NEW YORK

16-0797789

(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

90 Taylor Drive, North Tonawanda, New York

14120-0748

(Address of principal executive offices)

(Zip Code)

716-694-0800

(Registrant's telephone number, including area code)

Edgar Filing: TAYLOR DEVICES INC - Form 10-Q

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☐

Accelerated filer ☐

Non-accelerated filer ☐ (Do not check if a smaller reporting company) Smaller reporting company ☒

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes ☐ No ☒

As of October 9, 2017, there were outstanding 3,455,358 shares of the registrant's common stock, par value \$.025 per share.

TAYLOR DEVICES, INC.

Notes to Condensed Consolidated Financial Statements

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of the Company, the accompanying unaudited condensed consolidated financial statements contain all

1. adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position as of August 31, 2017 and May 31, 2017, the results of operations for the three months ended August 31, 2017 and 2016, and cash flows for the three months ended August 31, 2017 and 2016. These financial statements should be read in conjunction with the audited financial statements and notes thereto contained in the Company's Annual Report to Shareholders for the year ended May 31, 2017.

2. The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were issued.
3. There is no provision nor shall there be any provisions for profit sharing, dividends, or any other benefits of any nature at any time for this fiscal year.

For the three month periods ended August 31, 2017 and 2016, the net income was divided by 3,443,475 and 4,3412,858 respectively, which is net of the Treasury shares, to calculate the net income per share.

5. The results of operations for the three month periods ended August 31, 2017 are not necessarily indicative of the results to be expected for the full year.
6. In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers. ASU 2014-09 is a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. ASU 2014-09 also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. ASU 2014-09, as amended, is effective for annual reporting periods, and interim periods within that period, beginning after December 15, 2017 (fiscal year 2019 for the Company). Companies may use either a full retrospective or a modified retrospective approach to adopt ASU 2014-09. The Company has not completely determined the potential effects of the adoption of ASU 2014-09 on its Consolidated

Edgar Filing: TAYLOR DEVICES INC - Form 10-Q

Financial Statements, however it will likely require the Company to slow the recognition of revenue for some contracts currently accounted for under the percentage-of-completion method. Other recently issued Accounting Standards Codification (ASC) guidance has either been implemented or are not significant to the Company

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Statement

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements. Information in this Item 2, "Management's Discussion and Analysis of Financial Condition and Results of Operations," and elsewhere in this 10-Q and its Exhibits that does not consist of historical facts, are "forward-looking statements." Statements accompanied or qualified by, or containing, words such as "may," "will," "should," "believes," "expects," "intends," "plans," "projects," "estimates," "predicts," "potential," "outlook," "forecast," "anticipates," "presume," and "assume" constitute forward-looking statements and, as such, are not a guarantee of future performance. The statements involve factors, risks and uncertainties, the impact or occurrence of which can cause actual results to differ materially from the expected results described in such statements. Risks and uncertainties can include, among others, reductions in capital budgets by our customers and potential customers; changing product demand and industry capacity; increased competition and pricing pressures; advances in technology that can reduce the demand for the Company's products; the kind, frequency and intensity of natural disasters that affect demand for the Company's products; and other factors, many or all of which are beyond the Company's control. Consequently, investors should not place undue reliance on forward-looking statements as predictive of future results. The Company disclaims any obligation to release publicly any updates or revisions to the forward-looking statements herein to reflect any change in the Company's expectations with regard thereto, or any changes in events, conditions or circumstances on which any such statement is based.

Results of Operations

A summary of the period to period changes in the principal items included in the condensed consolidated statements of income is shown below:

Summary comparison of the three months ended August
31, 2017 and 2016

	Increase / (Decrease)
Sales, net	\$812,000
Cost of goods sold	\$642,000
Selling, general and administrative expenses	\$26,000
Income before provision for income taxes	\$138,000
Provision for income taxes	\$46,000
Net income	\$92,000

Sales under certain fixed-price contracts, requiring substantial performance over several periods prior to commencement of deliveries, are accounted for under the percentage-of-completion method of accounting whereby revenues are recognized based on estimates of completion prepared on a ratio of cost to total estimated cost basis. Costs include all material and direct and indirect charges related to specific contracts.

Adjustments to cost estimates are made periodically and any losses expected to be incurred on contracts in progress are charged to operations in the period such losses are determined. However, any profits expected on contracts in progress are recognized over the life of the contract.

For financial statement presentation purposes, the Company nets progress billings against the total costs incurred on uncompleted contracts. The asset, "costs and estimated earnings in excess of billings," represents revenues recognized in excess of amounts billed. The liability, "billings in excess of costs and estimated earnings," represents billings in excess of revenues recognized.

