Timothy R. Schwertfeger

Chairman of the Board

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Dear Shareholder:

Once again, I am pleased to report that over the six-month period covered by this report your Fund continued to provide you with attractive income. For more details about the management strategy and performance of your Fund, please read the Portfolio Managers' Comments, the Dividend and Share Price Information, and the Performance Overview sections of this report.

I also wanted to take this opportunity to report some important news about Nuveen Investments. We have accepted a buyout offer from a private equity investment firm. While this may affect the corporate structure of Nuveen Investments, it will have no impact on the investment objectives of the Fund, its portfolio management strategies or its dividend policies. We will provide you with additional information about this transaction as more details become available.

With the recent volatility in the stock market, many have begun to wonder which way the market is headed, and whether they need to adjust their holdings of investments. No one knows what the future will bring, which is why we think a well-balanced portfolio that is structured and carefully monitored with the help of an investment professional is an important component in achieving your long-term financial goals. A well-diversified portfolio may actually help to reduce your overall investment risk, and we believe that investments like your Nuveen Investments Fund can be important building blocks in a portfolio crafted to perform well through a variety of market conditions.

We are grateful that you have chosen us as a partner as you pursue your financial goals and we look forward to continuing to earn your trust in the months and years ahead. At Nuveen Investments, our mission continues to be to assist you and your financial advisor by offering investment services and products that can help you to secure your financial objectives.

Sincerely,

(TIMOTHY SCHWERTFEGER SIG)

Timothy R. Schwertfeger
Chairman of the Board
August 15, 2007

Portfolio Managers' COMMENTS

NUVEEN INVESTMENTS CLOSED-END FUNDS JRS

The Nuveen Real Estate Income Fund ("JRS") is managed by a team of real estate investment professionals at Security Capital Research & Management Incorporated ("SC-R&M"), a wholly-owned subsidiary of J. P. Morgan Chase & Co. Anthony R. Manno Jr. and Kenneth D. Statz, who each have more than 26 years of experience in managing real estate investments, lead the team. Here they talk about the economic environment and performance of the Fund over the six-month period.

WHAT WERE THE BASIC STRATEGIES AND TACTICS YOU USE TO MANAGE THE FUND DURING THIS PERIOD?

In managing the JRS portfolio, SC-R&M sought to maintain significant property type and geographic diversification while taking into account company credit quality, sector, and security-type allocations. Investment decisions were based on a multi-layered analysis of the company, the real estate it owns, its management, and the relative price of the security, with a focus on securities that we believe will be best positioned to generate sustainable income and potential price appreciation over the long-run. Throughout 2007, the portfolio

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

continued to emphasize companies and property types associated with shorter lease terms (e.g. multifamily, storage, etc.) and underweight more defensive, bond-like companies and property types typically reflecting longer lease terms (e.g. malls and shopping centers). Across all real estate sectors, SC-R&M favored companies with properties located in the strongest markets. These "high barrier to entry" markets are defined by constraints that limit new construction, a quality that over the long-term has the potential to provide superior value enhancement and a real inflation hedge.

The ability to shift allocations between preferred and common stock based on the relative attractiveness of these two distinct security types is an important tool in managing JRS for income and long-term capital appreciation. For the first six months of 2007, SC-R&M continued to tilt the portfolio toward common stocks, which at the end of the second quarter represented approximately 68% of the portfolio. The remaining portfolio allocations were 30% preferred stocks and 2% cash equivalents.

With the recent volatility in the stock market, many have begun to wonder which way the market is headed, and whether they need to adjust their holdings of investments. No one knows what the future will bring, which is why we think a well-balanced portfolio that is structured and carefully monitored with the help of an investment professional is an important component in achieving your long-term financial goals. A well-diversified portfolio may actually help to reduce your overall investment risk, and we believe that investments like your Nuveen Investments Fund can be important building blocks in a portfolio crafted to perform well through a variety of market conditions.

Discussions of specific investments are for illustration only and are not intended as recommendations of individual investments. The views expressed herein represent those of the portfolio managers as of the date of this report and are subject to change at any time, based on market conditions and other factors. The Fund disclaims any obligation to advise shareholders of such changes.

4

HOW DID THE FUND PERFORM OVER THIS SIX-MONTH PERIOD?

The performance of JRS, as well as the performance of comparative indices or benchmarks, is presented in the accompanying table.

Cumulative Total Returns on Net Asset Value
For the six months ended 6-30-07

JRS	-7.66%
Dow Jones Wilshire Real Estate Securities Index(1)	-5.97%

Past performance does not guarantee future results. Current performance may be higher or lower than the data shown.
Returns do not reflect the deduction of taxes that a shareholder may have to pay on Fund distributions or upon the sale of Fund shares. For additional information, please see the individual Performance Overview page in this report.

For the six months ended June 30, 2007, the Fund underperformed the Dow Jones

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Wilshire Real Estate Securities Index. It is important to note that investing in preferred stock is an important component of the income and appreciation strategy of JRS. However, preferred securities are not included in broader real estate securities indices, like the Dow Jones Wilshire Real Estate Securities Index ("WARESI").

Real estate market statistics emerging in the period show a strongly positive trend in rents and occupancy levels for most property segments in the face of healthy job growth, escalating replacement costs and moderate levels of new construction. Strong property operations are the backbone of cash flow and long-term value for real estate companies, and while we are mindful of expense pressures, a healthy and improving top-line provides a solid foundation for many stocks in the group. Despite these strong fundamental conditions, real estate stock prices swooned in the first half of 2007 amidst an otherwise strong U.S. equity market as investors weighed turbulence in real estate lending markets and questioned the potential for a broader impact on market liquidity and asset pricing. A number of factors impacted real estate debt markets later in the period, notably subprime-related volatility in the pricing of structured real estate debt securities, pronouncements from rating agency Moody's regarding tightening commercial underwriting standards, and a bounce in long-term U.S. Treasury rates.

1 The Dow Jones Wilshire Real Estate Securities Index is an unmanaged index comprised of common shares of publicly-traded REITs and other real estate operating companies.

The Fund's strong representation in stock of companies that were subject to merger and acquisition activities in the period was the major beneficial factor for the period. Specifically, four companies (Archstone-Smith Trust, Equity Office Properties Trust, New Plan Excel Realty Trust and Reckson Associates Realty Corporation) were acquired during the period by third parties at significant premiums to trading values prior to the announced deals. Our focus on owning companies that own high quality commercial real estate with strong forward prospects for cash flow growth proved highly attractive to privately funded commercial real estate investors.

5

The Fund's investments in the storage and health care industries were particularly poor performers in the period. Investor concern over a potential decline in fundamentals in the storage industry due to turmoil in the single family housing markets we believe are over blown. Surprisingly in a volatile Real Estate Investment Trust (REIT) pricing period, the usually defensive health care REITs also performed poorly in the period. Investor concern over rising interest rates and the potential for lower investment spreads on new acquisitions seemed to cause selling pressure in these securities. We believe the long-term growth in the percentage of the U.S. population over the age of 80 years old bodes very well for the owners of high quality housing designed for the aging baby boomers.

The Fund's tilt toward common versus preferred stock referenced above reduced overall Fund performance due to the poor performance of REIT common shares versus the modest but positive performance of the preferred stocks.

6

Distribution and Share Price

We are providing you with information regarding your Fund's distributions. This information is as of June 30, 2007, and likely will vary over time based on the Fund's investment activities and portfolio investment value changes. On March 1, 2007, Nuveen Investments announced that the Fund would be moving from a monthly to a quarterly distribution schedule. The last monthly distribution was paid on April 2, 2007 and first quarterly distribution was paid on July 2, 2007.

In addition to owning preferred stocks, the Fund has issued its own preferred shares, called Taxable Auctioned Preferred(TM). This provides a degree of financial leverage that can increase share price volatility, but also can enhance Fund returns and supplement the income available to pay common shareholder distributions. This leveraging strategy provided incremental income and helped enhance shareholder distributions over the six-month period.

The Fund has a managed distribution program. The goal of a managed distribution program is to provide shareholders relatively consistent and predictable cash flow by systematically converting its expected long-term return potential into regular distributions. As a result, regular distributions throughout the year will likely include a portion of expected long-term gains (both realized and unrealized), along with net investment income.

Important points to understand about the managed distribution program are:

- The Fund seeks to establish a relatively stable distribution rate that roughly corresponds to the projected total return from its investment strategy over an extended period of time. However, you should not draw any conclusions about the Fund's past or future investment performance from its current distribution rate.
- Actual returns will differ from projected long-term returns (and therefore the Fund's distribution rate), at least over shorter time periods. Over a specific timeframe, the difference between actual returns and total distributions will be reflected in an increasing (returns exceed distributions) or a decreasing (distributions exceed returns) Fund net asset value.
- Each distribution is expected to be paid from some or all of the following sources:
 - net investment income (regular interest and dividends),
 - realized capital gains, and
 - unrealized gains, or, in certain cases, a return of principal (non-taxable distributions)
- A non-taxable distribution is a payment of a portion of the Fund's capital. When the Fund's returns exceed distributions, it may represent portfolio gains generated, but not realized as a taxable capital gain. In periods when the Fund's returns fall short of distributions, it will represent a portion of your original principal unless the shortfall is offset during other time

7

periods over the life of your investment (previous or subsequent) when the Fund's total return exceeds distributions.

- Because distribution source estimates are updated during the year, based on the Fund's performance and forecast for its current fiscal year (which is the calendar year for the Fund), these estimates may differ from both the tax

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

information reported to you in your Fund's IRS Form 1099 statement provided at year end, as well as the ultimate economic sources of distributions over the life of your investment.

