PROXY STATEMENT

The Board of Directors is soliciting proxies to be used at the 2002 annual meeting. This proxy statement and the enclosed proxy will be mailed to stockholders on or about April 19, 2002.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the proposals outlined in the accompanying notice of meeting. In addition, our management will report on our performance during fiscal 2001 and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, April 1, 2002, are entitled to receive notice of the annual meeting, and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 12,814,906 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return the card to us, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. You can revoke your proxy at any time before it is exercised in any of three ways:

- by submitting written notice of revocation to the Secretary;
- by submitting another proxy that is later dated and properly signed; or
- by voting in person at the meeting.

Table of Contents

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxies on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board recommends a vote *for* election of each of the nominated directors (see page 6).

With respect to any other proposal that properly comes before the meeting, the proxies will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast by the stockholders entitled to vote at the meeting is required for the election of directors. A properly executed proxy indicating that authority is WITHHELD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Therefore, so long as a quorum is present, withholding authority will have no effect on whether one or more directors is elected.

Other Proposals. Any other proposal, other than the election of directors, that properly comes before the meeting will be approved if a majority of the shares represented and voting on the proposal vote in favor of the proposal. The Board of Directors knows of no other matters that are to be brought to a vote at the annual meeting. If any other matter does come before the annual meeting, the persons appointed in the proxy or their substitutes will vote in accordance with their best judgment on such matters.

How do I vote my shares if they are held in the name of my broker (street name)?

If your shares are held by your broker, often referred to as in street name, you should receive a form from your broker seeking instruction as to how your shares should be voted. If you do not issue instructions to your broker, your broker may vote your shares at its discretion on your behalf. However, if you hold your shares in street name through a broker or other nominee, your broker or nominee may or may not be permitted to exercise voting discretion with respect to other proposals to be voted on. A broker holding shares registered in a street name is permitted to vote, in the broker's discretion, on routine matters without receiving instructions from the client, but is not permitted to vote without instructions on non-routine matters. A broker non-vote occurs when the broker returns a proxy card without a vote (the non-vote) on the non-routine matter. Shares represented by the broker non-votes will not be counted as votes for or against any proposal, but they will be counted in determining whether there is a quorum for purposes of each proposal.

How are directors compensated?

Base Compensation. Each non-employee director receives \$2,500 for each regularly scheduled Board meeting attended in person or \$1,000 for each regularly scheduled Board meeting attended by conference call, and \$500 for each specially scheduled meeting attended in person or by conference call. Each non-employee director that is a member of the Audit Committee, Compensation Committee or Nominating Committee also receives \$500 for each committee meeting attended. Directors who are also our employees receive no additional compensation for service as directors.

Options. On the date of each annual meeting of stockholders, each non-employee director will be granted an option to purchase 1,000 shares of our common stock, so long as he or she has missed no more than one of the regular meetings of the Board of Directors in the previous year. The exercise price of the options will be the closing market price of our common stock on the date of grant. The options shall vest in one-third increments with one-third vesting equally on the first, second and third anniversary dates of the initial grant, so long as the non-employee director continues to serve as one of our directors.

How often did the Board meet during 2001?

During 2001, the Board of Directors met five times. Each director attended more than 75% of the total number of meetings of the Board and committees on which he or she served, except Dr. Sara Lawrence-Lightfoot, who attended three of the five director meetings, and Marguerite W. Sallee, who attended three of the five director meetings.

What committees has the Board established?

The Board of Directors has standing Audit, Compensation and Nominating Committees.

Audit Committee. The Audit Committee is responsible for making recommendations to the Board of Directors concerning our financial statements and the appointment of independent accountants, reviewing significant audit and accounting policies and practices, meeting with our independent accountants concerning, among other things, the scope of audits and reports, and reviewing the performance of the overall accounting and financial controls of the Company. The members of the Audit Committee are Ian M. Rolland (chair), JoAnne Brandes and E. Townes Duncan. The Audit Committee met two times in 2001.