Table of Contents

For the three months ended August 31, 2017 (All figures discussed are for the three months ended August 31, 2017 as compared to the three months ended August 31, 2016).

	Three months ended August 31		Change	
	2017	2016	Amount	Percent
Net Revenue	\$6,568,000	\$5,756,000	\$812,000	14 %
Cost of sales	4,950,000	4,308,000	642,000	15 %
Gross profit	\$1,618,000	\$1,448,000	\$170,000	12 %
... as a percentage of net revenues	25 %	25 %		

The Company's consolidated results of operations showed a 14% increase in net revenues and an increase in net income of 44%. Revenues recorded in the current period for long-term construction projects ("Project(s)") were 35% more than the level recorded in the prior year. We had 34 Projects in process during the current period compared with 33 during the same period last year. Revenues recorded in the current period for other-than long-term construction projects (non-projects) were 11% less than the level recorded in the prior year. Total sales within the U.S. increased 11% from the same period last year. Total sales to Asia increased 30% from the same period of the prior year. Sales increases were recorded over the same period last year to customers involved in construction of buildings and bridges (22%), as well as to industrial customers (35%). There was a slight decrease in sales to customers in aerospace / defense (<1%). Please refer to the charts, below, which show the breakdown of sales. The gross profit as a percentage of net revenue of 25% in the current period is the same as during the same period of the prior year.

Sales of the Company's products are made to three general groups of customers: industrial, construction and aerospace / defense. A breakdown of sales to the three general groups of customers is as follows:

	Three months ended August 31	
	2017	2016
Industrial	9 %	8 %
Construction	57 %	53 %
Aerospace / Defense	34 %	39 %

At August 31, 2016, the Company had 103 open sales orders in our backlog with a total sales value of \$21.3 million. At August 31, 2017, the Company has 37% more open sales orders in our backlog (141 orders), and the total sales value is \$21.6 million.

The Company's backlog, revenues, commission expense, gross margins, gross profits, and net income fluctuate from period to period. The changes in the current period, compared to the prior period, are not necessarily representative of future results.

Net revenue by geographic region, as a percentage of total net revenue for the three month periods ended August 31, 2017 and August 31, 2016 is as follows:

	Three months ended August 31	
	2017	2016
USA	68%	70%
Asia	28%	24%
Other	4 %	6 %

Table of Contents

Selling, General and Administrative Expenses

	Three months ended August 31		Change	
	2017	2016	Amount	Percent
Outside Commissions	\$281,000	\$293,000	\$(12,000)	-4 %
Other SG&A	927,000	889,000	38,000	4 %
Total SG&A	\$1,208,000	\$1,182,000	\$26,000	2 %
... as a percentage of net revenues	18 %	21 %		

Selling, general and administrative expenses increased by 2% from the prior year. Outside commission expense decreased by 4% from last year's level. Other selling, general and administrative expenses increased 4% from last year to this.

The above factors resulted in operating income of \$410,000 for the three months ended August 31, 2017, 54% more than the \$266,000 in the same period of the prior year.

Stock Options

The Company has a stock option plan which provides for the granting of nonqualified or incentive stock options to officers, key employees and non-employee directors. Options granted under the plan are exercisable over a ten year term. Options not exercised at the end of the term expire.

The Company expenses stock options using the fair value recognition provisions of the FASB ASC. The Company recognized \$56,000 and \$79,000 of compensation cost for the three month periods ended August 31, 2017 and 2016.

The fair value of each stock option grant has been determined using the Black-Scholes model. The model considers assumptions related to exercise price, expected volatility, risk-free interest rate, and the weighted average expected term of the stock option grants. Expected volatility assumptions used in the model were based on volatility of the Company's stock price for the thirty month period ending on the date of grant. The risk-free interest rate is derived from the U.S. treasury yield. The Company used a weighted average expected term.

The following assumptions were used in the Black-Scholes model to estimate the fair market value of the Company's stock option grants:

	August 2017		August 2016	
Risk-free interest rate:	2.250	%	1.625	%
Expected life of the options:	3.6 years		3.4 years	
Expected share price volatility:	28	%	26	%
Expected dividends:	zero		zero	

These assumptions resulted in estimated fair-market value per stock option: \$3.01 \$4.04

The ultimate value of the options will depend on the future price of the Company's common stock, which cannot be forecast with reasonable accuracy.

