such other provisions as the Committee shall determine.

The Committee may at any time and from time to time, establish performance criteria with respect to an Award of Phantom Stock Units. The performance criteria or standards shall be determined by the Committee in writing and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated and may be based on or adjusted for any other objective goals, events, or occurrences established by the Committee, provided that such criteria or standards relate to one or more of the following: earnings, earnings growth, revenues, expenses, stock price, market share, charge-offs, loan loss reserves, reductions in non-performing assets, return on assets, return on equity, or assets, investment, regulatory compliance, satisfactory internal or external audits, improvement of financial ratings, achievement of balance sheet or income statement objectives, extraordinary charges, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisition expenses including goodwill, unplanned stock offerings and strategic loan loss provisions. Such performance standards may be particular to a line of business, subsidiary or other unit or may be based on the performance of the Company generally.

10.2 *Value.* Each Phantom Stock Unit shall represent one share of Stock.

10.3 *Payment for Phantom Stock Units.* After satisfaction of the vesting schedule specified in the Award agreement, the holder of a Phantom Stock Unit shall be entitled to receive the then-current Fair Market Value of a share of Stock multiplied by the number of Phantom Stock Units he chooses to exercise, less the exercise price to be paid by Participant (if any) as specified in the Award agreement. If such Award agreement specifies an exercise price to be paid by Participant for the Phantom Stock Units, such price may be paid in any of the forms described under Section 7.5(a)-(f) above.

10.4 *Form and Timing of Payment.* Payment to the Participant as described in Section 10.3 above may be made in cash, Stock, or a combination thereof as determined by the Committee. Payment may be made in a lump sum or installments as prescribed by the Committee. If any payment is to be made on a deferred basis, the Committee may provide for the payment of dividend equivalents or interest during the deferral period.

10.5 *Termination of Employment or Service; Change in Control.* Unless otherwise provided in the Award agreement, in the event of (i) termination of the employment or service of a Participant, or (ii) upon a Change in Control, any Phantom Stock Units outstanding shall be treated in the same manner as specified for Options (excluding Incentive Stock Options) under Sections 7.8 and 7.9 respectively.

10.6 *Nontransferability.* No Phantom Stock Units granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution. All rights with respect to Phantom Stock Units granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant.

10.7 *No Dividend Payments.* A Participant granted Phantom Stock Units shall not be credited with any dividends which would be received with respect to an equivalent number of shares of Stock.

10.8 *Expiration.* A Participant's Phantom Stock Units shall in all events expire on the tenth anniversary of the date on which they were awarded.

Section 11. Beneficiary Designation

11.1 *Beneficiary Designation.* Each Participant under the Plan may name, from time to time, any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his death before he receives any or all of such benefit. Each designation will revoke all prior designations by the same Participant, shall be in a form provided by the Company, and will be effective only when filed by the Participant in writing with the Committee during his lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to his estate.

Section 12. Rights of Employees and Non-Employee Directors

12.1 *Employment or Service.* Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or service as a Non-Employee Director at any time, nor confer upon any Participant any right to continue in the employ of the Company.

12.2 *Participation.* No Employee or Non-Employee Director shall have a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant.

Section 13. Change in Control

13.1 *In General.* Unless otherwise provided in an Award agreement, in the event of a Change in Control of the Company as defined below, all Awards under the Plan shall vest 100%, whereupon all Options, SARs and Phantom Stock Units shall become exercisable in full and the restrictions applicable to any Restricted Stock shall terminate.

13.2 *Definition.* Unless otherwise provided in an Award agreement, a Change in Control shall mean the occurrence of any of the following events:

- (a) Any person (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), other than (i) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any of its subsidiaries, or (ii) a Corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company, is or becomes the

beneficial owner (as defined in Rule 13d-3 under said Act), directly or indirectly, of securities of the Company representing 50% or more of the total voting power of the then outstanding shares of capital stock of the Company entitled to vote generally in the election of directors (the Voting Stock), provided, however, that the following shall not constitute a change in control: (1) such person becomes a beneficial owner of 50% or more of the Voting Stock as the result of an acquisition of such Voting Stock directly from the Company, or (2) such person becomes a beneficial owner of 30% or more of the Voting Stock as a result of the decrease in the number of outstanding shares of Voting Stock caused by the repurchase of shares by the Company; provided, further, that in the event a person described in clause (1) or (2) shall thereafter increase (other than in circumstances described in clause (1) or (2)) beneficial ownership of stock representing more than 1% of the Voting Stock, such person shall be deemed to become a beneficial owner of 30% or more of the Voting Stock for purposes of this paragraph (a), provided such person continues to beneficially own 30% or more of the Voting Stock after such subsequent increase in beneficial ownership, or

- (b) During any period of two consecutive years, individuals (the Incumbent Board), who at the beginning of such period constitute the board of directors of the Company, and any new director, whose election by the board of directors of the Company or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof, or
- (c) The Company shall become a party to an agreement of a reorganization, merger or consolidation or the sale or other disposition of all or substantially all of the assets of the Company (a Business Combination), in each case, unless (1) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Voting Stock immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the total voting power represented by the voting securities entitled to vote generally in the election of directors of the corporation resulting from the Business Combination (including, without limitation, a corporation which as a result of the Business Combination owns the Company's or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to the Business Combination of the Voting Stock of the Company, and (2) at least a majority of the members of the board of directors of the corporation resulting from the Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or

action of the Incumbent Board, providing for such Business Combination, or

(d) the stockholders of the Company approve a plan of complete liquidation or dissolution of the Company.

The Committee has final authority to construe and interpret the provisions of the foregoing paragraphs (a), (b), (c) and (d) and to determine the exact date on which a change in control has been deemed to have occurred thereunder.

Section 14. Interpretation, Amendment, Modification, and Termination of Plan

14.1 *Amendment, Modification, and Termination of Plan.* The Board at any time may terminate, and from time to time may amend, modify or suspend the Plan in whole or part subject to any requirement of stockholder approval imposed by applicable law, rule or regulation. No amendment, modification, or termination of the Plan shall in any manner adversely affect any Award theretofore granted under the Plan, without the consent of the Participant.

14.2 *Interpretation.* Whether a Participant's employment or service as a Non-Employee Director is terminated due to retirement, disability, resignation or for cause shall be determined pursuant to the Award agreement by the Committee in its sole discretion, which determination shall be final and conclusive. Whether an authorized leave of absence, or absence on military or governmental service, or for any other reason, shall constitute a termination of employment or service for purposes of this Plan shall be determined by the Committee in its sole discretion, which determination shall be final and conclusive.

Section 15. Tax Withholding

15.1 *Tax Withholding.* The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan.

15.2 *Share Withholding.* With respect to tax withholding required upon the exercise of Options or Phantom Stock Units, upon the lapse of restrictions on Restricted Stock, or upon any other taxable event arising as a result of Awards granted hereunder, Participants may elect to satisfy the payroll tax withholding requirement, in whole or in part, by having the Company withhold shares of Stock having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax withholding which would be imposed on the transaction (or to such part of the tax so long as the balance above the minimum required withholding is paid by the Participant in cash). All such elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Section 16. Indemnification

16.1 *Indemnification.* Each person who is or shall have been a member of the Committee or of the Board, or to whom a delegation has been made pursuant to Section 3.1 hereof, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Section 17. Requirements of Law

17.1 *Requirements of Law.* The granting of Awards and the issuance of shares of Stock upon the exercise of an Option shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

17.2 *Governing Law.* The Plan, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the State of Indiana.

The initial Plan Committee shall have one member, who shall be the Secretary. The Plan Committee shall not be liable for any action or determination made in good faith.

4. Participation. All persons who are Outside Directors shall be eligible to participate in the Plan.

5. Shares. The shares to be issued pursuant to the Plan shall be the Company's authorized but unissued, or reacquired, Common Shares. The total number of the Common Shares that may be issued under the Plan shall not exceed one hundred fifty thousand (150,000) shares in the aggregate, subject to adjustment in accordance with the provisions set forth in paragraph 6(e) hereof. In the event any Common Shares represented by certificates held by the Secretary pursuant to the Plan revert to the Company for any reason during the term of this Plan, those Common Shares may again be issued under the Plan. During the term of the Plan, the Company shall reserve and keep available a sufficient number of Common Shares to satisfy its obligations hereunder.

6. Operation of the Plan. The Plan shall operate in accordance with and subject to the following terms and conditions:

- (a) Election to Receive Common Shares. Unless an Election is made, Director Fees shall be paid in United States dollars. An Election may be made with respect to Retainer Fees or Meeting Fees, or both. Except as provided herein with respect to calendar year 1999 and with respect to an Election relating to the calendar year in which a person is first elected as an Outside Director, each Election shall be effective for not less than one calendar year but may be made for additional calendar years subject to any limitation that may be imposed by the Plan Committee at the time an Election is made. In order to make an Election, an Outside Director must deliver a written Election form to the Plan Committee (i) within thirty (30) days following the effective date of the Plan (to be effective

as of July 1, 1999) with respect to the Plan Year ending December 31, 1999, (ii) within thirty (30) days following the date of his or her first election as an Outside Director, or (iii) at least thirty (30) days prior to the first day of each Plan Year thereafter, specifying the Plan Year(s) covered by the Election. Elections, when made, are irrevocable.