Compensation Committee. The Compensation Committee is charged with reviewing and approving salaries, bonuses, and other compensation and benefits of executive officers, advising management regarding benefits and other terms and conditions of compensation, and administering our stock incentive plans. The members of the Compensation Committee are E. Townes Duncan (chair), Joshua Bekenstein and Fred K. Foulkes. The Compensation Committee met three times in 2001.

Nominating Committee. The Nominating Committee is responsible for developing general criteria concerning the qualifications and selection of Board members and recommending candidates for such positions to the Board of Directors. The Nominating Committee considers director nominees from stockholders for election at each annual meeting of stockholders if a written nomination is received by our Secretary not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting (nomination procedures are discussed in greater detail in our bylaws which will be provided upon written request). The members of the Nominating Committee are Dr. Sara Lawrence-Lightfoot (chair), William H. Donaldson and Fred K. Foulkes. The Nominating Committee did not meet in 2001.

Report of the Audit Committee

The Audit Committee of the Board of Directors is composed of three directors who are independent directors as defined under the applicable rules of the National Association of Securities Dealers. The Audit Committee operates under a written charter, which was recently amended, a copy of which is included as Appendix A to this proxy statement. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements and the Company's interim financial results included in the Company's quarterly reports filed with the Securities and Exchange Commission on Form 10-Q in advance of the filings of the Form 10-Q. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with them their independence from the Company and its management. The Audit Committee has considered whether the independent auditors provision of information technology and other non-audit services to the Company is compatible with maintaining the auditor's independence and plans to consider whether to establish policies and procedures relating to the engagement of the outside auditor to provide non-audit services as well as other matters which may affect the nature of the relationship between the Company and its outside auditors.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee meets with the external auditors, with and without management present, to discuss the results of their examination, the evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

Employment Agreements

We currently have an employment agreement with Roger H. Brown. The terms and conditions of the employment agreement are summarized below:

Compensation

The employment agreement provides a base annual salary for Mr. Brown in the amount of \$200,000, subject to increase by the Board. For fiscal 2001, the Board increased Mr. Brown's base salary to \$223,000. The agreement has a term that lasts until January 24, 2003.

Mr. Brown is also eligible to receive certain benefits and incentive bonus compensation including cash bonuses and stock-based awards.

Termination and Resignation

The employment agreement may be terminated by us or the employee may resign at any time.

If we terminate the employee's employment for cause (as defined in the employment agreement) or the employee resigns for any reason other than for good reason (as defined in the employment agreement), the employee will receive all accrued salary and benefits due as of the date of termination or resignation.

If the employee dies or becomes disabled, the employee will receive all accrued salary, benefits and incentive bonus compensation as of the date of death or disability.

If we terminate the employee's employment without cause or the employee resigns for good reason, the employee will receive a lump sum payment of (i) 2.99 times his base salary, plus (ii) all accrued benefits and incentive bonus compensation.

Restrictive Covenants

Among other things, the employment agreement prohibits the employee from competing against us, divulging any of our trade secrets or other confidential information, hiring away any of our employees and taking any property (memoranda, notes, lists, records, etc.) relating to our business made or compiled by, or made available to, the employee during the term of his employment.

These restrictive covenants will apply for twenty-four months following the employee's termination or resignation from the Company.

In addition to the above agreement, we have an agreement with Marguerite W. Sallee pursuant to which we have agreed until December 31, 2005, to nominate Ms. Sallee to serve on our Board of Directors, and Ms. Sallee has agreed to serve as a consultant to us to the extent and on the terms and conditions that may be mutually agreed upon by us and Ms. Sallee. During the twenty-four month period after Ms. Sallee ceases to serve on our Board of Directors, her agreement prohibits her from competing against us, divulging any of our trade secrets or other confidential information, hiring away any of our employees and taking any property (memoranda, notes, lists, records, etc.) relating to our business made or compiled by, or made available to, Ms. Sallee during the term of her previous employment with us and/or the term of her service to the Board.