-9-

Table of Contents

A summary of changes in the stock options outstanding during the three month period ended August 31, 2017 is presented below:

	Number of Options	Weighted- Average Exercise Price
Options outstanding and exercisable at May 31, 2017:	253,500	\$ 10.93
Options granted:	18,750	\$ 12.28
Options exercised:	14,750	\$ 7.66
Options expired:	750	\$ 19.26
Options outstanding and exercisable at August 31, 2017:	256,750	\$ 11.19
Closing value per share on NASDAQ at August 31, 2017:		\$ 11.75

Capital Resources, Line of Credit and Long-Term Debt

The Company's primary liquidity is dependent upon the working capital needs. These are mainly inventory, accounts receivable, costs and estimated earnings in excess of billings, accounts payable, accrued commissions, and billings in excess of costs and estimated earnings. The Company's primary source of liquidity has been operations.

Capital expenditures for the three months ended August 31, 2017 were \$621,000 compared to \$673,000 in the same period of the prior year. As of August 31, 2017, the Company has commitments for capital expenditures totaling \$250,000 during the next twelve months. These costs are primarily related to acquisition of new equipment used to test the function of products prior to shipment to customers.

The Company believes it is carrying adequate insurance coverage on its facilities and their contents.

Effective August 30, 2017, the Company replaced its bank credit facility with a \$10,000,000 bank demand line of credit, with interest payable at the Company's option of 30, 60 or 90 day LIBOR rate plus 2.25%. There is no balance outstanding as of August 31, 2017 or as of May 31, 2017. The line is unsecured and includes a negative pledge of the Company's real property. This line of credit is subject to the usual terms and conditions applied by the bank, is subject to renewal annually, and is not subject to an express requirement on the bank's part to lend.

Inventory and Maintenance Inventory

Edgar Filing: TAYLOR DEVICES INC - Form 10-Q

	August 31, 2017		May 31, 2017		Increase /(Decrease)	
Raw materials	\$703,000		\$710,000		\$(7,000)	-1 %
Work-in-process	9,817,000		10,071,000		(254,000)	-3 %
Finished goods	732,000		708,000		24,000	3 %
Inventory	11,252,000	93 %	11,489,000	93 %	(237,000)	-2 %
Maintenance and other inventory	817,000	7 %	879,000	7 %	(62,000)	-7 %
Total	\$12,069,000	100 %	\$12,368,000	100 %	\$(299,000)	-2 %
Inventory turnover	1.6		1.5			

NOTE: Inventory turnover is annualized for the three month period ended August 31, 2017.

Inventory, at \$11,252,000 as of August 31, 2017, is \$237,000, or 2%, less than the prior year-end level of \$11,489,000. Approximately 87% of the current inventory is work in process, 7% is finished goods, and 6% is raw materials.

Maintenance and other inventory represent stock that is estimated to have a product life cycle in excess of twelve months. This stock represents certain items the Company is required to maintain for service of products sold and items that are generally subject to spontaneous ordering. This inventory is particularly sensitive to technological obsolescence in the near term due to its use in industries characterized by the continuous introduction of new product lines, rapid technological advances and product obsolescence. Management of the Company has recorded an allowance for potential inventory obsolescence. The provision for potential inventory obsolescence was \$45,000 for each of the three month periods ended August 31, 2017 and 2016. The Company continues to rework slow-moving inventory, where applicable, to convert it to product to be used on customer orders.

Table of Contents**Accounts Receivable, Costs and Estimated Earnings in Excess of Billings ("CIEB"), and Billings in Excess of Costs and Estimated Earnings ("BIEC")**

	August 31, 2017	May 31, 2017	Increase /(Decrease)	
Accounts receivable	\$3,292,000	\$2,546,000	\$746,000	29 %
CIEB	8,386,000	6,868,000	1,518,000	22 %
Less: BIEC	1,265,000	1,296,000	(31,000)	-2 %
Net	\$10,413,000	\$8,118,000	\$2,295,000	28 %
Number of an average day's sales outstanding in accounts receivable	45	36		

The Company combines the totals of accounts receivable, the current asset, CIEB, and the current liability, BIEC, to determine how much cash the Company will eventually realize from revenue recorded to date. As the accounts receivable figure rises in relation to the other two figures, the Company can anticipate increased cash receipts within the ensuing 30-60 days.

Accounts receivable of \$3,292,000 as of August 31, 2017 includes approximately \$689,000 of amounts retained by customers on Projects. It also includes \$110,000 of an allowance for doubtful accounts ("Allowance"). The accounts receivable balance as of May 31, 2017 of \$2,546,000 included an Allowance of \$110,000. The number of an average day's sales outstanding in accounts receivable ("DSO") increased slightly from 36 days at May 31, 2017 to 45 at August 31, 2017. It is expected that amounts retained by customers under contracts will be released in the normal course of the business in accordance with the related contracts. The Company expects to collect the net accounts receivable balance, including the retainage, during the next twelve months.

