PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Company's stockholders are being asked to ratify the appointment of Grant Thornton LLP to serve as the Company's independent auditors for the fiscal year ending March 31, 2005. Stockholder ratification of the appointment of Grant Thornton LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the appointment of Grant Thornton LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment by an affirmative vote of the holders of a majority of the Common Stock present or represented at the meeting and entitled to vote thereat, the Audit Committee and the Board may reconsider whether to retain that firm as the Company's independent auditors. Even if the appointment is ratified, the Audit Committee and the Board in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the best interest of the Company and its stockholders.

Representatives of Grant Thornton attended or participated via conference telephone call in all meetings of the Audit Committee in fiscal 2004. The Audit Committee pre-approves and reviews audit and permissible non-audit services performed by Grant Thornton as well as the fees charged by Grant Thornton for such services. In its pre-approval and review of permissible non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors' independence. Under certain de minimis circumstances described in the rules and regulations of the SEC, the Audit Committee may approve permissible non-audit services prior to the completion of the audit in lieu of pre-approving such services. In recent years, the Company has not obtained any non-audit services from Grant Thornton that are prohibited under the rules and regulations of the SEC.

The Company expects that representatives of Grant Thornton LLP will attend the Annual Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions posed by stockholders.

Principal Accountant Fees and Services

Audit Fees. Audit fees include the audit of the Company's annual financial statements, review of financial statements included in the Company's Form 10-Q quarterly reports, and services that are normally provided by Grant Thornton in connection with statutory and regulatory filings or engagements for the relevant fiscal years. Audit fees billed by Grant Thornton LLP for services rendered to the Company in the audit of annual financial statements and the reviews of the financial statements included in the Company's Forms 10-Q for the fiscal year were approximately \$113,600 for the 2003 fiscal year and \$136,000 for the 2004 fiscal year.

Audit-Related Fees. Audit-related fees consist of assurance and related services provided by Grant Thornton that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under Audit Fees. There were no such services rendered by Grant Thornton during the fiscal year 2003 or fiscal year 2004.

Tax Fees. Tax fees consist of professional services rendered by Grant Thornton for tax compliance, tax advice and tax planning. The Company engaged Grant Thornton to perform the following tax services for the fiscal year 2003 and fiscal year 2004:

Fiscal 2003	
Preparation of Forms 5500 and tax consulting services	\$17,610

Fiscal 2004	
Preparation of Forms 5500 and tax consulting services	\$12,154

Table of Contents

All Other Fees. The Company engaged Grant Thornton LLP to perform the following services for fiscal year 2003 and fiscal year 2004:

Fiscal 2003		
Audit of the financial statements of CorVel Incentives Savings Plan		\$ 10,000
Fiscal 2004		
S-8 Registration Statement		\$ 2,500

The Audit Committee has determined that the provision of the above non-audit services by Grant Thornton was compatible with their maintenance of accountant independence.

Stockholder Approval

The affirmative vote of a majority of the shares of the Common Stock represented and voted at the Annual Meeting is being sought for ratification of the appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending March 31, 2005.

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING MARCH 31, 2005.

OTHER MATTERS

Management does not know of any other matters to be brought before the Annual Meeting. If any other matter is properly presented for consideration at the Annual Meeting, it is intended that the proxies will be voted by the persons named therein in accordance with the Board of Directors' recommendation. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy.

Table of Contents

The following is a brief description of the capacities in which each of the Company's directors, executive officers and key employees has served during the past five years. The biographies of Messrs. Clemons, Hamerslag, Hoops, Jessup and Michael appear earlier in this Proxy Statement. See Proposal One: Election of Directors.

Mr. Flynn served as a director of the Company from May 1991 through May 1, 2003, at which time he resigned from the Board and joined the Company as Vice President, Business Development. Mr. Flynn was President of Americable, Inc., a manufacturer of fiber optic and copper solutions serving the telecommunications industry, from June 1997 through December 2002. Mr. Flynn served as the Executive Vice President and Secretary of ENStar, Inc., a holding company owning businesses engaged in voice and data connectivity and networking products and services, from February 1997 until December 1999, when ENStar merged with Americable, formerly a wholly-owned subsidiary of ENStar, and then Americable, as the survivor, changed its name to Corstar Holdings, Inc. and a new corporation was established under the name Americable.

Mr. Schweppe has been the Chief Financial Officer since April 1991 and Secretary since June 1995. From March 1988 to April 1991, Mr. Schweppe was the Director of Finance for the Company. From May 1983 to February 1988, Mr. Schweppe was the Manager, Technical Accounting for Caremark, Inc.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that, during fiscal year 2004, all transactions required to be reported by its officers, directors and greater than 10% beneficial owners were reported in a timely manner, except as described below.

In addition, due to an administrative oversight, the Forms 4 for the automatic option grants in August 2003 to Messrs. Hamerslag, Hoops, Jessup and Michael were not timely filed.

