The combination of Perrigo and Agis provides numerous strategic and financial benefits, including:

- a global company with a track record of sales and earnings growth, with broader capabilities to grow in the global generic pharmaceutical, API and consumer healthcare markets;
- a platform for growth in generic pharmaceuticals through Agis' position in topical generics;
- an established position in API, which has become increasingly important to generic pharmaceutical manufacturers;
- an enhanced market-leading store brand OTC portfolio, with significant opportunity to leverage Agis' OTC products through Perrigo's infrastructure;
- a highly experienced, global management team; and
- synergies in the generic pharmaceutical and OTC businesses.

"This is the right transaction at the right time. We now have the platform to fully launch our generic strategy," said Dave Gibbons, Perrigo chairman, president and chief executive officer. "Perrigo and Agis have consistently grown earnings and value for shareholders. We are pleased with this combination of two great companies, which brings us talent, technology and exciting new opportunities. With its prescription generic drugs, active pharmaceutical ingredients and over-the-counter pharmaceutical businesses, Agis is the perfect partner to facilitate growth in the global pharmaceutical marketplace. Adding its products, pipeline and proprietary technologies to our consumer healthcare business and broad customer base provides us the opportunity to accelerate growth. We look forward to working with Mori Arkin and his colleagues.

"We have been looking for this kind of opportunity for some time and we are delighted to have found it," Mr. Gibbons concluded.

Mori Arkin, Agis chairman, said, "Our two organizations share a rich heritage of commitment to quality and commitment to our customers and employees. The combination with Perrigo will provide us greater growth in generics and active pharmaceutical ingredients and allow us to leverage Perrigo's capabilities to grow our over-the-counter franchise. I strongly believe the merger is in the best interests of our stockholders."

Following the completion of the acquisition, Perrigo expects the transaction to be neutral to fiscal year ending June 2006 EPS, excluding synergies and one-time transaction-related costs. The transaction is expected to be accretive in fiscal year 2007 and beyond, before the effect of any transaction-related synergies. The cash portion of the acquisition will be financed through a combination of Perrigo's cash on hand and bank debt. The transaction is expected to close during the second calendar quarter of 2005.

Mr. Arkin has entered into an employment agreement to remain with Perrigo. Following completion of the transaction, Mr. Arkin will be named vice chairman of the Board of Directors of Perrigo, and will have the right to nominate one additional person to Perrigo's

Board. In addition, upon the next board vacancy, Mr. Arkin will have the right to nominate the replacement director.

The transaction requires the approval of the stockholders of both Perrigo and Agis, and is subject to clearance under the Hart-Scott-Rodino Antitrust Improvement Act, as well as other customary regulatory approvals and closing conditions. Mr. Arkin, who owns approximately 45.7% of Agis' outstanding ordinary shares, has agreed to vote those shares in favor of the transaction.

Goldman, Sachs & Co. acted as financial advisor to Perrigo, and Morgan, Lewis & Bockius LLP provided legal counsel. Merrill Lynch & Co. and Leumi & Co. acted as financial advisors to Agis, and Skadden, Arps, Slate, Meagher & Flom LLP and Rosenburg, Hachon, Goddard & Ephrat provided legal counsel.
