ITEM 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES.

Edgar Filing: DELTA AIR LINES INC /DE/ - Form 8-K

As it has previously described in filings with the Securities and Exchange Commission, Delta Air Lines, Inc. has recorded substantial net losses for the three consecutive years ended December 31, 2003. During the six months ended June 30, 2004, Delta's financial performance continued to deteriorate, and it recorded an unaudited consolidated net loss of \$2.3 billion for the six month period then ended. Delta has stated that if it cannot make substantial progress in the near term toward achieving a competitive cost structure that will permit it to regain sustained profitability and access the capital markets on acceptable terms, it will need to seek to restructure its costs under Chapter 11 of the U.S. Bankruptcy Code.

On September 8, 2004, Delta outlined key elements of a transformation plan to improve the customer traveling experience while delivering significant savings. Part of this plan includes dehubbing its Dallas/Fort Worth operations and eliminating 6,000 - 7,000 jobs, including jobs eliminated as the result of the dehubbing of Dallas/Fort Worth, over the next 18 months.

In connection with the dehubbing of its Dallas/Forth Worth operations and the elimination of jobs, Delta anticipates that it will record accounting charges, possibly including asset impairments, one-time termination and other termination costs, contract termination costs and other associated costs. Delta is not able at this time to estimate the amount and timing of these charges.

ITEM 7.01 REGULATION FD DISCLOSURE.

On September 8, 2004, Delta issued a press release outlining key elements of the company's transformation plan. The press release is attached hereto as Exhibit 99.1.

The information furnished in this item 7.01 shall not be deemed incorporated by reference into any other filing with the Securities and Exchange Commission.