Severance Agreements

We have severance agreements with Stephen I. Dreier, David H. Lissy, Elizabeth J. Boland and Mary Ann Tocio which provide the following benefits to them if their employment is terminated within twenty-four (24) months following a change of control (as defined below) for any reason other than for cause (as defined in the severance agreements), death or disability or if they terminate their own employment for good reason (as defined in the severance agreements):

Accrued and unpaid base salary as of the date of termination plus a prorated portion of any bonus payable for the fiscal year in which the termination occurs;

Table of Contents

For a period of twenty-four months or until the employee secures other employment (whichever is less), monthly severance pay equal to 1/24 (1/26 in the case of Ms. Tocio) of the employee's total salary and cash bonus for the employee's last two years of employment with the Company;

For a period of twenty-four months or until the employee becomes eligible for participation in a group health plan of another employer (whichever is less), payment by the Company of the employee's and the employee's dependents' premiums for continuation of health insurance coverage or participation in a substantially similar health plan; and

Automatic vesting of the employee's stock options immediately prior to the change in control, notwithstanding any provision of our stock incentive plans or any option agreements.

A change in control will be deemed to have occurred if:

Any person becomes the beneficial owner of 50% of the voting power of our outstanding securities;

The Company is a party to a merger, consolidation, sale of assets or other reorganization, or a proxy contest, pursuant to which the Board members in office prior to the transaction constitute less than a majority of the Board thereafter; or

Certain changes to the composition of the board occur, as more particularly described in the severance agreements.

In addition, the severance agreements prohibit each employee from competing against us during the period in which the employee is receiving severance benefits and divulging any of our trade secrets or other confidential information.

Ms. Tocio's and Mr. Lissy's severance agreements also provide that they will receive the same benefits set forth above for a period of one year if they are terminated without cause, or if they terminate their employment for good reason, without a change in control of the Company, except that stock options will not automatically vest upon such termination of employment.

Report of the Compensation Committee on Executive Compensation

Decisions concerning the compensation of our executive officers are made by the Compensation Committee of the Board of Directors. Each member of the Compensation Committee is a non-employee director. The Compensation Committee has the responsibility for reviewing and approving salaries, bonuses, and other compensation and benefits of executive officers, advising management regarding benefits and other terms and conditions of compensation, and administering our stock incentive plans.

What is the Company's philosophy and what are its policies for executive officer compensation?

The Compensation Committee believes that the primary objectives of the Company's executive compensation policy should be:

to attract and retain talented executives by providing a compensation program that is competitive with the compensation provided to executives at companies of comparable size and position in service businesses, while maintaining compensation within levels that are consistent with the Company's business plan, financial objectives and operating performance;

to provide appropriate incentives for executives to work towards the achievement of the annual performance goals established by the Company; and

to more closely align the interests of its executives with those of stockholders by providing long-term incentive compensation in the form of stock option awards and other equity-based, long-term incentive compensation.

Table of Contents

The Compensation Committee believes that the Company's executive compensation policies should be reviewed during the first half of the fiscal year after the financial results of the prior fiscal year become available. The policies should be reviewed in light of their consistency with the Company's financial performance, its operating plan and its position within the child care and education industry, as well as the compensation policies of similar companies in the child care and education business and other service businesses. The compensation of individual executive officers is then reviewed annually by the Compensation Committee in light of its executive compensation policies for that year.

In setting and reviewing compensation for the executive officers, the Compensation Committee considers a number of different factors designed to assure that compensation levels are properly aligned with the Company's business strategy, corporate culture and operating performance. Among the factors considered are the following:

Comparability The Compensation Committee considers the compensation packages of similarly situated executives at companies deemed to be most comparable to the Company. The objective is to maintain competitiveness in the marketplace in order to attract and retain the highest quality executives. This is a principal factor in setting base levels of compensation.

Pay for Performance The Compensation Committee believes that compensation should be in part directly linked to operating performance. To achieve this link with regard to short-term performance, the Compensation Committee has relied on cash bonuses which have been determined on the basis of certain objective and subjective factors after receiving the recommendations of senior management.