Compensation Committee Interlocks and Insider Participation

Messrs. Hamerslag, Hoops and Michael served as members of the Compensation Committee during fiscal year 2004. Mr. Michael is the President and Chief Executive Officer of Corstar, a beneficial owner of more than 10% of the outstanding Common Stock of the Company. No member of the Compensation Committee was, during fiscal 2004, an employee or officer of the Company or was formerly an officer of the Company.

During fiscal 2004, no current executive officer of the Company served as a member of the board of directors or compensation committee of any other entity that has or had one or more executive officers serving as a member of the Company's Board or Compensation Committee.

Corporate Governance and Board Composition

Corporate governance is a system that allocates duties and authority among a company's stockholders, board of directors and management. The stockholders elect the board of directors and vote on extraordinary matters; the board of directors is the company's governing body, responsible for hiring, overseeing and evaluating management, particularly the Chief Executive Officer; and management runs the company's day-to-day operations. The Company's

board of directors is comprised of at least a majority of independent directors, and believes that it is useful and appropriate to have the Company's Chief Executive Officer also serve as the Company's Chairman of the Board. Each of the Company's directors is expected to attend each meeting of the Company's board of directors and of the committees on which he or she serves, and also is expected to attend

Table of Contents

each of the Company's annual stockholders' meetings. The Company does not have a policy regarding directors' attendance at the Company's annual stockholders' meetings. All of the Company's directors attended the Company's 2003 Annual Stockholders Meeting.

Independent Directors. Each of the Company's current directors other than Mr. Clemons qualifies as an independent director in accordance with the published listing requirements of the Nasdaq Stock Market, or Nasdaq. The Nasdaq independence definition includes a series of objective tests, such as that the director is not also one of the Company's employees and has not engaged in various types of business dealings with the Company. In addition, as further required by the Nasdaq rules, the Company's board of directors has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Company's directors reviewed and discussed information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and the Company's management.

Board Structure and Committees. The Company's board of directors has established an audit committee, a compensation committee and a nomination and governance committee. The Company's board of directors and its committees set schedules to meet throughout the year, and also can hold special meetings and act by written consent from time to time as appropriate. The independent directors of the Company's board of directors also intend to begin holding separate regularly scheduled executive session meetings at least twice a year at which only independent directors are present. The Company's board of directors has delegated various responsibilities and authority to its committees as generally described below. The committees will regularly report on their activities and actions to the full board of directors. Each member of each committee of the Company's board of directors qualifies as an independent director in accordance with the Nasdaq standards described above. Each committee of the Company's board of directors has a written charter approved by the Company's board of directors. A copy of each charter is posted on the Company's web site at <http://www.corvel.com> under the Investor Relations section. The inclusion of the Company's web site address in this proxy does not include or incorporate by reference the information on the Company's web site into this proxy or the Company's Annual Report on Form 10-K.

Audit Committee. The audit committee of the Company's board of directors reviews and monitors the Company's corporate financial statements and reporting and the Company's internal and external audits, including, among other things, the Company's internal controls and audit functions, the results and scope of the annual audit and other services provided by the Company's independent auditors and the Company's compliance with legal matters that have a significant impact on the Company's financial statements. The Company's audit committee also consults with the Company's management and the Company's independent auditors prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of the Company's financial affairs. The Company's audit committee is responsible for establishing, and has established, procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. In addition, the Company's audit committee is directly responsible for the appointment, retention, compensation and oversight of the work of the Company's independent auditors, including approving services and fee arrangements. All related party transactions are approved by the Company's audit committee before the Company enters into them. See "Certain Transactions" below. The current members of the Company's audit committee are Messrs. Hamerslag, Hoops and Jessup.

In addition to qualifying as independent under the Nasdaq rules described above, each member of the Company's audit committee can read and has an understanding of fundamental financial statements, and each member currently qualifies as independent under special standards established by the Securities and Exchange Commission, or SEC, for members of audit committees. The Company's audit committee includes at least one member who has been determined

by the Company's board of directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules. Mr. Hamerslag is the independent director who has

Table of Contents

been determined to be an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Hamerslag's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose on Mr. Hamerslag any duties, obligations or liability that are greater than are generally imposed on him as a member of the Company's audit committee and the Company's board of directors, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Company's audit committee or board of directors.

Compensation Committee. The compensation committee of the Company's board of directors reviews and approves the Company's compensation policies and all forms of compensation to be provided to the Company's executive officers and directors, including, among other things, annual salaries, bonuses, and stock option and other incentive compensation arrangements. In addition, the Company's compensation committee administers the Company's stock option plan and employee stock purchase plan, including reviewing and granting stock options. The Company's compensation committee also reviews and approves various other of the Company's compensation policies and matters. The current members of the Company's compensation committee are Messrs. Hamerslag, Hoops and Michael.