- (b) Determination of Number of Common Shares. The number of Common Shares to be issued to an Outside Director pursuant to an Election shall be the largest number of whole shares resulting from the division of (i) the dollar amount of the Director Fees covered by the Election by (ii) the Market Value of one Common Share. No fractional shares shall be issued under the Plan and cash shall be paid in lieu thereof based upon the Market Value of one Common Share. For purposes of this paragraph, the dollar amount of Retainer Fees subject to an Election covering more than one Plan Year shall be an amount equal to the Retainer Fees established for the first Plan Year to which the Election applies, multiplied by the total number of Plan Years covered by the Election. If Retainer Fees are increased in subsequent Plan Years to which an Election applies, the Company shall issue additional Common Shares with respect to the increase in Retainer Fees in accordance with the formula contained in the paragraph, and based upon the Market Value of Common Shares on the effective date of the increase in Retainer Fees.
- (c) Issuance of Certificates and Delivery to Outside Director.
- (i) As soon as practicable after the first day of the first Plan Year covered by an Election with respect to Retainer Fees, the Plan Committee shall cause the Company to issue a share certificate, in the name of each Outside Director making an Election with respect to Retainer Fees, for that number of Common Shares, determined in the manner provided in this Plan, issuable with respect to all Plan Years covered by the Election. The rights of the Outside Directors with respect to Common Shares issued in payment for Retainer Fees shall vest as of the last day of each Plan Year covered by an Election.
- (ii) As soon as practicable after the last day of each calendar quarter of each Plan Year, the Plan Committee shall cause the Company to issue, in the name of each Outside Director making an Election with respect to Meeting Fees payable for that calendar quarter, a share certificate with respect to the number of Common Shares determined in the manner provided in this Plan.
- (iii) Each share certificate issued pursuant to paragraph 6(c)(i) or (ii) shall be delivered to the Secretary, who shall hold the share certificate(s) for the benefit of the Outside Director until the expiration of a period of one year following the last date covered by the Election pursuant to which the Common Shares were issued, or until such earlier date as the Committee may determine in its discretion, at which time the Secretary shall promptly

deliver to the Outside Director the certificate(s) representing the Common Shares to which the Outside Director is entitled.

- (iv) If requested by an Outside Director at the time an Election is made, share certificate(s) may be issued jointly to the Outside Director and any other person or persons.
 - (v) An Outside Director may elect to defer delivery of share certificates until the expiration of the last Plan Year covered by an Election. An election made pursuant to this subparagraph shall be irrevocable.
- (d) Forfeiture of Shares Issued in Payment for Retainer Fees. If an Outside Director does not continue to serve as an Outside Director for the entirety of each Plan Year covered by an Election with respect to Retainer Fees, the Outside Director shall forfeit that number of Common Shares to be issued with respect to Retainer Fees for that Plan Year in the same proportion that the number of full months of the Plan Year for which the Outside Director did not serve bears to 12; for example, if the Outside Director ceases to serve on August 15, and there were 120 Common Shares to be issued to him or her with respect to that Plan Year, he or she would forfeit 30 of those Common Shares. In the event that the cessation of service is the result of the death, disability or retirement of the Outside Director, the Committee may waive the provisions of this subsection, with the result that the Outside Director may receive the Common Shares to be issued with respect to Retainer Fees for the Plan Year in which the cessation of service occurs. Any Common Shares forfeited in accordance with this paragraph shall immediately revert to the Company. Any waiver of the provisions of this subsection granted by the Committee shall not be affected by the subsequent death or disability of the Outside Director.
- (e) Recapitalization. The aggregate number of Common Shares which may be issued hereunder, and the number of Common Shares subject to each outstanding Election, shall be proportionately adjusted for any increase or decrease in the number of issued and outstanding Common Shares resulting from a subdivision or consolidation of shares of the Company or any other capital adjustment of the Company, the payment of a share dividend, a share split or any other increase or decrease in the Common Shares effected without receipt of consideration by the Company.
- (f) Nonassignability. No right to receive shares pursuant to an Election shall be assignable or transferable except by will or under the laws of descent and distribution.
- (g) Issuance of Shares and Compliance with Securities Laws. The Company may postpone the issuance and/or delivery of certificates representing Common Shares until (i) the admission of such shares to listing on any stock exchange on which shares of the Company of the same class are then listed or the admission of such shares for quotation in any automated inter-dealer quotation system in which such

shares are then quoted and (ii) the completion of such registration or other qualification of such shares under any state or Federal law, rule or regulation or the rules and regulations of any exchange upon which the Common Shares are traded as the Company shall determine to be necessary or advisable, which registration or other qualification the Company shall use its best efforts to complete. Any person acquiring Common Shares pursuant to the Plan may be required to make such representations and furnish such information as may, in the opinion of counsel for the Company, be appropriate to permit the Company, in light of the existence or non-existence with respect to such shares of an effective registration under the Securities Act of 1933, as amended, or any similar state statute, to issue the shares in compliance with the provisions of those or any comparable acts. Certificates representing Common Shares issued pursuant to the Plan may bear such legends or other statements concerning restrictions on the transferability of the shares as the Company may determine to be necessary or advisable to comply with applicable securities laws.

(h) Rights as a Shareholder.

- (i) An Outside Director shall have no rights as a shareholder with respect to Common Shares subject to an Election until the date of issuance of a certificate representing those shares. Upon the issuance of a certificate, the shares represented thereby shall be fully paid and nonassessable Common Shares of the Company, the Outside Director shall have the power to vote those Common Shares on all matters presented to a vote of the shareholders of the Company and shall be entitled to receive all dividends and other distributions declared or paid by the Company with respect thereto. No adjustment will be made for dividends or other rights for which the record date is prior to the date such certificate is issued.
- (ii) An Outside Director shall have no right to sell, convey, transfer, mortgage, pledge, hypothecate, encumber or otherwise dispose of any Common Shares issued pursuant to the Plan during the time the certificates representing Common Shares are held by the Secretary, other than for transactions between the Outside Director and the Company or any director of the Company or an Affiliate.

7. Term of Plan. If approved by the holders of majority of the issued and outstanding Common Shares voting in person or by proxy at the 2004 Annual Meeting of Shareholders of the Company, the Plan, as amended, shall become effective as of April 8, 2004. The Plan shall terminate on December 31, 2009, or on such earlier date as the Board of Directors may determine. No Common Shares shall be issued under the Plan after the termination date.

8. Amendment of the Plan. The Board of Directors, except any members participating in the Plan, may from time to time, alter, amend, suspend or discontinue the Plan with respect to any Common Shares for which certificates have not been issued.

9. No Right to Reelection as a Director. Neither the adoption of the Plan, the issuance of any Common Shares hereunder, nor any other action taken relating to the Plan shall impose any obligation on the Company or any Affiliate or the Board of Directors thereof to nominate any Outside Director for reelection as a director by the shareholders of the Company or any Affiliate.

10. Withholdings. The Company shall have the right to require an Outside Director to remit to the Company amounts sufficient to satisfy any applicable withholding requirements set forth in the Internal Revenue Code of 1986, as amended, or under state or local law relating to Common Shares issued to that Outside Director. The Company shall have the right, to the extent permitted by law, to deduct from any payment of any kind otherwise due to an Outside Director who receives Common Shares under the Plan any federal, state or local taxes of any kind required by law to be withheld with respect to the issuance of those Common Shares. An Outside Director may elect to reduce the number of Common Shares to be received by him under the Plan in order to satisfy any federal, state or local withholding obligation.

The Company reserves the right, which may be exercised at any time, to terminate a Plan participant's employment or adjust the compensation of a Plan participant with or without cause.

5. Administration

The Committee shall have full power and authority to construe, interpret and administer the Plan; provided, however, that the Committee in its discretion may from time to time delegate to any officer or officers of the Company any and all authority that it deems necessary or appropriate to carry out the day-to-day administration of the Plan (such officer shall be the Plan Administrator), including without limitation the authority to maintain and administer employee records, payroll records, and recordkeeping associated with voluntary deferral of bonuses. All decisions of the Committee shall be final and binding upon all parties, including participants, employees and the Company.

6. Awards

The Committee shall (i) within 90 days of the beginning of a Performance Period for Covered Officers but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)) and (ii) at such time as it deems appropriate for all other participants (but in no event less frequently than annually), do the following in its sole discretion:

- a) establish a target Award opportunity for each Plan participant for the Performance Period, expressed as a percentage of such participant's base salary at the end of the Performance Period; and a maximum Award opportunity for each Plan participant for such Performance Period, expressed as a dollar amount (which amount may be equal to the maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year as set forth below times the number of years in such Performance Period); and
- b) establish objective performance-based goals for an Award for which the outcome is substantially uncertain at the time such goals are established and that (i) specify a threshold, a target, and any other performance levels deemed by the Committee to be necessary or appropriate to establish an accurate and effective pay-for-performance schedule and (ii) base performance on one or more of the following financial indicators of the Company's success: earnings per share, net earnings, net income, operating earnings, customer satisfaction, revenues, net sales, financial return

ratios such as return on equity, return on assets, return on capital, and return on investment, ratio of debt to earnings or shareholders' equity, market performance, market share, balance sheet measurements, economic profit, cash flow, shareholder return, margins, productivity improvement, distribution expense, inventory turnover, delivery reliability, cost control or operational efficiency measures, and working capital, any of which may be measured in absolute terms, growth or improvement during a Performance Period or as compared to another company or companies. Performance goals may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated or other external or internal measure and may include or exclude extraordinary charges, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisitions, acquisition expenses, including expenses related to goodwill and other intangible assets, stock offerings, stock repurchases and strategic loan loss provisions. Such performance goals may be particular to a line of business, subsidiary or other unit or the Company generally, and may, but need not, be based upon a change or an increase or positive result.

All such Award opportunities, performance levels and performance criteria pertaining to any Covered Officer shall be objective and shall otherwise meet the requirements of Code Section 162(m).

Upon being established by the Committee, the Award opportunities, performance levels and performance criteria for each participant for a given Performance Period shall be set forth in writing and communicated to each such participant (the Performance Period Schedule).

After the establishment of a performance goal for a Covered Officer, the Committee shall not revise such performance goal (unless such revision will not disqualify compensation attributable to the Award as performance-based compensation under Section 162(m) of the Code) or increase the amount of compensation payable with respect to such Award upon the attainment of such performance goal.

As required by Treasury Regulation Section 1.162-27(e)(vi), the material terms of performance goals as described in this Section 6 shall be disclosed to and reapproved by the Company's shareholders no later than the first shareholder meeting that occurs in the 5th year following the year in which the Company's shareholders previously approved such performance goals.

The maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year shall be \$2,000,000. Any amount earned with respect to a cash Award with respect to which performance is measured over a period greater than one year shall be deemed to be earned ratably over the number of full and partial years in the Performance Period.

7. Payment of Awards; Adjustments

- a) At the end of a Performance Period, the amount of the Award payable, if any, shall be determined by the degree to which the Company meets the performance goals set forth in the Performance Period Schedule.