The following table provides estimated information regarding the Fund's distributions and total return performance for the six months ended June 30, 2007. The distribution information is presented on a tax basis rather than on a generally accepted accounting principles (GAAP) basis. This information is intended to help you better understand whether the Fund's returns for the specified time period was sufficient to meet the Fund's distributions.

AS OF 6/30/07	JRS
Inception date	11/15/01
Six months ended 6/30/07:	
Per share distribution:	
From net investment income	\$0.35
From realized capital gains	0.79
From return of capital	--

Total per share distribution	\$1.14
	=====
Distribution rate on NAV	4.88%
Cumulative six-month total return on NAV	-7.66%
Annualized one-year total return on NAV	7.76%
Annualized five-year total return on NAV	17.27%
Annualized since inception total return on NAV	18.19%

As of June 30, 2007, the Fund was trading at a 3.04% premium to its net asset value, compared with an average premium of 1.8% for the entire six-month period.

1 Current Distribution Rate is based on the Fund's current annualized quarterly distribution divided by the Fund's current market price. REIT distributions received by the Fund are generally comprised of investment income, long-term and short-term capital gains and a REIT return of capital. The Fund's

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

quarterly distributions to its shareholders may be comprised of ordinary income, net realized capital gains and, if at the end of the calendar year the Fund's cumulative net ordinary income and net realized gains are less than the amount of the Fund's distributions, a return of capital for tax purposes.

2 Effective March 1, 2007, the Fund changed from a monthly distribution to a quarterly distribution schedule. The Fund's last monthly distribution was declared March 1, 2007, and paid on April 2, 2007. The Fund's first quarterly distribution was declared June 1, 2007, and paid on July 2, 2007.

Notes to

FINANCIAL STATEMENTS (Unaudited)

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

Nuveen Real Estate Income Fund (the "Fund") is a non-diversified, closed-end management investment company registered under the Investment Company Act of 1940, as amended. The Fund's Common shares are listed on the American Stock Exchange and trade under the ticker symbol "JRS." The Fund was organized as a Massachusetts business trust on August 27, 2001.

The Fund seeks to provide high current income by investing primarily in a portfolio of income-producing common stocks, preferred stocks, convertible preferred stocks and debt securities issued by real estate companies, such as Real Estate Investment Trusts ("REITs").

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements in accordance with U.S. generally accepted accounting principles.

Investment Valuation

Exchange-listed securities are generally valued at the last sales price on the securities exchange on which such securities are primarily traded. Securities traded on a securities exchange for which there are no transactions on a given day or securities not listed on a securities exchange are valued at the mean of the closing bid and asked prices. Securities traded on Nasdaq are valued at the Nasdaq Official Closing Price. The prices of fixed-income securities and derivative instruments are generally provided by an independent pricing service approved by the Fund's Board of Trustees. When price quotes are not readily available, the pricing service or, in the absence of a pricing service for a particular investment, the Board of Trustees of the Fund, or its designee, may establish fair value using a wide variety of market data including yields or prices of investments of comparable quality, type of issue, coupon, maturity and rating, market quotes or indications of value from security dealers, evaluations of anticipated cash flows or collateral, general market conditions and other information and analysis, including the obligor's credit characteristics considered relevant by the pricing service or the Board of Trustees' designee. If the pricing service is unable to supply a price for a derivative investment the Fund may use a market quote provided by a major broker/dealer in such investments. If it is determined that the market price for an investment or derivative instrument is unavailable or inappropriate, the Board of Trustees of the Fund, or its designee, may establish fair value in accordance with procedures established in good faith by the Board of Trustees. Short-term investments are valued at amortized cost, which approximates market value.

Investment Transactions

Investment transactions are recorded on a trade date basis. Realized gains and losses from investment transactions are determined on the specific identification method. Investments purchased on a when-issued/delayed delivery basis may have extended settlement periods. Any investments so purchased are subject to market fluctuation during this period. The Fund has instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued/delayed delivery purchase commitments. At June 30, 2007, the Fund had no such outstanding purchase commitments.

Investment Income

Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Federal Income Taxes

The Fund intends to comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. The Fund intends to distribute substantially all of its investment company taxable income to shareholders. In any year when the Fund realizes net capital gains, the Fund may choose to distribute all or a portion of its net capital gains to shareholders, or alternatively, to retain all or a portion of its net capital gains and pay federal corporate income taxes on such retained gains.

Dividends and Distributions to Common Shareholders

Distributions to Common shareholders are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal corporate income tax regulations, which may differ from U.S. generally accepted accounting principles.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

The Fund makes quarterly cash distributions to Common shareholders of a stated dollar amount per share. Subject to approval and oversight by the Fund's Board of Trustees, the Fund seeks to maintain a stable distribution level designed to deliver the long-term return potential of the Fund's investment strategy through regular quarterly distributions (a "Managed Distribution Policy"). Total distributions during a calendar year generally will be made from the Fund's net investment income, net realized capital gains and net unrealized capital gains in the Fund's portfolio, if any. The portion of distributions paid from net unrealized gains, if any, would be distributed from the Fund's assets and would be treated by shareholders as a non-taxable distribution for tax purposes. If the Fund's total return on net asset value exceeds total distributions during a calendar year, the excess will be reflected as an increase in net asset value per share. In the event that total distributions during a calendar year exceed the Fund's total return on net asset value, the difference will be treated as a return of capital for tax purposes and will reduce net asset value per share. The final

16

determination of the source and character of all distributions for the fiscal year are made after the end of the fiscal year and are reflected in the financial statements contained in the annual report as of December 31 each year.

REIT distributions received by the Fund are generally comprised of ordinary income, long-term and short-term capital gains, and a return of REIT capital. The actual character of amounts received during the period are not known until after the fiscal year-end. For the fiscal year ended December 31, 2006, the character of distributions to the Fund from the REITs was 64.23% ordinary income, 26.69% long-term and short-term capital gains, and 9.08% return of REIT capital.

For the fiscal year ended December 31, 2006, the Fund applied the actual character of distributions reported by the REITs in which the Fund invests to its receipts from the REITs. If a REIT held in the portfolio of investments did not report the actual character of its distributions during the period, the Fund treated the distributions as ordinary income.

For the six months ended June 30, 2007, the Fund applied the actual percentages for the fiscal year ended December 31, 2006, described above, to its receipts from the REITs and treated as income in the Statement of Operations only the amount of ordinary income so calculated. The Fund adjusts that estimated breakdown of income type (and consequently its net investment income) as necessary early in the following calendar year when the REITs inform their shareholders of the actual breakdown of income type.

The actual character of distributions made by the Fund during the fiscal year ended December 31, 2006, is reflected in the accompanying financial statements.

The distributions made by the Fund to its shareholders during the six months ended June 30, 2007, are provisionally classified as being "From and in excess of net investment income", and those distributions will be classified as being from net investment income, net realized capital gains and/or a return of capital for tax purposes after the fiscal year end, based upon the income type breakdown information conveyed at the time by the REITs whose securities are held in the Fund's portfolio. For purposes of calculating "Undistributed (Over-distribution of) net investment income" as of June 30, 2007, the distribution amounts provisionally classified as "From and in excess of net investment income" were treated as being entirely from net investment income. Consequently, the financial statements at June 30, 2007, reflect an over-distribution of net investment income.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Taxable Auctioned Preferred Shares

The Fund has issued and outstanding 1,720 Series M, 1,720 Series T, 1,720 Series W, 2,000 Series Th and 1,720 Series F, Taxable Auctioned Preferred shares, \$25,000 stated value per share, as a means of effecting financial leverage. The dividend rate paid by the Fund on each Series is determined every seven days, pursuant to a dutch auction process overseen by the auction agent, and is payable at the end of each rate period.

Interest Rate Swap Transactions

The Fund is authorized to invest in interest rate swap transactions. The Fund's use of interest rate swap transactions is intended to mitigate the negative impact that an increase in short-term interest rates could have on Common share net earnings as a result of leverage. Interest rate swap transactions involve the Fund's agreement with the counterparty to pay or receive a fixed rate payment in exchange for the counterparty paying or receiving a variable rate payment that is intended to approximate the Fund's variable rate payment obligation on Taxable Auctioned Preferred shares or any variable rate borrowing. The payment obligation is based on the notional amount of the interest rate swap contract. Interest rate swaps do not involve the delivery of securities or other underlying assets or principal. Accordingly, the risk of loss with respect to the swap counterparty on such transactions is limited to the net amount of interest payments that the Fund is to receive. Interest rate swap positions are valued daily. Although there are economic advantages of entering into interest rate swap transactions, there are also additional risks. The Fund helps manage the credit risks associated with interest rate swap transactions by entering into agreements only with counterparties Nuveen Asset Management (the "Adviser"), a wholly owned subsidiary of Nuveen Investments, Inc. ("Nuveen"), believes have the financial resources to honor their obligations and by having the Adviser continually monitor the financial stability of the swap counterparties.

Repurchase Agreements

In connection with transactions in repurchase agreements, it is the Fund's policy that its custodian take possession of the underlying collateral securities, the fair value of which exceeds the principal amount of the repurchase transaction, including accrued interest, at all times. If the seller defaults, and the fair value of the collateral declines, realization of the collateral may be delayed or limited.

Custodian Fee Credit

The Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by net credits earned on the Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments. Credits for cash balances may be offset by charges for any days on which the Fund overdraws its account at the custodian bank.

