FROM 9.00 (PARIS TIME) ON 17 FEBRUARY 2005 TO 17.00 (PARIS TIME)
ON 24 FEBRUARY 2005 WITH RESPECT TO INDIVIDUALS

Beginning on 8 February 2005, ALSTOM intends to propose to the bondholders of each of the above-mentioned series of bonds (the "EXISTING BONDS"), to exchange their Existing Bonds for new bonds due 3 March 2010 to be issued by ALSTOM (the "NEW BONDS"). The settlement date of the New Bonds is expected to be 3 March 2005.

ALSTOM is undertaking this public exchange offer (the "EXCHANGE OFFER") to take advantage of current favourable market conditions in terms of interest rates and credit spreads, to extend the average maturity of the ALSTOM Group's debt.

The Exchange Offer is expected to take the form of a public exchange offer in France, in Luxembourg and (for Swiss residents) in Switzerland and the New Bonds are expected to be listed on Euronext Paris S.A. and on the Luxembourg Stock Exchange.

Edgar Filing: ALSTOM - Form 6-K

The Exchange Offer which will be submitted to the approval of the French AUTORITÉ DES MARCHÉS FINANCIERS (the "AMF") will be described in a French offering document (NOTE D'INFORMATION) which will set out the nature, timetable and terms of the Exchange Offer.

WITHDRAWAL THRESHOLD AND ADDITIONAL ISSUE

ALSTOM shall be entitled to withdraw the Exchange Offer at the end of the offer period for institutional investors in the event that the total principal amount of Existing Bonds submitted for exchange by such institutional investors amounts to less than 300 million. Any such decision by ALSTOM to withdraw the Exchange Offer will be published in a notice (AVIS) of Euronext Paris S.A. and in a press release published on the respective websites of the AMF and ALSTOM on 16 February 2005, as well as in a press release in LA TRIBUNE on 17 February 2005.

To the extent permitted by market conditions, ALSTOM may procure the subscription for cash of further bonds of the same series and with the same terms and conditions as the New Bonds (the "ADDITIONAL BONDS"). These Additional Bonds, if any, will form part of the same series as the New Bonds issued in the Exchange Offer.

The subscription of any Additional Bonds will not be available to the public. Any Additional Bonds will be privately placed.

The admission of any Additional Bonds to trading on the PREMIER MARCHÉ of Euronext Paris S.A. will require the preparation of a French prospectus pursuant to articles 211-1 to 211-42 of the General Regulations of the AMF.

The proceeds of any Additional Bonds will be for the benefit of ALSTOM Holdings which will use any such proceeds for the general corporate purposes of the ALSTOM Group.

NUMBER OF BONDS TO BE EXCHANGED

The Exchange Offer relates to all Existing Bonds outstanding as at 7 February 2005, being a total of 652,500 bonds (650,000 5% bonds, due July 2006 in denomination of 1,000 each and 2,500 subordinated auction rate bonds, due September 2006 in a denomination of 100,000 each).

ALSTOM has not repurchased any of the Existing Bonds. All of the Existing Bonds are outstanding at the date hereof.

TERMS OF THE EXCHANGE OFFER

Bondholders submitting their Existing Bonds for exchange will receive (a) a number of New Bonds calculated on the basis of the exchange prices (excluding accrued interest) of Existing Bonds submitted and (b) the accrued interest on such bonds, payable in cash.

DETERMINATION OF THE EXCHANGE PRICES (EXCLUDING ACCRUED INTEREST) OF THE EXISTING BONDS, AND THE ISSUE PRICE AND COUPON OF THE NEW BONDS

The exchange prices (excluding accrued interest) of the Existing Bonds will be determined on 16 February 2005 at 16.00 (Paris time):

- o with respect to the 5% July 2006 bonds, on the basis of the yield on the French Treasury Note benchmark (as described below) and on the basis of the exchange spread, as compared to the French Treasury Note benchmark; and

Edgar Filing: ALSTOM - Form 6-K

o with respect to the subordinated auction rate September 2006 bonds, on the basis of the three-month Euribor rate fixed on 16 February 2005 and of the exchange spread (with respect to three-month Euribor) as compared with such Euribor rate.

The issue price and the coupon of the New Bonds will also be determined on 16 February 2005 at 16.00 (Paris time) by reference to the yield on the French Treasury Note benchmark as mentioned below and on the basis of the New Bond spread, as compared to the French Treasury Note benchmark.

The exchange spreads shall be determined on the basis of factors including ALSTOM's risk premium and the terms and conditions of each issue.

As the coupon shall be quoted in increments of 1/8 (0.125%), the coupon of the New Bonds will be such incremental rate which is directly below the yield of such New Bonds. Accordingly, the issue price of each New Bond, rounded to the third decimal place, will be slightly below par, with the difference between the coupon and the yield of the New Bonds being a maximum of 0.124%.

The final exchange spreads and the New Bond spreads will be determined on 7 February 2005 and will be contained in the NOTE D'INFORMATION relating to the Exchange Offer which will be the subject of a press release to be published in LA TRIBUNE on 8 February 2005.

The yields of the French Treasury Note benchmark and the three-month Euribor rate will be determined on the day following the end of the offer period for institutional investors (16 February 2005) pursuant to the terms set out in the NOTE D'INFORMATION.

The rounding of yields or interest shall be determined by reference to the French COMITÉ DE NORMALISATION OBLIGATAIRE. The nth decimal place shall be rounded upwards when the (n+1)th decimal place is greater than or equal to five, failing which it shall be rounded downwards.

FINAL EXCHANGE SPREADS SHALL BE WITHIN THE RANGES SET FORTH BELOW:

EXCHANGE RATIO AND NUMBER OF NEW BONDS OFFERED IN EXCHANGE FOR EXISTING BONDS AND PAYMENT IN CASH OF ACCRUED INTEREST ON THE EXISTING BONDS

For each bondholder, a calculation will be made of the whole number of New Bonds to be delivered in exchange for the Existing Bonds brought to the Exchange Offer.

For each series of Existing Bonds, each bondholder submitting Existing Bonds for exchange will, on the settlement date, receive a number of New Bonds equal to the product of:

- o the exchange ratio applicable to that series (the "EXCHANGE RATIO");

multiplied by

- o the aggregate nominal amount of Existing Bonds exchanged (nominal amount of Existing Bonds x number of Existing Bonds submitted for exchange per series), divided by the nominal value of the New Bonds (1)

rounded upwards to the next whole number of New Bonds.

For each series of Existing Bonds, this Exchange Ratio will be determined by dividing the exchange price of the Existing Bonds (excluding accrued interest) by the issue price of the New Bonds, rounded by convention to the sixth decimal place.

Each bondholder having exchanged Existing Bonds will receive a cash amount equal to the amount of accrued interest on such Existing Bonds to, but not including, the settlement date, as set out in the "CALCULATION TABLE FOR THE PROVISIONAL EXCHANGE PRICES (EXCLUDING ACCRUED INTEREST) OF THE EXISTING BONDS" above. Each bondholder will receive, with respect to each series of Existing Bonds, an amount corresponding to the accrued interest due (in euro) on all Existing Bonds exchanged, rounded by convention to the second decimal place.