- b) For any Awards payable to Covered Officers, the Committee shall certify prior to any such payment in writing the extent to which the performance goal or goals (and any other material terms) applicable to such Performance Period have been satisfied and the amounts to be paid, vested or delivered as a result thereof, provided the Committee may reduce, but not increase, such amount and shall submit such written certification to the Committee for its consideration and its written approval.
- c) The Committee reserves the right to adjust the Award of any participant (other than a Covered Officer) to reflect individual performance and/or extraordinary circumstances. The Award of any Covered Officer shall be subject to the right of the Board to reduce, but not increase, such Covered Officer's Award to reflect individual performance and/or extraordinary circumstances.
- d) A participant's Award, if any, for each Performance Period shall be paid in cash within sixty (60) days after the close of the Performance Period, provided the participant is in the employ of the Company on the last working day of the Performance Period. For an employee whose employment commences during a Performance Period, a prorated Award will be paid based on the portion of the Performance Period during which he or she was employed by the Company.
- e) If a participant transfers to or from the Company or any affiliate of the Company at any time during the Performance Period, he or she will be entitled to a prorated Award under the Plan based on the portion of the Performance Period during which he or she was employed by the Company. Any prorated Awards earned will be paid at the same time that other participants' Awards are paid and shall be based on performance results for the full Performance Period.
- f) An Award is not earned and shall not be paid unless the employee is employed by the Company and on the Company's payroll at the end of the Performance Period. The Committee may make exceptions to this requirement, in its sole discretion, under circumstances including, but not limited to, retirement, death or disability, or local law requirements where the participant is employed; provided, however, that such Award shall be evaluated by the Committee as set forth in this Section 7 after the conclusion of the relevant Performance Period at the time the Committee generally review achievement of performance goals and Awards to other participants.
- g) There shall be deducted from all payments in respect of an Award made under the Plan any taxes required to be withheld under applicable federal, state or local law.
- h) Any participant may elect to defer all or a portion of his or her Award to be received in respect of a Performance Period by submitting a written request to the Committee on or before January 31 of that Performance Period. The deferral request, which shall be made in a form adopted and approved by the Committee from time to time, must state the amount of Award to be deferred (a dollar amount or a percentage of the Award earned), and the date the deferred Award is to be paid. Regardless of the participant's election, the deferred Award will be paid no later than the first anniversary of his or her termination of employment. Upon a participant's death, any deferred Award will be paid

to his or her beneficiary designated under the Company's group life insurance plan unless the participant has submitted an alternative written beneficiary designation under this Plan. Deferred Awards shall be credited with interest from the first day of January of the fiscal year following the fiscal year in which the Award is earned at the national prime rate as reported in The Wall Street Journal on the date interest is credited.

- i) Without limiting the generality of Section 7(h), certain participants identified by the Management Committee of Irwin Ventures LLC may elect to defer a maximum of \$25,000 of his or her annual Award to be received in respect of a Performance Period to the Irwin Ventures Co-Investment Fund by submitting a written request to the Committee on or before January 31 of that Performance Period.

8. Miscellaneous

- a) **AMENDMENT, SUSPENSION OR TERMINATION OF THIS PLAN.** The Board may, at any time and from time to time, amend, suspend or terminate the Plan or any part of the Plan as it may deem proper and in the best interest of the Company; provided, that, subject to the right of the Committee and the Board to adjust Awards pursuant to Section 7(c), no such action may cause any participant to be deprived of any Award previously awarded but not yet paid, or be effective in the fiscal year in which such action is taken unless it is taken within the first three months of the fiscal year.
- b) **SECTION 162(M).** It is the interest of the Company that Awards made to Covered Officers under the Plan satisfy the requirements for performance-based compensation under Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, the Committee in making Awards to Covered Officers and interpreting the Plan shall be guided by such provisions. In addition, the Plan shall be interpreted and applied in a manner consistent with Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, if a provision of the Plan would cause a payment to a Covered Officer to fail to satisfy these requirements, it shall be interpreted and applied in a manner such that said payment will satisfy Code Section 162(m). Notwithstanding the foregoing, the Company will obtain shareholder approval for any amendment of the Plan as may be required under Code Section 162(m) to ensure the Plan's qualification under Code Section 162(m).
- c) **NO ASSIGNMENT.** No portion of any Award under the Plan may be pledged, assigned or transferred otherwise than by will or the laws of descent and distribution prior to its payment.
- d) **LIMITATION ON LIABILITIES.** In any matter related to the Plan, no director or employee of Irwin Financial Corporation, or any affiliate of Irwin Financial Corporation, shall be liable for the action, or the failure to act, on the part of any other such person.
- e) **LIMITATION ON VESTED INTEREST.** Awarding a bonus is within the sole discretion of the Committee. No participant has a vested interest in an award under the Plan prior to the end of the Performance Period for which the Award is granted.

- f) **EMPLOYMENT RIGHTS.** Participation in this Plan shall not be construed to grant any employee the right to be retained in the employ of the Company.
- g) **UNSECURED GENERAL CREDITORS.** Participants shall have no right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.
- h) **GOVERNING LAW.** The validity and construction of the Plan and any rules relating to the Plan shall be determined and governed by the laws of the State of Indiana without reference to principles of conflict of laws, except as superseded by applicable federal law.

9. Claims Procedure in Case of Dispute

The following claims procedure is hereby established:

- a) **INITIAL CLAIM.** Any participant or any participant's beneficiary claiming an Award under the Plan (the Claimant) shall present a claim for benefits provided hereunder in writing to the Chairman.
- b) **DECISION ON INITIAL CLAIM.**
 - i) **Time Period for Denial Notice.** Upon receipt of a claim, the Chairman shall determine whether to grant the claim, deny it or grant it in part. The Chairman's decision shall be made on the claim as soon as practicable and shall be communicated in writing by the Chairman to the Claimant within a reasonable period after receipt of the claim by the Chairman. In no event shall the decision on an initial claim be given more than ninety (90) days after the date the claim was received by the Chairman, unless, at the Chairman's sole discretion, an extension of time for processing is granted. If there is an extension, the Claimant shall be notified of such within ninety (90) days of the date the claim was filed. The extension notice shall indicate the reason for the extension. The extension shall not exceed ninety (90) days from the end of the initial response period.
 - ii) **Contents of Denial Notice.** If the claim is wholly or partially denied, the notice of denial shall indicate in a manner calculated to be understood by the Claimant:
 - (1) The specific reason(s) for the denial;

- (2) The specific references to pertinent Plan provisions on which the denial is based;
 - (3) A description of additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary; and
 - (4) An explanation of the Plan's claim review procedure as outlined in Sections 9.c and 9.d.
- iii) **Deemed Denied.** If written notice of the decision wholly or partially denying the claim has not been furnished within ninety (90) days after the claim is filed or there has been an extension and no notice of a decision is furnished by the end of the extension period, and if the claim has not been granted within such period, the claim shall be deemed denied as of the end of the ninety (90) day or one hundred eighty (180) day period for purposes of proceeding to the review stage described Sections 9.c and 9.d.
- c) **REVIEW OF DENIED CLAIM.** If a Claimant receives a notice of denial or his or her claim is deemed denied pursuant to Section 9.b above, the Claimant may request a review of the claim. The request for review is made by delivering or mailing a written request for review, prepared by either the Claimant or his or her authorized representative, to the Board. The Claimant's request for review must be made within ninety (90) days of receipt of notice of denial or deemed denial. In no event shall the Claimant have less than ninety (90) days after receipt of the notice of denial to request review of the denial. If the written request for review is not made on a timely basis, the Claimant shall be deemed to waive his or her right to review and shall have no further remedy under this Plan or otherwise. The Claimant or his or her duly authorized representative may, at or after the time of making the request, review all pertinent documents and submit issues and comments in writing.
- d) **DECISION ON REVIEW.** A review shall be made by the Board after receipt of a timely filed request for review. A decision on review shall be made and furnished in writing to the Claimant. The decision shall be made not later than sixty (60) days after receipt of the request for review. If special circumstances require an extension of time for processing (such as the need to hold a hearing), a decision shall be made and furnished to the Claimant not later than one hundred twenty (120) days after such receipt. If an extension is required, the Claimant shall be notified of such within sixty (60) days after the request for review was filed. The written decision shall include the specific reasons for such decisions, written in a manner calculated to be understood by the Claimant, with specific references to the pertinent provisions of the Plan upon which the decision is based. The decision shall be final and binding upon the Claimant and the Company and all other persons involved. If the decision on review is not furnished within the applicable time period, the claim shall be deemed denied on review.

For the sole purpose of implementing the claims procedure (and not for any other purposes), Chairman shall have the power and authority to construe and interpret the Plan. Notwithstanding anything contained in this Section 9 to the contrary, to the extent a Claimant is a Covered Officer, the Committee shall have the responsibility and authority of the Chairman and the Board under this Section 9.

The scope of any subsequent review of the benefit claim, judicial or otherwise, shall be limited to a determination as to whether the Board acted arbitrarily or capriciously in the exercise of its discretion. In no event shall any such further review be on a de novo basis as the Board has discretionary authority to determine eligibility for benefits and to construe the terms of the Plan.

Participants in the Plan shall be those persons who are both senior officers of the Company and designated by the Committee as eligible participants.

The Company reserves the right, which may be exercised at any time, to terminate a Plan participant's employment or adjust the compensation of a Plan participant with or without cause.

5. Administration

Except for the powers reserved to the Board and to the IFC Committee with respect to the establishment of Award opportunities, performance levels and performance criteria pursuant to Section 6 and the payment and adjustment of Awards pursuant to Section 7, and subject to such orders or resolutions not inconsistent with the Plan's provisions as may from time to time be issued or adopted by the Board, the Committee shall have full power and authority to construe, interpret and administer the Plan; provided, however, that the Committee in its discretion may from time to time delegate to any officer or officers of the Company any and all authority that it deems necessary or appropriate to carry out the day-to-day administration of the Plan (such officer shall be the Plan Administrator), including without limitation the authority to maintain and administer employee records, payroll records, and recordkeeping associated with voluntary deferral of bonuses. All decisions of the Committee shall be final and binding upon all parties, including participants, employees and the Company.