17

Notes to
FINANCIAL STATEMENTS (Unaudited) (continued)

Indemnifications

Under the Fund's organizational documents, its Officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business, the Fund

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

enters into contracts that provide general indemnifications to other parties. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets applicable to Common shares from operations during the reporting period. Actual results may differ from those estimates.

2. FUND SHARES

During the six months ended June 30, 2007 and the fiscal year ended December 31, 2006, 37,486 and 44,494 shares were issued to shareholders due to reinvestment of distributions, respectively.

On May 25, 2006, the Fund issued 2,000 Series Th Taxable Auctioned Preferred shares, \$25,000 stated value per share, with a total liquidation value of \$50,000,000.

3. INVESTMENT TRANSACTIONS

Purchases and sales (excluding short-term investments and derivative transactions) during the six months ended June 30, 2007, aggregated \$254,550,469 and \$246,683,352, respectively.

4. INCOME TAX INFORMATION

The following information is presented on an income tax basis. Differences between amounts for financial statement and federal income tax purposes are primarily due to timing differences in recording income and timing differences in recognizing certain gains and losses on investment transactions. To the extent that differences arise that are permanent in nature, such amounts are reclassified within the capital accounts on the Statement of Assets and Liabilities presented in the annual report, based on their federal tax basis treatment; temporary differences do not require reclassification. Temporary and permanent differences do not impact the net asset value of the Fund.

At June 30, 2007, the cost of investments was \$811,888,238.

Gross unrealized appreciation and gross unrealized depreciation of investments at June 30, 2007, were as follows:

Gross unrealized:	
Appreciation	\$164,664,837
Depreciation	(20,802,068)

Net unrealized appreciation (depreciation) of investments	\$143,862,769

The tax components of undistributed net ordinary income and net long-term capital gains at December 31, 2006, the Fund's last tax year end, were as follows:

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Undistributed net ordinary income *	\$	--
Undistributed net long-term capital gains		--

* Net ordinary income consists of net taxable income derived from dividends, interest, and net short-term capital gains, if any.

The tax character of distributions paid during the Fund's last tax year ended December 31, 2006, was designated for purposes of the dividends paid deduction as follows:

Distributions from net ordinary income *	\$41,681,126
Distributions from net long-term capital gains	23,218,809

* Net ordinary income consists of net taxable income derived from dividends, interest, and net short-term capital gains, if any.

5. MANAGEMENT FEES AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund's management fee is separated into two components - a complex-level component, based on the aggregate amount of all fund assets managed by the Adviser, and a specific fund-level component, based only on the amount of assets within the Fund. This pricing structure enables Nuveen fund shareholders to benefit from growth in the assets within each individual fund as well as from growth in the amount of complex-wide assets managed by the Adviser.

18

The annual fund-level fee, payable monthly, is based upon the average daily Managed Assets of the Fund as follows:

AVERAGE DAILY MANAGED ASSETS	FUND-LEVEL FEE RATE
For the first \$500 million	.7000%
For the next \$500 million	.6750
For the next \$500 million	.6500
For the next \$500 million	.6250
For Managed Assets over \$2 billion	.6000

The annual complex-level fee, payable monthly, which is additive to the fund-level fee, for all Nuveen sponsored funds in the U.S., is based on the aggregate amount of total fund assets managed as stated in the tables below. As of June 30, 2007, the complex-level fee rate was .1828%.

Effective August 20, 2007, the complex-level fee schedule is as follows:

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

COMPLEX-LEVEL ASSET BREAKPOINT LEVEL(1)	EFFECTIVE RATE AT BREAKPOINT LEVEL
\$55 billion	.2000%
\$56 billion	.1996
\$57 billion	.1989
\$60 billion	.1961
\$63 billion	.1931
\$66 billion	.1900
\$71 billion	.1851
\$76 billion	.1806
\$80 billion	.1773
\$91 billion	.1691
\$125 billion	.1599
\$200 billion	.1505
\$250 billion	.1469
\$300 billion	.1445

Prior to August 20, 2007, the complex-level fee schedule was as follows:

COMPLEX-LEVEL ASSET BREAKPOINT LEVEL(1)	EFFECTIVE RATE AT BREAKPOINT LEVEL
\$55 billion	.2000%
\$56 billion	.1996
\$57 billion	.1989
\$60 billion	.1961
\$63 billion	.1931
\$66 billion	.1900
\$71 billion	.1851
\$76 billion	.1806
\$80 billion	.1773
\$91 billion	.1698
\$125 billion	.1617
\$200 billion	.1536
\$250 billion	.1509
\$300 billion	.1490

(1) The complex-level fee component of the management fee for the funds is calculated based upon the aggregate Managed Assets ("Managed Assets" means the average daily net assets of each fund including assets attributable to preferred stock issued by or borrowings by the Nuveen funds) of Nuveen-sponsored funds in the U.S.

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Adviser has entered into a Sub-Advisory Agreement with Security Capital Research & Management Incorporated ("Security Capital"), under which Security Capital manages the investment portfolio of the Fund. Security Capital is compensated for its services to the Fund from the management fee paid to the Adviser.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Notes to
FINANCIAL STATEMENTS (Unaudited) (continued)

The Fund pays no compensation directly to those of its Trustees who are affiliated with the Adviser or to its Officers, all of whom receive remuneration for their services to the Fund from the Adviser or its affiliates. The Board of Trustees has adopted a deferred compensation plan for independent Trustees that enables Trustees to elect to defer receipt of all or a portion of the annual compensation they are entitled to receive from certain Nuveen advised funds. Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised funds.

For the first ten years of the Fund's operations, the Adviser has agreed to reimburse the Fund, as a percentage of average daily Managed Assets, for fees and expenses in the amounts and for the time periods set forth below:

YEAR ENDING NOVEMBER 30,		YEAR ENDING NOVEMBER 30,	
2001 *	.30%	2007	.25%
2002	.30	2008	.20
2003	.30	2009	.15
2004	.30	2010	.10
2005	.30	2011	.05
2006	.30		

* From the commencement of operations.

The Adviser has not agreed to reimburse the Fund for any portion of its fees and expenses beyond November 30, 2011.

Agreement and Plan of Merger

On June 20, 2007, Nuveen Investments announced that it had entered into a definitive Agreement and Plan of Merger ("Merger Agreement") with an investor group majority-led by Madison Dearborn Partners, LLC. Madison Dearborn Partners, LLC is a private equity investment firm based in Chicago, Illinois. The investor group includes affiliates of Merrill Lynch, Wachovia, Citigroup, Deutsche Bank and Morgan Stanley. It is anticipated that Merrill Lynch and its affiliates will be indirect "affiliated persons" (as that term is defined in the Investment Company Act of 1940) of the Fund. One important implication of this is that the Fund will not be able to buy or sell securities to or from Merrill Lynch, but the portfolio management team and Fund Management do not expect that this will significantly impact the ability of the Fund to pursue its investment objectives and policies. Under the terms of the merger, each outstanding share of Nuveen Investments' common stock (other than dissenting shares) will be converted into the right to receive a specified amount of cash, without interest. The merger is expected to be completed by the end of the year, subject to customary conditions, including obtaining the approval of Nuveen Investments shareholders, obtaining necessary fund and client consents sufficient to satisfy the terms of the Merger Agreement, and expiration of certain regulatory waiting periods. The obligations of Madison Dearborn Partners, LLC to consummate the merger are not conditioned on its obtaining financing.

The consummation of the merger will be deemed to be an "assignment" (as defined in the 1940 Act) of the investment management agreement between the Fund and the

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Adviser, and will result in the automatic termination of the Fund's agreement. Prior to the consummation of the merger, it is anticipated that the Board of Trustees of the Fund will consider a new investment management agreement with the Adviser. If approved by the Board, the new agreement would be presented to the Fund's shareholders for approval, and, if so approved by shareholders, would take effect upon consummation of the merger. There can be no assurance that the merger described above will be consummated as contemplated or that necessary shareholder approvals will be obtained.

6. BORROWINGS

On August 15, 2006, the Fund entered into a commercial paper program (\$70 million maximum) with CITIBANK, N.A.'s conduit financing agency, CHARTA, LLC ("CHARTA"). CHARTA issues high grade commercial paper and uses the proceeds make advances to the Fund. For the six months ended June 30, 2007, the average daily balance of borrowings under the commercial paper program agreement was the full \$70 million maximum allowed. The average annualized interest rate on such borrowings was 5.39%. In addition to the interest expense, the Fund also pays a .21% per annum program fee and a .10% per annum liquidity fee.

7. NEW ACCOUNTING PRONOUNCEMENTS

Financial Accounting Standards Board Interpretation No. 48

Effective June 29, 2007, the Fund adopted Financial Accounting Standards Board Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FIN 48). FIN 48 provides guidance regarding how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Management of the Fund has concluded that there are no significant

20

uncertain tax positions that require recognition in the Fund's financial statements. Consequently, the adoption of FIN 48 had no impact on the net assets or results of operations of the Fund.

Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements." This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The changes to current generally accepted accounting principles from the application of this standard relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. As of June 30, 2007, the Fund does not believe the adoption of SFAS No. 157 will impact the financial statement amounts; however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements included within the Statement of Operations for the period.

* Annualized.

** - Total Return on Market Value is the combination of changes in the market price per share and the effect of reinvested dividend income and reinvested capital gains distributions, if any, at the average price paid per share at the time of reinvestment. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending market price. The actual reinvestment for the last dividend declared in the period takes place over several days, and in some instances may not be based on the market price, so the actual reinvestment price may be different from the price used in the calculation. Total returns are not annualized.

