REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Participants and Administrator of the

TD Waterhouse Group, Inc. 401(k) and Profit Sharing Plan

We have audited the accompanying statement of net assets available for benefits of TD Waterhouse Group, Inc. 401(k) and Profit Sharing Plan (the Plan) as of December 31, 2005, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit. The statement of net assets available for benefits as of December 31, 2004 was audited by other auditors whose report dated April 29, 2005 expressed an unqualified opinion on that statement.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005, and the changes in its net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the 2005 financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS**

December 31, 2005

1. PLAN DESCRIPTION

The TD Waterhouse Group, Inc. 401(k) and Profit Sharing Plan (the Plan) is a defined contribution plan formerly sponsored by TD Waterhouse Group, Inc. (TDW Group) and its subsidiaries (the Company). TDW Group was formerly a wholly owned subsidiary of The Toronto-Dominion Bank (TD). On January 24, 2006, TDW Group was acquired by Ameritrade Holding Corporation. On April 21, 2006, TDW Group was dissolved and merged into Ameritrade Online Holdings Corporation (AOH) (presently known as TD AMERITRADE Online Holdings Corporation). AOH is now the sponsor of the Plan as the successor to TDW Group. The Plan was established on September 1, 1994, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of the Company who have completed 30 days of service and are age 21 or older. Participants are eligible to make 401(k) deferrals at the later of the first day of the calendar month following 30 days of service or the January 1, April 1, June 1, or October 1 following the attainment of age 21. Participants are eligible to receive matching contributions on the January 1, April 1, June 1, or October 1 following the later of their completion of one year of service or the attainment of age 21.

The Plan also provides for discretionary profit sharing contributions. The amount of the Company's annual profit sharing contribution to the Plan is determined at the discretion of the Company's Board of Directors. The Company's profit sharing contribution may be in the form of cash or shares of TD's common stock. All employees of the Company who have completed at least one year of service, as defined in the Plan, are eligible on the January 1 or July 1 immediately following the completion of one year of service, to receive the annual profit sharing contribution if the employee is employed on the last day of the Plan year.

PARTICIPANT ACCOUNTS

Individual accounts are maintained for each participant to reflect the participant's contributions, matching contributions, profit sharing contributions and investment earnings. Investment earnings are allocated daily based on each participant's investment choices and relative account balances.

CONTRIBUTIONS

Each year, participants may contribute up to 35 percent of their compensation, as defined in the Plan, limited to the maximum amount of pre-tax annual compensation as determined by the Internal Revenue Code (IRC). Participants who are age 50 or older may make additional catch-up contributions. Participants also may contribute amounts representing distributions from other qualified employer-sponsored retirement plans. Each year, the Company contributes to the Plan as a matching contribution 50% of the participant's contributions to the Plan (not including any catch-up contributions) not to exceed 6% of the participant's compensation. The Company's matching contribution shall be made in cash. A discretionary profit sharing contribution may be made annually. Participants direct the investment of all contributions into various investment options offered by the Plan. As of December 31, 2005, the Plan offered 23 mutual funds and common stock of TD as investment options for participants.

VESTING

Participants are immediately vested in voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service. A participant becomes 100% vested in the Company matching and profit sharing contributions after six years of credited

service. However, a participant who was an associate of R.J. Thompson Holdings, Inc. or Info Comp International Inc. on December 15, 2001, became 100% vested in matching contributions after four years of credited service. Pursuant to a Plan amendment, effective January 24, 2006, employees of the TDW Group entities acquired by Ameritrade Holding Corporation became 100% vested in the Plan as of January 24, 2006 if they were employed and participating in the Plan as of that date. A participant whose employment is terminated prior to his/her retirement date (for any reason other than death), shall have a vested and nonforfeitable right in the Company's matching and profit sharing contributions, and any earnings or losses attributable thereto, in accordance with the following schedule:

Years of Service (as defined by the Plan)	Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Rowe Price Funds and TD's common stock qualify as party-in-interest transactions. Pursuant to a Plan amendment, effective January 24, 2006, TD common stock ceased to be available as an investment option under or for distribution by the Plan. Participants may change the election of future contributions to their account or reallocate past contributions any time with no limit on the number of changes.

PARTICIPANT LOANS RECEIVABLES

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of (i) \$50,000 minus the greatest amount owed on a loan during the previous 12 months, (ii) 50% of their vested account, or (iii) any loan amount for which the loan repayments will not exceed the participant's net earnings each month, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1% as of the date the loan is made. Principal and interest are repaid through payroll deductions.

PAYMENT OF BENEFITS

On termination of service for any reason, a participant is entitled to receive the value of the participant's vested interest in his or her account. Pursuant to a Plan amendment, effective March 28, 2005, if the value of the participant's account is less than \$1,000, the participant will automatically receive the value of his or her account in a single lump sum and if the value of the participant's account is greater than \$1,000, a participant may elect to receive the value of his or her account in a single lump sum, a direct rollover to

another eligible retirement plan, equal monthly, quarterly, semi-annual or annual installments for a period that does not exceed the participant's or the beneficiary's life expectancy, or a combination of the lump-sum and the direct rollover. Prior to March 28, 2005, with respect to distributions, the threshold for automatic distributions of the value of the participant's account was \$5,000. A participant can elect to receive such portion of his or her account as was invested in common stock of TD in whole shares of stock or in cash (or in a combination of the two). Withdrawals may be made under certain other circumstances in accordance with the Plan document. The related benefits paid for these party-in-interest transactions for the year ended December 31, 2005 consisted of 49,069 shares of TD's common stock, with an aggregate fair value of \$2,227,362, and cash of \$1,348,700. The value of the shares of T.Rowe Price funds is distributed in cash. The related benefits paid for these party-in-interest transactions was \$26,486,530.

FORFEITURES

At December 31, 2005, forfeited nonvested accounts totaled \$592,939. These amounts will be used to reinstate prior forfeitures for employees who return to work and to reduce future Company contributions. No forfeiture amounts were used to meet the employer's profit sharing contribution commitment for 2005.

PLAN ADMINISTRATION AND TRUSTEESHIP

The terms and provisions of the Plan were administered by the Committee, as defined in the Plan document. The Committee was appointed by the Board of Directors of TD, and consisted of at least three individuals who had the authority to control and manage the operation and administration of the Plan. Committee members served without pay. Pursuant to an amendment of the Plan, effective January 24, 2006, Committee shall mean the Ameritrade Holding Corporation Associates 401(k) Profit Sharing Plan Committee (Ameritrade 401(k) Committee). The Ameritrade 401(k) Committee may by majority vote remove or add members.

T.Rowe Price is directed by plan participants concerning purchases and sales of fund investments. T.Rowe Price makes investment decisions for the funds held in the T.Rowe Price mutual funds and provides record-keeping services for all Plan funds.

The Plan's investments are held by T.Rowe Price under a trust agreement.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

2. TRANSFER OUT DUE TO ACQUISITION

On January 24, 2006, TDW Group was acquired by Ameritrade Holding Corporation. TD Asset Management, Inc. and TD Waterhouse Bank, N.A. RISKS AND UNCERTAINTIES

The Plan provides for various investment options, whose underlying investments may include investments in any combination of equities, fixed income securities, currency and commodities and derivative contracts. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

EXPENSES

Administrative expenses of the Plan are borne by the Company and are not included within the Plan's financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