6. Awards

The Committee shall (i) within 90 days of the beginning of a Performance Period for Covered Officers but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)) and (ii) at such time as it deems appropriate for all other participants (but in no event less frequently than annually), do the following in its sole discretion:

- a) establish a target Award opportunity for each Plan participant for the Performance Period, expressed as a percentage of such participant's base salary at the end of the Performance Period; and a maximum Award opportunity for each Plan participant for such Performance Period, expressed as a dollar amount (which amount may be equal to the maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year as set forth below times the number of years in such Performance Period); and

- b) establish objective performance-based goals for an Award for which the outcome is substantially uncertain at the time such goals are established and that (i) specify a threshold, a target, and any other performance levels deemed by the Committee to be necessary or appropriate to establish an accurate and effective pay-for-performance schedule and (ii) base performance on one or more of the following financial indicators of the Company's success: earnings per share, net earnings, net income, operating earnings, customer satisfaction, revenues, net sales, financial return ratios such as return on equity, return on assets, return on capital, and return on investment, ratio of debt to earnings or shareholders' equity, market performance, market share, balance sheet measurements, economic profit, cash flow, shareholder return, margins, productivity improvement, distribution expense, inventory turnover, delivery reliability, cost control or operational efficiency measures, and working capital, any of which may be measured in absolute terms, growth or improvement during a Performance Period or as compared to another company or companies. Performance goals may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated or other external or internal measure and may include or exclude extraordinary charges, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisitions, acquisition expenses, including expenses related to goodwill and other intangible assets, stock offerings, stock repurchases and strategic loan loss provisions. Such performance goals may be particular to a line of business, subsidiary or other unit or the Company generally, and may, but need not, be based upon a change or an increase or positive result.

Notwithstanding anything in the foregoing to the contrary, in the case of a person who was a Covered Officer as of the close of the immediately preceding fiscal year, the Award opportunities, performance levels and performance criteria pertaining to such Covered Officer shall also be approved by the IFC Committee within 90 days of the beginning of the Performance Period but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)). All such Award opportunities, performance levels and performance criteria pertaining to any Covered Officer shall be objective and shall otherwise meet the requirements of Code Section 162(m).

Upon being established by the Committee (and approved by the IFC Committee, as necessary), the Award opportunities, performance levels and performance criteria for each participant for a given Performance Period shall be set forth in writing and communicated to each such participant (the Performance Period Schedule).

After the establishment of a performance goal for a Covered Officer, the Committee shall not revise such performance goal (unless such revision will not disqualify compensation attributable to the Award as performance-based compensation under Section 162(m) of the Code) or increase the amount of compensation payable with respect to such Award upon the attainment of such performance goal.

As required by Treasury Regulation Section 1.162-27(e)(vi), the material terms of performance goals as described in this Section 6 shall be disclosed to and reapproved by IFC's shareholders

- b) For any Awards payable to Covered Officers, the Committee shall certify prior to any such payment in writing the extent to which the performance goal or goals (and any other material terms) applicable to such Performance Period have been satisfied and the amounts to be paid, vested or delivered as a result thereof, provided the Committee may reduce, but not increase, such amount, and shall submit such written certification to the IFC Committee for its consideration and its written approval.
- c) The Committee reserves the right to adjust the Award of any participant (other than a Covered Officer) to reflect individual performance and/or extraordinary circumstances. The Award of any Covered Officer shall be subject to the right of the IFC Committee to reduce, but not increase, such Covered Officer's Award to reflect individual performance and/or extraordinary circumstances.
- d) A participant's Award, if any, for each Performance Period shall be paid in cash within sixty (60) days after the close of the Performance Period, provided the participant is in the employ of the Company on the last working day of the Performance Period. For an employee whose employment commences during a Performance Period, a prorated Award will be paid based on the portion of the Performance Period during which he or she was employed by the Company.
- e) If a participant transfers to or from IFC or any affiliate of IFC (other than the Company) at any time during the Performance Period, he or she will be entitled to a prorated Award under the Plan based on the portion of the Performance Period during which he or she was employed by the Company. Any prorated Awards earned will be paid at the same time that other participants' Awards are paid and shall be based on performance results for the full Performance Period.
- f) An Award is not earned and shall not be paid unless the employee is employed by the Company and on the Company's payroll at the end of the Performance Period. The Committee may make exceptions to this requirement, in its sole discretion, under circumstances including, but not limited to, retirement, death or disability, or local law requirements where the participant is employed; provided, however, that such Award shall be evaluated by the Committee (and the IFC Committee, if necessary) as set forth in this Section 7 after the conclusion of the relevant Performance Period at the time the

Committee (and the IFC Committee, if necessary) generally review achievement of performance goals and Awards to other participants.

- g) There shall be deducted from all payments in respect of an Award made under the Plan any taxes required to be withheld under applicable federal, state or local law.
- h) Any participant may elect to defer all or a portion of his or her Award to be received in respect of a Performance Period by submitting a written request to the Committee on or before January 31 of that Performance Period. The deferral request, which shall be made in a form adopted and approved by the Committee from time to time, must state the amount of Award to be deferred (a dollar amount or a percentage of the Award earned), and the date the deferred Award is to be paid. Regardless of the participant's election, the deferred Award will be paid no later than the first anniversary of his or her termination of employment. Upon a participant's death, any deferred Award will be paid to his or her beneficiary designated under the Company's group life insurance plan unless the participant has submitted an alternative written beneficiary designation under this Plan. Deferred Awards shall be credited with interest from the first day of January of the fiscal year following the fiscal year in which the Award is earned at the national prime rate as reported in The Wall Street Journal on the date interest is credited.
- i) Without limiting the generality of Section 7(h), certain participants identified by the Management Committee of Irwin Ventures LLC may elect to defer a maximum of \$25,000 of his or her annual Award to be received in respect of a Performance Period to the Irwin Ventures Co-Investment Fund by submitting a written request to the Committee on or before January 31 of that Performance Period.

8. Miscellaneous

- a) **AMENDMENT, SUSPENSION OR TERMINATION OF THIS PLAN.** The Board may, at any time and from time to time, amend, suspend or terminate the Plan or any part of the Plan as it may deem proper and in the best interest of the Company; provided, that, subject to the right of the Board and the IFC Committee to adjust Awards pursuant to Section 7(c), no such action may cause any participant to be deprived of any Award previously awarded but not yet paid, or be effective in the fiscal year in which such action is taken unless it is taken within the first three months of the fiscal year.
- b) **SECTION 162(M).** It is the interest of the Company that Awards made to Covered Officers under the Plan satisfy the requirements for performance-based compensation under Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, the Committee in making Awards to Covered Officers and interpreting the Plan shall be guided by such provisions. In addition, the Plan shall be interpreted and applied in a manner consistent with Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, if a provision of the Plan would cause a payment to a Covered Officer to fail to satisfy these requirements, it shall be interpreted and applied in a manner such that said payment will satisfy Code Section 162(m). Notwithstanding the foregoing, the Company will request that IFC obtain IFC shareholder approval for

any amendment of the Plan as may be required under Code Section 162(m) to ensure the Plan's qualification under Code Section 162(m).

- c) **NO ASSIGNMENT.** No portion of any Award under the Plan may be pledged, assigned or transferred otherwise than by will or the laws of descent and distribution prior to its payment.
- d) **LIMITATION ON LIABILITIES.** In any matter related to the Plan, no director or employee of Irwin Financial Corporation, or any affiliate of Irwin Financial Corporation shall be liable for the action, or the failure to act, on the part of any other such person.

- f) **EMPLOYMENT RIGHTS.** Participation in this Plan shall not be construed to grant any employee the right to be retained in the employ of the Company.
- g) **UNSECURED GENERAL CREDITORS.** Participants shall have no right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.
- h) **GOVERNING LAW.** The validity and construction of the Plan and any rules relating to the Plan shall be determined and governed by the laws of the State of Indiana without reference to principles of conflict of laws, except as superseded by applicable federal law.

9. Claims Procedure in Case of Dispute

The following claims procedure is hereby established:

- a) **INITIAL CLAIM.** Any participant or any participant's beneficiary claiming an Award under the Plan (the Claimant) shall present a claim for benefits provided hereunder in writing to the Chairman.
- b) **DECISION ON INITIAL CLAIM.**
 - i) **Time Period for Denial Notice.** Upon receipt of a claim, the Chairman shall determine whether to grant the claim, deny it or grant it in part. The Chairman's

decision shall be made on the claim as soon as practicable and shall be communicated in writing by the Chairman to the Claimant within a reasonable period after receipt of the claim by the Chairman. In no event shall the decision on an initial claim be given more than ninety (90) days after the date the claim was received by the Chairman, unless, at the Chairman's sole discretion, an extension of time for processing is granted. If there is an extension, the Claimant shall be notified of such within ninety (90) days of the date the claim was filed. The extension notice shall indicate the reason for the extension. The extension shall not exceed ninety (90) days from the end of the initial response period.

- ii) Contents of Denial Notice. If the claim is wholly or partially denied, the notice of denial shall indicate in a manner calculated to be understood by the Claimant:
 - (1) The specific reason(s) for the denial;
 - (2) The specific references to pertinent Plan provisions on which the denial is based;
 - (3) A description of additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary; and
 - (4) An explanation of the Plan's claim review procedure as outlined in Sections 9.c and 9.d.
- iii) Deemed Denied. If written notice of the decision wholly or partially denying the claim has not been furnished within ninety (90) days after the claim is filed or there has been an extension and no notice of a decision is furnished by the end of the extension period, and if the claim has not been granted within such period, the claim shall be deemed denied as of the end of the ninety (90) day or one hundred eighty (180) day period for purposes of proceeding to the review stage described Sections 9.c and 9.d.
- c) REVIEW OF DENIED CLAIM. If a Claimant receives a notice of denial or his or her claim is deemed denied pursuant to Section 9.b above, the Claimant may request a review of the claim. The request for review is made by delivering or mailing a written request for review, prepared by either the Claimant or his or her authorized representative, to the Board. The Claimant's request for review must be made within ninety (90) days of receipt of notice of denial or deemed denial. In no event shall the Claimant have less than ninety (90) days after receipt of the notice of denial to request review of the denial. If the written request for review is not made on a timely basis, the Claimant shall be deemed to waive his or her right to review and shall have no further remedy under this Plan or otherwise. The Claimant or his or her duly authorized representative may, at or after the time of making the request, review all pertinent documents and submit issues and comments in writing.
- d) DECISION ON REVIEW. A review shall be made by the Board after receipt of a timely filed request for review. A decision on review shall be made and furnished in writing to

the Claimant. The decision shall be made not later than sixty (60) days after receipt of the request for review. If special circumstances require an extension of time for processing (such as the need to hold a hearing), a decision shall be made and furnished to the Claimant not later than one hundred twenty (120) days after such receipt. If an extension is required, the Claimant shall be notified of such within sixty (60) days after the request for review was filed. The written decision shall include the specific reasons for such decisions, written in a manner calculated to be understood by the Claimant, with specific references to the pertinent provisions of the Plan upon which the decision is based. The decision shall be final and binding upon the Claimant and the Company and all other persons involved. If the decision on review is not furnished within the applicable time period, the claim shall be deemed denied on review.