Total Return on Common Share Net Asset Value is the combination of changes in Common share net asset value, reinvested dividend income at net asset value and reinvested capital gains distributions at net asset value, if any. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending net asset value. The actual reinvest price for the last dividend declared in the period may often be based on the fund's market price (and not its net asset value), and therefore may be different from the price used in the calculation. Total returns are not annualized.

- The Fund elected to retain a portion of its realized long-term capital gains for the tax year ended December 31, 2006, and pay required federal corporate income taxes on these gains. As reported on Form 2439, Common shareholders of record on December 29, 2006, must include their pro-rata share of these gains on their 2006 federal tax returns, and will receive a corresponding credit toward their taxes, or a tax refund, for their pro-rata share of the taxes paid by the Fund. The standardized total returns shown above do not include the economic benefit to Common shareholders of record of this tax credit/refund. The Fund's corresponding 2006 total return on market value and net asset value when this benefit is included are 57.50% and 30.56%, respectively.

*** After custodian fee credit and expense reimbursement, where applicable.

**** Represents distributions paid "From and in excess of net investment income" for the six months ended June 30, 2007.

+ The amounts shown are based on Common share equivalents.

++ - Ratios do not reflect the effect of dividend payments to Taxable Auctioned Preferred shareholders.

- Income ratios reflect income earned on assets attributable to Taxable Auctioned Preferred shares and borrowings, where applicable.

- For periods ended prior to December 31, 2004, each ratio included the effect of the net interest expense incurred on interest rate swap

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

transactions as follows:

Year Ended 12/31:	
2003(d)	.91*
Year Ended 10/31:	
2003	1.03
2002(e)	.68*

- Each ratio includes the effect of the interest expense paid on borrowings as follows:

Ratio of Borrowing Interest Expense to Average Net
Assets Applicable to Common Shares

Year Ended 12/31:	
2007(f)	.51%*
2006	.21%
2005	--

Annual Investment

Management Agreement

APPROVAL PROCESS

The Board Members are responsible for overseeing the performance of the investment adviser to the Fund and determining whether to continue the advisory arrangements. At the annual review meeting held on May 21, 2007 (the "May Meeting"), the Board Members of the Fund, including the Independent Board Members, unanimously approved the continuance of the Investment Management Agreement between the Fund and Nuveen Asset Management ("NAM" or the "Adviser"), and the Sub-Advisory Agreement between NAM and Security Capital Research & Management Incorporated (the "Sub-Adviser"). NAM and the Sub-Adviser are each a "Fund Adviser." The foregoing Investment Management Agreement with NAM and Sub-Advisory Agreement with the Sub-Adviser are hereafter referred to as the "Original Investment Management Agreement" and the "Original Sub-Advisory Agreement," respectively.

Subsequent to the May Meeting, Nuveen Investments, Inc. ("Nuveen"), the parent company of NAM, entered into a merger agreement providing for the acquisition of Nuveen by Windy City Investments, Inc., a corporation formed by investors led by Madison Dearborn Partners, LLC ("MDP"), a private equity investment firm (the

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

"Transaction"). The Original Investment Management Agreement and Original Sub-Advisory Agreement, as required by Section 15 of the Investment Company Act of 1940 (the "1940 Act"), each provides for its automatic termination in the event of its "assignment" (as defined in the 1940 Act). Any change in control of the adviser is deemed to be an assignment. The consummation of the Transaction will result in a change of control of NAM as well as its affiliated sub-advisers and therefore cause the automatic termination of the Original Investment Management Agreement and Original Sub-Advisory Agreement, as required by the 1940 Act. Accordingly, in anticipation of the Transaction, at a meeting held on July 31, 2007 (the "July Meeting"), the Board Members, including the Independent Board Members, unanimously approved a new Investment Management Agreement (the "New Investment Management Agreement") with NAM on behalf of the Fund and a new Sub-Advisory Agreement (the "New Sub-Advisory Agreement") between NAM and the Sub-Adviser on behalf of the Fund to take effect immediately after the Transaction or shareholder approval of the new advisory contracts, whichever is later. The 1940 Act also requires that the New Investment Management Agreement and New Sub-Advisory Agreement be approved by the Fund's shareholders in order for it to become effective. Accordingly, to ensure continuity of advisory services, the Board Members, including the Independent Board Members, unanimously approved an Interim Investment Management Agreement and an Interim Sub-Advisory Agreement to take effect upon the closing of the Transaction if shareholders have not yet approved the New Investment Management Agreement and New Sub-Advisory Agreement.

Because the information provided and considerations made at the annual review continue to be relevant with respect to the evaluation of the New Investment Management Agreement and New Sub-Advisory Agreement, the Board considered the foregoing as part of its deliberations of the New Investment Management Agreement and New Sub-Advisory Agreement. Accordingly, as indicated, the discussions immediately below outline the materials and information presented to the Board in connection with the Board's prior annual review and the analysis undertaken and the conclusions reached by Board Members when determining to continue the Original Investment Management Agreement and Original Sub-Advisory Agreement.

I. APPROVAL OF THE ORIGINAL INVESTMENT MANAGEMENT AGREEMENT & ORIGINAL SUB-ADVISORY AGREEMENT

During the course of the year, the Board received a wide variety of materials relating to the services provided by the Fund Advisers and the performance of the Fund (as applicable). At each of its quarterly meetings, the Board reviewed investment performance (as applicable) and various matters relating to the operations of the Fund and other Nuveen funds, including the compliance program, shareholder services, valuation, custody, distribution and other information relating to the nature, extent and quality of services provided by the Fund Adviser. Between the regularly scheduled quarterly meetings, the Board Members received information on particular matters as the need arose.

24

In preparation for their considerations at the May Meeting, the Independent Board Members received extensive materials, well in advance of the meeting, which outlined or are related to, among other things:

- the nature, extent and quality of services provided by the Fund Adviser;
- the organization and business operations of the Fund Adviser, including the responsibilities of various departments and key personnel;
- the Fund's past performance as well as its performance compared to funds with similar investment objectives based on data and information provided by an

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

independent third party and to recognized and/or customized benchmarks (as appropriate);

- the profitability of the Fund Adviser and certain industry profitability analyses for unaffiliated advisers;
- the expenses of the Fund Adviser in providing the various services;
- the advisory fees and total expense ratios of the Fund, including comparisons of such fees and expenses with those of comparable, unaffiliated funds based on information and data provided by an independent third party (the "Peer Universe") as well as compared to a subset of funds within the Peer Universe (the "Peer Group") of the Fund (as applicable);
- the advisory fees the Fund Adviser assesses to other types of investment products or clients;
- the soft dollar practices of the Fund Adviser, if any; and
- from independent legal counsel, a legal memorandum describing among other things, applicable laws, regulations and duties in reviewing and approving advisory contracts.

At the May Meeting, NAM made a presentation to, and responded to questions from, the Board. At the May Meeting, the Independent Board Members met privately with their legal counsel to review the Board's duties in reviewing advisory contracts and considering the renewal of the advisory contracts (which include the sub-advisory contracts). The Independent Board Members, in consultation with independent counsel, reviewed the factors set out in judicial decisions and Securities and Exchange Commission ("SEC") directives relating to the renewal of advisory contracts. As outlined in more detail below, the Board Members considered all factors they believed relevant with respect to the Fund, including, but not limited to, the following: (a) the nature, extent and quality of the services to be provided by the Fund Adviser; (b) the investment performance of the Fund and the Fund Adviser (as applicable); (c) the costs of the services to be provided and profits to be realized by the Fund Adviser and its affiliates; (d) the extent to which economies of scale would be realized; and (e) whether fee levels reflect those economies of scale for the benefit of the Fund's investors. In addition, as noted, the Board Members met regularly throughout the year to oversee the Fund. In evaluating the advisory contracts, the Board Members also relied upon their knowledge of the respective Fund Adviser, its services and the Fund resulting from their meetings and other interactions throughout the year. It is with this background that the Board Members considered each advisory contract.

A. NATURE, EXTENT & QUALITY OF SERVICES

In considering the renewal of the Original Investment Management Agreement and Original Sub-Advisory Agreement, the Board Members considered the nature, extent and quality of the respective Fund Adviser's services. The Board Members reviewed materials outlining, among other things, the Fund Adviser's organization and business; the types of services that the Fund Adviser or its affiliates provide or are expected to provide to the Fund; the performance record of the Fund (as described in further detail below); and at the annual review, any initiatives Nuveen had taken for the applicable fund product line. As noted, at the annual review, the Board Members were already familiar with the organization, operations and personnel of each respective Fund Adviser due to the Board Members' experience in governing the Fund and working with such Fund Advisers on matters relating to the Fund. At the May Meeting, the Board Members also recognized NAM's investment in additional qualified personnel throughout the various groups in the organization and recommended to NAM that it continue to review staffing needs as necessary. The Board Members recognized NAM's

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

investment of resources and efforts to continue to enhance and refine its investment processes.

25

Annual Investment Management Agreement APPROVAL PROCESS (continued)

With respect to the Sub-Adviser, the Board Members also received and reviewed an evaluation of the Sub-Adviser from NAM at the annual review. Such evaluation outlined, among other things, the Sub-Adviser's organizational history, client base, product mix, investment team and any changes thereto, investment process and any changes to its investment strategy, and the Fund's investment objectives and performance (as applicable). At the May Meeting, the Board Members noted that NAM recommended the renewal of the applicable Original Sub-Advisory Agreement and considered the basis for such recommendations and any qualifications in connection therewith. In its review of the Sub-Adviser, the Board Members also considered, among other things, the experience of the investment personnel, the quality of the Sub-Adviser's investment processes in making portfolio management decisions and any additional refinements and improvements adopted to the portfolio management processes and Fund performance. The Board Members noted the depth of experience of the Sub-Adviser's personnel and disciplined investment process at the annual review.