Nomination and Governance Committee. The nomination and governance committee of the Company's board of directors reviews and reports to the Company's board of directors on a periodic basis with regard to matters of corporate governance, and reviews, assesses and makes recommendations on the effectiveness of the Company's corporate governance policies. In addition, the Company's nomination and governance committee reviews and makes recommendations to the Company's board of directors regarding the size and composition of the Company's board of directors and the appropriate qualities and skills required of the Company's directors in the context of the then current make-up of the Company's board of directors. This includes an assessment of each candidate's independence, personal and professional integrity, financial literacy or other professional or business experience relevant to an understanding of the Company's business, ability to think and act independently and with sound judgment, and ability to serve the Company's and the Company's stockholders' long-term interests. These factors, and others as considered useful by the Company's nomination and governance committee, are reviewed in the context of an assessment of the perceived needs of the Company's board of directors at a particular point in time. As a result, the priorities and emphasis of the Company's nomination and governance committee and of the Company's board of directors may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective directors.

The Company's nomination and governance committee establishes procedures for the nomination process and leads the search for, selects and recommends candidates for election to the Company's board of directors (subject to legal rights, if any, of third parties to nominate or appoint directors). Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. Candidates for nomination to the Company's board of directors typically have been suggested by other members of the Company's board of directors or by the Company's executive officers. From time to time, the Company's nomination and governance committee may engage the services of a third-party search firm to identify director candidates. Mr. Clemons initially was suggested as a candidate by a member of management and Messrs. Hamerslag, Hoops, Jessup and Michael initially were suggested as candidates by management. The Company's nomination and governance committee selected these candidates for election to the Company's board of directors. The members of the Company's nomination and governance committee are Messrs. Hamerslag and Michael.

The Company's nomination and governance committee will consider candidates recommended by stockholders of any outstanding class of the Company's capital stock entitled to vote for the election of directors. Nominations by such stockholders must be preceded by notification in writing in fact received by the Company's Secretary, at 2010 Main Street, Suite 600, Irvine, California 92614, not less than sixty (60) days prior to any meeting of stockholders called for the election of directors. Such notification shall contain the written consent of each proposed nominee to serve as a

director is so elected and the following information as to

each proposed nominee and as to each person, acting alone or in conjunction with one or more other persons as a partnership, limited partnership, syndicate or other group, who participates or is expected to participate in making such nomination or in organizing, directing or financing such nomination or solicitation of proxies to vote for the nominee: (a) the name, age, residence, address, and business address of each proposed nominee and of each such person; (b) the principal occupation or employment, the name, type of business and address of the corporation or other organization in which such employment is carried on of each proposed nominee and of each such person; (c) the amount of the Company's stock owned beneficially, either directly or indirectly, by each proposed nominee and each such person; and (d) a description of any arrangement or understanding of each proposed nominee and of each such person with each other or any other person regarding future employment or any future transaction to which the Company will or may be a party. All such recommendations will be brought to the attention of the Company's nomination and governance committee. Candidates proposed by stockholders will be evaluated by the Company's nomination and governance committee using the same criteria as for all other candidates.

Code of Ethics and Business Conduct. The Company's board of directors has adopted a code of ethics and business conduct that applies to all of the Company's employees, officers (including the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) and directors. The full text of the Company's code of ethics and business conduct is posted on the Company's web site at <http://www.corvel.com> under the Investor Relations section. The Company intends to disclose future amendments to certain provisions of the Company's code of ethics and business conduct, or waivers of such provisions, applicable to the Company's directors and executive officers (including the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions), at the same location on the Company's web site identified above and also in a Current Report on Form 8-K within four business days following the date of such amendment or waiver. The inclusion of the Company's web site address in this proxy does not include or incorporate by reference the information on the Company's web site into this proxy or the Company's Annual Report on Form 10-K.

Communications from Stockholders to the Board. The Board has implemented a process by which stockholders may send written communications to the attention of the Board or any individual Board member, care of the Company's Secretary at 2010 Main Street, Suite 600, Irvine, CA 92614. This centralized process will assist the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. The Company's Secretary, with the assistance of the Company's Director of Legal Services, will be primarily responsible for collecting, organizing and monitoring communications from stockholders and, where appropriate depending on the facts and circumstances outlined in the communication, providing copies of such communications to the intended recipients. Communications will be forwarded to directors if they relate to appropriate and important substantive corporate or board matters. Communications that are of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration will not be forwarded to the Board. Any communications not forwarded to the Board will be made available to any of the Company's independent directors upon their request.

(1) Each option will become exercisable for 25% of the option shares one year from the grant date and thereafter the remaining shares become exercisable in 36 equal monthly installments. To the extent not already exercisable, the options become exercisable upon (a) a sale of assets, (b) a merger in which the Company does not survive or (c) a reverse merger in which the Company survives but ownership of 50% or more of the voting power of the Company's stock is transferred, unless the option is assumed or replaced with a comparable option by the successor corporation. The options are also subject to limited stock appreciation rights pursuant to which the options, to the extent exercisable at the time a hostile tender offer occurs, will automatically be canceled in return for a cash payment equal to the tender-offer price minus the exercise price multiplied by the number of shares for which the option was exercisable. Each option has a maximum term of five years subject to earlier termination in the event of the optionee's cessation of employment with the Company.

(2) The Company granted options to employees to purchase a total of 138,871 shares of Common Stock during fiscal year 2004.