For the sole purpose of implementing the claims procedure (and not for any other purposes), Chairman shall have the power and authority to construe and interpret the Plan. Notwithstanding anything contained in this Section 9 to the contrary, to the extent a Claimant is a Covered Officer, the IFC Committee shall have the responsibility and authority of the Chairman and the Board under this Section 9.

The scope of any subsequent review of the benefit claim, judicial or otherwise, shall be limited to a determination as to whether the Board acted arbitrarily or capriciously in the exercise of its discretion. In no event shall any such further review be on a de novo basis as the Board has discretionary authority to determine eligibility for benefits and to construe the terms of the Plan.

4. Eligibility

Participants in the Plan shall be those persons who are both senior officers of the Company and designated by the Committee as eligible participants.

The Company reserves the right, which may be exercised at any time, to terminate a Plan participant's employment or adjust the compensation of a Plan participant with or without cause.

5. Administration

Except for the powers reserved to the Board and to the IFC Committee with respect to the establishment of Award opportunities, performance levels and performance criteria pursuant to Section 6 and the payment and adjustment of Awards pursuant to Section 7, and subject to such orders or resolutions not inconsistent with the Plan's provisions as may from time to time be issued or adopted by the Board, the Committee shall have full power and authority to construe, interpret and administer the Plan; provided, however, that the Committee in its discretion may from time to time delegate to any officer or officers of the Company any and all authority that it deems necessary or appropriate to carry out the day-to-day administration of the Plan (such officer shall be the Plan Administrator), including without limitation the authority to maintain and administer employee records, payroll records, and recordkeeping associated with voluntary deferral of bonuses. All decisions of the Committee shall be final and binding upon all parties, including participants, employees and the Company.

6. Awards

The Committee shall (i) within 90 days of the beginning of a Performance Period for Covered Officers but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)) and (ii) at such time as it deems appropriate for all other participants (but in no event less frequently than annually), do the following in its sole discretion:

- a) establish a target Award opportunity for each Plan participant for the Performance Period, expressed as a percentage of such participant's base salary at the end of the Performance Period; and a maximum Award opportunity for each Plan participant for such Performance Period, expressed as a dollar amount (which amount may be equal to the maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year as set forth below times the number of years in such Performance Period); and

- b) establish objective performance-based goals for an Award for which the outcome is substantially uncertain at the time such goals are established and that (i) specify a threshold, a target, and any other performance levels deemed by the Committee to be necessary or appropriate to establish an accurate and effective pay-for-performance schedule and (ii) base performance on one or more of the following financial indicators of the Company's success: earnings per share, net earnings, net income, operating earnings, customer satisfaction, revenues, net sales, financial return ratios such as return on equity, return on assets, return on capital, and return on investment, ratio of debt to earnings or shareholders' equity, market performance, market share, balance sheet measurements, economic profit, cash flow, shareholder return, margins, productivity improvement, distribution expense, inventory turnover, delivery reliability, cost control or operational efficiency measures, and working capital, any of which may be measured in absolute terms, growth or improvement during a Performance Period or as compared to another company or companies. Performance goals may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated or other external or internal measure and may include or exclude extraordinary charges, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisitions, acquisition expenses, including expenses related to goodwill and other intangible assets, stock offerings, stock repurchases and strategic loan loss provisions. Such performance goals may be particular to a line of business, subsidiary or other unit or the Company generally, and may, but need not, be based upon a change or an increase or positive result.

Notwithstanding anything in the foregoing to the contrary, in the case of a person who was a Covered Officer as of the close of the immediately preceding fiscal year, the Award opportunities, performance levels and performance criteria pertaining to such Covered Officer shall also be approved by the IFC Committee within 90 days of the beginning of the Performance Period but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)). All such Award opportunities, performance levels and performance criteria pertaining to any Covered Officer shall be objective and shall otherwise meet the requirements of Code Section 162(m).

Upon being established by the Committee (and approved by the IFC Committee, as necessary), the Award opportunities, performance levels and performance criteria for each participant for a given Performance Period shall be set forth in writing and communicated to each such participant (the Performance Period Schedule).

After the establishment of a performance goal for a Covered Officer, the Committee shall not revise such performance goal (unless such revision will not disqualify compensation attributable to the Award as performance-based compensation under Section 162(m) of the Code) or increase the amount of compensation payable with respect to such Award upon the attainment of such performance goal.

As required by Treasury Regulation Section 1.162-27(e)(vi), the material terms of performance goals as described in this Section 6 shall be disclosed to and reapproved by IFC's shareholders

no later than the first shareholder meeting that occurs in the 5th year following the year in which IFC's shareholders previously approved such performance goals.

The maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year shall be \$2,000,000. Any amount earned with respect to a cash Award with respect to which performance is measured over a period greater than one year shall be deemed to be earned ratably over the number of full and partial years in the Performance Period.

7. Payment of Awards; Adjustments

- a) At the end of a Performance Period, the amount of the Award payable, if any, shall be determined by the degree to which the Company meets the performance goals set forth in the Performance Period Schedule.
- b) For any Awards payable to Covered Officers, the Committee shall certify prior to any such payment in writing the extent to which the performance goal or goals (and any other material terms) applicable to such Performance Period have been satisfied and the amounts to be paid, vested or delivered as a result thereof, provided the Committee may reduce, but not increase, such amount, and shall submit such written certification to the IFC Committee for its consideration and its written approval.
- c) The Committee reserves the right to adjust the Award of any participant (other than a Covered Officer) to reflect individual performance and/or extraordinary circumstances. The Award of any Covered Officer shall be subject to the right of the IFC Committee to reduce, but not increase, such Covered Officer's Award to reflect individual performance and/or extraordinary circumstances.
- d) A participant's Award, if any, for each Performance Period shall be paid in cash within sixty (60) days after the close of the Performance Period, provided the participant is in the employ of the Company on the last working day of the Performance Period. For an employee whose employment commences during a Performance Period, a prorated Award will be paid based on the portion of the Performance Period during which he or she was employed by the Company.
- e) If a participant transfers to or from IFC or any affiliate of IFC (other than the Company) at any time during the Performance Period, he or she will be entitled to a prorated Award under the Plan based on the portion of the Performance Period during which he or she was employed by the Company. Any prorated Awards earned will be paid at the same time that other participants' Awards are paid and shall be based on performance results for the full Performance Period.
- f) An Award is not earned and shall not be paid unless the employee is employed by the Company and on the Company's payroll at the end of the Performance Period. The Committee may make exceptions to this requirement, in its sole discretion, under circumstances including, but not limited to, retirement, death or disability, or local law requirements where the participant is employed; provided, however, that such Award shall be evaluated by the Committee (and the IFC Committee, if necessary) as set forth in this Section 7 after the conclusion of the relevant Performance Period at the time the

Committee (and the IFC Committee, if necessary) generally review achievement of performance goals and Awards to other participants.

- g) There shall be deducted from all payments in respect of an Award made under the Plan any taxes required to be withheld under applicable federal, state or local law.
- h) Any participant may elect to defer all or a portion of his or her Award to be received in respect of a Performance Period by submitting a written request to the Committee on or before January 31 of that Performance Period. The deferral request, which shall be made in a form adopted and approved by the Committee from time to time, must state the amount of Award to be deferred (a dollar amount or a percentage of the Award earned), and the date the deferred Award is to be paid. Regardless of the participant's election, the deferred Award will be paid no later than the first anniversary of his or her termination of employment. Upon a participant's death, any deferred Award will be paid to his or her beneficiary designated under the Company's group life insurance plan unless the participant has submitted an alternative written beneficiary designation under this Plan. Deferred Awards shall be credited with interest from the first day of January of the fiscal year following the fiscal year in which the Award is earned at the national prime rate as reported in The Wall Street Journal on the date interest is credited.
- i) Without limiting the generality of Section 7(h), certain participants identified by the Management Committee of Irwin Ventures LLC may elect to defer a maximum of \$25,000 of his or her annual Award to be received in respect of a Performance Period to the Irwin Ventures Co-Investment Fund by submitting a written request to the Committee on or before January 31 of that Performance Period.

8. Miscellaneous

- a) **AMENDMENT, SUSPENSION OR TERMINATION OF THIS PLAN.** The Board may, at any time and from time to time, amend, suspend or terminate the Plan or any part of the Plan as it may deem proper and in the best interest of the Company; provided, that, subject to the right of the Board and the IFC Committee to adjust Awards pursuant to Section 7(c), no such action may cause any participant to be deprived of any Award previously awarded but not yet paid, or be effective in the fiscal year in which such action is taken unless it is taken within the first three months of the fiscal year.
- b) **SECTION 162(M).** It is the interest of the Company that Awards made to Covered Officers under the Plan satisfy the requirements for performance-based compensation under Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, the Committee in making Awards to Covered Officers and interpreting the Plan shall be guided by such provisions. In addition, the Plan shall be interpreted and applied in a manner consistent with Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, if a provision of the Plan would cause a payment to a Covered Officer to fail to satisfy these requirements, it shall be interpreted and applied in a manner such that said payment will satisfy Code Section 162(m). Notwithstanding the foregoing, the Company will request that IFC obtain IFC shareholder approval for

any amendment of the Plan as may be required under Code Section 162(m) to ensure the Plan's qualification under Code Section 162(m).