In addition to advisory services, the Independent Board Members considered the quality of administrative and non-advisory services provided by NAM and noted that NAM and its affiliates provide the Fund with a wide variety of services and officers and other personnel as are necessary for the operations of the Fund, including:

- product management;
- fund administration;
- oversight by shareholder services and other fund service providers;
- administration of Board relations;
- regulatory and portfolio compliance; and
- legal support.

As the Fund operates in a highly regulated industry and given the importance of compliance, the Board Members considered, in particular, NAM's compliance activities for the Fund and enhancements thereto. In this regard, the Board Members recognized the quality of NAM's compliance team. The Board Members also considered NAM's ability and procedures to monitor the Sub-Adviser's performance, business practices and compliance policies and procedures. The Board Members further noted NAM's negotiations with other service providers and the corresponding reduction in certain service providers' fees at the May Meeting.

In addition to the foregoing services, the Board Members also noted the additional services that NAM or its affiliates provide to Nuveen's closed-end funds including, in particular, its secondary market support activities. The Board Members recognized Nuveen's continued commitment to supporting the secondary market for the common shares of its closed-end funds through a variety of programs designed to raise investor and analyst awareness and understanding of closed-end funds. These efforts include:

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

- maintaining shareholder communications;
- providing advertising for the Nuveen closed-end funds;
- maintaining its closed-end fund website;
- maintaining continual contact with financial advisers;
- providing educational symposia;
- conducting research with investors and financial analysis regarding closed-end funds; and
- evaluating secondary market performance.

With respect to the Nuveen closed-end funds that utilize leverage through the issuance of preferred shares ("Preferred Shares"), the Board Members noted Nuveen's continued support for the holders of Preferred Shares by, among other things:

- maintaining an in-house trading desk;
- maintaining a product manager for the Preferred Shares;

26

- developing distribution for Preferred Shares with new market participants;
- maintaining an orderly auction process;
- managing leverage and risk management of leverage; and
- maintaining systems necessary to test compliance with rating agency criteria.

With respect to the Sub-Adviser, the Board Members noted that the sub-advisory agreement was essentially an agreement for portfolio management services only and the Sub-Adviser was not expected to supply other significant administrative services to the Fund.

Based on their review, the Board Members found that, overall, the nature, extent and quality of services provided (and expected to be provided) to the Fund under the respective Original Investment Management Agreement or Original Sub-Advisory Agreement, as applicable, were satisfactory.

B. THE INVESTMENT PERFORMANCE OF THE FUND & FUND ADVISERS

At the May Meeting, the Board considered the investment performance for the Fund, including the Fund's historic performance as well as its performance compared to funds with similar investment objectives (the "Performance Peer Group") based on data provided by an independent third party (as described below). The Board Members also reviewed the Fund's historic performance compared to recognized and/or customized benchmarks (as applicable).

In evaluating the performance information during the annual review at the May Meeting, in certain instances, the Board Members noted that the closest Performance Peer Group for a fund may not adequately reflect such fund's investment objectives and strategies, thereby limiting the usefulness of the comparisons of such fund's performance with that of the Performance Peer Group. These Performance Peer Groups include those for the Fund as well as for: the Nuveen Diversified Dividend and Income Fund; the Nuveen Multi-Strategy Income and Growth Fund; the Nuveen Multi-Strategy Income and Growth Fund 2; the Nuveen Tax-Advantaged Floating Rate Fund; the Nuveen Equity Premium Advantage Fund; the

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Nuveen Equity Premium Income Fund; the Nuveen Equity Premium Opportunity Fund; and the Nuveen Equity Premium and Growth Fund.

The Board Members reviewed performance information including, among other things, total return information compared with the Fund's Performance Peer Group as well as recognized and/or customized benchmarks (as appropriate) for the one-, three- and five-year periods (as applicable) ending December 31, 2006. This information supplemented the performance information provided to the Board at each of its quarterly meetings. Based on their review at the May Meeting, the Board Members determined that the Fund's investment performance over time had been satisfactory.

C. FEES, EXPENSES & PROFITABILITY

1. Fees & Expenses

During the annual review, the Board evaluated the management fees and expenses of the Fund reviewing, among other things, the Fund's advisory fees (net and gross management fees) and total expense ratios (before and after expense reimbursements and/or waivers) in absolute terms as well as comparisons to the gross management fees (before waivers), net management fees (after waivers) and total expense ratios (before and after waivers) of comparable funds in the Peer Universe and the Peer Group. In reviewing the fee schedule for the Fund, the Board Members considered the fund-level and complex-wide breakpoint schedules (described in further detail below) and any fee waivers and reimbursements provided by Nuveen. The Board Members further reviewed data regarding the construction of Peer Groups as well as the methods of measurement for the fee and expense analysis and the performance analysis. In certain cases, due to the small number of peers in the Peer Universe, the Peer Universe and Peer Group had significant overlap or even consisted entirely of the same unaffiliated funds. In reviewing the comparisons of fee and expense information, the Board Members recognized that in certain cases, the size of a fund relative to peers, the small size and odd composition of the Peer Group (including differences in objectives and strategies), expense anomalies, timing of information used or other factors impacting the comparisons thereby limited some of the usefulness of the comparative data. The Board

27

Annual Investment
Management Agreement

APPROVAL PROCESS (continued)

Members also considered the differences in the use of leverage. The Board Members also noted the limited Peer Groups available for the Nuveen funds with multi-sleeves of investments (e.g., the Nuveen Diversified Dividend and Income Fund, the Nuveen Multi-Strategy Income and Growth Fund, the Nuveen Multi-Strategy Income and Growth Fund 2 and the Nuveen Tax Advantaged Total Return Strategy Fund). Based on their review of the fee and expense information provided, the Board Members determined that the Fund's net total expense ratio was within an acceptable range compared to peers.

2. Comparisons with the Fees of Other Clients

At the annual review, the Board Members further reviewed data comparing the advisory fees of NAM with fees NAM charges to other clients. Such clients include NAM's separately managed accounts and funds that are not offered by Nuveen but are sub-advised by one of Nuveen's investment management teams. In general, the advisory fees charged for separate accounts are somewhat lower than the advisory fees assessed to the Fund. The Board Members considered the differences in the product types, including, but not limited to, the services

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

provided, the structure and operations, product distribution and costs thereof, portfolio investment policies, investor profiles, account sizes and regulatory requirements. The Board Members noted, in particular, that the range of services provided to the Fund (as discussed above) is much more extensive than that provided to separately managed accounts. As described in further detail above, such additional services include, but are not limited to: product management, fund administration, oversight of third party service providers, administration of Board relations, and legal support. The Board Members noted that the Fund operates in a highly regulated industry requiring extensive compliance functions compared to other investment products. Given the inherent differences in the products, particularly the extensive services provided to the Fund, the Board Members believe such facts justify the different levels of fees.

With respect to the Sub-Adviser, in considering the fees of the Sub-Adviser, the Board Members also considered the pricing schedule or fees that the Sub-Adviser charges for similar investment management services for other fund sponsors or clients, as applicable. With respect to sub-advisers unaffiliated with Nuveen, such as the Sub-Adviser, the Board Members noted that such fees were the result of arm's-length negotiations.

3. Profitability of Fund Advisers

In conjunction with its review of fees, the Board Members also considered the profitability of Nuveen for its advisory activities (which incorporated Nuveen's wholly-owned affiliated sub-advisers) and its financial condition. At the annual review, the Board Members reviewed the revenues and expenses of Nuveen's advisory activities for the last three years, the allocation methodology used in preparing the profitability data as well as the 2006 Annual Report for Nuveen. The Board Members noted this information supplemented the profitability information requested and received during the year to help keep them apprised of developments affecting profitability (such as changes in fee waivers and expense reimbursement commitments). In this regard, the Board Members noted the enhanced dialogue and information regarding profitability with NAM during the year, including more frequent meetings and updates from Nuveen's corporate finance group. The Board Members considered Nuveen's profitability compared with other fund sponsors prepared by three independent third party service providers as well as comparisons of the revenues, expenses and profit margins of various unaffiliated management firms with similar amounts of assets under management prepared by Nuveen.

In reviewing profitability, the Board Members recognized the subjective nature of determining profitability which may be affected by numerous factors including the allocation of expenses. Further, the Board Members recognized the difficulties in making comparisons as the profitability of other advisers generally is not publicly available and the profitability information that is available for certain advisers or management firms may not be representative of the industry and may be affected by, among other things, the adviser's particular business mix, capital costs, types of funds managed and expense allocations.

Notwithstanding the foregoing, the Board Members reviewed Nuveen's methodology at the annual review and assumptions for allocating expenses across product lines to determine profitability. Last year, the Board Members

also designated an Independent Board Member as a point person for the Board to review the methodology determinations during the year and any refinements thereto, which relevant information produced from such process was reported to the full Board. In reviewing profitability, the Board Members recognized

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Nuveen's increased investment in its fund business. Based on its review, the Board Members concluded that Nuveen's level of profitability for its advisory activities was reasonable in light of the services provided. With respect to sub-advisers unaffiliated with Nuveen, such as the Sub-Adviser, the Board Members also considered the Sub-Adviser's revenues from serving as Sub-Adviser to the Fund, expenses (including the basis for allocating expenses) and profitability margins (pre- and post-tax). Based on their review, the Board Members were satisfied that the respective Fund Adviser's level of profitability was reasonable in light of the services provided.