(3) The exercise price is equal to the fair market value of the Common Stock on the grant date and may be paid in cash, in shares of Common Stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same-day sale of the purchased shares. For employees who are not executive officers or directors, the Company also may finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares and the Federal and state income tax liability incurred by the optionee in connection with such exercise.

(4) The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by the rules and regulations of the Securities and Exchange Commission and do not represent the Company's estimate or projection of the future trading prices of the Company's common stock. Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the ten-year option term. These amounts represent assumed rates of appreciation in the value of the Company's common stock from the fair market value on the date of grant. Actual gains, if any, on stock option exercises are dependent on numerous factors, including the Company's future performance, the future performance of the Company's common stock, overall business and stock market conditions, and the option holder's continued employment with the Company throughout the entire vesting period and option term, which factors are not reflected in this table. The values reflected in this table may not necessarily be achieved. Potential realizable values are net of exercise price, but before the payment of taxes associated with exercise.

Table of Contents**Stock Option Exercises and Holdings**

The following table provides information with respect to the Named Executive Officer concerning the exercise of options during the 2004 fiscal year and unexercised options held as of the end of such fiscal year. No stock appreciation rights were exercised during the 2004 fiscal year and except for the limited stock appreciation rights described in footnote 1 to the table above, no stock appreciation rights were held by any Named Executive Officer at the end of such fiscal year.

Richard Schweppe	18,000	\$408,672	15,275	8,650	\$253,758	\$117,973

(1) The value of unexercised in-the-money options has been calculated based on multiplying the number of shares underlying the options by the difference between the exercise price per share payable upon exercise of the options and \$36.20, the closing sales price of the Company's common stock on the last trading day of the 2004 Fiscal Year.

(2) The value realized upon option exercise has been calculated based on multiplying the number of shares acquired on exercise of each respective option by the difference between the respective exercise price per share paid upon exercise and the closing sales price of the Company's common stock on the respective dates of exercise.

Employment Agreements, Termination of Employment and Change in Control Arrangements

On January 26, 1988, the Company and North Star entered into an employment agreement with Mr. Clemons. The agreement became effective on February 15, 1988 and has an indefinite term. The agreement initially provided Mr. Clemons with an annual salary of \$250,000, payable in semi-monthly installments. Mr. Clemons may terminate the agreement at any time on four months notice and the Company may terminate the agreement at any time with or without cause. If Mr. Clemons is terminated without cause, the Company is required to pay Mr. Clemons his salary for one year after such termination, less any other employment compensation received by Mr. Clemons during such one year period. The Compensation Committee approved an increase in Mr. Clemons' annual salary to \$350,000, effective January 1, 2002.

The Company does not have any existing employment agreements with any other Named Executive Officer.

In the event of a Corporate Transaction, each outstanding option granted under the Discretionary Option Grant Program will automatically become exercisable as to all of the option shares immediately prior to the effective date of

the Corporate Transaction. However, no acceleration will occur if and to the extent: (a) such option is either to be assumed by the successor corporation or parent thereof or replaced by a comparable option to purchase shares of the capital stock of the successor corporation or parent thereof, (b) such option is to be replaced with a cash incentive program of the successor corporation designed to preserve the option spread existing at the time of the Corporate Transaction and incorporating the same vesting schedule applicable to the

Table of Contents

option or (c) acceleration of such option is subject to other applicable limitations imposed by the Compensation Committee at the time of grant.

The Compensation Committee, as the administrator of the Option Plan, has the authority to provide for accelerated vesting of the shares of Common Stock subject to any outstanding options held by any of the Named Executive Officers in connection with certain changes in control of the Company or the subsequent termination of the officer's employment following a change in control.

AUDIT COMMITTEE REPORT*

The Audit Committee assists the Board in its oversight of the Company's financial accounting reporting and controls. The Board, in its business judgment, has determined that all members of the audit committee are independent as required by applicable listing standards of the Nasdaq National Market. The Audit Committee operates pursuant to a charter approved by the Board, a copy of which is included as Appendix A to this Proxy Statement.

In performing its oversight role, the Audit Committee reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. The Audit Committee received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Audit Committee also considered whether the provision of non-audit services by the independent auditors is compatible with maintaining the auditors' independence and has discussed with the auditors the auditors' independence.

Based on the reports and discussions described in this Report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in the audit committee charter, the Audit Committee recommended to the Board and the Board approved that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2004.

The Audit Committee recommended and the Board approved the selection of Grant Thornton LLP as independent auditors for the year ending March 31, 2005.

COMPENSATION COMMITTEE REPORT*

The Compensation Committee administers the Company's executive compensation programs, including the Option Plan. After the Compensation Committee determines the salaries of all elected officers, including those of the Named Executive Officers, the full Board reviews those determinations.

General Compensation Goals

The design and implementation of all executive compensation arrangements are based on certain goals derived from Company values, business strategy and management requirements. These goals may be summarized as follows:

Pay competitive salaries to attract, retain and motivate a highly competent executive team essential to the long-term success of the Company;

Tie an individual's total compensation to individual and profit center performance and the financial success of the Company;

Reward executives for long-term corporate success by facilitating their ability to acquire an ownership interest in the Company; and

Align the financial interests of the executives and the stockholders.