- c) **NO ASSIGNMENT.** No portion of any Award under the Plan may be pledged, assigned or transferred otherwise than by will or the laws of descent and distribution prior to its payment.
- d) **LIMITATION ON LIABILITIES.** In any matter related to the Plan, no director or employee of Irwin Financial Corporation, or any affiliate of Irwin Financial Corporation shall be liable for the action, or the failure to act, on the part of any other such person.
- e) **LIMITATION ON VESTED INTEREST.** Awarding a bonus is within the sole discretion of the Committee. No participant has a vested interest in an award under the Plan prior to the end of the Performance Period for which the Award is granted.
- f) **EMPLOYMENT RIGHTS.** Participation in this Plan shall not be construed to grant any employee the right to be retained in the employ of the Company.
- g) **UNSECURED GENERAL CREDITORS.** Participants shall have no right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.
- h) **GOVERNING LAW.** The validity and construction of the Plan and any rules relating to the Plan shall be determined and governed by the laws of the State of Indiana without reference to principles of conflict of laws, except as superseded by applicable federal law.

9. Claims Procedure in Case of Dispute

The following claims procedure is hereby established:

- a) **INITIAL CLAIM.** Any participant or any participant's beneficiary claiming an Award under the Plan (the Claimant) shall present a claim for benefits provided hereunder in writing to the Chairman.
- b) **DECISION ON INITIAL CLAIM.**
 - i) **Time Period for Denial Notice.** Upon receipt of a claim, the Chairman shall determine whether to grant the claim, deny it or grant it in part. The Chairman's

decision shall be made on the claim as soon as practicable and shall be communicated in writing by the Chairman to the Claimant within a reasonable period after receipt of the claim by the Chairman. In no event shall the decision on an initial claim be given more than ninety (90) days after the date the claim was received by the Chairman, unless, at the Chairman's sole discretion, an extension of time for processing is granted. If there is an extension, the Claimant shall be notified of such within ninety (90) days of the date the claim was filed. The extension notice shall indicate the reason for the extension. The extension shall not exceed ninety (90) days from the end of the initial response period.

- ii) Contents of Denial Notice. If the claim is wholly or partially denied, the notice of denial shall indicate in a manner calculated to be understood by the Claimant:
 - (1) The specific reason(s) for the denial;
 - (2) The specific references to pertinent Plan provisions on which the denial is based;
 - (3) A description of additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary; and
 - (4) An explanation of the Plan's claim review procedure as outlined in Sections 9.c and 9.d.
- iii) Deemed Denied. If written notice of the decision wholly or partially denying the claim has not been furnished within ninety (90) days after the claim is filed or there has been an extension and no notice of a decision is furnished by the end of the extension period, and if the claim has not been granted within such period, the claim shall be deemed denied as of the end of the ninety (90) day or one hundred eighty (180) day period for purposes of proceeding to the review stage described Sections 9.c and 9.d.
- c) REVIEW OF DENIED CLAIM. If a Claimant receives a notice of denial or his or her claim is deemed denied pursuant to Section 9.b above, the Claimant may request a review of the claim. The request for review is made by delivering or mailing a written request for review, prepared by either the Claimant or his or her authorized representative, to the Board. The Claimant's request for review must be made within ninety (90) days of receipt of notice of denial or deemed denial. In no event shall the Claimant have less than ninety (90) days after receipt of the notice of denial to request review of the denial. If the written request for review is not made on a timely basis, the Claimant shall be deemed to waive his or her right to review and shall have no further remedy under this Plan or otherwise. The Claimant or his or her duly authorized representative may, at or after the time of making the request, review all pertinent documents and submit issues and comments in writing.
- d) DECISION ON REVIEW. A review shall be made by the Board after receipt of a timely filed request for review. A decision on review shall be made and furnished in writing to

the Claimant. The decision shall be made not later than sixty (60) days after receipt of the request for review. If special circumstances require an extension of time for processing (such as the need to hold a hearing), a decision shall be made and furnished to the Claimant not later than one hundred twenty (120) days after such receipt. If an extension is required, the Claimant shall be notified of such within sixty (60) days after the request for review was filed. The written decision shall include the specific reasons for such decisions, written in a manner calculated to be understood by the Claimant, with specific references to the pertinent provisions of the Plan upon which the decision is based. The decision shall be final and binding upon the Claimant and the Company and all other persons involved. If the decision on review is not furnished within the applicable time period, the claim shall be deemed denied on review.

For the sole purpose of implementing the claims procedure (and not for any other purposes), Chairman shall have the power and authority to construe and interpret the Plan. Notwithstanding anything contained in this Section 9 to the contrary, to the extent a Claimant is a Covered Officer, the IFC Committee shall have the responsibility and authority of the Chairman and the Board under this Section 9.

The scope of any subsequent review of the benefit claim, judicial or otherwise, shall be limited to a determination as to whether the Board acted arbitrarily or capriciously in the exercise of its discretion. In no event shall any such further review be on a de novo basis as the Board has discretionary authority to determine eligibility for benefits and to construe the terms of the Plan.

5. Administration

Except for the powers reserved to the Board and to the IFC Committee with respect to the establishment of Award opportunities, performance levels and performance criteria pursuant to Section 6 and the payment and adjustment of Awards pursuant to Section 7, and subject to such orders or resolutions not inconsistent with the Plan's provisions as may from time to time be issued or adopted by the Board, the Committee shall have full power and authority to construe, interpret and administer the Plan; provided, however, that the Committee in its discretion may from time to time delegate to any officer or officers of the Company any and all authority that it deems necessary or appropriate to carry out the day-to-day administration of the Plan (such officer shall be the Plan Administrator), including without limitation the authority to maintain and administer employee records, payroll records, and recordkeeping associated with voluntary deferral of bonuses. All decisions of the Committee shall be final and binding upon all parties, including participants, employees and the Company.

- a) establish a target Award opportunity for each Plan participant for the Performance Period, expressed as a percentage of such participant's base salary at the end of the Performance Period; and a maximum Award opportunity for each Plan participant for such Performance Period, expressed as a dollar amount (which amount may be equal to the maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year as set forth below times the number of years in such Performance Period); and

- b) establish objective performance-based goals for an Award for which the outcome is substantially uncertain at the time such goals are established and that (i) specify a threshold, a target, and any other performance levels deemed by the Committee to be necessary or appropriate to establish an accurate and effective pay-for-performance schedule and (ii) base performance on one or more of the following financial indicators of the Company's success: earnings per share, net earnings, net income, operating earnings, customer satisfaction, revenues, net sales, financial return ratios such as return on equity, return on assets, return on capital, and return on investment, ratio of debt to earnings or shareholders' equity, market performance, market share, balance sheet measurements, economic profit, cash flow, shareholder return, margins, productivity improvement, distribution expense, inventory turnover, delivery reliability, cost control or operational efficiency measures, and working capital, any of which may be measured in absolute terms, growth or improvement during a Performance Period or as compared to another company or companies. Such performance goals may be particular to a line of business, subsidiary or other unit or the Company generally, and may, but need not, be based upon a change or an increase or positive result.

Notwithstanding anything in the foregoing to the contrary, in the case of a person who was a Covered Officer as of the close of the immediately preceding fiscal year, the Award opportunities, performance levels and performance criteria pertaining to such Covered Officer shall also be approved by the IFC Committee within 90 days of the beginning of the Performance Period but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)). - b) For any Awards payable to Covered Officers, the Committee shall certify prior to any such payment in writing the extent to which the performance goal or goals (and any other material terms) applicable to such Performance Period have been satisfied and the amounts to be paid, vested or delivered as a result thereof, provided the Committee may reduce, but not increase, such amount, and shall submit such written certification to the IFC Committee for its consideration and its written approval.
- c) The Committee reserves the right to adjust the Award of any participant (other than a Covered Officer) to reflect individual performance and/or extraordinary circumstances. The Award of any Covered Officer shall be subject to the right of the IFC Committee to reduce, but not increase, such Covered Officer's Award to reflect individual performance and/or extraordinary circumstances.
- d) A participant's Award, if any, for each Performance Period shall be paid in cash within sixty (60) days after the close of the Performance Period, provided the participant is in the employ of the Company on the last working day of the Performance Period. For an employee whose employment commences during a Performance Period, a prorated Award will be paid based on the portion of the Performance Period during which he or she was employed by the Company.
- e) If a participant transfers to or from IFC or any affiliate of IFC (other than the Company) at any time during the Performance Period, he or she will be entitled to a prorated Award under the Plan based on the portion of the Performance Period during which he or she was employed by the Company. Any prorated Awards earned will be paid at the same time that other participants' Awards are paid and shall be based on performance results for the full Performance Period.
- f) An Award is not earned and shall not be paid unless the employee is employed by the Company and on the Company's payroll at the end of the Performance Period. The Committee may make exceptions to this requirement, in its sole discretion, under circumstances including, but not limited to, retirement, death or disability, or local law requirements where the participant is employed; provided, however, that such Award shall be evaluated by the Committee (and the IFC Committee, if necessary) as set forth in this Section 7 after the conclusion of the relevant Performance Period at the time the

Committee (and the IFC Committee, if necessary) generally review achievement of performance goals and Awards to other participants.

- g) There shall be deducted from all payments in respect of an Award made under the Plan any taxes required to be withheld under applicable federal, state or local law.
- h) Any participant may elect to defer all or a portion of his or her Award to be received in respect of a Performance Period by submitting a written request to the Committee on or before January 31 of that Performance Period. The deferral request, which shall be made in a form adopted and approved by the Committee from time to time, must state the amount of Award to be deferred (a dollar amount or a percentage of the Award earned), and the date the deferred Award is to be paid. Regardless of the participant's election, the deferred Award will be paid no later than the first anniversary of his or her termination of employment. Upon a participant's death, any deferred Award will be paid to his or her beneficiary designated under the Company's group life insurance plan unless the participant has submitted an alternative written beneficiary designation under this Plan. Deferred Awards shall be credited with interest from the first day of January of the fiscal year following the fiscal year in which the Award is earned at the national prime rate as reported in The Wall Street Journal on the date interest is credited.
- i) Without limiting the generality of Section 7(h), certain participants identified by the Management Committee of Irwin Ventures LLC may elect to defer a maximum of \$25,000 of his or her annual Award to be received in respect of a Performance Period to the Irwin Ventures Co-Investment Fund by submitting a written request to the Committee on or before January 31 of that Performance Period.