Equity Ownership The Compensation Committee believes that an integral part of the executive compensation program at the Company is equity-based compensation plans which encourage and create ownership of the Company's stock by its executives, thereby more closely aligning executives' long-term interests with those of the stockholders. These long-term incentive programs are principally reflected in the Company's stock-based incentive plans. The Compensation Committee believes that significant stock ownership is a major incentive in building stockholder value and reviews awards of equity-based incentives with that goal in mind.

Qualitative Factors The Compensation Committee believes that in addition to corporate performance and specific division performance, it is appropriate to consider in setting and reviewing executive compensation the personal contributions that a particular individual may make to the success of the corporate enterprise. Such qualitative factors as leadership skills, planning initiatives, development skills, public affairs and civic involvement have been deemed to be important qualitative factors to take into account in considering levels of compensation.

How was base compensation determined in 2001?

Roger H. Brown, the Company's Chief Executive Officer in 2001, is party to an employment agreement. The base compensation for 2001 for Mr. Brown was increased to a level higher than that required pursuant to his employment agreement based upon the factors described below which affected the determination of base compensation of the Company's executive officers who do not have employment agreements with the Company.

For the remaining executive officers who do not have employment agreements with us, the Compensation Committee subjectively determined base compensation on the basis of discussions with Mr. Brown, the Company's Chief Executive Officer in 2001, a review of the base compensation of executive officers of comparable companies, its experience with the Company and in business generally, and what it viewed to be the appropriate levels of base compensation after taking into consideration the contributions of each executive officer.

How was incentive compensation determined in 2001?

Annual Incentive Compensation. For 2001, the Compensation Committee reviewed the Company's executive officer performance in terms of achieving pre-tax profitability targets and each executive officer's contribution to the achievement of this objective. Based on its review of the performance goals and on subjective factors taken into consideration, the Compensation Committee approved incentive payments aggregating \$433,250 for 2001, including \$130,250 for Mr. Brown, the Company's Chief Executive Officer in 2001. No factors in addition to the ones discussed above were considered in setting the incentive compensation of the Chief Executive Officer.

Table of Contents

Long-Term Incentive Compensation. The Compensation Committee believes the Company as a part of its regular executive compensation policies should grant awards of long-term, equity-based incentives to executive officers as part of the compensation package that is reviewed annually for each executive officer. In making these awards, the Compensation Committee establishes guidelines at the time of the annual review and takes into account the recommendations of the Chief Executive Officer and the President prior to approving awards of long-term, equity-based incentive compensation to the other executive officers.

During 2001, the Compensation Committee reviewed the amount of stock option holdings by the Company's executive officers and the terms of these options. Based on the Compensation Committee's desire to encourage and create ownership of the Company's common stock by its executive officers and to use equity-based incentives as a retention tool, the Compensation Committee determined to grant stock options to purchase an aggregate of 244,000 shares of common stock with an exercise price based on the fair market value of the common stock on the date of the grant to the executive officers, including option grants to purchase an aggregate of 58,000 shares of common stock to Mr. Brown, the Company's Chief Executive Officer in 2001. The options for the executive officers of the Company generally vest annually over five years in one-fifth increments. See Option Grants for Fiscal 2001.

How is the Company addressing Internal Revenue Code limits on deductibility of compensation?

Section 162(m) of the Internal Revenue Code of 1986, enacted as part of the Omnibus Budget Reconciliation Act in 1993, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the Company's Chief Executive Officer and four other most highly compensated executive officers. Compensation paid to these officers in excess of \$1,000,000 that is not performance-based cannot be claimed by the Company as a tax deduction. The Compensation Committee believes it is appropriate to take into account the \$1,000,000 limit on the deductibility of executive compensation and to seek to qualify executive compensation awards as performance-based compensation excluded from the \$1,000,000 limit. Stock options and other equity-based incentives granted under the Company's stock incentive plans qualify as performance-based compensation. None of the executive officers received compensation in 2001 that would exceed the \$1,000,000 limit on deductibility. The Committee has not determined whether it will approve any compensation arrangements that will cause the \$1,000,000 limit to be exceeded in the future.