Factors

Several of the more important factors, which were considered in establishing the components of each executive officer's compensation package for the 2004 fiscal year are summarized below. Additional factors were also taken into account, and the Compensation Committee may in its discretion apply entirely different factors, particularly different measures of financial performance, in setting executive compensation for future fiscal years. All compensation decisions will be designed to further the general compensation goals indicated above.

Base Salaries

Base salaries are targeted to be moderate yet competitive in relation to salaries commanded by those in similar positions with other companies in the same industry. The base salary for each executive officer is reviewed annually and is set on the basis of personal performance, the relative importance of the functions the officer performs, the scope of the officer's ongoing responsibilities, the salary levels in effect for comparable positions with the Company's principal competitors, and internal equity considerations. The weight given to each of these factors varies from individual to individual.

Annual Incentive Awards

Although the Company has a March 31 fiscal year end, it has calendar year budgets and annual incentive plans which are based on the calendar year. Incentive awards to the Chief Executive Officer and the other Named Executive Officers are shown in the "Bonus" column of the Summary Compensation Table, which follows this report. Annual bonuses are designed to reward personal contributions to the success of the Company and are earned under a structured formula that considers the following factors:

Company Profit Center Financial Performance

Each profit center of the Company submits a proposed annual operating budget including annual profit goals for review of and approval by the Chief Executive Officer of the Company in conjunction with ratification by the

Compensation Committee. At the end of the calendar year, the Compensation Committee evaluates actual

Table of Contents

financial performance against these targets and actual revenue growth. The resulting performance evaluation dictates whether an increase or decrease in an executive's normal incentive compensation award is granted. For executive officers with operations responsibilities, the annual incentive award can range from zero to 70% of base salary depending upon performance as compared to budget. For executive officers with corporate staff responsibilities, such awards are based upon departmental objectives.

Individual Performance

Each executive has some portion of his or her annual bonus measured against individual goals (MBOs) established for that person. The maximum amount that any executive may earn based on the MBO element is variable, with full achievement of MBOs resulting in a minimum 75% payout and increasing up to 100% payout for achievement exceeding established MBOs. For executive officers with operations responsibilities, this element comprises a lesser percentage of the annual incentive award for the individual and for executive officers with corporate staff responsibilities, it comprises a greater percentage of the annual incentive award.

Discretionary Awards

The Compensation Committee also has the discretion under extraordinary circumstances to award bonuses based on a percentage of base salary.

Stock Options

Stock option grants accomplish the third and fourth compensation objectives: to motivate executive officers to manage the business, to improve long-term Company performance and to align the interests of executive officers and stockholders. Customarily, option grants are made with exercise prices equal to the fair market value of the shares on the grant date and will be of no value unless the market price of the Company's outstanding shares appreciates, thereby aligning a substantial part of the executive officer's compensation package with the return realized by the stockholders. The option generally vests over a period of four years, contingent upon the executive officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if the officer remains employed by the Company and the market price of the underlying shares appreciates over the option term. The size of the option grant is designed to create a meaningful opportunity for stock ownership and is based upon the individual's current position with the Company, internal comparability with option grants made to other Company executives and the individual's potential for future responsibility and promotion over the option term. The Committee has established certain general guidelines in making option grants to the executive officers in an attempt to target a fixed number of unvested option shares based upon the individual's position with the Company and the officer's existing holdings of unvested options. However, the Compensation Committee does not adhere strictly to these guidelines and will occasionally vary the size of the option grant made to each executive officer as circumstances warrant.

Compensation of the Chief Executive Officer

The annual base salary for the Company's Chief Executive Officer, Mr. Clemons, was established on January 26, 1988, when the Company and North Star entered into an employment agreement with Mr. Clemons. The agreement became effective on February 15, 1988 and has an indefinite term. The agreement provides Mr. Clemons with an annual salary of \$250,000, payable in semi-monthly installments. Mr. Clemons may terminate the agreement at any time on four months notice and the Company may terminate the agreement at any time with or without cause. If Mr. Clemons is terminated without cause, the Company is required to pay Mr. Clemons his then-current salary for one year after such termination, less any other employment compensation received by Mr. Clemons during such one-year period. The Compensation Committee, exclusive of Mr. Clemons, approved an increase in Mr. Clemons' annual salary to \$350,000, effective January 1, 2002. The Company's financial performance had been consistently strong and Mr. Clemons' salary had not been increased in eleven years.