In evaluating the reasonableness of the compensation, the Board Members also considered other amounts paid to a Fund Adviser by the Fund as well as any indirect benefits (such as soft dollar arrangements, if any) the Fund Adviser and its affiliates receive, or are expected to receive, that are directly attributable to the management of the Fund, if any. See Section E below for additional information on indirect benefits a Fund Adviser may receive as a result of its relationship with the Fund. Based on their review of the overall fee arrangement of the Fund, the Board Members determined that the advisory fees and expenses of the Fund were reasonable.

D. ECONOMIES OF SCALE & WHETHER FEE LEVELS REFLECT THESE ECONOMIES OF SCALE

With respect to economies of scale, the Board Members recognized the potential benefits resulting from the costs of the Fund being spread over a larger asset base. To help ensure the shareholders share in these benefits, the Board Members reviewed and considered the breakpoints in the advisory fee schedules that reduce advisory fees. In addition to advisory fee breakpoints, the Board also approved a complex-wide fee arrangement in 2004. Pursuant to the complex-wide fee arrangement, the fees of the funds in the Nuveen complex, including the Fund, are reduced as the assets in the fund complex reach certain levels. In evaluating the complex-wide fee arrangement, the Board Members noted that the last complex-wide asset level breakpoint for the complex-wide fee schedule was at \$91 billion and that the Board Members anticipated further review and/or negotiations prior to the assets of the Nuveen complex reaching such threshold. Based on their review, the Board Members concluded that the breakpoint schedule and complex-wide fee arrangement were acceptable and desirable in providing benefits from economies of scale to shareholders, subject to further evaluation of the complex-wide fee schedule as assets in the complex increase. See Section II, Paragraph D -- "Approval of the New Investment Management Agreement and New Sub-Advisory Agreement -- Economies of Scale and Whether Fee Levels Reflect These Economies of Scale" for information regarding subsequent modifications to the complex-wide fee.

E. INDIRECT BENEFITS

In evaluating fees, the Board Members also considered any indirect benefits or profits the respective Fund Adviser or its affiliates may receive as a result of its relationship with the Fund. In this regard, the Board Members considered the revenues received by affiliates of NAM for serving as agent at Nuveen's preferred trading desk and for serving as a co-manager in the initial public offering of new closed-end exchange traded funds.

In addition to the above, the Board Members considered whether the Fund Adviser received any benefits from soft dollar arrangements whereby a portion of the commissions paid by the Fund for brokerage may be used to acquire research that may be useful to the Fund Adviser in managing the assets of the Fund and other clients. With respect to NAM, the Board Members noted that NAM does not currently have any soft dollar arrangements; however, to the extent certain bona fide agency transactions that occur on markets that traditionally trade on a principal basis and riskless principal transactions are considered as generating "commissions," NAM intends to comply with the applicable safe harbor provisions.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

With respect to the Sub-Adviser, the Board Members considered that the Sub-Adviser may benefit from its soft dollar arrangements pursuant to which such Sub-Adviser receives research from brokers that execute the Fund's portfolio transactions. The Board Members noted that the Sub-Adviser's profitability may be lower if it were required to pay for this research with hard dollars.

29

Annual Investment
Management Agreement
APPROVAL PROCESS (continued)

Based on their review, the Board Members concluded that any indirect benefits received by a Fund Adviser as a result of its relationship with the Fund were reasonable and within acceptable parameters.

F. OTHER CONSIDERATIONS

The Board Members did not identify any single factor discussed previously as all-important or controlling in their considerations to continue an advisory contract. The Board Members, including the Independent Board Members, unanimously concluded that the terms of the Original Investment Management Agreement and Original Sub-Advisory Agreement are fair and reasonable, that the respective Fund Adviser's fees are reasonable in light of the services provided to the Fund and that the Original Investment Management Agreement and the Original Sub-Advisory Agreement be renewed.

II. APPROVAL OF THE NEW INVESTMENT MANAGEMENT AGREEMENT & NEW SUB-ADVISORY AGREEMENT

Following the May Meeting, the Board Members were advised of the potential Transaction. As noted above, the completion of the Transaction would terminate the Original Investment Management Agreement and the Original Sub-Advisory Agreement. Accordingly, at the July Meeting, the Board of the Fund, including the Independent Board Members, unanimously approved the New Investment Management Agreement and New Sub-Advisory Agreement on behalf of the Fund. Leading up to the July Meeting, the Board Members had several meetings and deliberations with and without Nuveen management present, and with the advice of legal counsel, regarding the proposed Transaction as outlined below.

On June 8, 2007, the Board Members held a special telephonic meeting to discuss the proposed Transaction. At that meeting, the Board Members established a special ad hoc committee comprised solely of Independent Board Members to focus on the Transaction and to keep the Independent Board Members updated with developments regarding the Transaction. On June 15, 2007, the ad hoc committee discussed with representatives of NAM the Transaction and modifications to the complex-wide fee schedule that would generate additional fee savings at specified levels of complex-wide asset growth. Following the foregoing meetings and several subsequent telephonic conferences among Independent Board Members and independent counsel, and between Independent Board Members and representatives of Nuveen, the Board met on June 18, 2007 to further discuss the proposed Transaction. Immediately prior to and then again during the June 18, 2007 meeting, the Independent Board Members met privately with their independent legal counsel. At that meeting, the Board met with representatives of MDP, of Goldman Sachs, Nuveen's financial adviser in the Transaction, and of the Nuveen Board to discuss, among other things, the history and structure of MDP, the terms of the proposed Transaction (including the financing terms), and MDP's general plans and intentions with respect to Nuveen (including with respect to management, employees, and future growth prospects). On July 9, 2007, the Board also met to be updated on the Transaction as part of a special telephonic Board meeting. The Board Members were further updated at a special in-person Board

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

meeting held on July 19, 2007 (one Independent Board Member participated telephonically). Subsequently, on July 27, 2007, the ad hoc committee held a telephonic conference with representatives of Nuveen and MDP to further discuss, among other things, the Transaction, the financing of the Transaction, retention and incentive plans for key employees, the effect of regulatory restrictions on transactions with affiliates after the Transaction, and current volatile market conditions and their impact on the Transaction.

In connection with their review of the New Investment Management Agreement and New Sub-Advisory Agreement, the Independent Board Members, through their independent legal counsel, also requested in writing and received additional information regarding the proposed Transaction and its impact on the provision of services by NAM and its affiliates.

30

The Independent Board Members received, well in advance of the July Meeting, materials which outlined, among other things:

- the structure and terms of the Transaction, including MDP's co-investor entities and their expected ownership interests, and the financing arrangements that will exist for Nuveen following the closing of the Transaction;
- the strategic plan for Nuveen following the Transaction;
- the governance structure for Nuveen following the Transaction;
- any anticipated changes in the operations of the Nuveen funds following the Transaction, including changes to NAM's and Nuveen's day-to-day management, infrastructure and ability to provide advisory, distribution or other applicable services to the Fund;
- any changes to senior management or key personnel who work on Fund related matters (including portfolio management, investment oversight, and legal/compliance) and any retention or incentive arrangements for such persons;
- any anticipated effect on the Fund's expense ratio (including advisory fees) following the Transaction;
- any benefits or undue burdens imposed on the Fund as a result of the Transaction;
- any legal issues for the Fund as a result of the Transaction;
- the nature, quality and extent of services expected to be provided to the Fund following the Transaction, changes to any existing services and policies affecting the Fund, and cost-cutting efforts, if any, that may impact such services or policies;
- any conflicts of interest that may arise for Nuveen or MDP with respect to the Fund;
- the costs associated with obtaining necessary shareholder approvals and who would bear those costs; and
- from legal counsel, a memorandum describing the applicable laws, regulations and duties in approving advisory contracts, including, in particular, with respect to a change of control.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Immediately preceding the July Meeting, representatives of MDP met with the Board to further respond to questions regarding the Transaction. After the meeting with MDP, the Independent Board Members met with independent legal counsel in executive session. At the July Meeting, Nuveen also made a presentation and responded to questions. Following the presentations and discussions of the materials presented to the Board, the Independent Board Members met again in executive session with their counsel. As outlined in more detail below, the Independent Board Members considered all factors they believed relevant with respect to the Fund, including the impact that the Transaction could be expected to have on the following: (a) the nature, extent and quality of services to be provided; (b) the investment performance of the Fund; (c) the costs of the services and profits to be realized by Nuveen and its affiliates; (d) the extent to which economies of scale would be realized; and (e) whether fee levels reflect those economies of scale for the benefit of investors. As noted above, during the past year, the Board Members had completed their annual review of the Original Investment Management Agreement and Original Sub-Advisory Agreement and many of the factors considered at such reviews were applicable to their evaluation of the New Investment Management Agreement and New Sub-Advisory Agreement. Accordingly, in evaluating such agreements, the Board Members relied upon their knowledge and experience with the Fund Advisers and considered the information received and their evaluations and conclusions drawn at the reviews. While the Board reviewed many Nuveen funds at the July Meeting, the Independent Board Members evaluated all information available to them on a fund-by-fund basis, and their determinations were made separately in respect of the Fund.

A. NATURE, EXTENT & QUALITY OF SERVICES

In evaluating the nature, quality and extent of the services expected to be provided by the Fund Adviser under the applicable New Investment Management Agreement or New Sub-Advisory Agreement, the Independent Board Members considered, among other things, the expected impact, if any, of the Transaction on the operations, facilities, organization and personnel of NAM and the Sub-Adviser (if applicable); the potential implications of regulatory restrictions on the Fund following the Transaction; the ability of NAM and its affiliates to perform their duties after the Transaction; and any anticipated changes to the current investment and other practices of the Fund.

