Potential Property Investments

Our advisor will from time to time identify certain properties for potential investment. We will supplement the prospectus to describe such properties at such time as a reasonable probability exists that the property will be acquired and the funds to be expended represent a material portion of the net proceeds of the offering. Such initial disclosure does not guarantee that we will ultimately consummate such proposed acquisition or that the information relating to the probable acquisition will not change prior to closing. The acquisition of each such property is subject to the fulfillment of a number of conditions, including obtaining sufficient funds from the sale of shares in this offering or from debt financing.

Our advisor has identified the following properties as potential suitable investments for us. A significant condition to acquiring any one of these potential acquisitions is our ability to raise sufficient proceeds in this offering to pay a portion of the purchase price. An additional condition to acquiring these properties will be our securing debt financing to pay the balance of the purchase price. Such financing may not be available on acceptable terms or at all.

Our evaluation of a property as a potential acquisition, including the appropriate purchase price, will include our consideration of a property condition report; unit-level store performance; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average household income; neighborhood growth patterns and economic conditions; and the presence of demand generators.

We will decide whether to acquire these properties generally based upon:

satisfaction of the conditions to the acquisitions contained in the respective contracts;

no material adverse change occurring relating to the properties, the tenants or in the local economic conditions; our receipt of sufficient net proceeds from the offering of our common stock to the public and financing proceeds to make these acquisitions; and

our receipt of satisfactory due diligence information including appraisals, environmental reports and tenant and lease information.

Other properties may be identified in the future that we may acquire before or instead of these properties. We cannot make any assurances that we will consummate the transactions and actually acquire any or each of these properties, or that the information relating to the probable acquisition will not change prior to acquisition. The acquisition of each property is subject to the fulfillment of a number of conditions.

Mountainside Fitness Chandler, AZ

Series D, LLC, an affiliate of our advisor, has entered into an agreement to purchase an approximately 31,063 square foot single-tenant retail building on an approximately 2.92 acre site located in Chandler, Arizona (the MF Chandler Property), for a gross purchase price of approximately \$5.9 million, exclusive of closing costs (the MF Chandler Agreement). Subject to the satisfactory completion of certain conditions to closing, we expect that Series D, LLC will assign all of its rights and obligations under the MF Chandler Agreement to a wholly-owned subsidiary of Cole OP II prior to the closing of the transaction.

The MF Chandler Property was constructed in 2001 and is 100% leased to Mountainside Fitness Centers of Ocotillo, LLC. The MF Chandler Property is subject to a net lease, pursuant to which the tenant is required to pay substantially all operating expenses and capital expenditures in addition to base rent. The annual base rent of \$469,056, or \$15.10 per square foot, is fixed through the first five years of the lease term, with rental escalations of 11.5% every five years over the remaining lease term, which expires July 18, 2022, and all renewal options. The tenant has two options to renew the lease, each for an additional five-year term beginning on July 19, 2022, with rental escalations of 11.5% at the beginning of the first and second lease options, respectively.

We expect to purchase the MF Chandler Property with proceeds from our ongoing public offering.