Compliance with Internal Revenue Code Section 162(m)

Code Section 162(m) generally disallows a tax deduction to publicly-held corporations for compensation paid to certain of the corporation's executive officers to the extent that compensation exceeds \$1.0 million for any such officer in any one year. The limitation applies only to compensation, which is not considered to be performance-based. The Option Plan is structured so that any compensation deemed paid to an executive officer in connection with the exercise of options with exercise prices equal to the fair market value of the Common Stock on the grant date that is granted by a committee comprised solely of outside directors will qualify as performance-based compensation which will not be subject to the \$1.0 million limitation. The non-performance based compensation to be paid to the Company's executive officers for fiscal 2003 did not exceed the \$1.0 million limit per officer, nor is it expected that the non-performance based compensation to be paid to the Company's executive officers for fiscal 2004 will exceed that limit. Because it is very unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1.0 million limit, the Compensation Committee has decided at this time not to take any other action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual compensation of any executive officer ever approach the \$1.0 million level.

APPENDIX A

**Charter of the Audit Committee
of the Board of Directors of
CorVel Corporation**

Amended as of May 6, 2004

1. Purposes.

The primary purposes of the Audit Committee (the *Committee*) of CorVel Corporation (the *Company*) are to oversee on behalf of the Company's Board of Directors (the *Board*): (a) the conduct of the Company's accounting and financial reporting processes, the audits of the Company's financial statements and the integrity of the Company's audited financial statements and other financial reports; (b) the performance of the Company's internal accounting and financial controls function; (c) the engagement, replacement, compensation, qualifications, independence and performance of the Company's independent auditors, and (d) the portions of the Company's Code of Ethics and Conduct and related policies regarding the Company's accounting, internal accounting controls or auditing matters. The Committee's function is one of oversight only and shall not relieve the responsibilities of the Company's management for preparing financial statements that accurately and fairly present the Company's financial results and condition, or the responsibilities of the independent auditors relating to the audit or review of financial statements.

2. Composition.

(a) At Least Three Members; Chairperson. The Committee shall consist of a minimum of three independent directors as defined in Section 2(b) below. The Board shall designate a Committee member as the Chairperson of the Committee, or if the Board does not do so, the Committee members shall appoint a Committee member as Chairperson by a majority vote of the authorized number of the Committee members.

(b) Independence. All members of the Committee shall be *independent* as determined by the Board and as defined in the listing standards of the Nasdaq Stock Market or such other national securities exchange on which the Company's securities are then listed, as the same may be amended from time to time (the *listing standards*), Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the *Exchange Act*), any other rules or regulations of the Securities and Exchange Commission (the *SEC*) and any other laws applicable to the Company.

(c) Financial Literacy. Each member of the Committee shall, upon appointment to the Committee, be able to read and understand fundamental financial statements, including balance sheets, income statements and cash flow statements. At least one member of the Committee shall be an *audit committee financial expert* as defined in applicable SEC rules and regulations, or otherwise meet the *financial sophistication* requirements set forth in the listing standards.

(d) Prohibition Against Past Involvement in Company Financial Statements. No Committee member shall have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the preceding three years.

(e) Appointment. Subject to the requirements of the listing standards and the Bylaws of the Company, the Board initially shall appoint the Committee members to serve until the first meeting of the Board following the next Annual Meeting of Stockholders. Thereafter, the Committee members

shall be appointed by the Board, for one year terms and until their successors are appointed and qualified, or until their earlier retirement, resignation or removal. Any member of the Committee may be removed, with or without cause, by the approval of a majority of the independent directors then serving on the full Board. The Board may fill any vacancies on the Committee by a majority vote of the authorized number of directors.

3. Meetings; Reports and Resources of the Committee.

(a) Meetings. The Committee shall meet as often as it determines necessary or advisable, but not less frequently than quarterly. The Committee also may hold special meetings or act by unanimous written consent as the Committee may decide. The meetings may be in person or by telephone. The Committee shall keep written minutes of its meetings and shall deliver a copy of such minutes to the Board and to the Corporate Secretary of the Company for inclusion in the Company's minute books. The Committee periodically shall meet separately with management, the internal auditors and the independent auditors. The Committee may request any officer or employee of the Company, the Company's legal counsel, the Committee's independent counsel or the Company's independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. The foregoing notwithstanding, the Committee also may exclude from its meetings any persons it deems appropriate including, but not limited to, any director who is not a member of the Committee.

(b) Procedures. The Committee may establish its own procedures in a manner not inconsistent with this Charter, the Company's Bylaws, applicable laws or regulations, or the listing standards. The Chairperson of the Committee or a majority of the Committee members may call meetings of the Committee. A majority of the authorized number of Committee members shall constitute a quorum for the transaction of Committee business, and the vote of a majority of the Committee members present at the meeting at which a quorum is present shall be the act of the Committee, unless in either case a greater number is required by this Charter, the Company's Bylaws, applicable laws or regulations, or the listing standards.

(c) Reports. The Committee shall report its actions and recommendations to the Board after each Committee meeting. The Committee also shall make regular reports to the Board regarding, among other things, any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors, and the performance of the Company's internal audit function. The Committee shall provide to the Board at an appropriate time prior to preparation of the Company's proxy statement for its Annual Meeting of Stockholders, a report of the Committee, which report shall be included in such proxy statement. The report shall include such information as may be required under the SEC's rules and regulations.