8. Miscellaneous

- a) **AMENDMENT, SUSPENSION OR TERMINATION OF THIS PLAN.** The Board may, at any time and from time to time, amend, suspend or terminate the Plan or any part of the Plan as it may deem proper and in the best interest of the Company; provided, that, subject to the right of the Board and the IFC Committee to adjust Awards pursuant to Section 7(c), no such action may cause any participant to be deprived of any Award previously awarded but not yet paid, or be effective in the fiscal year in which such action is taken unless it is taken within the first three months of the fiscal year.
- b) **SECTION 162(M).** It is the interest of the Company that Awards made to Covered Officers under the Plan satisfy the requirements for performance-based compensation under Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, the Committee in making Awards to Covered Officers and interpreting the Plan shall be guided by such provisions. In addition, the Plan shall be interpreted and applied in a manner consistent with Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, if a provision of the Plan would cause a payment to a Covered Officer to fail to satisfy these requirements, it shall be interpreted and applied in a manner such that said payment will satisfy Code Section 162(m). Notwithstanding the foregoing, the Company will request that IFC obtain IFC shareholder approval for

any amendment of the Plan as may be required under Code Section 162(m) to ensure the Plan's qualification under Code Section 162(m).

- c) **NO ASSIGNMENT.** No portion of any Award under the Plan may be pledged, assigned or transferred otherwise than by will or the laws of descent and distribution prior to its payment.
- d) **LIMITATION ON LIABILITIES.** In any matter related to the Plan, no director or employee of Irwin Financial Corporation, or any affiliate of Irwin Financial Corporation shall be liable for the action, or the failure to act, on the part of any other such person.
- e) **LIMITATION ON VESTED INTEREST.** Awarding a bonus is within the sole discretion of the Committee. No participant has a vested interest in an award under the Plan prior to the end of the Performance Period for which the Award is granted.
- f) **EMPLOYMENT RIGHTS.** Participation in this Plan shall not be construed to grant any employee the right to be retained in the employ of the Company.
- g) **UNSECURED GENERAL CREDITORS.** Participants shall have no right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.
- h) **GOVERNING LAW.** The validity and construction of the Plan and any rules relating to the Plan shall be determined and governed by the laws of the State of Indiana without reference to principles of conflict of laws, except as superseded by applicable federal law.

9. Claims Procedure in Case of Dispute

The following claims procedure is hereby established:

- a) **INITIAL CLAIM.** Any participant or any participant's beneficiary claiming an Award under the Plan (the Claimant) shall present a claim for benefits provided hereunder in writing to the Chairman.
- b) **DECISION ON INITIAL CLAIM.**
 - i) **Time Period for Denial Notice.** Upon receipt of a claim, the Chairman shall determine whether to grant the claim, deny it or grant it in part. The Chairman's

decision shall be made on the claim as soon as practicable and shall be communicated in writing by the Chairman to the Claimant within a reasonable period after receipt of the claim by the Chairman. In no event shall the decision on an initial claim be given more than ninety (90) days after the date the claim was received by the Chairman, unless, at the Chairman's sole discretion, an extension of time for processing is granted. If there is an extension, the Claimant shall be notified of such within ninety (90) days of the date the claim was filed. The extension notice shall indicate the reason for the extension. The extension shall not exceed ninety (90) days from the end of the initial response period.

- ii) Contents of Denial Notice. If the claim is wholly or partially denied, the notice of denial shall indicate in a manner calculated to be understood by the Claimant:
 - (1) The specific reason(s) for the denial;
 - (2) The specific references to pertinent Plan provisions on which the denial is based;
 - (3) A description of additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary; and
 - (4) An explanation of the Plan's claim review procedure as outlined in Sections 9.c and 9.d.
- iii) Deemed Denied. If written notice of the decision wholly or partially denying the claim has not been furnished within ninety (90) days after the claim is filed or there has been an extension and no notice of a decision is furnished by the end of the extension period, and if the claim has not been granted within such period, the claim shall be deemed denied as of the end of the ninety (90) day or one hundred eighty (180) day period for purposes of proceeding to the review stage described Sections 9.c and 9.d.
- c) REVIEW OF DENIED CLAIM. If a Claimant receives a notice of denial or his or her claim is deemed denied pursuant to Section 9.b above, the Claimant may request a review of the claim. The request for review is made by delivering or mailing a written request for review, prepared by either the Claimant or his or her authorized representative, to the Board. The Claimant's request for review must be made within ninety (90) days of receipt of notice of denial or deemed denial. In no event shall the Claimant have less than ninety (90) days after receipt of the notice of denial to request review of the denial. If the written request for review is not made on a timely basis, the Claimant shall be deemed to waive his or her right to review and shall have no further remedy under this Plan or otherwise. The Claimant or his or her duly authorized representative may, at or after the time of making the request, review all pertinent documents and submit issues and comments in writing.
- d) DECISION ON REVIEW. A review shall be made by the Board after receipt of a timely filed request for review. A decision on review shall be made and furnished in writing to

the Claimant. The decision shall be made not later than sixty (60) days after receipt of the request for review. If special circumstances require an extension of time for processing (such as the need to hold a hearing), a decision shall be made and furnished to the Claimant not later than one hundred twenty (120) days after such receipt. If an extension is required, the Claimant shall be notified of such within sixty (60) days after the request for review was filed. The written decision shall include the specific reasons for such decisions, written in a manner calculated to be understood by the Claimant, with specific references to the pertinent provisions of the Plan upon which the decision is based. The decision shall be final and binding upon the Claimant and the Company and all other persons involved. If the decision on review is not furnished within the applicable time period, the claim shall be deemed denied on review.

For the sole purpose of implementing the claims procedure (and not for any other purposes), Chairman shall have the power and authority to construe and interpret the Plan. Notwithstanding anything contained in this Section 9 to the contrary, to the extent a Claimant is a Covered Officer, the IFC Committee shall have the responsibility and authority of the Chairman and the Board under this Section 9.

The scope of any subsequent review of the benefit claim, judicial or otherwise, shall be limited to a determination as to whether the Board acted arbitrarily or capriciously in the exercise of its discretion. In no event shall any such further review be on a de novo basis as the Board has discretionary authority to determine eligibility for benefits and to construe the terms of the Plan.

4. Eligibility

Participants in the Plan shall be those persons who are both senior officers of the Company and designated by the Committee as eligible participants.

Selection for participation in the Plan does not guarantee being selected for participation in the Plan for any subsequent Performance Period. Selection of an employee for participation in the Plan does not give the participant any right to continue in the employ of the Company. The Company reserves the right, which may be exercised at any time, to terminate a Plan participant's employment or adjust the compensation of a Plan participant with or without cause.

5. Administration

Except for the powers reserved to the Board and to the IFC Committee with respect to the establishment of Award opportunities, performance levels and performance criteria pursuant to Section 6 and the payment and adjustment of Awards pursuant to Section 7, and subject to such orders or resolutions not inconsistent with the Plan's provisions as may from time to time be issued or adopted by the Board, the Committee shall have full power and authority to construe, interpret and administer the Plan; provided, however, that the Committee in its discretion may from time to time delegate to any officer or officers of the Company any and all authority that it deems necessary or appropriate to carry out the day-to-day administration of the Plan (such officer shall be the Plan Administrator), including without limitation the authority to maintain and administer employee records, payroll records, and recordkeeping associated with voluntary deferral of bonuses. All decisions of the Committee shall be final and binding upon all parties, including participants, employees and the Company.

6. Awards

The Committee shall (i) within 90 days of the beginning of a Performance Period for Covered Officers but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)) and (ii) at such time as it deems appropriate for all other participants (but in no event less frequently than annually), do the following in its sole discretion:

- a) establish a target Award opportunity for each Plan participant for the Performance Period, expressed as a percentage of such participant's base salary at the end of the Performance Period; and a maximum Award opportunity for each Plan participant for such Performance Period, expressed as a dollar amount (which amount may be equal to the maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year as set forth below times the number of years in such Performance Period); and

- b) establish objective performance-based goals for an Award for which the outcome is substantially uncertain at the time such goals are established and that (i) specify a threshold, a target, and any other performance levels deemed by the Committee to be necessary or appropriate to establish an accurate and effective pay-for-performance schedule and (ii) base performance on one or more of the following financial indicators of the Company's success: earnings per share, net earnings, net income, operating earnings, customer satisfaction, revenues, net sales, financial return ratios such as return on equity, return on assets, return on capital, and return on investment, ratio of debt to earnings or shareholders' equity, market performance, market share, balance sheet measurements, economic profit, cash flow, shareholder return, margins, productivity improvement, distribution expense, inventory turnover, delivery reliability, cost control or operational efficiency measures, and working capital, any of which may be measured in absolute terms, growth or improvement during a Performance Period or as compared to another company or companies. Performance goals may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated or other external or internal measure and may include or exclude extraordinary charges, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisitions, acquisition expenses, including expenses related to goodwill and other intangible assets, stock offerings, stock repurchases and strategic loan loss provisions. Such performance goals may be particular to a line of business, subsidiary or other unit or the Company generally, and may, but need not, be based upon a change or an increase or positive result.

Notwithstanding anything in the foregoing to the contrary, in the case of a person who was a Covered Officer as of the close of the immediately preceding fiscal year, the Award opportunities, performance levels and performance criteria pertaining to such Covered Officer shall also be approved by the IFC Committee within 90 days of the beginning of the Performance Period but in no event after 25 percent of such Performance Period has elapsed (or such other time as is consistent with the requirements of Section 162(m)). All such Award opportunities, performance levels and performance criteria pertaining to any Covered Officer shall be objective and shall otherwise meet the requirements of Code Section 162(m).

Upon being established by the Committee (and approved by the IFC Committee, as necessary), the Award opportunities, performance levels and performance criteria for each participant for a given Performance Period shall be set forth in writing and communicated to each such participant (the Performance Period Schedule).

After the establishment of a performance goal for a Covered Officer, the Committee shall not revise such performance goal (unless such revision will not disqualify compensation attributable to the Award as performance-based compensation under Section 162(m) of the Code) or increase the amount of compensation payable with respect to such Award upon the attainment of such performance goal.