As noted above, CIEB represents revenues recognized in excess of amounts billed. Whenever possible, the Company negotiates a provision in sales contracts to allow the Company to bill, and collect from the customer, payments in advance of shipments. Unfortunately, such provisions are often not possible. The \$8,386,000 balance in this account at August 31, 2017 is 22% more than the prior year-end balance. This increase is the result of normal flow of the projects through production with billings to the customers as permitted in the related contracts. The Company expects to bill the entire amount during the next twelve months. 15% of the CIEB balance as of the end of the last fiscal quarter, May 31, 2017, was billed to those customers in the current fiscal quarter ended August 31, 2017. The remainder will be billed as the Projects progress, in accordance with the terms specified in the various contracts.

The balances in this account are comprised of the following components:

Edgar Filing: TAYLOR DEVICES INC - Form 10-Q

	August 31, 2017	May 31, 2017
Costs	\$11,559,000	\$9,675,000
Estimated Earnings	4,101,000	3,757,000
Less: Billings to customers	7,274,000	6,564,000
CIEB	\$8,386,000	\$6,868,000
Number of Projects in progress	28	21

As noted above, BIEC represents billings to customers in excess of revenues recognized. The \$1,265,000 balance in this account at August 31, 2017 is down 2% from the \$1,296,000 balance at the end of the prior year.

The balance in this account fluctuates in the same manner and for the same reasons as the account “costs and estimated earnings in excess of billings”, discussed above. Final delivery of product under these contracts is expected to occur during the next twelve months.

-11-

Table of Contents

The balances in this account are comprised of the following components:

	August 31, 2017	May 31, 2017
Billings to customers	\$8,571,000	\$8,133,000
Less: Costs	4,799,000	4,522,000
Less: Estimated Earnings	2,507,000	2,315,000
BIEC	\$1,265,000	\$1,296,000
Number of Projects in progress	3	3

Summary of factors affecting the balances in CIEB and BIEC:

	August 31, 2017		May 31, 2017	
Number of Projects in progress	31		24	
Aggregate percent complete	73	%	66	%
Average total sales value of Projects in progress	\$1,023,000		\$1,289,000	
Percentage of total value invoiced to customer	50	%	47	%

The Company's backlog of sales orders at August 31, 2017 is \$21.6 million, the same as the \$21.6 million at the end of the prior year. \$8.7 million of the current backlog is on Projects already in progress.

Other Balance Sheet Items

Accounts payable, at \$1,559,000 as of August 31, 2017, is 17% more than the prior year-end. Commission expense on applicable sales orders is recognized at the time revenue is recognized. The commission is paid following receipt of payment from the customers. Accrued commissions as of August 31, 2017 are \$907,000, up 7% from the \$847,000 accrued at the prior year-end. Other current liabilities decreased slightly from the prior year-end, to \$826,000. The Company expects the current accrued amounts to be paid during the next twelve months.

Management believes the Company's cash flows from operations and borrowing capacity under the bank line of credit are sufficient to fund ongoing operations and capital improvements for the next twelve months.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Smaller reporting companies are not required to provide the information called for by this item.

Item 4. Controls and Procedures

(a) *Evaluation of disclosure controls and procedures.*

The Company's principal executive officer and principal financial officer have evaluated the Company's disclosure controls and procedures as of August 31, 2017 and have concluded that as of the evaluation date, the disclosure controls and procedures were effective to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms and that information required to be disclosed in the reports we file or submit under the Exchange Act is accumulated and communicated to our management, including our chief executive officer and chief financial officer to allow timely decisions regarding required disclosure.

(b) *Changes in internal control over financial reporting.*

There have been no changes in the Company's internal controls over financial reporting that occurred during the fiscal quarter ended August 31, 2017 that have materially affected, or are reasonably likely to materially affect, the Company's control over financial reporting.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders

Taylor Devices, Inc.

We have reviewed the accompanying condensed consolidated balance sheet of Taylor Devices, Inc. and Subsidiary as of August 31, 2017, and the related condensed consolidated statements of income for the three months ended August 31, 2017 and 2016 and cash flows for the three months ended August 31, 2017 and 2016. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim condensed consolidated financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet as of May 31, 2017, and the related consolidated statements of income, changes in stockholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated August 4, 2017, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of May 31, 2017 is fairly stated, in all material

respects, in relation to the balance sheet from which it has been derived.