31

Annual Investment
Management Agreement

APPROVAL PROCESS (continued)

The Board noted that the terms of the New Investment Management Agreement, including the fees payable thereunder, are substantially identical to those of the Original Investment Management Agreement relating to the Fund (with both reflecting reductions to fee levels in the complex-wide fee schedule for complex-wide assets in excess of \$80 billion that have an effective date of August 20, 2007). Similarly, the terms of the New Sub-Advisory Agreement, including fees payable thereunder, are substantially identical to those of the Original Sub-Advisory Agreement relating to the Fund. The Board considered that the services to be provided and the standard of care under the New Investment Advisory Agreement and the New Sub-Advisory Agreement are the same as the corresponding original agreements. The Board Members noted the Transaction does not alter the allocation of responsibilities between the Adviser and the Sub-Adviser. The Sub-Adviser will continue to furnish an investment program in respect of, make investment decisions for and place all orders for the purchase and sale of securities for the portion of the Fund's investment portfolio allocated by the Adviser to the Sub-Adviser, all on behalf of the Fund and subject to oversight of the Board and the Adviser. The Board Members further noted that key personnel of the Adviser or Sub-Adviser who have responsibility

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

for the Fund in each area, including portfolio management, investment oversight, fund management, fund operations, product management, legal/compliance and board support functions, are expected to be the same following the Transaction. The Board Members considered and are familiar with the qualifications, skills and experience of such personnel. The Board also considered certain information regarding any anticipated retention or incentive plans designed to retain key personnel. Further, the Board Members noted that no changes to Nuveen's infrastructure (including at the affiliated sub-adviser level) or operations as a result of the Transaction were anticipated other than potential enhancements as a result of an expected increase in the level of investment in such infrastructure and personnel. The Board noted MDP's representations that it does not plan to have a direct role in the management of Nuveen, appointing new management personnel, or directly impacting individual staffing decisions. The Board Members also noted that there were not any planned "cost cutting" measures that could be expected to reduce the nature, extent or quality of services. After consideration of the foregoing, the Board Members concluded that no diminution in the nature, quality and extent of services provided to the Fund and its shareholders by the Fund Advisers is expected.

In addition to the above, the Board Members considered potential changes in the operations of the Fund. In this regard, the Board Members considered the potential effect of regulatory restrictions on the Fund's transactions with future affiliated persons. During their deliberations, it was noted that, after the Transaction, a subsidiary of Merrill Lynch is expected to have an ownership interest in Nuveen at a level that will make Merrill Lynch an affiliated person of Nuveen. The Board Members recognized that applicable law would generally prohibit the Fund from engaging in securities transactions with Merrill Lynch as principal, and would also impose restrictions on using Merrill Lynch for agency transactions. They recognized that having MDP and Merrill Lynch as affiliates may restrict the Nuveen funds' ability to invest in securities of issuers controlled by MDP or issued by Merrill Lynch and its affiliates even if not bought directly from MDP or Merrill Lynch as principal. They also recognized that various regulations may require the Nuveen funds to apply investment limitations on a combined basis with affiliates of Merrill Lynch. The Board Members considered information provided by NAM regarding the potential impact on the Nuveen funds' operations as a result of these regulatory restrictions. The Board Members considered, in particular, the Nuveen funds that may be impacted most by the restricted access to Merrill Lynch, including: municipal funds (particularly certain state-specific funds), senior loan funds, taxable fixed income funds, preferred security funds and funds that heavily use derivatives. The Board Members considered such funds' historic use of Merrill Lynch as principal in their transactions and information provided by NAM regarding the expected impact resulting from Merrill Lynch's affiliation with Nuveen and available measures that could be taken to minimize such impact. NAM informed the Board Members that, although difficult to determine with certainty, its management did not believe that MDP's or Merrill Lynch's status as an affiliate of Nuveen would have a material adverse effect on any Nuveen fund's ability to pursue its investment objectives and policies.

In addition to the regulatory restrictions considered by the Board, the Board Members also considered potential conflicts of interest that could arise between the Nuveen funds and various parties to the Transaction and discussed possible ways of addressing such conflicts.

Based on its review along with its considerations regarding services at the annual review, the Board concluded that the Transaction was not expected to adversely affect the nature, quality or extent of services provided by the respective Fund Adviser and that the expected nature, quality and extent of such services supported approval of the New Investment Management Agreement and New

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Sub-Advisory Agreement.

B. PERFORMANCE OF THE FUND

With respect to the performance of the Fund, the Board considered that the portfolio management personnel responsible for the management of the Fund's portfolio were expected to continue to manage the portfolio following the completion of the Transaction.

In addition, the Board Members recently reviewed Fund performance at the May Meeting, as described above, and determined the Fund's performance was satisfactory or better. The Board Members further noted that the investment policies and strategies were not expected to change as a result of the Transaction.

In light of the foregoing factors, along with the prior findings regarding performance at the annual review, the Board concluded that its findings with respect to performance supported approval of the New Investment Management Agreement and New Sub-Advisory Agreement.

C. FEES, EXPENSES & PROFITABILITY

As described in more detail above, during the annual review, the Board Members considered, among other things, the management fees and expenses of the Fund, the breakpoint schedules, and comparisons of such fees and expenses with peers. At the annual review, the Board Members determined that the Fund's advisory fees and expenses were reasonable. In evaluating the profitability of the Fund Adviser under the New Investment Management Agreement and New Sub-Advisory Agreement, the Board Members considered their conclusions at their prior reviews and whether the management fees or other expenses would change as a result of the Transaction. As described above, the investment management fee for NAM is composed of two components -- a fund-level component and complex-wide level component. The fee schedule under the New Investment Management Agreement to be paid to NAM is identical to that under the Original Investment Management Agreement, including the modified complex-wide fee schedule. As noted above, the Board recently approved a modified complex-wide fee schedule that would generate additional fee savings on complex-wide assets above \$80 billion. The modifications have an effective date of August 20, 2007 and are part of the Original Investment Management Agreement. Accordingly, the terms of the complex-wide component under the New Investment Management Agreement are the same as under the Original Investment Management Agreement. The Board Members also noted that Nuveen has committed for a period of two years from the date of closing of the Transaction that it will not increase gross management fees for any Nuveen fund and will not reduce voluntary expense reimbursement levels for any Nuveen fund from their currently scheduled prospective levels. Based on the information provided, the Board Members did not expect that overall Fund expenses would increase as a result of the Transaction.

In addition, the Board Members considered that additional fund launches were anticipated after the Transaction which would result in an increase in total assets under management in the complex and a corresponding decrease in overall management fees under the complex-wide fee schedule. Taking into consideration the Board's prior evaluation of fees and expenses at the annual renewal, and the modification to the complex-wide fee schedule, the Board determined that the management fees and expenses were reasonable.

While it is difficult to predict with any degree of certainty the impact of the Transaction on Nuveen's profitability for its advisory activities (which includes its affiliated sub-advisers), at the recent annual review, the Board Members were satisfied that Nuveen's level of profitability for its advisory activities was reasonable. During the year, the Board Members had noted the enhanced dialogue regarding profitability and the appointment of an Independent

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Board Member as a point person to review methodology determinations and refinements in calculating profitability. Given their considerations at the annual review and the modifications to the complex-wide fee schedule, the Board Members were satisfied that Nuveen's level of profitability for its advisory activities continues to be reasonable.

33

Annual Investment

Management Agreement

APPROVAL PROCESS (continued)

With respect to the Sub-Adviser, the fees paid under the New Sub-Advisory Agreement are the same as the Original Sub-Advisory Agreement. With respect to sub-advisers unaffiliated with Nuveen, such as the Sub-Adviser, the Board Members considered the Sub-Adviser's revenues from serving as Sub-Adviser to the Fund, expenses (including the basis for allocating expenses) and profitability margins (pre- and post-tax) at the annual review. The Transaction is not anticipated to affect the profitability of the Sub-Adviser. At the annual review, the Board Members were satisfied that the respective Fund Adviser's level of profitability was reasonable in light of the services provided. Taking into account the Board's prior evaluation and the fact that sub-advisory fees will not change, the Board Members were satisfied that the respective Fund Advisers' levels of profitability were reasonable in light of the services provided.

D. ECONOMIES OF SCALE & WHETHER FEE LEVELS REFLECT THESE ECONOMIES OF SCALE

The Board Members have been cognizant of economies of scale and the potential benefits resulting from the costs of the Fund being spread over a larger asset base. To help ensure that shareholders share in the benefits derived from economies of scale, the Board adopted the complex-wide fee arrangement in 2004. At the May Meeting, the Board Members reviewed the complex-wide fee arrangements and noted that additional negotiations may be necessary or appropriate as the assets in the complex approached the \$91 billion threshold. In light of this assessment coupled with the upcoming Transaction, at the June 15, 2007 meeting, the ad hoc committee met with representatives of Nuveen to further discuss modifications to the complex-wide fee schedule that would generate additional savings for shareholders as the assets of the complex grow. The proposed terms for the complex-wide fee schedule are expressed in terms of targeted cumulative savings at specified levels of complex-wide assets, rather than in terms of targeted marginal complex-wide fee rates. Under the modified schedule, the schedule would generate additional fee savings beginning at complex-wide assets of \$80 billion in order to achieve targeted cumulative annual savings at \$91 billion of \$28 million on a complex-wide level (approximately \$0.6 million higher than those generated under the then current schedule) and generate additional fee savings for asset growth above complex-wide assets of \$91 billion in order to achieve targeted annual savings at \$125 billion of assets of approximately \$50 million on a complex-wide level (approximately \$2.2 million higher annually than that generated under the then current schedule). At the July Meeting, the Board approved the modified complex-wide fee schedule for the Original Investment Management Agreement and these same terms will apply to the New Investment Management Agreement. Accordingly, the Board Members believe that the breakpoint schedules and revised complex-wide fee schedule are appropriate and desirable in ensuring that shareholders participate in the benefits derived from economies of scale.