(d) Committee Access and Resources. The Committee is at all times authorized to have direct, independent and confidential access to the Company's other directors, management and personnel, as well as to the Company's books, records and facilities, to carry out the Committee's purposes. The Committee shall have the sole authority, to the extent it deems necessary or appropriate, to retain and terminate independent legal, accounting or other experts or advisers selected by the Committee for matters related to the Committee's purposes. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditors engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services, compensation to any independent legal, accounting or other experts or advisers employed by the Committee, and ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out the Committee's duties.

Table of Contents

4. Authority and Responsibilities.

The Committee's role is one of oversight. The Company's management is responsible for the preparation and accuracy of the Company's financial statements and for designing the Company's internal controls and procedures, and the Company's independent auditors are responsible for auditing the Company's financial statements in accordance with generally accepted accounting principles (*GAAP*). While the Committee has certain authority and oversight responsibilities under this Charter, it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with GAAP and applicable rules and regulations or to assure the operating effectiveness of internal controls or accounting systems. In the absence of their reason to believe that such reliance is unwarranted, the Committee members may rely without independent verification on the information provided to them and on the representations made by the Company's management and independent auditors.

Additionally, the Committee recognizes that the Company's management, as well as the Company's independent auditors, have more time, knowledge and more detailed information concerning the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the work or independence of the Company's independent auditors. In addition, auditing literature, particularly Statement on Auditing Standards No. 71, defines the term "review" to include a particular set of required procedures to be undertaken by independent auditors. The Committee members are not independent auditors, and the term "review" as applied to the Committee in this Charter is not intended to have that meaning and should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of financial statements. Furthermore, the Committee's authority and oversight responsibilities do not assure that the audits of the Company's financial statements have been carried out in accordance with GAAP.

The Committee shall have the direct authority and responsibility to select, appoint, retain, compensate, evaluate and oversee the work of the Company's independent auditors (including resolving disagreements between management and the independent auditors regarding financial reporting) engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services, and, if necessary or advisable in the Committee's sole discretion, to terminate and replace the Company's independent auditors. The Committee shall have the sole authority to approve all audit engagement fees and terms. The Company's independent auditors shall report directly and be accountable to the Committee.

The following functions and responsibilities are set forth as a guide, with the understanding that the Committee has the authority to diverge from this guide as appropriate given the circumstances. The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible to best react to changing conditions and circumstances, and that the Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices and ethical behavior.

To fulfill its purposes, the Committee shall:

Financial Statements and Disclosure Matters

(a) Review the Company's financial statements and, as part of that review, (i) review and discuss with management and the independent auditors, prior to public release: (A) the Company's

annual audited and quarterly financial statements to be filed with the SEC; (B) the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations; (C) any certifications by the Company's principal executive officer and principal financial officer regarding the Company's financial statements, internal accounting and financial controls and procedures, and disclosure controls and procedures, that will be filed with or furnished to the SEC; and (ii) discuss with the independent auditors the matters of which the independent auditors inform the Committee and that are required to be discussed under applicable auditing standards; and (iii) make a recommendation to the Board regarding the inclusion of the annual audited financial statements in the Company's Annual Report on Form 10-K to be filed with the SEC.

(b) Discuss with management and the independent auditors and review (i) any major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles; (ii) any new, or significant changes in, accounting policies of the Company and any potential changes in accounting, auditing, review and financial reporting standards and regulations promulgated by authoritative standard setting or regulatory bodies that may have a significant impact on the Company's financial reports; and (iii) any analyses prepared by management and/or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements.

(c) At least annually, review and discuss reports from the independent auditors on:

All critical accounting policies and practices to be used;

All alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors; and

Other material written communications between the independent auditors and management, such as any management letter, any report on observations and recommendations on internal controls, any schedule of unadjusted audit differences and any listing of adjustments and reclassifications not recorded.

(d) Discuss generally with management and review the Company's press releases regarding financial results, including the use of any pro forma or adjusted non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies, prior to any public disclosure thereof.

(e) Review and discuss with management and the independent auditors the existence and effect of any material off-balance sheet transactions, arrangements, obligations (including contingent obligations) and other relationships of the Company with entities of which the Committee is made aware whose accounts are not consolidated in the financial statements of the Company and that may have a material current or future effect on the Company's financial condition, results of operations, liquidity, capital expenditures, capital resources or significant components of revenues or expenses.

(f) Discuss with management and the independent auditors any significant new or unusual transactions or other significant matters or events not in the ordinary course of business that have occurred and their views of the accounting treatment given thereto.

Table of Contents

(g) Review and discuss periodically with legal counsel any legal and regulatory matters that may have a material impact on the Company's financial statements, or the Company's compliance policies and programs. Discuss with management and the independent auditors any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Company's financial statements, financial disclosures or accounting policies.

(h) Discuss with management and the independent auditors the Company's significant financial risks or exposures and assess the steps management has taken to monitor, control and minimize such risks or exposures. Discuss with management and the independent auditors the Company's systems and policies with respect to risk monitoring, assessment and management.