As required by Treasury Regulation Section 1.162-27(e)(vi), the material terms of performance goals as described in this Section 6 shall be disclosed to and reapproved by IFC's shareholders

no later than the first shareholder meeting that occurs in the 5th year following the year in which IFC's shareholders previously approved such performance goals.

The maximum dollar amount for a cash Award that may be earned under the Plan with respect to any single year shall be \$2,000,000. Any amount earned with respect to a cash Award with respect to which performance is measured over a period greater than one year shall be deemed to be earned ratably over the number of full and partial years in the Performance Period.

7. Payment of Awards; Adjustments

- a) At the end of a Performance Period, the amount of the Award payable, if any, shall be determined by the degree to which the Company meets the performance goals set forth in the Performance Period Schedule.
- b) For any Awards payable to Covered Officers, the Committee shall certify prior to any such payment in writing the extent to which the performance goal or goals (and any other material terms) applicable to such Performance Period have been satisfied and the amounts to be paid, vested or delivered as a result thereof, provided the Committee may reduce, but not increase, such amount, and shall submit such written certification to the IFC Committee for its consideration and its written approval.
- c) The Committee reserves the right to adjust the Award of any participant (other than a Covered Officer) to reflect individual performance and/or extraordinary circumstances. The Award of any Covered Officer shall be subject to the right of the IFC Committee to reduce, but not increase, such Covered Officer's Award to reflect individual performance and/or extraordinary circumstances.
- d) A participant's Award, if any, for each Performance Period shall be paid in cash within sixty (60) days after the close of the Performance Period, provided the participant is in the employ of the Company on the last working day of the Performance Period. For an employee whose employment commences during a Performance Period, a prorated Award will be paid based on the portion of the Performance Period during which he or she was employed by the Company.
- e) If a participant transfers to or from IFC or any affiliate of IFC (other than the Company) at any time during the Performance Period, he or she will be entitled to a prorated Award under the Plan based on the portion of the Performance Period during which he or she was employed by the Company. Any prorated Awards earned will be paid at the same time that other participants' Awards are paid and shall be based on performance results for the full Performance Period.
- f) An Award is not earned and shall not be paid unless the employee is employed by the Company and on the Company's payroll at the end of the Performance Period. The Committee may make exceptions to this requirement, in its sole discretion, under circumstances including, but not limited to, retirement, death or disability, or local law requirements where the participant is employed; provided, however, that such Award shall be evaluated by the Committee (and the IFC Committee, if necessary) as set forth in this Section 7 after the conclusion of the relevant Performance Period at the time the

Committee (and the IFC Committee, if necessary) generally review achievement of performance goals and Awards to other participants.

- g) There shall be deducted from all payments in respect of an Award made under the Plan any taxes required to be withheld under applicable federal, state or local law.
- h) Any participant may elect to defer all or a portion of his or her Award to be received in respect of a Performance Period by submitting a written request to the Committee on or before January 31 of that Performance Period. The deferral request, which shall be made in a form adopted and approved by the Committee from time to time, must state the amount of Award to be deferred (a dollar amount or a percentage of the Award earned), and the date the deferred Award is to be paid. Regardless of the participant's election, the deferred Award will be paid no later than the first anniversary of his or her termination of employment. Upon a participant's death, any deferred Award will be paid to his or her beneficiary designated under the Company's group life insurance plan unless the participant has submitted an alternative written beneficiary designation under this Plan. Deferred Awards shall be credited with interest from the first day of January of the fiscal year following the fiscal year in which the Award is earned at the national prime rate as reported in The Wall Street Journal on the date interest is credited.
- i) Without limiting the generality of Section 7(h), certain participants identified by the Management Committee of Irwin Ventures LLC may elect to defer a maximum of \$25,000 of his or her annual Award to be received in respect of a Performance Period to the Irwin Ventures Co-Investment Fund by submitting a written request to the Committee on or before January 31 of that Performance Period.

8. Miscellaneous

- a) **AMENDMENT, SUSPENSION OR TERMINATION OF THIS PLAN.** The Board may, at any time and from time to time, amend, suspend or terminate the Plan or any part of the Plan as it may deem proper and in the best interest of the Company; provided, that, subject to the right of the Board and the IFC Committee to adjust Awards pursuant to Section 7(c), no such action may cause any participant to be deprived of any Award previously awarded but not yet paid, or be effective in the fiscal year in which such action is taken unless it is taken within the first three months of the fiscal year.
- b) **SECTION 162(M).** It is the interest of the Company that Awards made to Covered Officers under the Plan satisfy the requirements for performance-based compensation under Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, the Committee in making Awards to Covered Officers and interpreting the Plan shall be guided by such provisions. In addition, the Plan shall be interpreted and applied in a manner consistent with Code Section 162(m) and the Treasury Regulations promulgated thereunder. Therefore, if a provision of the Plan would cause a payment to a Covered Officer to fail to satisfy these requirements, it shall be interpreted and applied in a manner such that said payment will satisfy Code Section 162(m). Notwithstanding the foregoing, the Company will request that IFC obtain IFC shareholder approval for

any amendment of the Plan as may be required under Code Section 162(m) to ensure the Plan's qualification under Code Section 162(m).

- c) **NO ASSIGNMENT.** No portion of any Award under the Plan may be pledged, assigned or transferred otherwise than by will or the laws of descent and distribution prior to its payment.
- d) **LIMITATION ON LIABILITIES.** In any matter related to the Plan, no director or employee of Irwin Financial Corporation, or any affiliate of Irwin Financial Corporation shall be liable for the action, or the failure to act, on the part of any other such person.
- e) **LIMITATION ON VESTED INTEREST.** Awarding a bonus is within the sole discretion of the Committee. No participant has a vested interest in an award under the Plan prior to the end of the Performance Period for which the Award is granted.
- f) **EMPLOYMENT RIGHTS.** Participation in this Plan shall not be construed to grant any employee the right to be retained in the employ of the Company.
- g) **UNSECURED GENERAL CREDITORS.** Participants shall have no right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.
- h) **GOVERNING LAW.** The validity and construction of the Plan and any rules relating to the Plan shall be determined and governed by the laws of the State of Indiana without reference to principles of conflict of laws, except as superseded by applicable federal law.

9. Claims Procedure in Case of Dispute

The following claims procedure is hereby established:

- a) **INITIAL CLAIM.** Any participant or any participant's beneficiary claiming an Award under the Plan (the Claimant) shall present a claim for benefits provided hereunder in writing to the Chairman.
- b) **DECISION ON INITIAL CLAIM.**
 - i) **Time Period for Denial Notice.** Upon receipt of a claim, the Chairman shall determine whether to grant the claim, deny it or grant it in part. The Chairman's

decision shall be made on the claim as soon as practicable and shall be communicated in writing by the Chairman to the Claimant within a reasonable period after receipt of the claim by the Chairman. In no event shall the decision on an initial claim be given more than ninety (90) days after the date the claim was received by the Chairman, unless, at the Chairman's sole discretion, an extension of time for processing is granted. If there is an extension, the Claimant shall be notified of such within ninety (90) days of the date the claim was filed. The extension notice shall indicate the reason for the extension. The extension shall not exceed ninety (90) days from the end of the initial response period.

- ii) Contents of Denial Notice. If the claim is wholly or partially denied, the notice of denial shall indicate in a manner calculated to be understood by the Claimant:
 - (1) The specific reason(s) for the denial;
 - (2) The specific references to pertinent Plan provisions on which the denial is based;
 - (3) A description of additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary; and
 - (4) An explanation of the Plan's claim review procedure as outlined in Sections 9.c and 9.d.
- iii) Deemed Denied. If written notice of the decision wholly or partially denying the claim has not been furnished within ninety (90) days after the claim is filed or there has been an extension and no notice of a decision is furnished by the end of the extension period, and if the claim has not been granted within such period, the claim shall be deemed denied as of the end of the ninety (90) day or one hundred eighty (180) day period for purposes of proceeding to the review stage described Sections 9.c and 9.d.
- c) REVIEW OF DENIED CLAIM. If a Claimant receives a notice of denial or his or her claim is deemed denied pursuant to Section 9.b above, the Claimant may request a review of the claim. The request for review is made by delivering or mailing a written request for review, prepared by either the Claimant or his or her authorized representative, to the Board. The Claimant's request for review must be made within ninety (90) days of receipt of notice of denial or deemed denial. In no event shall the Claimant have less than ninety (90) days after receipt of the notice of denial to request review of the denial. If the written request for review is not made on a timely basis, the Claimant shall be deemed to waive his or her right to review and shall have no further remedy under this Plan or otherwise. The Claimant or his or her duly authorized representative may, at or after the time of making the request, review all pertinent documents and submit issues and comments in writing.
- d) DECISION ON REVIEW. A review shall be made by the Board after receipt of a timely filed request for review. A decision on review shall be made and furnished in writing to

the Claimant. The decision shall be made not later than sixty (60) days after receipt of the request for review. If special circumstances require an extension of time for processing (such as the need to hold a hearing), a decision shall be made and furnished to the Claimant not later than one hundred twenty (120) days after such receipt. If an extension is required, the Claimant shall be notified of such within sixty (60) days after the request for review was filed. The written decision shall include the specific reasons for such decisions, written in a manner calculated to be understood by the Claimant, with specific references to the pertinent provisions of the Plan upon which the decision is based. The decision shall be final and binding upon the Claimant and the Company and all other persons involved. If the decision on review is not furnished within the applicable time period, the claim shall be deemed denied on review.

For the sole purpose of implementing the claims procedure (and not for any other purposes), Chairman shall have the power and authority to construe and interpret the Plan. Notwithstanding anything contained in this Section 9 to the contrary, to the extent a Claimant is a Covered Officer, the IFC Committee shall have the responsibility and authority of the Chairman and the Board under this Section 9.

The scope of any subsequent review of the benefit claim, judicial or otherwise, shall be limited to a determination as to whether the Board acted arbitrarily or capriciously in the exercise of its discretion. In no event shall any such further review be on a de novo basis as the Board has discretionary authority to determine eligibility for benefits and to construe the terms of the Plan.