E. INDIRECT BENEFITS

During their recent annual review, the Board Members considered any indirect benefits that the Fund Adviser may receive as a result of its relationship with

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

the Fund, as described above. As the policies and operations of the Fund Advisers are not anticipated to change significantly after the Transaction, such indirect benefits should remain after the Transaction. The Board Members further considered any additional indirect benefits to be received by the Fund Adviser or its affiliates after the Transaction. The Board Members noted that other than benefits from its ownership interest in Nuveen and indirect benefits from fee revenues paid by the Fund under the management agreements and other Board-approved relationships, it was currently not expected that MDP or its affiliates would derive any benefit from the Fund as a result of the Transaction or transact any business with or on behalf of the Fund (other than perhaps potential Fund acquisitions, in secondary market transactions, of securities issued by MDP portfolio companies); or that Merrill Lynch or its affiliates would derive any benefits from the Fund as a result of the Transaction (noting that, indeed, Merrill Lynch would stand to experience the discontinuation of principal transaction activity with the Nuveen funds and likely would experience a noticeable reduction in the volume of agency transactions with the Nuveen funds).

F. OTHER CONSIDERATIONS

In addition to the factors above, the Board Members also considered the following with respect to the Fund:

34

- Nuveen would rely on the provisions of Section 15(f) of the 1940 Act. Section 15(f) provides, in substance, that when a sale of a controlling interest in an investment adviser occurs, the investment adviser or any of its affiliated persons may receive any amount or benefit in connection with the sale so long as (i) during the three-year period following the consummation of a transaction, at least 75% of the investment company's board of directors must not be "interested persons" (as defined in the 1940 Act) of the investment adviser or predecessor adviser and (ii) an "unfair burden" (as defined in the 1940 Act, including any interpretations or no-action letters of the SEC) must not be imposed on the investment company as a result of the transaction relating to the sale of such interest, or any express or implied terms, conditions or understanding applicable thereto. In this regard, to help ensure that an unfair burden is not imposed on the Nuveen funds, Nuveen has committed for a period of two years from the date of the closing of the Transaction (i) not to increase gross management fees for any Nuveen fund; (ii) not to reduce voluntary expense reimbursement levels for any Nuveen fund from their currently scheduled prospective levels during that period; (iii) that no Nuveen fund whose portfolio is managed by a Nuveen affiliate shall use Merrill Lynch as a broker with respect to portfolio transactions done on an agency basis, except as may be approved in the future by the Compliance Committee of the Board; and (iv) that each adviser/portfolio team affiliated with Nuveen shall not cause the Fund (or sleeves thereof) and other Nuveen funds that the team manages, as a whole, to enter into portfolio transactions with or through the other minority owners of Nuveen, on either a principal or an agency basis, to a significantly greater extent than both what one would expect an investment team to use such firm in the normal course of business, and what such team has historically done, without prior Board or Compliance Committee approval (excluding the impact of proportionally increasing the use of such other "minority owners" to fill the void necessitated by not being able to use Merrill Lynch).
- The Fund would not incur any costs in seeking the necessary shareholder approvals for the New Investment Management Agreement or New Sub-Advisory Agreement (except for any costs attributed to seeking shareholder approvals of Fund specific matters unrelated to the Transaction, such as approval of Board Members or changes to investment policies, in which case a portion of such

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

costs will be borne by the Fund).

- The reputation, financial strength and resources of MDP.
- The long-term investment philosophy of MDP and anticipated plans to grow Nuveen's business to the benefit of the Nuveen funds.
- The benefits to the Nuveen funds as a result of the Transaction including: (i) as a private company, Nuveen may have more flexibility in making additional investments in its business; (ii) as a private company, Nuveen may be better able to structure compensation packages to attract and retain talented personnel; (iii) as certain of Nuveen's distribution partners are expected to be equity or debt investors in Nuveen, Nuveen may be able to take advantage of new or enhanced distribution arrangements with such partners; and (iv) MDP's experience, capabilities and resources that may help Nuveen identify and acquire investment teams or firms and finance such acquisitions.
- The historic premium and discount levels at which the shares of the Nuveen funds have traded at specified dates with particular focus on the premiums and discounts after the announcement of the Transaction, taking into consideration recent volatile market conditions and steps or initiatives considered or undertaken by NAM to address discount levels.

G. CONCLUSION

The Board Members did not identify any single factor discussed previously as all-important or controlling. The Board Members, including the Independent Board Members, unanimously concluded that the terms of the New Investment Management Agreement and New Sub-Advisory Agreement are fair and reasonable, that the fees therein are reasonable in light of the services to be provided to the Fund and that the New Investment Management Agreement and New Sub-Advisory Agreement should be approved and recommended to shareholders.

35

Annual Investment
Management Agreement
APPROVAL PROCESS (continued)

III. APPROVAL OF INTERIM CONTRACTS

As noted above, at the July Meeting, the Board Members, including the Independent Board Members, unanimously approved the Interim Investment Management Agreement and Interim Sub-Advisory Agreement. If necessary to assure continuity of advisory services, the Interim Investment Management Agreement and Interim Sub-Advisory Agreement will take effect upon the closing of the Transaction if shareholders have not yet approved the New Investment Management Agreement and New Sub-Advisory Agreement. The terms of the Interim Investment Management Agreement and Interim Sub-Advisory Agreement are substantially identical to those of the corresponding Original Investment Management Agreement and New Investment Management Agreement and the Original Sub-Advisory Agreement and New Sub-Advisory Agreement, respectively, except for certain term and escrow provisions. In light of the foregoing, the Board Members, including the Independent Board Members, unanimously determined that the scope and quality of services to be provided to the Fund under the Interim Investment Management Agreement and Interim Sub-Advisory Agreement are at least equivalent to the scope and quality of services provided under the Original Investment Management Agreement and Original Sub-Advisory Agreement, respectively.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

Reinvest Automatically
EASILY and CONVENIENTLY

NUVEEN MAKES REINVESTING EASY. A PHONE CALL IS ALL IT TAKES TO SET UP YOUR REINVESTMENT ACCOUNT.

NUVEEN CLOSED-END FUNDS DIVIDEND REINVESTMENT PLAN

Your Nuveen Closed-End Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional Fund shares.

By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of tax-free compounding. Just like dividends or distributions in cash, there may be times when income or capital gains taxes may be payable on dividends or distributions that are reinvested.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the greater of the net asset value or 95% of the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. If the Plan Agent begins purchasing Fund shares on the open market while shares are trading below net asset value, but the Fund's shares subsequently trade at or above their net asset value before the Plan Agent is able to complete its purchases, the Plan Agent may cease open-market purchases and may invest the uninvested portion of the distribution in newly-issued Fund shares at a price equal to the greater of the shares' net asset value or 95% of the shares' market value on the last business day immediately prior to the purchase date. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will be paid on dividends and distributions awaiting reinvestment. Because the market price of the shares may increase before purchases are completed, the average purchase price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on individual transactions.

37

FLEXIBLE

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

Edgar Filing: NUVEEN REAL ESTATE INCOME FUND - Form N-CSRS

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

CALL TODAY TO START REINVESTING DIVIDENDS AND/OR DISTRIBUTIONS

For more information on the Nuveen Automatic Reinvestment Plan or to enroll in or withdraw from the Plan, speak with your financial advisor or call us at (800) 257-8787.

38

Glossary of TERMS USED in this REPORT

Average Annual Total Return: This is a commonly used method to express an investment's performance over a particular, usually multi-year time period. It expresses the return that would have been necessary each year to equal the investment's actual cumulative performance (including change in NAV or market price and reinvested dividends and capital gains distributions, if any) over the time period being considered.

Market Yield (also known as Dividend Yield or Current Yield): Market yield is based on the Fund's current annualized monthly distribution divided by the Fund's current market price. The Fund's monthly distributions to its shareholders may be comprised of ordinary income, net realized capital gains and, if at the end of the calendar year the Fund's cumulative net ordinary income and net realized gains are less than the amount of the Fund's distributions, a tax return of capital.

Net Asset Value (NAV): A Fund's common share NAV per share is calculated by subtracting the liabilities of the Fund (including any Preferred shares issued in order to leverage the Fund) from its total assets and then dividing the remainder by the number of shares outstanding. Fund NAVs are calculated at the end of each business day.

this filing.

(a) (2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act (17 CFR 270.30a-2(a)) in the exact form set forth below: Ex-99.CERT attached hereto.

(a) (3) Any written solicitation to purchase securities under Rule 23c-1 under the 1940 Act (17 CFR 270.23c-1) sent or given during the period covered by the report by or on behalf of the registrant to 10 or more persons: Not applicable.

(b) If the report is filed under Section 13(a) or 15(d) of the Exchange Act, provide the certifications required by Rule 30a-2(b) under the 1940 Act (17 CFR 270.30a-2(b)); Rule 13a-14(b) or Rule 15d-14(b) under the Exchange Act (17 CFR 240.13a-14(b) or 240.15d-14(b)), and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350) as an exhibit. A certification furnished pursuant to this paragraph will not be deemed "filed" for purposes of Section 18 of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference. Ex-99.906 CERT attached hereto.