(i) Discuss with the independent auditors, before filing with the SEC any periodic report containing financial statements, the matters required to be discussed by Statement on Auditing Standards No. 61 (as modified or amended from time to time), including the independent auditors' judgments about the quality, as well as the acceptability, of the accounting principles used and the judgments made in the preparation of the Company's financial statements.

(j) Consider and review separately with the independent auditors and management (i) the adequacy and effectiveness of the Company's disclosure controls and procedures and internal controls; (ii) all significant deficiencies and material weaknesses in the design or operation of the Company's internal controls that are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information; (iii) any special audit steps adopted or which need to be adopted in light of control deficiencies and weaknesses, if any; (iv) any problems or difficulties encountered in the course of the audit work, such as any restrictions on the scope of activities or access to requested information, and management's response to such problems or difficulties, including any significant disagreements with management; (v) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls; (vi) the adequacy and effectiveness of those portions of the Company's Code of Ethics and Conduct that relate to the integrity of the Company's financial reporting, including any changes to or waivers provided under such Code since the last review; and (vii) the related findings and recommendations of the independent auditors together with management's responses on such matters.

Oversight of the Company's Relationship with the Independent Auditors

(k) At least annually, request and obtain from the independent auditors a formal written statement describing (i) all relationships between the independent auditors and the Company, consistent with Independence Standards Board Standard No. 1 (or any similar requirements as may be issued in the future by authoritative standards setting or regulatory bodies); (ii) the independent auditors' quality-control systems and procedures and their effectiveness; and (iii) any material issues raised by the most recent quality-control review, or peer review meeting guidelines acceptable under the listing standards, of the independent auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, regarding one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues. The Committee shall actively engage in a dialogue with management and the independent auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the independent auditors from management and the Company, and shall take, or recommend that the full Board take, appropriate action in response to the independent auditors' report to satisfy itself of the independent auditors' objectivity and independence.

(l) Consider and pre-approve all non-audit services that are not prohibited under the rules and regulations of the SEC and all audit, review and attest services to be performed for the Company

Table of Contents

by its independent auditors (including the fees and terms thereof), subject to the de minimis exceptions, under certain circumstances described in the rules and regulations of the SEC, for permissible non-audit services which are approved by the Committee prior to the completion of the audit. All such approvals shall be disclosed in the Company's definitive proxy statements for its Annual Meetings of Stockholders and additionally in its Annual Reports on Form 10-K if such information is not incorporated therein by reference to the proxy statement. The Committee may establish pre-approval policies and procedures for particular services of which it is informed, and may delegate the authority to grant pre-approvals to one or more members of the Committee (but not to management), whose decisions must be presented to the full Committee at its next scheduled meeting.

(m) Review, evaluate and confirm the regular rotation of the lead or coordinating audit partners having primary responsibility for the audit, or of the audit partners responsible for reviewing the audit, as required by the rules and regulations of the SEC.

(n) Establish policies, consistent with the rules and regulations of the SEC, for the Company's hiring of current or former partners, principals, shareholders or employees of the independent auditors, or their close family members.

(o) Review and discuss with the independent auditors and management (i) all significant findings during the year, including the status of previous audit recommendations; (ii) the overall scope and plans for the audit (including the audit budget and the adequacy of compensation, resources and staffing); (iii) any changes required in the planned scope of the audit; and (iv) the coordination of audit efforts to monitor completeness of coverage, reduction of redundant efforts, and the effective use of audit resources.

Compliance Oversight Responsibilities

(p) Obtain from the independent auditors assurance that Section 10A(b) of the Exchange Act, which addresses the discovery and disclosure of any illegal act, has not been implicated.

(q) Establish and maintain procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by the Company's employees of concerns regarding questionable accounting or auditing matters.

(r) Review any reports brought to the Committee by management, the independent auditors or the Company's legal counsel regarding evidence of any material violation by the Company, or by any officer, director, employee or agent of the Company, of an applicable United States federal or state securities law, a material breach of fiduciary duty arising under United States federal or state law, or a similar material violation of any United States federal or state law.

(s) Review (for potential conflict of interest situations) and discuss with management and the independent auditors, on an ongoing basis, any proposed related party transactions (as defined in the listing standards and the applicable rules and regulations of the SEC) or courses of dealing. In such review, consider: (i) the financial accounting accorded the transaction or course of dealing; (ii) whether the terms or other aspects differ from those that would likely be negotiated with independent parties; and (iii) whether the proposed disclosure of the transaction or course of dealing is in accordance with GAAP. Upon completion of such review, the Committee shall either approve or disapprove each reviewed related party transaction or course of dealing and recommend such approval or disapproval to the full Board.

Table of Contents

(t) Annually evaluate its own performance as a committee, including its effectiveness and compliance with its Charter, and report to the Board the results of such evaluation and any recommended changes. Review and reassess, at least annually, the adequacy of this Charter and submit any recommended changes to the Board for its consideration.

(u) Perform any other activities, consistent with this Charter, the Company's Bylaws and applicable listing standards and laws, as the Committee or the Board deems necessary or appropriate.