Appendix A

**CHARTER
OF
AUDIT COMMITTEE
OF
BRIGHT HORIZONS FAMILY SOLUTIONS, INC.**

The Audit Committee (the Committee) is appointed by the Board of Directors (the Board) to assist the Board in monitoring on a periodic basis the processes used by the Company to produce financial statements, the Company's systems of internal accounting and financial controls, and the independence of the Company's outside auditors.

In discharging its responsibilities, the Committee is empowered to investigate any matter with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts or consultants for this purpose. The Committee shall make regular reports to the Board.

The Committee shall review and reassess the adequacy of this Charter on an annual basis and submit it annually to the Board for approval.

The Committee shall be comprised of not less than three members of the Board, and the Committee's composition and experience will meet the applicable listing standards of the NASD.

Accordingly, all of the members will be directors:

1. Who have no relationship to the Company that may interfere with the exercise of their independent judgment in carrying out the responsibilities of a director (unless as to one non-independent member the Board under exceptional and limited circumstances determines that membership is required by the best interests of the Company and its shareholders); and
2. Who are financially literate (as defined in the NASD listing standard) or who become financially literate within a reasonable period of time after appointment to the Committee. In addition, at least one member of the Committee will have sufficient experience or background which results in financial sophistication (as defined in the NASD listing standard).

The Committee's monitoring responsibility recognizes that the Company's management is responsible for preparing the Company's financial statements in accordance with generally accepted accounting principles and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that the Company's financial management, as well as its outside auditors, have more time, knowledge and more detailed information on the Company and its financial reports than do Committee members; consequently, in carrying out its responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements and is not conducting an audit or investigation of the financial statements or determining that the Company's financial statements are true and complete or are in accordance with generally accepted accounting principles.

The following functions shall be the common recurring activities of the Committee in carrying out its monitoring responsibilities. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as it deems appropriate given the circumstances.

- I. The Committee shall review with management and the outside auditors the annual audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K) and the selection, application and disclosure of critical accounting policies used in such financial statements. The Committee shall also review and consider with the outside auditors the matters required to be discussed by Statements of Auditing Standards (SAS) No. 61 and No. 90.
- II. As a whole, or through the Committee chair, the Committee shall review with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with the Securities and Exchange Commission on Form 10-Q and the matters required to be discussed by SAS No. 61 and No. 90; this review will occur prior to the public release of such quarterly financial results and prior to the Company's filing of the Form 10-Q.

Table of Contents

- III. The Committee shall discuss with management and the outside auditors the quality and adequacy of the Company's internal controls that could significantly affect the Company's financial statements.
- IV. The Committee shall:
- request from the outside auditors annually a formal written statement delineating all relationships between the outside auditors and the Company that may impact the objectivity and independence of the outside auditors, consistent with Independence Standards Board Standard Number 1;
 - discuss with the outside auditors in an active dialogue any such disclosed relationships and their impact on the outside auditors independence;
 - consider whether the provision of any non-audit services discussed by the outside auditors is compatible with maintaining the auditors independence; and
 - if determined appropriate by the Committee, recommend that the Board take appropriate action in response to the outside auditor's report to ensure the outside auditor's independence.
- V. The Committee, subject to any action that may be taken by the Board, shall have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate and, where appropriate, replace the outside auditors, and the outside auditors are ultimately accountable to the Board and the Committee.
- VI. The Committee shall review annually and submit for inclusion in the Company's annual meeting proxy statement an Audit Committee Report setting forth the information required by the proxy rules of the Securities and Exchange Commission, including the fact that the Committee has discussed with the outside auditors matters relating to their independence and matters relating to SAS No. 61 and No. 90 and the fact that the Committee has recommended to the Board that the audited financial statements be included in the Company's Form 10-K.
