## Edgar Filing: TEREX CORP - Form 8-K

Terex Corporation ("Terex" or "the Company") announced by press release on March 14, 2001 that it intends to issue approximately \$200,000,000 principal amount of Senior Subordinated Notes Due 2011 ("Notes") and increase the availability under its existing \$125 million Revolving Credit Facility maturing March 2004 to \$300 million. Terex also announced in that press release that it is negotiating an amendment to its existing bank credit agreements to provide the Company with greater operating flexibility. Terex intends to use the net proceeds from the offering of the Notes to prepay a portion of its existing term loans. The increase in the Revolving Credit Facility will allow Terex to reduce the amount of cash balances and total debt it has been carrying on its balance sheet.

It is intended that the Company will offer the Notes pursuant to Rule 144A promulgated under the Securities Act of 1933, as amended (the "Act"), and that the Notes will not initially be registered under the Act. Accordingly, the Notes will not be able to be offered or sold in the United States absent registration under the Act or an applicable exemption from the registration requirements.

There can be no assurances at this time as to whether the transactions announced in the press release, or any other financing transaction, will occur, or as to the timing or definitive terms of any such transaction.
